CONGRESSIONAL RESULT.—In the election lison. E. Joy Morris is elected in Philadelphia would stuff the ballot boxes throughout the In place of Tyson, which is a gain, but we lose Millward, in the same city. Bower is elected Millward, in the same city. Bower is elected over Hickman, in Choster, which is a gain.—
Knight is probably beaten in the Washington district, and the Bucks, Schuylkill and Cumberland districts are in doubt. We have no word from either the Clarion or Centre districts, but both are doubtful. The democrats have carried to eitgle combat. PROF. HENDRICK OF THE USIVERSITY.—As a matter of justice to Prof. Hendrick, we publish to-day what he styles his "Defense" against the charge of being a Black Republican. There is not a point made or precented in this "Defense" which could not be triumphantly met and exposed; but surely it cannot be expected of us, or of one correspondent "An Alumnus," or of any of this State to argue with Thank Thank. itizen of this State, to argus with a Black Re-

exarism?

This is a matter, however, for the Trustees of the University. We take it for granted that Prof. Hendrick will be promptly removed.

EXTRACTS FROM THE RICHMORD ENQUIRED. This Virginia Buchanan organ, speaking of the friends of Mr. Fillmore at the South, says: riends of Mr. Fillmore at the South, says:

"The people of the South are not prepared for all this. The best among them are already taking their places among those who advocate the election of James Buchanan, leaving to vote for Milliard Fillmore, the traitors who deserve the halter, the selfah who seak the speils, the stupid who cannot comprehend the calls of duty, and the prejudiced who would ruin the South, some than aid the Democratic party in the achievement of a splendid victory over the Black Republicans. A precious crew they are at the South who follow the fortunes of Milliard Fillmore.

In another, article, in its issue of the some

date, after enumerating the persons who have been expelled from the South upon the suspicion of abolitionism, it proceeds to advocate the expulsion from Virginia of all those who are suspected of heterodox opinions upon that question. But hear it speak of rights in that of liberty: With these evidences of practical interference with slavery, we are told by semi-abolitionists in this State that there is no danger that slavery in this State that there is no danger that slavery in the States will be molested, and our intimations that this is possible are rated as humbug and charlatabry. The fact is we cannot hope for better things white men are tolerated in a Southern better things white men are tolerated in a Southern description. bettler things white men are tolerated in a Southern community, who occupy the same portion of hostility to the South which is minitained by every Black Republican at the North. Yet such there are stating abroad in the community, who can be the semption from the punishment inflicted on incendiaries, because they reside in Virginia.—

Such men are more to be hated and feared, and deserve severer punishment than the vilest Abolitonist of the North. They are hypocritical pretenders, wolves in sheep's clothing, venomous vipers, who should be crushed without pity.

Col. J. D. Stevenson, who has always been and colling in the meaning a firm supporter of the democration of the covernment of the democration of the first publicant of the Jordan Parameters, a whole in Virginia.—

Editor of the Morning Globe:

exponent of the policy which Mr. Buchanan will
pursue in regard to that unfortunate land. We
had it thrust before us daily while yet Geary was
in Pennsylvania that, now we should see peace

things inapurated as would indicate Buchanan's
views on the Kansas question. Behold the resuit. Flight and terror through all the land,

PRESIDENT WAYLAND'S MORALS NOT THIS MORALS
OF SOUTHERN COLLEGES.—The President of MitLebanon University, in Louisians, moved by the
rebukes lately administered to that institution
by the Southern press, for the attempt to introduce Dr. Wayland's text-books on Moral Science,
has made a profound and apparently a very
sincere apology. Dr. Egan's letter is published
in the New Orleans Courier. He says the Docligher classes were alumning of other institutions,

in a qulet final clause, that the true way to
provide an antidote for Dr. Wayland's teachings,
is to get up an opposition code of morals, prepared by "some of the able Professor of our
Southern Colleges." There is a bit of sarcasm
in this hint, which is really refreshing—partion.
