BOARD OF LICENSERS.—This Court was in session yesterday forenoon, for the purpose of granting license to those qualified to receive the same. D. R. Galway, wholesale dealer of the 4th ward, Pittsburgh, applied for license to sell liquor with other goods, and after a hearing of the application, the license was granted.

A number of distillers and brewers appeared before the Court, to obtain information in regard to the taking out of license for the prosecution of their respective avocations. They were informed that they would have to file their applications with the Clerk of the Court of Quarter Sessions, in the manner as the Retail and tavern keepers are required to do, and receive their license from the Board. Brewers and distillers have been acting under the impression that the restraining act of the last Legislature does not affect them, and that they can renew their licenses with the County Treasurer. Some, we understand, have already done so. The opinion of the Board is, that such renewal is illegal and void. We give below the third section of the Act of 14th April, 1856, which relates to brewers and distillers:

Sect. 3. That the breweries and distilleries, in all parts of the State, shall be returned, assessed, and licensed agreeably to the provisions of the act of 10th of April, 1849, entitled "An Act to create a sinking fund, and to provide for the gradual and certain extinguishment of the debt of the Commonwealth;" and the owner, proprietor or lessee of any and each of the said breweries and distilleries, shall be assessed and required to pay annually, before obtaining a license, double the rates or tax assessed agreeably to said act: Provided, That the same shall not in any case be less than $50, nor shall such license authorize sale by them of less than 5 gallons, except malt and brewed liquors, which may be bottled and delivered in quantities not less than one dozen bottles.

COURT OF OYER AND TERMINER, QUARTER SESSIONS, &c.—Before Judge McClure and Associate Judges, Adams and Boggs.

The case of the Commonwealth vs. Thomas Lawrence, of Port Perry, indicted for assault and battery with intent to kill, Bernard, Killen went to the jury at three o'clock. Messrs. THIS is certainly an age of pro-*gress*, as Park Benjamin so truly renders the Americanism of this term. Until recently we have been suffering from the delusion that a linen collar, costing from $2,75 to $3,75 was the *ne plus ultra* of style. Chester of Gothic Hall, dispels the idea at once by sending us a package of his "Patent Enameled Collars," costing but 40 cents a package of ten. Here is economy, elegance and comfort all attained, by simply calling upon him, and examining for yourselves.

Mr. C. has been appointed, by the patentee, agent for this city, and can supply the trade at first cost. See his advertisement in another column.

TELEGRAPHIC.

Arrival of the Baltic.

NEW YORK, November 10.—The Steamer Baltic has arrived with Liverpool dates to the 29th ult.

The steamer Africa arrived at Liverpool on the morning of the 27th ult.

LIVERPOOL COTTON MARKET, Oct. 28.—Messrs. Richardson, Spence & Co., and the circulars issued by other Liverpool firms, state that the American advices received by the Africa caused less firmness in the market, giving prices a turn in favor of buyers, though quotations generally unchanged. The sales for three days were 26,000 bales, of which 5,500 were on speculation and 3,000 for export. The market closed steady to-day.

Lee's appeal from the decree of the Orphan's Court of Washington County—submitted.

The money market is unchanged. Consols for money are quoted at 92@92¼.

We are advised by our Liverpool correspondent that the long contemplated trans Atlantic Telegraph Company has actually been formed in London, under the auspices of Sir John Breth, (who has had the superintendence of all the great submarine telegraphic enterprises in Europe,) and our half of the required capital to complete the line from Newfoundland to Ireland, was immediately taken up, and no difficulty whatever was anticipated in obtaining the balance.

Contracts looking to the certain completion of the line across the Atlantic next summer were being negotiated with one of the London submarine telegraphic manufacturing companies, and no doubt was entertained, when the Canada sailed, but that the manufacture of the trans-Atlantic cable would be commenced on the 1st of November, and be successfully submerged between Newfoundland and Ireland in the month of July, 1857.

LIVERPOOL COTTON MARKET.—The closing quotations are: Middling Orleans 6 15-16; Middling Uplands 6¾. The market for Breadstuffs closed quiet and prices were generally unchanged for Wheat. Generally there is a better feeling in the market and for finer qualities there is an improvement of 1d. Richardson, Spence & Co. quote red Wheat at 8s 9d@9s 3d; white Wheat 9s 9d@10s 4d. Flour is quiet; Western Canal 24s@32s; Baltimore and Philadelphia 32s 6d@33s 6d; Ohio 35s@37 6d. Corn is dull; yellow and mixed is quoted at 33s 1d; White 34s@34s 6d. Provisions are quiet and the market is generally unchanged. Lard very dull and quotations nominal at 74s. Tallow, North American steady at 37s 6d. Naval Stores—Common Rosin unchanged. Philadelphia quercitron Bark 13s 9d@14s; Baltimore 12s 9d@13s.

LONDON MARKETS, Oct. 28.—Sugar active and firm. Coffee firm. Linseed Oil steady at 40s@40s 6d.

The feature of news which excited the most attention was an official paragraph in the Moniteur complaining that the English press publishes calumnies against the French government and holding out a menace that the continuance of such conduct will break up the English alliance. This paragraph caused an excitement within England and France, having even affected the Bourse. It is reported that the British government will ask an explanation of the threat to dissolve the alliance.

Respecting the Neapolitan difficulty the only additional progress is that the French embassy, and probably the British, left Naples on the 26th.

Count Walewski's official correspondence with the Neapolitan Government published that the English fleet was at Malta and the French at Toulon. A German paper says that the squadron will go to Naples in three weeks if matters are not settled.

There is nothing new with respect to the Danubian principalities.

It is denied from Vienna, but reasserted from France that the Porte has summoned the Austrian to quit. In this connection are two reports, that the Emperor Napoleon is not likely to meet soon, owing to the non-assent of England; 2d. That Russia inspired by suspicion of a secret understanding between England and Austria respecting the principalities demands that the Russian squadron be permitted to enter the Black Sea on the same terms as the English fleet now in those waters.

The entire Turkish ministry has resigned. This event is attributed to the intrigues of Lord Stratford to bring in Redshid Pacha as Vizier.

There is no news from Spain except relative to a contemplated increase of the army.

Letters from France are not satisfactory. The demand for money continues unabated.

The pressure on the money market at Hamburg has fully subsided and the rates are now 7 per cent.

A dispatch from St. Petersburg says that Russian concessions have been granted to a French company for 50 years under a guarantee of 5 per cent. with an additional ½ per cent for a sinking fund. The total sum required is £40,000,000. This will weigh down all the Russian securities in the market, and, in some degree, every other one.

VIENNA, Thursday evening, Oct. 23th.—The Austrian correspondence denies emphatically the statement that the Porte has protested against the Austrian occupation of the principalities.

Advices from Constantinople state that the resignations of the ministry remain unaccepted.

London, Tuesday evening, 28th.—The variation of the funds to-day were slight; the market closing the same as yesterday. The failures of Messrs. Fox, Henderson & Co. tended to prejudice the market. The supply of money in the discount market was more liberal, but many holders are still unwilling to lend. All the money offered in the stock exchange found full employment at 6@6 per cent.

The final quotations on the Paris Bourse today was 68f. 65c. showing a recovery of ½ per cent. There has been no increase to-day in the bullion in the Bank of England.

Private letters from Paris are less encouraging.

WASHINGTON CITY, Nov. 10.—J. W. Sheahan, editor of the Chicago *Times* & Douglas paper, telegraphs under date of the 8th inst., that Buchanan has surely and most positively carried Illinois.

Thos. S. Cunningham, one of the Democratic Presidential Electors of Pennsylvania, has accepted the appointment as Associate Justice of the Supreme Court of Kansas, to supply the vacancy occasioned by the death of Judge Burrell.

The expenditures of the Quarter Master's department of the Army for the last fiscal year amounts to nearly $7,000,000.

Gen. Scott, at the last official accounts, at Tampa Bay, rapidly completing his arrangements for settling the Indian difficulties in Florida.

There is no truth in the rumor brought by the last European mails, that the United States desire to become a party to the Congress at Paris.

RICHMOND, VA., Nov. 10.—A message from Rogersville, Tenn., state that the majority for Buchanan in Hawkins county is 193. Returns from Blountsville state that in Sullivan county the Democratic majority is 933.

The telegraph line to Wytheville, Tenn., is not open to-day. A message received last night shows that there was a Democratic gain in Wytheville and the adjacent county of 400. The best judges here declare that Tennessee has given a large majority for Buchanan. In 72 counties from which returns have been received there is a Democratic majority of 20,000.

NEW YORK, Nov. 9.—We understand that the New York and Newfoundland Telegraph Line will be opened through to St. John's to-morrow, congratulatory messages between the Chief Magistrate and Gov. Badley, of Newfoundland, having passed over the wires yesterday. The line from New York to Newfoundland is 1,715 miles in length, 85 miles of which, from Aspe Bay, Nova Scotia, to Cape Ray, Newfoundland, across the Gulf of St. Lawrence, being submarine. The land line in Newfoundland is 406 miles in length, built, for the most part, through a wilderness country, and has cost the Company, including expense of cable, about half a million of dollars.

Illinois Election.

CHICAGO, Nov. 10.—71 counties show a majority of 7500 for Fremont, but the remaining 24 counties will give Buchanan a majority of full 10,000, so that there can be no longer any doubt of the result in the State. The Republican State ticket is 12,000 ahead as far as heard from.

WASHINGTON CITY, Nov. 10—1 o'clock P. M.—The dispatches from Illinois received by the Union, state that the Fremont and Fillmore men fused on the State ticket and are victorious, but the electoral vote of the State has been given to Buchanan.

HARRISBURG, Nov. 10.—The Governor to-day appointed R. T. Conrad, Associate Judge of the Common Pleas from the 1st of December next, vice Judge Kelly resigned.

On the 6th inst., the Governor signed the following acts of the last Legislature—An act relating to Banks, Savings, Trust and Insurance Companies. An act allowing Bills of Exception and Writs of Error in criminal cases. Supplement to an act further regulating proceedings in the Court of Justices and for other purposes, approved 6th May 1844.

CHICAGO, Nov. 10.—Seventy one counties in Illinois gives Fremont 7500 majority. The remaining 24 will give Buchanan probably 10,000. There is nothing reliable from the 7th congressional district. Republican State ticket about 12,000 ahead.

In Iowa the losses and gains about equal as compared with the August election. It will not vary a thousand either way.

NEW YORK, Nov. 10.—Four stores in Warren street, occupied by Haviland & Risley, James McCrary & Co., J. A. Sweetzer & Co., Halsted Brokairs & Co., were burnt yesterday morning, together with a large stock of dry goods, drugs, etc. Loss six hundred thousand; nearly covered by insurance.

Missouri Election.

ST. LOUIS, Nov. 10.—Sixteen counties from Missouri foot up—Fillmore 16,848; Buchanan 14,879. Ten other counties give Buchanan 2362 maj. Five other counties give Fillmore a majority of 566. Fillmore's majority in the above 31 counties is 1170. Buchanan's majority in the State will probably reach 10,000.

WILMINGTON, Nov. 10.—Townsend, confined in the Newcastle jail for the robbery of the Post Office of this city, has again made his escape from confinement. He sawed off his irons and then found an outlet from the jail by tearing up the floor of the cell. This is the third time he has escaped from that prison.

Iowa Election.

CHICAGO, Nov. 10.—The returns from Iowa show the Democratic losses and gains to be about equal. The result in the State will not vary much from the October election. The Republicans carried the state.

RICHMOND, Va., Nov. 10.—It is reported by passengers arrived at Wytheville this morning from Knoxville, that Tennessee had gone for Buchanan by 3000 majority. This statement is made on full returns from the eastern counties.

NEW ORLEANS, Nov. 10.—Slight returns from Florida show Democratic gains.

PHILADELPHIA, Nov. 10.—The advices by the Baltic had an unfavorable influence on the Flour market and with but little inquiry, prices are again lower; sales 500 bbls standard and mixed brands at $6,62½ and a small lot of extra at $7. There is a moderate demand for the supply of city trade at $6,75@$7,25, for commonto fancy brands. Rye flour scarce and wanted at $4,12½. MONETARY AND COMMERCIAL

The private letters from Paris state that the position of the Bank of France continues gradually to improve. The increased business of the Discount department is attributed to the rigor with which all applications for advances on other securities than bullion are refused. As loans become fewer the specie will be better able to satisfy the demands of the public. This is the true policy for the Bank, although the profit realized in the stock exchange found full employment at 6½@6 per cent.

The final quotations on the Paris Bourse today was 68f. 65c. showing a recovery of ½ per cent. There has been no increase to-day in the bullion in the Bank of England.

Private letters from Paris are less encouraging.

WASHINGTON CITY, Nov. 10.—J. W. Sheahan, editor of the Chicago *Times* & Douglas paper, telegraphs under date of the 8th inst., that Buchanan has surely and most positively carried Illinois.

Thos. S. Cunningham, one of the Democratic Presidential Electors of Pennsylvania, has accepted the appointment as Associate Justice of the Supreme Court of Kansas, to supply the vacancy occasioned by the death of Judge Burrell.

The expenditures of the Quarter Master's department of the Army for the last fiscal year amounts to nearly $7,000,000.

Gen. Scott, at the last official accounts, at Tampa Bay, rapidly completing his arrangements for settling the Indian difficulties in Florida.

There is no truth in the rumor brought by the last European mails, that the United States desire to become a party to the Congress at Paris.

RICHMOND, VA., Nov. 10.—A message from Rogersville, Tenn., state that the majority for Buchanan in Hawkins county is 193. Returns from Blountsville state that in Sullivan county the Democratic majority is 933.

The telegraph line to Wytheville, Tenn., is not open to-day. A message received last night shows that there was a Democratic gain in Wytheville and the adjacent county of 400. The best judges here declare that Tennessee has given a large majority for Buchanan. In 72 counties from which returns have been received there is a Democratic majority of 20,000.

NEW YORK, Nov. 9.—We understand that the New York and Newfoundland Telegraph Line will be opened through to St. John's to-morrow, congratulatory messages between the Chief Magistrate and Gov. Badley, of Newfoundland, having passed over the wires yesterday. The line from New York to Newfoundland is 1,715 miles in length, 85 miles of which, from Aspe Bay, Nova Scotia, to Cape Ray, Newfoundland, across the Gulf of St. Lawrence, being submarine. The land line in Newfoundland is 406 miles in length, built, for the most part, through a wilderness country, and has cost the Company, including expense of cable, about half a million of dollars.

To Consumers of Pickles.

BELIEVING that the Public have become tired of purchasing Pickles in Packages, holding, in many cases, fifty per cent. less than represented, we have commenced putting up, in addition to our present second size jar, an article which we are labeling "WM. UNDERWOOD & CO'S EXTRA PICKLES," and are filling into full sized jars, which are legibly stamped in the glass with their name contents in ounces—thus enabling the purchaser to verify their truth.

These Extra Pickles are put on with every regard to style, quality and cure, and will be sold at fairly remunerating prices.

We have made no change in our manner of dressing Pickles, never having resorted to any deleterious means to accomplish this end. The Cider Vinegar which we use is made from sound fruit, and is entirely free from Nitric or any other mineral acid, which is not the case with that used in most breweries or factories found in this country.
