TO OUR READERS.—We are obliged to make use of the bad quality of paper on which the *Gazette* is printed this morning and has been printed for several days past, for the reason that, the mill whence we receive our regular supplies has gone dry and we were forced to use such paper as we could get. We trust that another day will put us right in this matter. Bear with us. While every other branch of business in the city is suffering from the drought, we cannot expect to be exempt.

GRAND MASS MEETING AT NEW CASTLE.—We were in NEW CASTLE, Lawrence County, on Thursday, in attendance upon the Grand Mass Meeting of the friends of Free Territory there. We have never seen such enthusiasm. At an early hour in the morning the town began to fill with people. From every quarter they came in carts, wagons and buggies, on horseback and on *foot*. All previous arrangements for forming the procession were vain. There was no available room in town for that purpose. They could get in line only 609 vehicles. Hundreds of others sought the ground by any route they could find open. We saw several trains with 10 and 15 yokes of oxen drawing immense loads of men in the procession. One wagon from North Beaver township was drawn by twenty-four horses, each mounted by a boy dressed in white. This township took the banner, a very elegant one of satin. Seven hundred persons came to the jubilee from that township alone. The number of persons in the procession was over three thousand. From eight to ten thousand persons were on the ground. The whole demonstration was extemporized. It is but ten days since it was first talked of, but the people were on the alert. They only needed the hint, to turn out in their majesty. The sovereigns were there.

After the thousands had arrived on the field, and the chairman had called order, the Rev. Gaylord B. Hawkins, Methodist, presiding Elder of the New Castle District, made an impressive prayer. Mr. Stewart, candidate for Congress from the Beaver District made an excellent speech and was followed by Hon. A. W. Loomis of this city and others. Every thing was done orderly and as if men were in earnest.

In the evening an immense meeting was convened in the Court House. The building would not hold the people, so another large meeting was appointed on the spot to assemble at the Fremont Head Quarters. This was also filled. Our friends were astonished at the whole demonstration. The pro slavery party had called a mass meeting for to-day. They knew from what they saw on Thursday, that there were no people lef. to attend it, so they very wisely changed their intention and called a "Buchanan meeting to assemble in the Court House in New Castle." May they be happy.

Lawrence county is on fire. All her leading men are at work day and night. They will give a tremendous majority for freedom on Tuesday next and on the 4th of November.

Taking it as a whole we have not seen during the whole campaign so satisfactory a demonstration, both as to numbers and as to the character of the people who were in attendance. We never saw in so large an assembly so little drunkenness, and not a single fight occurred during the day to our knowledge.

WILL THE SOUTH SUBMIT?—The Richmond *Enquirer*, just received, is filled with articles discussing the question whether the South will submit to the government of President Fremont. His election seems to be regarded by the *Enquirer* as a settled thing—a matter about which there can be no cavil; and, speaking on this assumption, this ultra-Southern journal now boldly avows itself in favor of secession. "Shall we acquiesce in Mr. Fremont's election because the forms of the Constitution are observed?" asks the *Enquirer*. Decidedly not. The *Enquirer* is in favor of immediate secession; it does not even propose to wait the result of the November election. It counsels all the Southern officers in the Army and Navy never to submit to be commanded by JOHN CHARLES FREMONT.

But the people of the South are probably too well accustomed to this sort of trumpery to give it any heed. It is blaster and nothing else; and the fact that it should be indulged in by the leading Buchanan journal of the South proves that the party not only considers itself beaten, but is so mortified at the result which it did not anticipate that it flies to threats of rebellion as a solace. But barking dogs never bite; they seldom, in fact, come near enough to be punished by being knocked on the head.

"THE COMING STRUGGLE: OR SHALL KANSAS BE A FREE OR A SLAVE STATE?"—A pamphlet with this title, just issued at Philadelphia, and full of valuable information, has been received and is for sale by EDAN, Third-st., and EAST, Allegheny.

"PASSION AND PRINCIPLE."—A Domestic Novel. By Mrs. Grey. This is a cheap reprint of a popular English novel just issued by T. B. Peterson, 102, Chestnut-st., Philadelphia. It is for sale by Gildenhorn & Co., and Miner & Co.

Election Returns.

We would feel ourselves under great obligations to our friends in this and neighboring counties, if they would forward at the earliest moment the results of the Tuesday's election at the various points most convenient to them.

RESISTANCE TO LAW AND THE CONSTITUTION.—The New York *Express*, the shameless organ of Fillmore, threatens "combination and union against law," if necessary to defeat Fremont.—It says:

"After give Fremont their claims for New York and Connecticut, and the result will be a failure of Fremontism, unless he carries about all the northern states—a thing he not only cannot do, but that the public, the people, do not intend he shall do *even if combination and union against law are indispensable.*"

In the same spirit, the Montgomery (Ala.,) *Advertiser*, a Buchanan paper, after quoting liberally from the Ostend manifesto, says:

"Admitting, then, for the nonce, that Mr. Fillmore is willing to grant to the South *all* of her rights *within* and *under* the Constitution, (and his most insane admirers never claim that he will do more,) SEE HOW MUCH IN ADVANCE OF HIM MR. BUCHANAN HAS PLACED HIMSELF. MR. BUCHANAN IS READY AND PLEDGED NOT ONLY TO CONCEDE US EVERY CONSTITUTIONAL RIGHT, BUT TO GO BEYOND THAT—CONSERVATIVE POSITION. By the foregoing language it will be seen that he is ready to go OUTSIDE AND BEYOND THE CONSTITUTION, AND IN DEFIANCE OF ALL THE WORLD, *to wrest Cuba from Spain by the* STRONG ARM OF POWER.

"And, reader, do you inquire, why act in that extraordinary manner? His speech in 1826 upon the Panama mission, as well as this manifesto, furnishes the noble, patriotic answer. *To prevent Cuba becoming "a vast magazine in the vicinity of the Southern States, whose explosion would be dangerous to their tranquility and peace."* What stronger evidence would any reasonable Southern man require? What stronger evidence *could* any man offer of his friendship for us?—IN THE FACE OF NORTHERN HOSTILITY TO ACQUISITION OF SLAVE TERRITORY, and in DISREGARD, TOO, OF THE LAWS OF NATIONS, he is willing, if that Island cannot be purchased, TO TAKE IT BY VIOLENCE, in order to the "tranquility and peace" of the South. In this matter he will NOT BE HEMMED IN BY THE CONSTITUTION, or controlled for a moment by any abstract notions of the subject of Slavery, nor be AWED BY THE COMBINED FORCE OF THE WORLD."

There is a pretty programme for conservative men to look at—a determination to go outside of and beyond the Constitution to extend slavery, to take Cuba "anyhow," in the face of public sentiment and in defiance of the laws of nations. He (Buchanan) will not be hemmed in by the Constitution. Of course not.

The lovers of law and order and constitutional government have need to watch such developments as these. Preston S. BROOKS threatens to rob the National Treasury if Fremont be elected; the other (and no less infamous) BROOKS proposes "combination and union against law" to prevent his success; "and in the event of Buchanan's election the Constitution and the laws of nations are to be thrown aside as so much waste paper. In view of such threats and promises, the only course left for the conservative men of the country is to vote for FREMONT.

RESULT OF THE ATTEMPTED FUSION.—We give on our outside page some articles from the Cincinnati *Commercial*, showing the intimate relations subsisting between the Buchanan and Fillmore men of Ohio, and how Fillmore thunder is paid for with Buchanan money. The revelations there made are interesting, inasmuch as they prove what has long been suspected and asserted, that the Fillmore movement in the North has been kept up by the democrats as a means of electing Buchanan, and that the ultimate purpose was to fuse the two, in case fusion should be necessary to success. As a part of this game, the Buchanan and Fillmore men have already fused in the choice of a Congressional candidate in the Urbana district, and doubtless the same trick will be played off in other doubtful districts.

In the Otsego district, New York, the same two parties have united upon the same Congressional candidate; and as a result of this open treachery, *five hundred and eighty-nine* Americans of Otsego county have united in a protest against this transfer of their allegiance to the Buchanan party. They say:

"The undersigned who have been known to be identified with the American Party, commonly known as Know Nothings, have become satisfied that a strong effort is being made to divert the obligations resting on Americans, from their legitimate ends. It is easy to understand from what source this effort originates. Despairing of their ability to carry any portion of the North for Buchanan, upon the plain and obvious issue involved in the approaching election, viz:—the extension or restriction of Slavery, the Pro-Slavery leaders have sought to accomplish by intrigue, what they could not compass by fair and honorable means."

These men therefore announce their abandonment of the Fillmore organization and their determination to support Fremont. Such a sudden sale bolt in one county indicates what will be the result of the effort to transfer the Fillmore party to Buchanan.

MORE RESISTANCE TO LAW.—*The Cincinnati Commercial* contains an article which is well calculated to create alarm, and to cause law-abiding citizens to ponder upon the safety of the Government. The *Commercial* says it can prove that a secret league has been formed in Cincinnati to take possession of the polls on the morning of the election, to prevent men from voting the Republican ticket. We quote from the article:

"We assert, and can show to the satisfaction of every man woman and child of common intelligence in this community, that such an alliance does exist here and now. It has been determined to make the war on election day, instead of marching upon Washington afterward. There is now organized and in full blast in this city, a newscore oath-bound society, composed of Democrats and Know Nothings, which meets nearly every night, the object of which is to prevent Fremont men from voting. The founders of it proceeded upon the assumption that all who would vote for Fremont were traitors, and should not be permitted to defile the ballot box and that it was the duty of all Union and Constitution loving men to prevent the consummation of treason at all hazards. So they have concocted oaths more terrific far than those of the old 'Dark Lantern' arrangement, the essence of all of which is, an obligation to knock down those known to be 'Black Republicans,' before they can deposit their treasonable ballots. The Democrats and K. N.'s are crowding into this association, paying their dollar each for initiation, and working to get the K. N. bullies and the fighting men of the Democracy into a condition to co-operate on election day, in driving the Republican traitors from the places of voting.

Already there is contention in the new society, the K. Ns. and their Democratic allies being engaged in an elaborate struggle for ascendency which results in bringing in at every meeting large batches of recruits from both sides. The name of this new-fangled midnight monster is "THE UNION LEAGUE." It adopts this name "Union" because it proposes to save the Union and because it is an union of the hearts and hands of the Democracy and the K. N.s, the bonds of the union between them being, as Gov. Floyd, of Virginia, says, "those of the Constitution and Buchanan;" the League had its origin in the vicinity of the court house, and its meeting, since the days of its feebleness, when a few office sufficed, have been held at the Miami Exchange, where arrangements for preventing Republicans from reaching the polls in sufficient numbers to give the State to Buchanan, have been under advisement, and are, we understand, advanced toward perfection. The existence of this League, and the facility with which it has been calculated that similar institutions could be started in southern Ohio, is, if we are not very much mistaken, the source of the strange and otherwise unaccountable confidence that Buchanan will carry this State, which has recently been remarked. It remains to be seen whether the Republicans of this and perhaps other northern States, will suffer subjugation after the manner of their brethren in Kansas, or will fight

Till the last armed foe expires,

who blocks the way to the ballot box.

A Rich Treat To-Night.

FREEDOM, KANSAS AND FREMONT.—A Poem on the above subjects entitled "The Patriot's Hope," will be rehearsed by its author, Dr. Hebbard, of Boston, at Lafayette Hall, at 7½ o'clock this evening. This Poem has been delivered in more than a hundred of the principal cities and towns in New England, New York, New Jersey and Pennsylvania, with the greatest success—and in every place it has been spoken of as being of the very highest order. The Hall will be crowded of course. The Glee Club will be on hand.

MCKEESPORT BUCHANITE MEETING.—A gentleman who was at McKeesport yesterday assured us that the Buchanite meeting there was but a small affair. The procession mustered barely 425. The Fremont rally to-day will throw this completely into the shade.

ELECTION FRAUDS.—We learn that about one hundred men have been colonized in the Second Ward of this city, by the Buchanan men, and that they will attempt to vote next Tuesday.—Probably the same trick has been practised in other Wards. Let every such individual be challenged, when he offers to vote, and arrested, if his breach of law can be proven.

The author of the celebrated Plaquemines Fraud, practised in Louisiana in 1844, was lately in the east, and as the result of his visit the fact is announced that thousands of voters from New York and New Jersey have been colonized in Philadelphia. Simultaneously with this report came from St. Louis hoarse whispers of the menace of Slavery that Illinois should be "colonized" with Border Ruffians enough to give her wholly to Buchanan and Douglas. With this threat came from Louisville rumors of a preparing "colonization" of Indiana from the river counties of Kentucky.

Is the popular will of the majority of the American People to be defeated by Fraud and Violence?

WHO ARE DISUNIONISTS!—The great orator and shining light of the Buchanan party in South Carolina, PRESTON S. BROOKS, in his recent speech at Ninety-Six, said:

"We have the issue upon us now, and how are we to meet it? I tell you, fellow-citizens, from the bottom of my heart, that the only mode which I think available for meeting it *is just to tear the Constitution of the United States, trample it under foot, and form a Southern Confederacy, every State of which will be a slaveholding State.* [Loud and prolonged cheers.] I believe it, as I stand in the face of my Maker—I believe it on my responsibility to you as your honored representative, that *the only hope of the South is in the South, and that the only available means of making that hope effective is to tie asunder the bonds that tie us together, and take our separate position in the family of nations.* These are my opinions. They have *always* been my opinions. *I have been a Disunionist from the time I could think.*"

This is explicit; and so is what follows in almost immediate connection:

"Now, fellow-citizens, I want the South to come square up to Mr. Buchanan. Let us do our whole duty. Let us test the experiment of our friends, and if it fails, then we can with the more grace ask them to adopt our counsels for the future."

Put that and that together. It is very plain that Brooks thinks the Buchanan party is the party of disunion.

CARD FROM ARCHBISHOP HUGHES.—By the card below, from Archbishop Hughes, it will be seen that that prelate disavows all connection with the silly letter of M'MASTER, and, so far as his knowledge goes, stamps the letter as a lie:

"The Archbishop of New York thinks it due, both to the private feelings of Col. Fremont and his family, as well as to reasonable self-respect, to state that he has had nothing to do, either directly or indirectly, with a private letter which is now being circulated through the newspapers purporting to have been written by J. A. Mc Master, Editor and Proprietor of the Freeman's Journal. Several of those papers connect the Archbishop's name directly with that letter, and some of them go so far as to designate it as the testimony of Archbishop Hughes."

Now, the Archbishop is bound to say that, whether as regards the matter especially alluded to in this letter, or in regard to any other topic involving, even by implication, his name with any charge which could fix a stain on the private and personal character of Col. Fremont, he (the Archbishop) knows nothing of his own knowledge, and therefore has not made, nor authorised any one to make, an accusation against Mr. Fremont. This is, of course, negative testimony, but a sense of justice due, so far as the Archbishop is concerned, will not permit him to withhold it.

Finding it impossible to attend personally to all my patients, and being unwilling to trust such responsible duties to assistants or students, and for the purpose of suppressing the sale of worthless and injurious quack medicines, as well as the impositions advertised under fictitious names, offering to send recipes gratis, or on receipt of letters stamps or one dollar, &c., to obviate the above, and to accommodate patients in all parts of the country, I send medicines, with full directions, to cure any disease, for $5, unless treatment is required for a longer period than one month, when the fee is the same for each month. How can you be Healed without a Remedy? Many persons, when overtaken by a disease, are so startled by its alarming symptoms, that they run to the first quack or patent medicine they see advertised, without any reflection, and often to their sorrow. Now, we do not proffered remedies, seem to be waiting for some supernatural agency to come to their aid. The result is, that the disease becomes confirmed and much harder to cure. Kennedy's Medical Discovery is now among the most popular medicines of the day, and may be said to be the only sure cure for humors in existence. And we would suggest to any who may be suffering with Scrofula, Erysipelas, or any of the long catalogues of humors, to try an article that comes to them laden with the testimonials of thousands who have been cured.

Dr. Keyser's Shoulder Braces—From Pittsburgh Dispatch, April 10th, 1856.—For more than 9 years past we have constantly worn the Washington Shoulder Brace, manufactured by Dr. GEO. H. KEYSER, of No. 140 Wood st., in this city, and would heartily recommend it to all who are compelled to follow a sedentary occupation. As we have before remarked, in calling attention to its merits, it answers for a brace and supporter, the weight of the pantaloons being so placed as to continually tend to bring the shoulders to their natural position and expand the chest. Women, hundreds of whom are annually injured by the weight of enormous skirts, should also procure these braces. In particular in procuring the kind mentioned, as many of the braces sold are humbug. Frostwort or Rock Rose.—For the cure of Scrofulous Diseases.

NEW HAVEN, Jan. 1, 1855.

My son Charles has been afflicted with inflammation of the hip joint. At the age of 5 he was first attacked, inflammation increased until the hip was very diseased, and the joint seriously affected his leg. Growing it up so that it was impossible to straighten it; a professor of surgery gave it as his decided opinion that the leg would never heal, and that the young man would never walk again.—The disease increased so rapidly that for two and a half years he only walked with a crutch, and the efforts to exercise the limb were attended with great pain, so that he could not sleep. I watched him so attentively, that for 8 months I did not have one full night's rest. He had been treated by distinguished medical practitioners, by leeching, blistering, &c., he had also been before the Medical Clinique of Yale College. The remedies they recommended were most faithfully tried, but without avail. This was his disease and dreadful condition 18 months; since when he commenced taking Myers' Rock Rose. One bottle was but partly taken when he was much better, continuing until three bottles had been taken, when a cure was nearly completed, now he is in excellent health. This is the testimony of and can be corroborated by addressing Mrs. Catharine McGill, 91 Wallace st., New Haven, Conn., or can be fully substantiated by hundreds of witnesses, or by addressing a line to Rev. W. W. Walker, New Haven, Conn.

The only Medal Awarded by the New York Exhibition to the English or foreign Sauce Manufacturers has been obtained, amongst numerous competitors, by LEA & PERRINS, or their

WORCESTERSHIRE SAUCE,

whereby further testimony is afforded of its being the first Sauce extant.

The celebrity of this Sauce has extended to every quarter of the globe, and its efficacy in promoting the general health is becoming daily more observed and acknowledged.

In the United States it is held to be the most agreeable condiment, and I esteemed for its tonic and invigorating properties, its habitual use enabling the stomach to digest the food.

On the Continent of Europe, these qualities have been testified to by a gentleman, who writes to LEA & PERRINS thus: "I have carried a bottle of your Worcestershire Sauce in a tour I have just completed through Spain and Portugal, and believe I owe my present state of health to its use; your Sauce is stomachic, and I think medicinal.

On this truth, say there is nothing in a traveler's baggage so essential to his comfort, at least in those countries, as your Sauce.

In India, also, where it is found at the mess of every regiment, a medical gentleman writes from Madras to his brother in the same profession at Worcester, in the following terms: "Tell Lea & Perrins that their sauce is highly approved in India, and that it is, in my opinion, the most Palatable as well as the most wholesome sauce made."

This sauce is suitable for every variety of dish, and a universal demand which its excellence has created has led to many imitations being offered to the public, under a variety of names, but the genuine may be known by the name of "LEA & PERRINS" being impressed upon the patent metallic capsules, or patent glass stopper of the bottle, as well as the labels and wrapper.

Age and Debility—As old age comes creeping on us, it brings many attendant infirmities,—Loss of appetite and weakness impair the health, and want of activity makes the mind discontented and unhappy. In cases where old age adds its influence, it is almost impossible to add vigor and health, and although many remedies have been tried, all have failed, until DERHAVE'S HOLLAND BITTERS were known and used. In every case where they have been employed they have invariably given strength and restored the appetite. They have become a great agent for this age, and are used by many people who are suffering from loss of appetite and general debility. In cases of long standing chronic diseases, they act as a charm, invigorating the system, thus giving nature another opportunity to repair physical injuries.

CAUTION—Guard against purchasing an imitation. To prevent imposition, be careful to ask for *Boerhave's Holland Bitters.*

☞ Sold at $1 per bottle, or six bottles for $5, by the proprietors, BENJAMIN DAGE, jr., & CO., Manufacturing Pharmaceutists and Chemists, Pittsburgh, Pa., and Druggists generally. se16dawly
