Pittsburgh Hedge Farm Nursery,
SITUATED on Wilkins Avenue, about one quarter of a mile from the Allegheny Cemetery, Penn Township, and Manchester Plank Road, an extension of Fourth street, and about three miles quarter miles from Pittsburgh.
They offer for sale a very large collection of well grown trees and plants suitable for ornamenting the hall and family garden.
The collection now covers upwards of acres of ground and contains over 100,000 trees, shrubs and plants, and over 10,000 roses of the most choice and splendid flowering sorts. Of these the nursery has a large stock of the finest plants carefully packed and sent according to directions to any part of the United States.
We beg leave to call the attention of the lovers of country and country life in the trade of ornamental planting for the Spring of 1856, embracing nearly all the trees of the family. Indigenous and exotic, that is worthy of cultivation in this section of country. Trees, in order to have ready effect, must be planted in the fall. Prices moderate as can be afforded for the best of nursery reference in the city of Pittsburgh required at a distance.
Orders addressed to us through Wilkins Post Office, near Pittsburgh, Pa., or left at our stand, corner Liberty and Diamond Market, will be promptly attended to.

Warren's Improved Fire and Water Proof Composition Roofing.

HAVING been for the last eleven years extensively engaged in the manufacture of the above roofing, now much used in all the principal cities of the Union, during which time it has been tested under every variety of climate, and has proved entirely satisfactory wherever experience shows that it could be done and the undersigned have been induced to form a *New Company* to do a job in this city in 1856, and again to convince the public of the superiority of this composition roof, they transported our men and materials from Philadelphia for the purpose, and it will also be made a regular branch of business in this city, and being prepared to fill orders with promptness, we confidently offer our roofing to the patronage of the citizens of Pittsburgh and vicinity, for its cheapness, durability and perfect *protection against both fire and water*, which no other composition roof can claim.
The best pitch for this roofing is from one-half to one inch in the foot, but it will give satisfaction when applied to as steep a roof as is enough, and will be furnished on reasonable terms, for one, two, three or four inches in the foot. The roof will give no leak, there was never a roof that has been recovered by this method with the possible exception of one or two roofs, which may be attributed to the neglect of some of our rools, which may be remedied by further information and reference, please call at our office, No. 1 Hanover st., Carlisle, Pa.
