MORSE'S GENERAL ATLAS OF THE WORLD,

Containing Seventy Maps, Drawn and Engraved from the Latest and Best Authorities,

By Charles W. Morse.

With Descriptions and Statistics of all Nations to the year 1856.

By Charles Colby, A. M.

Published by D. APPLETON & CO.; Price $2.

The Atlas which we here introduce has been prepared with great care and expense, and is in the front rank of much labor, industry, and research. Nothing within the reasonable reach of its author or publisher has been left undone to render it not only a fine work of art, but worthy also of the confidence of every enlightened scholar. It is illustrated with seventy maps, engraved, it is believed, in a style which will stand with the severest criticism. Throughout the work, its utility and completeness of information have been taken to render it thoroughly accurate. It contains a synopsis or summary of the history, geography, agricultural resources, mineral wealth and manufactures, the present population and its national movement, and its mode of government adopted in each country and state, compiled from the latest and best authorities, with scrupulous care and fidelity.

A liberal discount to Agents and extensive territory given. Terms may be had on application to D. R. FORD, 9 Appleton's Building, 346 and 348 Broadway, New York, or by letter addressed to Box 1497, New York Post Office. oct6:may

BELTING

Patent Riveted and Stretched

LEATHER BELTING

From the Manufactory of Holt & Brothers,

NEW YORK.

TO the Belting of this manufactory has been awarded the Gold Medal and Diplomas from almost every Fair and Institute throughout the United States: the most recent by the American Institute, New York, at their late meeting 25-30 Sept. 1856. For superior quality, every branch of the business being conducted under the personal care of the principals; their rides insuring freedom from cuts and scores, tanned in their own tannery, after the hair and shoulders have been removed, returned to New York thoroughly tanned, from the vats, curried and carefully wet and dry stretched on machines with every modern improvement, burrs which make a perfectly even surface on both sides of the band, causing them to run truly on the pulleys, and giving a power of more than 20 per cent over those made in the ordinary manner. To mechanics of all kinds, to cotton and woolen manufacturers, rolling mills, paper, straw cutting and planing establishments, owners of grist mills, cotton gins, bleach works, ice houses, in short to every consumer, this belting is especially recommended, the best of city references given in the quality of this belting. THE subscriber respectfully calls the attention of his friends and the public generally, to an examination of his extensive stock of Boots and Shoes, just received from the New York manufactures, in which he will be found any kind of Ladies, Gents, Miss's and Boys' wear. Having purchased his Boots, made out of the best material, workmanship and of the latest styles.

He is now prepared to supply dealers and others, who wish to get good cheap, and well made work, to any quantity, at the lowest prices. Remember the place, No. 56 Wood street, a few doors from Fifth street, where a large assortment of Men's sewed Boots and Brogans, Boy's and Youth's Brogans, Ladies' Gaiters, Slippers and Shoes, and many other articles too numerous to mention, can be found.

In reference to the prices I can say, that I am determined that it is going to sell as cheap as any other like establishment in the city.

Thankful for the liberal patronage heretofore received he solicits a further favor, and from his long experience in business he feels confidence that he is able to give satisfaction to all who may favor him with a call.

Iowa Lands.

J. N. FRAZIER, formerly a resident of Pittsburgh, (now of Iowa,) will leave for a few days for the Council Bluffs and Nebraska Territory, for the purpose of locating Land Warrants, Pre-emption claims, &c. Will be glad to receive orders for engine. All goods, &c., will be delivered or called for in the two cities, with reasonable distance. Without extra charge. Will return from Nebraska by the 1st of December. Having the same thus in their own hands, it is believed that they can force all the Southern States to join the Democrats in electing a Democratic President.

What is to come of all this remains to be seen. You may rely upon it, that all the political intriguers of the country from the time of Burr down will be cast into the shade by what we shall see before the 4th of March next.—*N. Y. Times.*

MEN AND BRETHREN! are you preparing to vote on the Main Question at issue in the Presidential contest?

That question is not, Shall Slavery be extended into Kansas? or, Shall she be left free and quiet, to decide for herself whether Slavery shall be introduced or not?

Slavery is *already there!* It was first admitted in violation of all honesty and good faith, by the repeal of the Missouri Compromise, which had solemnly dedicated the soil to Freedom; it was next established in the code of laws adopted last year by the pretended Kansas Legislature, which the House of Representatives at Washington, after full investigation has pronounced spurious and void; it was finally fixed and finished, by being made irrepealable for a length of time, and the only one rendering it impossible for opponents to vote or be voted for, by edicts forbidding the discussion of the subject, and by other laws, which even the United States Senate has acknowledged to be infamous, and fit only to be blotted out. Thus has Slavery been already fastened upon Kansas—not by its inhabitants, but against their will.

Kansas is now a SLAVE TERRITORY—made such by *invasion*, and *violence*, and *fraud*, and *treachery*. Its citizens cannot help themselves. They are not permitted freely to vote, or to hold office, or to make a Free State, if they choose.

If Kansas *remains as it is*, it remains a Slave Territory, and becomes a SLAVE STATE, in violation of the ballot-box, Free Speech, and of our Republican Liberties—in violation, therefore, of the American Constitution for the spread of Slavery through the whole country, and with the speedy prospect of a despotic form of government over these United States!

Nothing can now save KAN
