GAZETTE—CITY DEPARTMENT.

PITTSBURGH:

SATURDAY MORNING, NOV. 22, 1856.

HIGHWAY ROBBERY—ARREST OF THE ROBBERS.—On Friday morning, about 7 o'clock, a daring robbery was perpetrated in this city, in an alley near the corner of Webster and Seventh streets. The victim was a German, from Westmoreland county, named David Daugherbaugh. He alleged that he had recently sold a farm for $1600, receiving one half of the amount in cash; that he came to this city with the intention of residing here; that on the morning in question he was accosted on Seventh street by three persons who insisted upon his drinking; that he consented, and was afterwards decoyed into an alley, and robbed of $800. His story was somewhat contradictory, but his wife stated that he had $700 or $800 when he left his room at 5 o'clock in the morning. He was quite drunk about the time the robbery was committed, and of course could not remember every thing distinctly. He has been boarding on Webster street since his arrival in the city. On making information at the Mayor's office, and describing the robbers as distinctly as his recollection admitted, officers Wray and Richardson started in pursuit of certain individuals whom they suspected. At an engine house, they arrested John Schall, whom they found secreted there, with his face blackened, evidently to escape detection. They afterwards arrested a man named Jack Nolan, and lodged him in the tombs. Daughenbaugh pointed out the latter individual, from a number of men, in the Mayor's office, as the one who had held him by the throat while the other two took his money. The men were finally committed for trial, in default of $1000 bail.

—Since writing the above we learn that a man named Jackson Bailey, also suspected of being concerned in the robbery, was arrested at a late hour last evening, and committed for a further hearing.

PARDON OF THE BIRMINGHAM ROTTERS.—Robert Gaisy, Edward Miller, Charles Fleming, Arthur Noble, Peter Tuth, George Adgate and James Casey, convicted of riot at the last term of Court, and sentenced on the 20th of October, to pay a fine of $5, the costs of prosecution, and undergo an imprisonment of two months each in the county jail, were yesterday discharged, on payment of fines and costs, under authority of a pardon from his excellency Gov. Pollock. The fine and costs in each case amounted to almost twenty dollars. The boys were not generally of a disorderly turn, and they have now learned the important lesson that even one little spree may bring with it punishment and disgrace.

FIRE AT ENON STATION.—On Tuesday night, or early Wednesday morning, fire was discovered in a large grain warehouse at Enon Valley, Lawrence county, on the line of the Ohio and Pennsylvania Railroad. The building, and a very heavy stock of grain, were entirely consumed. The loss is estimated at $10,000. The building was worth $3,000 and was not insured. On the stock there was an insurance of $5,000, in the Pennsylvania Insurance Company, of this city. The entire property was owned by an Association of farmers residing in the neighborhood of Enon. The fire is alleged to have been the result of incendiarism.

LADIES' CLASSES IN PENMANSHIP.—Next Monday evening at 7 o'clock in the splendid Rooms of the Iron City College, opposite the P. O., a class of young Ladies will commence a course in Penmanship under the instruction of Mr. Cowley. A fine opportunity is thus offered those young Ladies who wish to acquire a beautiful hand-writing, but are necessarily otherwise employed during the day. A class will also be formed to-day (Saturday) Nov. 22, at 10 o'clock A. M. to accommodate those who cannot attend in the evening. Terms for an unlimited course in Writing, only Five Dollars.

COMMITTED TO THE HOUSE OF REFUGE.—Mayor Adams, of Allegheny, recently committed to the House of Refuge, a lad who had been arrested for the larceny of a gun. The property, which belonged to Mr. John Schaffer, of Manchester, was lost on the evening of the last destructive fire in that village, and a few days ago was found in the lad's possession. He could not prove that he obtained the gun honestly, and was accordingly committed.

DESPERATE FRACAS.—Alderman Neillie, of Allegheny, yesterday committed a Mrs. Thompson and a Mrs. Potter for drunkenness. The former is the mother of two children and the latter of four. Mr. Geyer, Observer of the Poor of Allegheny, took charge of Mrs. Thompson's children, being a widow. Two of Mrs. Potter's children are already in Poor House, the third was taken yesterday, and the fourth is with her in jail, being an infant at the breast.

HAS CUT.—A negro whose name we did not ascertain, was cut across the neck, on Thanksgiving night, during a row at the notorious colored tavern on Smithfield street, known as Marble Hall. The police soon after made a descent upon the premises, but the negroes had all fled.

"DRED."—There was an immense rush to the theatre, on Thanksgiving Day, to witness the dramatic representation of Mrs Stowe's last novel. In the afternoon the house was crowded, and in the evening a great many were unable to gain admittance.

ACCIDENT.—Mr. James J. Mibby, of South Fayette tp., was very seriously injured on Wednesday last, by being thrown from his horse, near his residence. He lies in a precarious condition.

PICK-POCKETS.—Several persons had their pockets picked of small sums of money, on Thanksgiving Day, in the vicinity of the theatre and museum.

REMOVAL.—The Cumberland Presbyterian, a religious paper, at present published at Brownsville, Pa., is to be removed to Pittsburgh. So it is said.

RELIGIOUS.—The Rev. THOMAS C. GOUDEN D. D., will preach in the First Reformed Presbyterian Church (Rev. Mr. Douglas') to-morrow evening at 7 o'clock. Subject:—"The Vow."

THE WEATHER has moderated considerable, with indications of rain.

All Medical Men Know

well as every other, that no female can enjoy good health unless she is regular; and whenever an obstruction takes place, whether from exposure, cold, or any other cause, the general health begins immediately to decline, and the want of such a remedy has been the cause of so many complaints among young females. Headache, pain in the side, palpitation of the heart, loathing of food and disturbed sleep soon arise, and often from the interruption of nature, and whenever this is the case, the Pills will invariably remedy all these evils.

Full and explicit Directions accompany each box, which must be strictly followed, and all diseases peculiar to females will be speedily cured.

PRICE $1.00 PER BOX, and sold by all the Druggists and Merchants in the United States. Dr. HAUPT, 2 KEEN, Sole Agent for the Discovery, SUITON'S Drug Store, Strasburgh; JOHN P. THE alarm of fire last night about 10 o'clock, was caused by the burning of some building on Coal Hill, above Jones' Ferry Landing. From the light it was thought to have been a barn.

JOHN DONNELLY, of Cranberry township, Butler county, had a dressed hog stolen from a stall in the Diamond market, a few nights since.

ARRIVAL OF THE NIAGARA.

HALIFAX, Nov. 20.—The steamship Niagara arrived here at midnight, with Liverpool dates to the 8th inst. The Niagara left Liverpool on the afternoon of the 8th inst. She passed on the 9th the Ericsson only 8 miles from Liverpool. The Persia arrived not on the evening of the 7th inst., her trip being 9 days and seven hours mean time.

There are additional symptoms of a close union between France, Russia and Prussia. It would appear that France supports the unconditional admission of Russia and Prussia to the second meeting of the European Conference, while England is said to oppose the admission of the former and Austria of the latter. Treaties of commerce between Russia and France, and railway treaties between Russia and Prussia were in preparation.

Neapolitan affairs are without change.

Lord Palmerston had delivered an address on education before a large assembly in the Free Trade Hall at Manchester. He also made two speeches in defence of his foreign policy. In Lord Palmerston's speech at Manchester he used the following expression, which had been the subject of much comment:—"I hope the peace will be lasting, but its endurance will depend on the fidelity with which the conditions are fulfilled. If the power which provoked hostilities faithfully carries out the treaty, there can be no doubt that peace will long be preserved."

On the 7th inst., the Directors of the Bank of England held a protracted sitting, during which they considered the expediency of making a further change in the rate of discount, with a view of arresting the continued outflow of gold. A resolution not to make any change for the present, was arrived at by a majority of only one.

The condition of the Bank of France shows no improvement.

FRANCE.—Rumors continue of a probable modification of the ministry.

An official editorial in *Le Constitutionnel* on the question as issue between the Russian and English governments says: The presence of a naval squadron of England in the Black Sea, and the Austrians in the Principalities, are hencefforth only violent means of preventing a solution of the differences which Russia has been the first to propose, in offering to submit to its natural judges. Is it desired rather to have recourse to arms? Is war again desired? Does the English ministry wish to enter again upon hostilities with France? Not certainly to assure to the execution of the treaty of Paris, but imprudently to rend it to pieces in the face of the world, with the object of satisfying an ambition that had been for the moment disguised. We repeat that it now depends upon the cabinet of London and Vienna to put an end to the pending disputes, and terminate the anxieties to which the present situation gives rise.

It is rumored in Paris that the French fleet is about to proceed to the Black Sea. It is not certain.

NAPLES.—The Paris *Patrie* says the manifesto from the Neapolitan government is daily expected, and if not conciliatory, the Neapolitan envoys of both France and England will probably demand their passports.

RUSSIA.—It is said that a new treaty of commerce has been settled between Russia and Prussia, with the view of an international railway communication. The concession of the Russian railway to the Credit Mobilier was signed October 23d.

LIVERPOOL, Nov. 7.—Cotton Market.—The market closed quiet and dull at irregular prices. The Brokers' Circular quotes lower and middling qualities as having declined most, reaching ¼ for lower grades; fairer grades are 1/8 lower. The sales of the week have been 29,260 bales including 22,000 on speculation and 5,000 for export. The closing quotations are, fair Orleans 7¾, middling Orleans 6¾, fair Mobile 6¾, middling Mobile 6¼, fair Uplands 7¼, middling Uplands 6¾. The stock of cotton at Liverpool is 428,370 bales including 322,800 bales of American.

The Manchester markets are dull, and buyers demand a reduction.

Breadstuffs.—The market is quiet and dull.—The Broker's circular quotes wheat inactive at a decline of 2d. Flour quiet and dull, with a decline on inferior qualities. Corn is generally unchanged. Richardson, Spence & Co. quote red wheat at 8s 6d@9s 1d; white wheat 9s 1d@9s 10s 1d. The market closed dull, especially for white. Baltimore flour 29s@33s 6d; Philadelphia bonds 32s 6d@33s 6d; Ohio 33s@37s.—The market for flour closed dull. Corn; mixed 70s; yellow 37s 6d; white 38s, with a fresh reserkot.

Lard very dull, and quotations nominal at 74s. For Tallow, Y. C., the feeling is easier at a decline of 1s, the sales being at 65s to 67s.

LONDON, Nov. 7.—The money market is unchanged; the closing sales for consols for money were 92¾@92¾, and for account 92¾@93.—American stocks quiet and generally unchanged, with a limited business.

HONOR TO THEM.—The three principal cities of the Union that gave a majority over every candidate for the Presidency, for Fremont and Freedom, are Chicago, the home of Senator Douglas, Cleveland, settled by New Englanders, and Pittsburgh, the Birmingham of America, whose people pursue and advocate *free* labor.

TELEGRAPHIC.

BALTIMORE, Nov. 21.—The papers by this morning's Southern mail, publish the following items of intelligence. The Returns from all but one of the parishes of Louisiana gives a Democratic majority of 2000. In Georgia Buchanan's official majority is 14,387, only one county to be heard from. The North Carolina Legislature assembled at Raleigh on Monday.—The brig Alongoah, from Belize, Honduras, bound for New York, had put into Savannah leaking.

HARRISBURG, Nov. 21.—The following additional appointments have been made by the Canal Commissioners:—Cargo Inspector, Philadelphia, P. W. Conroy; Columbia, Charles Carson. State Agents, Columbia Railroad, J. L. Packer, W. S. Myler, J. J. Lark, M. D. Holbrook, 12. Stock, J. S. Royal, C. Geissart, Wm. Allison, Lot Wattson, Addison Haynes. Keeper of the outlet lock at Columbia, J. L. Heath. The balance will be made on Friday.

STEUBENVILLE, Nov. 21.—The cars on the Circumvendibus ran off the track, about five miles below Wellsville this morning, and were precipitated down a steep embankment. The freight cars were demolished, but the passengers escaped uninjured.

BOSTON, Nov. 21.—Niagara arrived at four o'clock. Her mails will reach New York early Saturday morning.

ST LOUIS, Nov. 18.—The weather has been for the last three days clear, cool and pleasant. The river here is falling slowly with a channel depth to Cairo of fully nine feet.

The upper rivers are all falling.

Ice is making rapidly in the Missouri and upper Mississippi, and navigation above St Louis is drawing to a close.

A gentleman who has just arrived from St Paul's reports Lake Pepin frozen over solid. Navigation from that point upwards may be considered suspended.

ST LOUIS, Nov. 20.—The demand has continued fair, and the sales during the past three days comprise some 20,000 bbls, within the range of the following quotations:—Superfine—$4 50@$4 75; extra, $4 75@$5; family, $5@$5 25; Fancy, $5 25@$5 50. The receipts since last report have been small for new crop at 1050 bbls.

MOLASSES—With very limited supplies, the sales on the levee since our last review have been confined to some 200 bbls at 40c for Fermenting, 52@53c for Plantation Reboiled at 62c for new crop.—St Louis Bulletin.

THE PORK MARKET.—A dull and heavy feeling has been the prevailing characteristic of the market during the week, and prices have declined 25 to 37½ per cwt; the market closing at quite indifferent 4¾@5 for unqualified Hogs —any things weighing 200 pounds net. The receipts since last report foot up 1,000 head, and to-day 1,000 more, the same time last year. Last year, however, packing did not commence until the 17th of this month, the weather being too warm, whilst this season, operations are opened, though on a limited scale, on the 1st of the month, making this season nearly three weeks earlier than last.

Drovers have been paying prices for Hogs above the present current rates, rendering the business a losing one, and hence they manifest a great unwillingness to sell at any rates to do, if they sell at all, at a less figure to every-fire cents per cwt, and many of them are having their Hogs packed on their own account, preferring to take the chances of the future, rather than sell at the loss now. It is clear that they must either do this or dispose of their Hogs before the high prices of corn can have the influence to hold them back for a better market. The prospect for a heavy reduction in the price of Corn, is all that are not only below the current rates for Hogs, but the demands of the next limited character. Eastern packers are generally holding back for lower rates, as well as the packers from Kentucky, who, under the continued unfavorable arrives from the English and Irish markets manifest great want of confidence in present prices.

There have been sales of Long Middles within the week at 4¾c, packed, and at this rate the market is dull. Lard is also declining, and has sold as low as 10c, including packages.

Beef is rather low. The interior are that farmers are anxious to sell their Hogs, particularly in Kentucky and Tennessee, where the Hog Cholera is feeding down, corn being so high; and pork comparatively low. This will lead to a short season, and the present indications are that packing will be concluded in the latter part of December.—Cin Price Current.

The money market continues to show an improved appearance, and there is little or no difficulty in obtaining accommodation. Private capital is more abundant, and the facilities increasing daily, and are disposed to deal more liberally with borrowers. The offerings of commercial paper are light, and in some cases Banks have taken short paper from discount-at-sight. The demand for money is still active, but the relief from the late pressure is very marked. Generally, as far as we can hear, are easy, and their payments are made with great promptness. The business of the country is undoubtedly in a very sound state and nothing but excessive importations can, for some time to come, disturb the financial equilibrium. Fruitless fears and six months panic is well passed at 9@10 per cent. Call loans are 7 to 8 per cent.—N Y Trib.

Important to Those Using STAR AND ADAMANTINE CANDLES.

THE attention of the public is invited to the fact, that most of the Star and Adamantine Candles offered for sale

Deficient in Weight,

for that what is sold for a pound actually weighs but 14 or 15 ounces, and packages marked "40 to the pound" two, three, and even five pounds per box. This loss does not fall upon the Wholesale Trade, who sell packages at the *Manufacturers' Prices*, nor upon the Retailers, who sell by count, but upon the consumers, who thus pay for about one-fourth more than they receive.

The subscribers have always made their Candles full 16 ounces to the pound, and will continue to do so in the future, which may be ascertained by testing them. As their experience in the business enables them to offer an article equal in quality to any in the market, they solicit the patronage of purchasers, who wish to study their own interest and, at the same time, encourage a correct dealing.
