WORK, WORK.—We are fully persuaded that a firm and continuous effort of all our friends, in behalf of the ticket which was made in Philadelphia on the 16th, and fully and enthusiastically endorsed by the Union Convention at Harrisburgh on the 21st, will result in a complete triumph for the cause we advocate, on the 4th of November. We call upon our friends every where to take new courage. What cause for rejoicing a nerve or looking upon success as doubtful! See what has been already done! Three years ago this party calling itself Democratic, ruled every thing as it wished and rode down and trampled upon sacred compacts and the dearest rights of the people of the Free States with impunity. Pennsylvania was completely in its grasp and with the assurance of undisputed power, "Democracy" looked forward to entire control of everything in the State. What do we see now? In an aggregate vote in the State of 422,000, by fraud and venality, by every effort which they were able to put forth, they succeeded in carrying the State for the Canal Commissioner by 2,770 votes.

We have carried a large majority of the counties West of the Alleghenies by overwhelming majorities and can increase those majorities in November. The necessities of the times have raised up a party which has carried Iowa, Vermont, Maine and Ohio by overwhelming votes, and would, in a fair trial, have given us Indiana and Pennsylvania. Once secure the ballot box from illegal votes, give us a fair, a just, a peaceful trial at the polls, and we will carry this State in November.

We believe that no man will vote the straight Fillmore ticket next Tuesday, who does not prefer the election of Buchanan to that of Fremont. The same preference was generally operative throughout the State in October, but as these men had no exclusive State ticket in the field, they could show that preference only by voting the Buchanan ticket, which they accordingly did. We believe that those who voted the Union ticket in October will vote the Union ticket in November which will leave those who bolted to Buchananism in the State election to go over to straight Fillmorism in the Presidential contest, and thus reduce the pro-slavery vote, leaving the vote for Fremont as large at least as it was for Cochran on the 14th instant. The friends we have, those who have been already tried in the fire, those who have stood up manfully to the battle which has been waged in the Keystone State, are bound to the cause as with hooks of steel, and will carry it forward in triumph if it can be done by fair and honorable effort. Our prospects of success already cast a shadow upon the lately jubilant hosts of Slavery and Popery. Already their chieftain sends imploring messages to the Head Quarters of the Committee in Washington which distributes Democratic "Documents." "Help, Cassius, or I sink!" "Money, money! we must have the money or the State is lost to Buchanan." Ay! they think that citizens of this State can be bought and sold like those they colonize upon us, at so much a head. Mark this faltering in their ranks, friends, and again to the breach. The cause is glorious and triumph secured, the Ship of State will once more sail on summer seas. Every legal voter should be at the polls! Every honorable effort should be put forth to rescue the State from the hands of the enemy. Work, then, manfully to the last moment. Do your whole duty, knowing that the issue is with God, and God is good.

CONSISTENCY.—In one of the wards in Brooklyn—the sixteenth—a German Catholic is running for Alderman on the Know Nothing ticket. As far as we can ascertain from the New York press the Fillmore and Buchanan men in that State and city are in this, are playing into each others hands. The Buchanan press is all the while talking the foreigners into the ranks on the plea that they (the Locofocos) have been the self-sacrificing friends of the "persecuted peoples of the old world." At the same time the Fillmourners are cursing said foreigners in order to keep the "natives" to the track. Thus one cries *wolf! wolf!* on one side of the fold, and the other echoes the shout from the other, keeping in this manner the flock of faithful ones in the middle.

This venal and mendacious Buchanan press is denying on the one hand that there is a secret understanding with the Fillmourners, and on the other hand is calling upon the Germans and Protestant foreigners to come out from the Republican ranks because that party is in league with Know Nothingism.

MORE "DEMOCRACY."—The New York *Day Book* is one of the two journals in that city that support Mr. Buchanan for the Presidency. This paper reiterates the idea of its Southern allies, and proposes to enslave poor men, who, by reason of poverty or misfortune may be unable to support their families. Here is what the *Day Book* says of poor white people:—

"Sell the parents of those children into SLAVERY. Let our Legislature pass a law that whoever will take these parents and take care of them and their OFFSPRING, in sickness and in health—*clothe them, feed them*, and *house them—shall be legally entitled to their services*; and let the same Legislature decree that whoever receives these parents and their CHILDREN, and obtains their services, shall take care of them AS LONG AS THEY LIVE."

This is no invention but the exact words of a prominent exponent of Democratic principles. How do you like it, laboring men?

THE Ohio Baptist Convention, at Columbus, on the 25th inst., passed a series of resolutions denouncing slavery and pledging themselves to labor against its extension.

THE PACIFIC RAILWAY.—We hope that every body has read Col. FREMONT's admirable letter to Mr. KING, of *The San Francisco Bulletin*, in favor of the construction of the Pacific Railway. The correspondent of the New York *Times* writes from San Francisco as follows:

The positiveness of the position of FREMONT upon the greatest interest of California, the construction, through Government aid, of a Railroad to the Pacific, and the certainty that the Southern Democracy in Congress will oppose such aid, are also working for the Republican nominee. By the last mail, Thos. S. King, Esq., editor of the *Evening Bulletin*, received, in reply to a circular letter on the subject addressed to the three candidates, a clear and manly response from Col. Fremont, while neither Buchanan nor Fillmore are heard from, and nothing is anticipated from them—especially from the Democratic candidate. Even if Buchanan should venture upon a half-favorable response by the next steamer, no confidence will be given it, as it will be quite evident he waited until it should be too late for it to return to the Atlantic to react against him with the Virginia school of politicians.

There is no mistaking Fremont. He says: "The necessity of establishing a railroad to the Pacific is as clearly apparent to my mind as was the necessity of extending to it the Constitution when the country was acquired." * * * "From the day when my connection with the Army was dissolved, I have considered my life consecrated to the construction of this Pacific Railroad." * * * "As to the question of constitutional power in the Government to aid in or to secure its construction, there is in my mind as little doubt as of the power of the Government to provide postal accommodations in time of peace, or means for the transport of munitions and bodies of men in time of war."

The interest our people take in this great measure was evidenced by the sale of 5,000 extra copies of the *Bulletin* containing this letter within an hour after its issue from the press, although no previous announcement was made of its appearance. In the same number of the *Bulletin* appeared a *resume* of the votes on the postponement in the House of Representatives of the Railroad question to next year, furnished to the editors by a very prominent member of the House, in which it is shown that only fourteen administration men could be brought to indorse the railroad policy. It will have great weight with the voters.

I had nearly forgotten to give you one strong proof that our people will not longer countenance the vile slanderers of Fremont. Some weeks since, C. E. Pickett, sometimes called "crazy Pickett," issued "a campaign pamphlet," filled with all the vile stories against Fremont that have been a hundred times refuted. He printed an edition of 5,000 copies. He complains, in a card in the public papers, that he has only got rid of 1,000 of them—one-half of which, he says, he has given to the party gratis. He further complains that not a Democratic paper in the State has copied any of his lies, save a little German journal in this city. But he says his pamphlet was translated into German, and went East for distribution four weeks since, and that another string of lies, entitled *History Attested*, also printed in German, goes forward to-day.

To sum up on politics. If the cause of Republicanism shall advance the present month in California, *in the same ratio it has the past*, and especially if the next steamer shall bring us good news from Maine, *you may count upon the four votes of the Golden State to swell the majority for Freedom and Fremont.*

The leading papers of California are jubilant over this letter, and speak of the prospects of our gallant candidate in the State of his adoption, as extremely flattering. Every attack which has been made upon his character there, has been promptly and completely refuted by men who had known him, who had shared in his labors, dangers and sufferings and who to a man are acting in the cause of right. Hosts of able men are in the field; every village, gulch, and canon has its political organization and even the most skilful "pistoleers" of the Buchanan party in the Golden State feel that the slave-drivers grasp upon it is relaxing, and that the 4th of November will see her redemption from Southern bondage. We trust that California will record her vote on next Tuesday for Fremont and Dayton.

GOV. GEARY.—That Governor Geary is acting solely for the Pro-Slavery cause, we have the evidence of Pro-Slavery men themselves. A Virginian now in Kansas, writes to a friend in Virginia, under date of Lawrence, K. T., Oct 11, as follows:

We have from Judge Lecompte the most positive assurance that Governor Geary and all the Federal officers of the Territory are with us, though many of them are from Free States.

* * *

The Governor states that on his way here he had spent two days with Mr. Buchanan—assured us that there is no difference between Mr. Pierce and Mr. Buchanan in relation to the affairs of Kansas, and as Mr. Buchanan is soon to be elected we shall see.

* * *

We have determined on holding a convention to form a constitution, preparatory to admission into the Union as a free State, and should Gov. Geary continue to deport himself as he has begun, he and Gen. Atchison will be our Senators in Congress.

What chance the State prisoners stand of being tried fairly, under Governor Geary's mild reign of Pro-Slavery peace, may be gathered from the following extract from a letter of a Pro-Slavery correspondent of the Charleston *Standard*. Under date of Atchison, K. T., Oct. 8th., the correspondent writes:

The trial of the Abolition prisoners has commenced to-day at Leavenworth. Some are under an indictment for high treason, while others only for arson and larceny. From what I know of some of the Jurors, some will be made examples of, unless (as I've no doubt will be the case) they are pardoned after conviction.

As a fit pendant to the above, we give the following to show what voice the free settlers of Kansas have at the polls. The correspondent of the Alton *Courier*, quoted above, in the same letter says:

I suppose you are aware that there was an election for the House of Representatives of the Territorial Legislature, recently. The election, like all others in the Territory, was invaded by Missourians, some 3,000 of whom came over and quietly voted at the precincts. The same was managed very quiet. The Missourians began to come ten days before the election, and this time were prudent enough not to come with flags or cannons. The polls were held in charge by men and officers appointed by the bogus Legislature, under whose authority the election took place.

* * *

The probability of the truth of this will be best established by the Pro-Slavery correspondent of the Charleston *Standard* whom we have above quoted. In a letter dated Atchison, K. T., Oct. 2, he says:

Every one is now talking about the elections, which, as I wrote a few days ago, take place on the 6th inst. Our leading men *here* seem quite confident as to the result, and think the Pro-Slavery vote will be by far the largest. This may be, if Missuri will come forward as she ought, and I've no doubt will. She, in fact, controls the fate of Kansas—being just on the border and separated only by a narrow river. *She can send, at a moment's notice, men enough to control the ballot-box or repel invasion.*

* * * * * * *

Gen. Ayre and party start from here on Monday, immediately after having voted, on their return home. Many will follow soon, and your friend and correspondent among them. We can do no good by staying after we have voted, and would, besides suffering from cold, be at an expense without being able to make "a rod."

In the face of all this, what are Governor Geary's dispatches? The only answer is, that they are simply Buchanan Democratic falsehood. Let that falsehood be repudiated, and the truth vindicated on the 4th of November.

EDGEWORTH LADIES' SEMINARY.—The regular winter term of this Institution will commence on the third day of next month. By an advertisement in another column of this paper the public may learn that the above named Seminary is under the charge of Rev. H. R. Wilson, assisted by six thoroughly qualified and experienced Teachers. From what we know of the Principal, the Teachers and the general system and discipline of the eSchool, we are free to say that we know of none in this city or vicinity more worthy of patronage. Many parents who read this will testify to its truthfulness.

The buildings of this Institution are delightfully situated in the pleasantest part of Sewickly Valley, about twelve miles from this city and within three minutes walk of the railway station. In summer the spot is charming, embowered in trees and surrounded by cultivated hills and smiling cottages. In the winter it is sheltered from the cold winds by what summer makes its ornaments. We commend this Seminary to the patronage of our people.

THE *South Carolinian* informs us on authority that "the success of BUCHANAN might stave off for a time the dissolution of the Union, but the event is nevertheless inevitable!"

VIEW OF THE RECENT STATE ELECTION.

Districts.	State Ticket. Union.	State Ticket. Dem.	Congressional. Union.	Congressional. Dem.
1st, 2d, 3d, 4th & 5th,	37,357	42,100	38,537	42,059
10th & 11th,	15,444	16,607	15,645	16,349
12th,	13,129	6,473	13,228	6,361

15th,	9,529	12,340	9,620	11,191
21st & 22d,	14,411	10,624	13,578	10,778
23d,	8,959	8,456	8,883	8,467

	124,222	117,721	124,826	116,057
	117,721		116,057	
	6,501 maj.		10,515 maj.	

Thus in fifteen districts we find the Union ticket 4144 behind the Congressional majority, which evidently shows a "side door" operation of some kind or other with which our Sanderson Fillmore friends appear to have been acquainted; but let us see a little further; the difference between the totals is 816, leaving 3328 who voted, to be unaccounted for, and as the simon pure Democratic Canal Commissioner vote is (on the same ballot) 1664, over the Congressional vote, and the Union vote 2480 less than the Congressional vote, it follows that 1664 Sanderson Fillmorians availed themselves of the opportunity of slipping in at the "side door," and thereby finished the democrats with their majority, as 1664 votes ch and off is equal to 3328. Thus it will be seen how they demonstrated to Mr. Forney, according to the terms of his letter, their willingness to co-operate with him in defeating the Black Republicans at the October election.

NAPLES.—The news by the Atlantic concerning Naples is of some interest. Preparations for defence continued. The statement in the German papers that the King of Naples had addressed autograph letters to Queen Victoria and to the Emperor of the French, asking to be admitted to the Paris Conference, is denied by the Neapolitan Embassy in Paris. General Martini arrived at Naples September 28th. Advices from Ajaccio of the 7th, mention the arrival there of part of the English fleet, namely, ships-of the line Duke of Wellington and Conqueror; two steam frigates and two corvettes. Other ships were expected from Malta. The French squadron remained at Toulon. The American ship Supply was at Naples.

THE CONCERT.—The Fremont Concert to-night will be a grand affair. Let all who desire to be present secure tickets promptly or they may be too late.

The programme is excellent, consisting of the choicest songs of the campaign together with some written expressly for this occasion. The performers are among the best amateur singers in the city and every thing will go off in the most orderly manner, and, we are convinced, to the entire satisfaction of all.

HOW TO DO IT.—The City of Cloveland, Ohio, polled 4,804 votes at the recent election. The population is about 50,000. Indianapolis is in Centre township, Indiana. The vote of Centre township was 4,193. Population of Indianapolis about 18 to 20,000. Thus, under the Democratic system, 20,000 people cast in Indiana within 611 as many votes as 50,000 in Ohio!

THE CATHOLIC VOTE.—Gen. Cadwallader, of Philadelphia, in a speech made to the Bogus Democracy of Cecil county, Maryland, a few daysago frankly acknowledged to his hearers that *the Catholic Vote* was the only thing that gave the Democratic party any strength.

THE Cincinnati *Gazette* learns that Governor Corwin, in view of the impossibility of the election of Mr. Fillmore who was his first choice, has decided to cast his vote for Col. Fremont, as the only means of aiding in the defeat of Mr. Buchanan.

CONNELLSVILLE RAILROAD.—The Baltimore *Sun* says it is stated that the Connellsville Railroad is rapidly approaching completion. The Turtle Creek section will soon be finished, and the laying of rails proceeds from Guffy's on the Youghiogheny, towards McKeesport, Pa.

FREMONT SOIREE.—Tickets for the Concert at Lafayettes Hall, this evening, can be procured at the Ticket Office, Wood street entrance. No money taken at the door.

By order of

COMMITTEE.

THE Old Line Whigs of the 8th Congressional District, Massachusetts, have nominated Lorenzo Sabine, a man of some literary reputation, as candidate for Congress. We are sorry that he ought to be beaten.

THE Charleston *Mercury* says that the "Democratic majority in Pennsylvania, in an aggregate vote of 400,000, is not much to brag on."

The Patterson N. J. *Guardian*, hitherto a BUCHANAN paper, comes out for FREMONT and DAYTON. It says:

We to-day take down the Buchanan ticket from the head of our columns. We ran it up with pride—we take down because with hundreds of others in our country, we intend to vote for JOHN C. FREMONT, as the true Democratic nominee. We believe that the time has come when our Government should return to old fashioned Democracy, and that Presidents should no longer be the creatures of platforms and parties.

In JOHN C. FREMONT we recognize the energy and will of the immortal JACKSON, and believing him to be the right man for the right place, we would occupy a false position longer to support his opponent. It is true that this course severs us for the first time in our lives from relatives and friends, yet that duty which we owe to our God and our country, forbids us longer opposing the election of FREMONT to the Presidency.

* * *

SEVENTY-FOUR Democrats of Berrien County, Michigan, and fifty Democrats of Bangor, Michigan, respond to the card of the 260 Detroit Democrats, and come out for Fremont. They say:—"We are with you for Freedom, Free Speech, Free Labor and Free Men, and are ranged for the first time against a regular Democratic nominee for President, having done, as we have done, voted for Franklin Pierce in 1852, but now we are not to act with the Republican party in it mission of bringing back the Government to its original purity, and dispensing with the services of Gen. Cass, and his friend James Buchanan."

DIED.

The friends of the family are respectfully invited to attend the funeral on Friday morning at 10 o'clock, from the residence of his grandfather, F. C. Flanagin, 101 Wylie street.

Important Notice to those Afflicted WITH CHRONIC DISEASES, by Dr. A. S. HEATH, New York City. Finding it impossible to attend personally to all my patients, and being unwilling to trust such responsible duties to assistants or students, and for the purpose of suppressing the sale of worthless and injurious quack medicines, as well as the impositions advertised under fictitious names, offering to send recipes gratis, or on receipt of letter stamps or one dollar, &c.—to obviate the above, and to accommodate patients in all parts of the country, I send medicines, with full directions, to cure any disease, for $5, unless treatment is required, for a longer period than one month, when the fee is the same for each month. The only Medal Awarded by the New York Exhibition to the English or French Manufactures has been obtained, amongst numerous competitors, by LEA & PERRINS, for their

WORCESTERSHIRE SAUCE,

whereby further testimony is decided of its being the best Sauce extant.

The celebrity of this Sauce has extended to every quarter of the globe, and its efficacy in promoting the general health is becoming daily more observed and acknowledged.

In the United States it is held to be the most agreeable condiment, and if esteemed for its tonic and appetizing properties, its has a tonic one enabling the stomach to digest the food.

On the Continent of Europe, these qualities have been testified to by a gentleman, who writes to LEA & PERRINS thus: "I have carried a bottle of your Worcestershire Sauce in a tour I have just completed through Spain and Portugal, and believe I owe my present state of health to its cool your Sauce is stomachic, and I think medicinal.

I am with truth say there is nothing in a traveler's baggage so essential to his comfort, at least in those countries, as your Sauce.

In the East, also, where it is used at the mess of every regiment, a medical gentleman writes from Madras to his brother in the same profession at Worcester, in the following terms: "Tell Lea & Perrins that their sauce is highly approved of in India, and that it is, in my opinion, the most Palatable as well as the most wholesome sauce made."

This sauce is suitable for every variety of dish, and is universal demand which its excellence has created has led to many imitations, being offered to the public, under a variety of names, but the genuine may be known by the names of "LEA & PERRINS" being impressed upon the patent metallic capsules, or patent glass stopper of the bottle, as well as the labels and wrapper.

Consumption Cured—Be not deceived by base imitations. Hegeman, Clark & Co's Genuine Cod Liver Oil, never disappoints, and nine years' experience has proved it superior to all others, and the only reliable cure for Consumption.

As there is a great deal of spurious oil in the market adulterated with seal oil, whale oil, &c., &c., too much care cannot be taken to procure the Genuine.

Our Oil is made at our own factory in Newfoundland, and each bottle has our signature over the cork, be careful to get Hegeman, Clark & Co.; for since the DEATH OF Mr. Hudson, our late partner, there has been an article introduced called Hudson's, which is in no way connected with H. C. & Co. or H. C & Co. Sold by H. HUDSON, STODE & CO., R. E. SELLERS & CO., and by druggists generally.
