If Tennessee, Indiana and California *all* vote for Buchanan, he is elected; if *either* of them votes against him, he is defeated, and the election goes to the House, but if Kentucky votes for him, he is elected beyond all contingencies.

THE SLAVE TRADE.—We have scarcely opened a single paper from South Carolina, or Virginia, since we lost the elections of the 14th ultimo, without finding a leading article in favor of the reopening of the African Slave Trade. If Buchanan is elected that will be the next issue before the people, and the so-called Democratic party of the Free States will accept it and vote for it. The New York *Courier and Enquirer*, usually regarded as the leading commercial journal in the Union, has already declared in favor of the repeal of the Missouri Compromise, and is now engaged in giving a public man who favors it a chance to run for something. Yet it is on all hands admitted, and is sustained by the Democratic party of the Union—

The reopening of the Slave Trade within the next four years is far more probable than the repeal of the Missouri Compromise was four years ago.

The public men of the South—those who control and guide its public sentiment—are rapidly making up this issue for the direct and final decision of the people of the Union—*Is Slavery an evil to be removed, or a blessing to be made perpetual?* Hitherto this fearful issue has been kept out of National politics and reserved for local action. It is still out, and the pending contest does not turn upon it at all. But if this contest goes in favor of the Slave interest, it is the last Presidential election from which that issue can be excluded. If the South persist in thrusting the question of Slavery upon the *National* judgment, as rightfully belonging to the National jurisdiction, it will be met.

SENATOR SUMNER.—We publish in other columns of this morning's *Gazette* the eloquent remarks of Mr. SUMNER at his reception in Boston. Read them without fail.

SOUTHERN VIEW OF THANKSGIVING IN THE NORTHERN STATES.—The Baltimore Sun, alluding to the fact that Thursday, November 20, has been fixed upon by most of the Governors of the Northern States for the annual Thanksgiving, asks: Whose are the Governors of the States South of Maryland? The inquiry has provoked the following rather snappish reply from the Carolina Times:

"We are impressed that the Governors of the States South of Maryland are all at home and competent to decide for themselves when it will be proper to fix upon a day to offer up thanks to the Almighty for past blessings. The movement on the part of Northern Executives is no criterion for Southern men. We are subject to law, common and divine and need

'No bleeding bird nor bleeding beast,
Nor hyssop branch, nor sprinkling priest,
Nor running brook, nor flood, nor sea,
To wash a dismal stain away.'

"It is meet and proper that the miserable, sinstricken, polluded and ungodly population of the North should beg pardon for their black sins recorded, committed against God, their country and fellow-men. As a generation of vipers they ought to be warned to flee the wrath to come; yet we believe that the waters of Jordan, Abana and Pharpar would fail to wash them and heal their leprosy, even though they were to dip seventy times seven. They have much to be forgiven, and would advise them to pray often—pray long and pray loud. Bald-more, especially, ought to be covered with sackcloth and ashes."

ANCIENT CHURCHES IN PHILADELPHIA.—The oldest church in Philadelphia is the Gloria Dei, which was erected in 1700, on the same site as its predecessor, which was built of logs, and served the double purpose of a place of worship and a defence against the Indians. Christ Church is where Washington and Franklin worshipped. It was also at first a log building.—The present edifice was finished in 1754. Its chime of eight bells was brought by Capt. Budden from England free of freight, and, in compliment to him, rang out a joyous peal on his arrival. The good "Queen Anne" presented part of the communion service in 1708.

A WIFE CASE.—The Columbia *South Carolinian* states that the celebrated case of Mr. Willis, —who took a colored woman to Cuba, freed her, and bequeathed to her and her children (who were also his own) all his property in South Carolina,—has just been decided by Judge O'Neall, at the late term of the Court at Barnwell. The jury gave a verdict *against the validity of the will*, partly on the ground that it was procured by fraud and insanity, and partly because it was opposed to the policy of the State, as declared by the act of 1841. It has been appealed.

It has been officially announced in Great Britain that the mammoth steamship Great Eastern will be launched about the middle of April next. Her boilers were to be ready before the close of the present month. The propelling machinery was in good progress. The plates on her hull were nearly all fixed. The engineer, Brunell, had matured his plans for her launch.

The Underground Railroad appears to be doing a large business. A report of the Albany (N. Y.) Vigilance Committee—colored—states that between the 12th of Sept., 1855, and the 15th of July, 1856, a period of ten months, 267 fugitives have been passed through that city on their way to Canada.

A LARGE FLOCK.—Mr. McConnell, of Sangamon county, Illinois, has the largest flock of sheep in the United States. It numbers, 21,000, and all of the choicest merinoes.

ST. PAUL, MINNESOTA.—By a census recently taken, the population of this city amounts to 2,973 souls. The Pioneer and Democrat vouches for its accuracy.

BOSTON, NOV. 3.—Hon. SAMUEL HOAR, a distinguished citizen of Massachusetts, died yesterday, at his residence in Concord.

THE scarcity of silver was much felt in Sweden, and a monetary crisis was apprehended in consequence.

HAMBURGH, Nov. 5.—The city was the scene of continual violence and rioting during the afternoon and evening; at the 8th and 24 Wards the rioting was intense. A fierce engagment took place between the Democrats of the 8th and the Americans of the 6th and 7th Wards each party was provided with muskets and cannon and kept up the fight for two hours. About 50 were wounded, many seriously. In the 24 Ward the Democrats drove the Americans off.—The 4th Ward Americans came to the rescue and after a fierce and prolonged fight retook the polls and drove the Democrats off. The fight lasted over an hour. One man was killed and 80 wounded, several fatally.

Election Returns of Allegheny County.

For all purposes of comparison, the vote given for Canal Commissioner on the 14th ultimo is all we need to reproduce. This we give in the first two columns below, and side by side with it, the vote, as far as we have been able to get it, for Presidential Electors.

SPECIAL NOTICES.

Dr. Keyser's Shoulder Braces—From Pittsburgh Dispatch, April 10th, 1856.—For more than 3 years past we have constantly worn the "Washington Pender Brace, manufactured by Dr. Geo. H. Keyser, of No. 140 Wood st., in this city, and would heartily recommend it to all who are compelled to follow a sedentary occupation. As we have before remarked, in calling attention to its merits, it answers for a brace and suspenders, the weight of the pantaloons being so placed as to continually tend to bring the shoulders to their natural position and expand the chest. Women, hundreds of whom are annually injured by the weight of enormous "skirts," would also procure these braces. In particular is it recommending the kind mentioned, as being of the "Washington" pattern. Sold at Dr. GEO. H. KEYSER'S, Wholesale and Druggist, 140 Wood st, sign of the Golden Mortar. ap14:lydaw2

A Paragraph to be Perused.—We should be doing injustice to the public, whom we profess to serve, if we should remain quietly in our sanctum and deny Mr Kennedy the credit that is his due for presenting to the afflicted his Medical Discovery; and the thousands who have been cured might well upbraid us, as the pains of the sick, and perhaps their death, might be upon our head, should we withhold the knowledge that we possess in relation to the healing powers of this medicine. After having been an eye-witness to cures of so remarkable a case of humor—after observing with pensive who have been cured, and since perusing the certificates of others, we cannot find terms strong enough in which to speak of this great, cure of Scrofula, Canker, Rheumatism, Neuralgia, and such like evils.

Age and Debility—As old age comes creeping on us, it brings many attendant infirmities.—Loss of appetite and weakness impair the health, and weaken the energies of the mind discontented and unhappy. In cases where old age and debility is the cause, it is almost impossible to add vigor and health, and although many remedies have been tried, all have failed, until BERRIAVE'S HOLLAND BITTERS were known and used. In every case where they have been administered they have invariably given strength and restored the appetite. They have become a great agent for this alone, and are used by many of the Physicians of Pa. who are suffering from loss of appetite and general debility. In cases of long standing chronic disease, they act as a charm, invigorating the system, thus giving nature another opportunity to repair physical injuries.

CAUTION!—Guard against purchasing an imitation. To prevent imposition, be careful to ask for *Berriave's Holland Bitters*.

Frostwort or Rock Rose.—For the cure of Scrofulous Diseases.

NEW HAVEN, Jan. 1, 1852.

My son Charles has been afflicted with inflammation of the hip joint. At the age of 5 he was first attacked, inflammation increased until the hip was very diseased, and the joint seriously affected his leg drawing it up so that it was impossible to straighten it; a professor of surgery gave it as his decided opinion that the leg would never heal, and that the young man would never walk again.—The disease increased so rapidly that for two and a half years he only walked with a crutch, and the efforts to exercise the limb were attended with great pain, so that he could not sleep. I watched him so attentively, that for 6 months; did not have one full night's rest. He had been treated by distinguished medical practitioners, by leeching; blistering, &c., he had also been before the Medical Clinicus of Yale College. The remedies they recommended were most faithfully tried, but without avail. This was his disease and dreadful condition 18 months; since when he commenced taking Myers' Rock Rose. One bottle was but partly taken when he was much better, continuing until three bottles had been taken, when a cure was and the testimony of and can be corroborated by addressing or can be fully substantiated by hundreds of witnesses, or by addressing a line to Rev. W. W. Baldwin, New Haven, Conn.

Consumption Cured—Be not deceived by base imitations. Hegeman, Clark & Co's Genuine Cod Liver Oil, never disappoints, and nine years' experience has proved it superior to all others, and the only reliable cure for Consumption.

As there is a great deal of rancious oil in the market adulterated with neat oil, whale oil, &c., &c., too much care cannot be taken to procure the Genuine.

Our Oil is made at our own factory in Newfoundland and each bottle has our signature over the cork, be careful to get Hegeman, Clark & Co., for signs the name only. Rushton, our late partner, there has been an article introduced called Heatbox's, which is in no way connected with H. C. & Co. or H. C. & Co. Sold by R. A. FAHNESTOCK & CO., B. E. WORMS! WORMS!!—Various theories have been started relative to the origin of intestinal worms, and yet the question is still a vexed one among medical authorities. Of one fact, however, all are informed, and in which all agree—the fatal nature of the influence they exert on children. At this season of the year, the attacks of worms are most frequent as well as most dangerous. We take great pleasure in directing the attention of parents to the Vermifuge of Dr. McLane, prepared by Fleming Bros., Pittsburgh. It is one of the most extraordinary medicines ever introduced to the public, and has never failed of success when tried.

☞ Purchasers will be careful to ask for Dr. McLANE'S CELEBRATED VERMIFUGE, and take none else. All other Vermifuges, in comparison, are worthless. Dr. McLane's Vermifuge, also his celebrated Liver Pills, can now be had at all respectable Drug Stores in the United States, and Canada. None genuine without the signature of FLEMING BROS

Important Notice to these Afflicted WITH CHRONIC DISEASES. by Dr. A. S. HEATH, New York City. Finding it impossible to attend personally to all my patients, and being unwilling to trust such responsible duties to assistants or students, and for the purpose of suppressing the sale of worthless and injurious quack medicines, as well as the impositions, advertised under fictitious names, offering to send relief gratis, or on receipt of letter stamps or one dollar, &c., to obviate the above, and to accommodate patients in all parts of the country, I send medicines, with full directions, to cure any disease, for $5, unless treatment is required for a longer period than one month, when the fee is the same for each month. The fee for all surgical operations including that for the radical cure of hernia; will depend upon the peculiarity of the case. Patients will give a full statement of all their symptoms, as the remedies are prepared with an especial reference to each case. All my letters should be registered. The first part of my Illustrated work will be sent to any address on the receipt of ten cents.

The only Medal Awarded by the New York Exhibition to the English or foreign Sauce Manufacturers has been obtained, amongst numerous competitors, by LEA & PERRINS, or their
WORCESTERSHIRE SAUCE.
whereby further testimony is afforded of its being the best Sauce extant.

The celebrity of this Sauce has extended to every quarter of the globe, and its efficacy in promoting the general health is becoming daily more observed and acknowledged. In the United States it is held to be the most accessable condiment, and I esteemed for its taste and invigorating properties, its habitual use enabling the stomach to digest the food.

On the Continent of Europe, these qualities have been testified to by a gentleman, who writes to LEA & PERRINS thus: "I have carried a bottle of your Worcestershire Sauce in a tour I have just completed through Spain and Portugal, and believe I owe your Sauce a debt of health to it; for your Sauce is stomachic, and I think medicinal. I can with truth say there is nothing in a traveler's baggage so essential to his comfort, at least in these countries, as your Sauce.

In India, also, where it is found at the mess of every gentleman, a medical gentleman writes from Madras to his brother in the same profession at Worcester, in the following terms: "Tell Lea & Perrins that their sauce is highly approved in India, and that it is, in my opinion, the most wholesome sauce made."

This sauce is suitable for every variety of dish, and gives a delicious relish which its excellence has created has led to many imitations being offered to the public, under a variety of names, but the genuine may be known by the names of "LEA & PERRINS" being impressed upon the label, bottle, stopper, or patent glass stopper of the cruet, as well as the label and wrapper.
