PITTSBURGH:
FRIDAY MORNING, OCT. 31, 1856

COUNCILS.—A special meeting of the Select and Common Councils was held last evening, Oct. 30th.

SELECT COUNCIL.—President McAuley in the chair.

Members present—Alexander, Drum, Galway, Kincaid, Lambert, Murdoch, Pollock, Reed, Smith, Taylor, Varnum, Wade, President.

The minutes of the last meeting were read and approved.

The Finance Committee, through the chairman, President McAuley, reported in relation to the inability of the Allegheny Valley Railroad Company to pay the interest on the city bonds, this being the special business of the meeting. The report is as follows:

Report of the Finance Committee on the Allegheny Valley Road.

The Finance Committee, to whom was referred the communication from the Allegheny Valley Railroad Company, report, that they had a free conference with committees from the Directors and Stockholders of said road, in company with the County Commissioners, and that they also obtained in writing some additional information from the Directors, in answer to inquiries submitted to them. From the facts as laid before us it appears that—

The road, 44 miles in length from Pittsburgh to Kittanning, has been built at a gross cost of $1,762,600, including the payment of interest to date, and discounts on bonds.

Of this sum it owes a floating debt of $200,000 in round numbers, $179,332 of which is in Bills Payable, some overdue and the rest maturing in a short time.

The only assets on hand are $216,000 of Armstrong and Jefferson county bonds, which, in the present state of the money market, are unsaleable.

Seven per cent. Mortgage Bonds to the amount of $400,000 have been authorized and issued, of which amount the sum of $82,000 has been sold and the proceeds applied.

The remaining bonds, amounting to $318,000, have all been pledged as collateral security to the holders of the Bills Payable of the Company—viz: bonds to the amount of $247,000 are held in pledge for $124,500 of notes negotiated with bankers and brokers, and bonds to the amount of $71,000 are held as security for notes to the amount of $43,332, given for money advanced by private individuals. In addition to this, two notes for $6,000 each are secured by a pledge of $24,000 of Armstrong county bonds.

The remaining bonds, amounting to $318,000, have all been pledged as collateral security to the holders of the Bills Payable of the Company—viz: bonds to the amount of $247,000 are held in pledge for $124,500 of notes negotiated with bankers and brokers, and bonds to the amount of $71,000 are held as security for notes to the amount of $43,332, given for money advanced by private individuals. In addition to this, two notes for $6,000 each are secured by a pledge of $24,000 of Armstrong county bonds. So that all the Bills Payable of the Company are secured by bonds pledged mainly at the rate of fifty cents on the dollar.

The gross earnings of the road for the year ending October 1st, were $54,505 98, and the expenses of the same (exclusive of salaries of President, Secretary and Treasurer), $6,000, $62,819 28; showing an excess of outlay of $8,313 25. Of the outlay, however, the sum of $16,304 12 was expended for ballasting, construction, rolling stock, &c., leaving the actual running expenses of the road $46,515 11, and showing the net earnings of the road for the year to be only $7,990 88.

So far as the first year is concerned, therefore, the road may be said to have earned nothing; and it commences the second year with the incumbrance of a Mortgage upon it of $400,000, upon which the interest, $28,000 per annum, will have to be paid, in addition to the $69,000 annual interest upon the city and county bonds. If the bills payable of the company could be promptly lifted, the interest upon $318,000 of Mortgage bonds might be saved; but of this there seems no present hope.

As to the future prospects of the road the committee are of opinion that if it was extended to the Mahoning, its net earnings would be much increased; but this being out of the question, for the present, we can only rely upon its probable earnings in its present condition. An examination of the bill of running expenses for the year shows that the proportion to the income has been less in the latter part of the year than in the former. The road being altogether new when it commenced last year, its expenses then exceeded its receipts; while at the present time the reverse is the case. For instance, the expenses in November, 1855, were $3,648 86, and the receipts but $786 87; while in September, 1856, the expenses were $4,287, and the receipts $7,176 40. Calculating the prospective business of the road upon the income of September, its earnings for the ensuing year may reach $84,000, and estimating its running expenses exclusive of salaries of President, Secretary and Treasurer, and office rent at 60 per cent, its net revenue would be $38,600, leaving scarcely any margin for accidents and contingencies above the interest that will accrue upon the mortgage bonds. We regard this as the most favorable view that can now be indulged in.

There is, if this estimate be well founded, no encouragement to the city and county to look to its proceeds for the payment of the interest on their bonds. The other alternatives presenting themselves, are, an absolute sale of the road for what it will bring, which would not probably yield the city and county any relief, either from principal or interest; or a lease of it to responsible parties, who may be able to complete it to the Mahoning and so render it more productive.* It is possible that such a reorganization of the road may be effected as will secure this result.

It seems plain, therefore, that the city will have, for some time to come, at least, to provide for meeting the interest on her bonds issued to this road. From this there is no present means of escape. The simple question recurs, at this particular moment, is the city able to pay, or has she power and authority to raise, the interest accruing on Monday next?

The committee know they speak the voice of the councils and the citizens when they admit, freely, that the city is under obligations, which she cannot avoid, to pay the interest on these bonds. The obligation is frankly acknowledged, and there is no disposition in any quarter to shirk it. But this call is made upon us, without prior notice, (no information of their inability to pay having been given us by the officers of the company until Monday last,) at a time when the treasury of the city is empty and when we are without the legal ability to replenish it. The city has nothing to sell or pledge, by which to raise the money; and having gone to the utmost limit allowed by law for borrowing, that resource is now cut off from us. We are, therefore, for the present, utterly powerless, and will remain so until further legislation can be obtained.

By the terms of an act passed April 6, 1850, the councils are not permitted to increase the city debt by loans beyond the sum $1,150,000; and this limit has already been fully reached.

By the terms of the act incorporating the city, Councils were restrained from levying a tax of more than five mills on the dollar; and that being the amount of the present city levy, no further tax can legally be laid.

When the burden of paying the interest on the Glenwoodie bonds fell upon the city, the Councils applied to the last legislature for power to levy a tax sufficient to meet that interest. This the legislature failed to grant; and as the only alternative, the money was raised by pledging our gas stock. This resource having been exhausted, we have no other upon which to fall back.

The ordinary revenue of the city, derived from the 5 mill tax, the water tax, and other incidental sources, has been barely sufficient, in the best of seasons, to meet our ordinary expenditures. This year it will fall considerably short. Under the new triennial assessment, the revenue from taxes is less this year than previously; the receipts from the wharves, owing to the dry summer, have fallen off heavily; and the other revenues have not kept up very well to the previous figures. The result is that our ordinary city expenditures will this year exceed our receipts about $10,000. The condition of our finances may therefore be stated as follows:

Deficit of ordinary revenue for 1856,...$	10,000
Interest on Stoubenville bonds for 1856,	33,000
" Allegh'y Valley " " "	12,000
Deficit on Dec. 31st, 1856,.....$	55,000
To which is to be added—	
Interest on Stoubenville bonds in 1857,	33,000
" " Allegh'y Valley " "	24,000
Probable deficit on city revenue "	10,000
$	122,000

Leaving to be raised, during the year 1857, from other than our present limited means of supply, the sum of $122,000. To raise this sum we must have legislation at the earliest possible day after the legislature meets, as well as to provide, by taxation, for the regular payment of interest on our railroad bonds.

That the legislature will grant this power we will not permit ourselves to doubt. But until it is granted, the city can do nothing. Our credit will have to suffer, temporarily, because we cannot help it; but the holders of our securities may rest assured that the city will meet her liabilities promptly, whenever the legal trammels with which she is now bound are taken off.

Your committee content themselves with this simple statement of facts, and recommend the passage of the accompanying resolution:

Resolved, That our Senators and Representatives in the Legislature be requested to procure, at as early a day as possible, the passage of a law enabling the city to lay a tax sufficient to meet all its present and accruing liabilities.

(Signed) JAMES McAULEY, *Ch'n. pro tem.*
ROBERT GALWAY,
J. QUIGG,
RUSSELL EBERTH,
JAS. J. BENNETT,
HENRY LAMBERT.

On motion of Mr. Wade, the report was accepted.

The resolution was laid over on second reading.

On motion of Dr. Pollock, the rules were suspended, and the yeas and nays were called on the third reading and final passage, which resulted as follows:

Ayes—Galway, Lambert, Murdoch, Pollock, Reed, Smith, Taylor, Varnum, Wade, President —10.

Nays—Alexander, Drum, Kincaid—3.

So the resolution was adopted.

President McAuley, who had been instructed to procure a copy of the lease, and alterations, and modifications of the lessees of the Steubenville Railroad Company, read the note which he came time afterwards that he had no authority to comply with the request. The Finance Committee, however, had procured copies of two documents recorded in the Recorder's Office, which were laid before the Councils.

Before the documents were read, the following resolution was presented by Mr. Varnum:

Resolved, That the Finance Committee are hereby authorized to negotiate a loan of twelve thousand dollars to be applied to payment of interest on bonds given to Allegheny Valley Railroad Company, and they are hereby authorized to pledge gas stocks or any of the securities of the city we may have to offer for payment of the same.

Mr. Alexander moved to lay on the table.—The yeas and nays were called.

The yeas and nays were—Messrs. Alexander, Drum, Galway, Kincaid, Lambert, Pollock, Reed, Smith, and President—9.

Nays—Messrs. Murdoch, Taylor, Varnum, Wade and Weaver—4.

So the resolution was laid on the table.

COMMON COUNCIL.—President, Marshall in the chair.

The roll was called and the following gentlemen answered to their names:

Messrs. Bennett, Brown, Calhoun, Dickson, Dalzell, Errett, Evans, Griffin, Herdman, Hodkinson, Kammerrer, Lare, Little, Miller, M'Adams, M'Kelvy, Quinn, Riddle, President.

The minutes of the last meeting were read and approved.

Mr. M'Kelvy presented an Ordinance for the better regulation of the Diamond Market Houses. Read and referred to the Ordinance Committee.

S. C. concurred.

Mr. Lare from the Ordinance Committee presented a report with an Ordinance repealing the Ordinance passed June 30, 1856, regulating the taking of city warrants by Tax Collectors.

The Ordinance was read and discussed at length and a motion that the Ordinance be read three times and passed was lost by a vote of 8 in favor and 11 against.

The Report of the Finance Committee relative to the Allegheny Valley Railroad, with resolution annexed, came in from Select Council, the report accepted and the resolution adopted.

In C. C. the report was accepted and action of S. C. on the resolution adopted.

Bill of John C. Davitt for $40, for signing city bonds. In S. C. read and referred to Committee on City accounts. Action concurred in.

Communication of Joseph C. Lowrie relative to Fire plugs. In S. C. referred to Water Committee Superintendent and Committee on Fire Engines and Hose.

On motion, adjourned.

COURT OF OYER AND TERMINER; QUARTER SESSIONS, &c.—Judge M'Clure and Associates on the Bench.

The case of Com. vs. J. H. Scott and John Wills, police officers, the first for assault with intent to kill, and the latter for assault and battery, upon oath of David Laughlin, was resumed. The evidence showed that Laughlin and a man named Kelley hired a buggy from Mr. Charles, Allegheny, on a Sunday morning, for the purpose of going to a fence. And that before they returned, Mr. Charles found that they were on a pleasure excursion, and accordingly sent them for obtaining goods under false pretences; Scott, without a warrant (it was in the possession of another officer), waited at the stable until they returned to arrest them; Laughlin refused to go with him without a warrant, and he and Scott walked towards North Common; when they arrived there Laughlin ran off towards the river; Scott fired a pistol twice, two witnesses swear they were aimed at Laughlin, and one that it was aimed in the air. Laughlin took refuge in the house of Mr. Kennedy, where he was found by the defendants, and Wills beat him on the head a number of times with a handbilly, took him undressed and bloody, through the streets to the Mayor's office, where he was locked up.

The defence in addressing the jury showed conclusively that the warrant for misdemeanors was absolutely void on Sunday, and that the officers were bound to know that, and consequently acted without color of law whatever. The Court so charged the jury. The jury found no verdict at the time of adjournment.

John Magee was arraigned for assault and battery upon the oath of Terrence Quinn, alleged to have been committed on Webster street on the evening of the 10th of September. The complainant had been to the Democratic Convention, and after returning in the evening was talking of Breckenridge being a noble speaker, &c. &c., before defendant's door, to a large crowd. The defendant ordered him away and pushed him off the pavement. The examination of Quinn caused much merriment, as it was found impossible to get him to answer a question directly. At last by virtue of the whole power of Court and Council, they got him to answer the question, "Were you drunk?" by saying, "Well if I was drunk" &c. The defendant was acquitted.

HALLOW E'EN.—To-night there will be great nut-cracking and nut-eating from one end of the country to the other, and in every christian land. How many lovers will be represented by chestnuts roasting upon the grate iron; the ones making the first bounce; and what other charms to tell who is, and who isn't; and what will and what will not happen, will be tried to-night. In this country the charms are secondary to the eating entirely; ladies generally are pretty well aware of the right one without resorting to anything so unsatisfactory as roasting a chestnut. But in the old countries the charms are the order of the evening, and a great number of them are detailed at length in "Hone's Every Day Book." The curious should consult this queer collection, if they desire to add to the pleasures of the evening by experimenting in old games and love charms almost unheard of here.

THE CONCERT TO-NIGHT.—The song-writers of the Fremont party have been busy since the last concert given by the Fremont Glee Clubs of this city and Allegheny, and the various clubs will appear this evening in an entirely new programme. Many of the songs are by the clubs; the members of the Clubs have been able to give that attention to rehearsals required for a public performance. We are requested to say that the Central Club will sing a new song to a very spirited air, entitled the Fremont Boat Song.

The cause and the occasion will, we are sure, bring forth "all the world, their wives and sisters;" Lafayette Hall will be resplendent with beauty and fashion. To make certain of seats the prudent man will secure his tickets beforehand. They are for sale at Welden's Book Store, Wood street; Mrs. Cochran's book store, Federal street, Allegheny, and at the Headquarters, Fourth street.

A FINE BOUQUET.—We were agreeably surprised yesterday morning with an elegant bouquet, prepared with taste and skill, which we found awaiting us at the office "with the respects of a Republican lady." A very pleasant way, indeed, to indicate a political proclivity,—one which we can heartily recommend to all Republican ladies. We return our very best thanks for the bouquet.

BENEFIT OF MISS HERON.—This talented lady takes a benefit at the Theatre this evening, and we are confident her numerous admirers will avail themselves of the occasion to pay a brilliant ovation to her great merits as an actress and a lady. Miss H. will appear in two pieces—Medea, and the Rose of Killarney.

CORRECTION.—The name of the witness in the arson case is Samuel Long, policeman, and not Samuel A. Long, as we had it in our report.

COUNTERFEITS AND IMPOSTORS.—The public are cautioned against purchasing articles pretending to be of the nature of the "Balm of Thousand Flowers," for self-forming the breath and beautifying the complexion. The popularity of that article has brought forward a host of counterfeiters. None is genuine unless signed by FETRIDGE & Co. For sale by all respectable druggists who frown down counterfeiters and impostors.

FREMONT, THE MUSTANG CANDIDATE.—If Col. Fremont had as many friends as the Mustang Liniment, the opposition could not draw a corporal's guard. Mr. Fremont remarked, in his dispatches to President Fillmore, while transporting horses and cattle over the plains of Mexico, "That if the Government would send on a liberal supply of Mustang Liniment, it would save 25 per cent. of his losses." This is very important for all Farmers and Liverymen to know. The Mustang Liniment is a wonderful article for man or beast. It should always be used for Sores, Swellings, Stiff Joints, Burns, Bruises, Rheumatic Pains, &c., and for Galls, Sprains, Spavins, Ringbone, &c., upon horses. *Beware of imitations.* The Mustang is sold by all respectable dealers everywhere.

DARNES & PARK, Proprietors, New York.

(From the Boston Saturday evening Gazette.)
A Fortimed Breast.—What lady or gentleman would remain under the curse of a disagreeable breath when by using the "*Balm of a Thousand Flowers*" as a dentrifice would not only render it sweet, but leave the teeth white as alabaster? Many persons do not know their breath is bad, and the subject is one which their friends will never mention it. Put a single drop of the "Balm" on your tooth-brush and wash the teeth night and morning. A fifty cent bottle will last a year.

A BEAUTIFUL COMPLEXION may easily be acquired by using the "*Balm of a Thousand Flowers*." It will remove tan, pimples, and freckles from the skin, leaving it of a soft and healthy hue. Wet a towel, pour on two or three drops of the BEAUTIFYING BALM—Wet your shaving-brush in either warm or cold water, pour on two or three drops of "Balm of a Thousand Flowers," rub the beard well and it will make a beautiful soft lather much facilitating the operation of shaving. Price only fifty cents.

Prepared only by FETRIDGE & Co., Proprietors, New York.
Sold by B. A. FAHNESTOCK & CO., H. HELMS & CO., GEO. H. KEYSER, R. B. SELLERS & CO., and FLEMING BROS Agents for Pittsburgh. ob31:lw2

GALLOWAY COUNCILS.—The matter relative to the extension of the P. F. W. & C. R. R. to this city, came up in Allegheny Councils last evening. In S. C., Mr. Wilmarth offered a resolution granting the right of way by the canal route upon conditions and restrictions usually granted by cities to railroads; provided that said Company, for said privileges, leave to the City of Allegheny certificates of stock to the amount of $20,000, with an interest of six per cent. payable semi-annually.

The matter was discussed and finally referred to the Committee on Railroads.

In C. C. action non concurred in, and report of the Committee on Railroads, at the meeting of the 24th inst., adopted as a substitute, filling the blank with $5,000.

The above was not concurred in by S. C., and a Committee of Conference finally passed a resolution referring the whole action to the Committee on Railroads, to report an ordinance.

A Card to the Ladies.

DR. J. DUPONCO'S GOLDEN PERIODICAL PILLS FOR FEMALES, infallible in correcting irregularities, and removing obstructions of the Monthly Turns from whatever cause.

All Medical Men Know

as well as myself, others, *that no female can enjoy good health, unless she is regular*; and whenever an obstruction, from any cause, whether from exposure, cold, or any other cause, the general health begins immediately to decline, and the want of such a remedy has been the cause of so many consumptions among young females. Headache, pain in the side, palpitation of the heart, loathing of food, and disturbed sleep most always arises from the interruption of nature, and whenever that is the case, the Pills will invariably remedy all these evils.

Full and explicit Directions accompany each box, which must be strictly followed, and all diseases peculiar to females may be speedily cured.

Price $1.00 per box, and sold by all the Druggists and by SAMPLE & REMY, Agents for Allegheny. FULTON'S Drug Store, Birmingham; JOHN D. SCOTT, 2nd liberty st., and by W. GILDENNEY & CO. 45 Fifth st., Pittsburgh. They will supply the trade at proprietor's prices, and send the Pills by mail on receipt of $1.00 through Pittsburgh P. O. oct31:lw2

The Election Returns.

Important to those who send the election returns.—Send the whole number of votes cast for the electors of each presidential candidate. Majorities are not sufficient. In cases where it is impossible to send promptly complete returns by States or counties, send as nearly full returns as possible, and as careful estimates of the balance.

Editors throughout the country will greatly facilitate the collection of the returns of this important election next week by publishing the above notice every day until Tuesday.

MONETARY AND COMMERCIAL.

In Provisions there has been very little done except in the way of contracts for new products. Lard has been sold at 10½c, buyer furnishing packages, for November delivery; green Hams have also been sold, but we did not learn the prices. Several contracts have been made for Hogs for November at $5,25 @ 5 30 Dr. Net. The feeling, however, is not very buoyant, and packers are disposed to be very cautious in their investments.

Last year the market opened at $4,50, but prices advanced rapidly to $7, which figure was realized on the first of November. At that time however, the markets throughout the country were bare of provisions, and prices ruled very high. Now stocks are in most cases ample, and prices are lower.

About 10,000 Hogs have been contracted for, ranging from $5,50 down to $5,25—chiefly at $5@5,25. A large portion of these are for early delivery, and packing operations will commence with the first appearance of favorable weather.—Cin Price Current.

The bills of the Bank of the Republic, Providence, have been thrown out at the redemption bank, and by the American Exchange here. This is a new bank, and the trouble is said to grow out of the failure of a mercantile house, the paper of which the Bank of the Republic holds to a considerable amount.

The increased stringency in Money noticed yesterday, continues, and the calling in of loans, mainly by private banking houses, has been active, especially by those which have accounts with Western banks and bankers and which are engaged in shipping Specie. The Banks are doing very little in call loans, but are accommodating their dealers with discounts to the extent of their ability.—The amount of Bank Loans on Stocks must now be very small.

The Illinois has arrived from Aspinwall with $1,051,000 on the manifest, and probably including Government drafts and checks and Public Chests, about $2,000,000 of passengers, $2,000,000 in all. This will about supply the foreign drain for the week, leaving the bank reserves where they stood on Monday. In addition to this, gold the Panama R. R. Co. brought over $555,769 in gold and silver on Monday's account. The advices from California by this arrival are favorable. The miners are actively and successfully employed. Dust is coming in somewhat more freely, and in the prospect of an early winter, the miners are all engaging. The indications are that the coming season will be a very wet one, which will insure a large increase in the yield of the precious metal. The exports of treasure this quarter from San Francisco have been heavy, amounting to no less than $13,000,000. The total exports this year so far, are then a little rising $17,000,000, being an increase of upwards of $5,000,000 on the same period of last year. The shipment of 1854 was about the same as that of the present year. The Slint will soon resume operations, a supply of nitrate of soda having been received on stock for a longer period than seven days.—N Y Herald.

DR. J. DUPONCO'S GOLDEN PERIODICAL PILLS FOR FEMALES, infallible in correcting irregularities, and removing obstructions of the Monthly Turns from whatever cause.

All Medical Men Know

as well as myself, others, *that no female can enjoy good health, unless she is regular*; and whenever an obstruction, from any cause, whether from exposure, cold, or any other cause, the general health begins immediately to decline, and the want of such a remedy has been the cause of so many consumptions among young females. Headache, pain in the side, palpitation of the heart, loathing of food, and disturbed sleep most always arises from the interruption of nature, and whenever that is the case, the Pills will invariably remedy all these evils.

Full and explicit Directions accompany each box, which must be strictly followed, and all diseases peculiar to females may be speedily cured.

Price $1.00 per box, and sold by all the Druggists and by SAMPLE & REMY, Agents for Allegheny. FULTON'S Drug Store, Birmingham; JOHN D. SCOTT, 2nd liberty st., and by W. GILDENNEY & CO. 45 Fifth st., Pittsburgh. They will supply the trade at proprietor's prices, and send the Pills by mail on receipt of $1.00 through Pittsburgh P. O. oct31:lw2
