The African Slave Trade to be Reopened.

The decree which has recently been issued by Gen. Walker, President of the Republic of Nicaragua, re-establishing the institution of Slavery, and inviting the importation of negroes, is now attracting much attention.

For our own part we were highly pleased with the decree, for we are decidedly in favor of repening the slave trade, in order that the price of negroes may be reduced to such figures as that every ladoutrious poor man may purchase and become a slaveholder.

Border ruffian and Southern fillbustering philsuttrophy, are straining, every nerve to improve
the condition of the white name by extending the
arena of African Slavery, and thus rendering
cheaper and more pleatiful the products of
negro slave labor, which have become necessalries of life with the poorest of the whites.

As naturally as night succeeds the day or

principles announced and defended by the PierceBuchanan Democracy. The South Carolina and
