Patent Riveted and Stretched

LEATHER BELTING,

From the Manufactory of Holt & Brothers,

NEW YORK.

TO the Belting of this manufactory has been awarded the Gold Medal and Diplomas from all the Institutes throughout the United States; the most recent by the Franklin Institute, New York, their last meeting in the Fall of 1855. It is of superior quality, and the Belts are made to order, and put up under the personal care of the principals; their Belts have been thoroughly tested by the severest kind of usage, and after having run in the Factory for months, have been taken out, cut in strips, and subjected to the severest strain, before being considered fit for sale. Manufacturers and Dealers have been furnished with their patent copper rivets, and the Belts are made to run either on both sides or with the hair, causing them to run truly on the rollers, and giving a power of more than 20 per cent. over Belts made in the ordinary manner. To mechanics of all kinds, Engineers, Millwrights, Machinists, Carpenters, Planing mills, paper mills, sawing and planing establishments, owners of steamboats, ocean steamers, Rolling mills, Foundries, Machine shops, Oil mills, Grist mills, Cotton mills, Woolen mills, Factories, &c. &c. Also, a large Stock of Oak Tanned Belting, from 6 to 24 feet wide of all prices, all of which will be sold at the lowest cash price.
