PITTSBURGH GAZETTE

A CLEAN SHIRT.—A shrewd countryman was in town the other day, gawky-uncouth, and innocent enough in appearance, but in reality, with his eye-teeth cut. Passing up Chatham street, through the Jews' quarter, he was continually encountered with importunities to buy. From almost every store some one rushed out, in accordance with the annoying custom of that street to seize upon and try to force him to purchase. At last, one dirty-looking fellow caught him by the arm, and clamorously urged him to become a customer.

'Have you got any shirts?' inquired the countryman, with a very innocent look.

'A splendid assortment, sir.' Step in, sir.—Every price, sir, and every style. The cheapest in the street, sir.'

'Are they clean?'

'To be sure, sir.' Step in, sir,'

Then resumed the countryman, with perfect gravity, 'put on one, for you need it.'

The rage of the shopkeeper may be imagined, as the countryman, turning upon his heel, quietly pursued his way.

EX-JUDGE T. C. HALIBURTON, who in consequence of age and infirmities, retired the other day from active life and the duties of the Bench, has just taken to himself a wife, in England, as a prop to the rest of his way. Let the 'Clockmaker' alone for driving a good bargain.

MEIXER EARL being asked what he thought of Platonic love, replied: 'That like most things which begun in *pla* (play) it was apt to end in earnest.'

QUITE a laugh was raised in the Supreme Court, not long since, by an official, who, when the judge called out for the crier to open the court, said, 'May it please your Honor, the crier can't cry to-day, because his wife is dead.

A player performing the ghost in Hamlet very badly was hissed; after bearing it a good while, he put the audience in good humor by stepping forward and saying—Ladies and gentlemen, I must give up the ghost!'

HOW ARE PROMISES MADE FAST?—By nails or pins—according as persons are in the habit of fixing away from their words. For instance, you nail a man to his promise, and pin a woman.

PITTSBURGH CHEMICAL AND VARNISH WORKS
FINCH & CO.,

RESPECTFULLY inform Druggists and Dealers in Varnishes generally that they have for some time been engaged in the preparation of all descriptions of Copal and other VARNISHES, and are now prepared to supply their friends and the public generally with the above articles, manufactured by them of the best material, and selected with the greatest care and on the most approved plan.

FINCH & CO. intend to devote themselves to cultivating the reputation they have so justly won for their efforts, and will prove satisfactory. They are satisfied they will be found equally low with any of the eastern manufacturers, and that on account of their being on the spot, and consequently saving freight and charges, they can sell for less, and afford to give better value.

To our fine body COACH VARNISH we would call particular attention. This article is equal to the best London Coach Varnish of the very best brand, being made exactly after one of the recipes at the first English houses, by Mr. Thomas Douglass, who for many years was the principal varnish maker at these extensive establishments in England and Scotland.

Our Anti-Corrosive BLACK VARNISH we would particularly recommend to the notice of Rail Road and Steamboat Manufacturers of iron generally. Its peculiar qualities prevent oxydation entirely, which is a great desideratum to those using varnish for iron, and preferable to all other varnishes and other compounds.

All orders left at Messrs. JOHN IRWIN & SONS' Front street warehouse, will be punctually attended to; or with J. FINCH, 117 Third st. jy26:dawly

To Consumers of Pickles.

BELIEVING that the Public have become tired of purchasing Pickles in Packages, holding, in many cases, fifty per cent. less than represented, we have commenced putting up, in addition to our present popular style, an article which we are selling "WM. UNDERWOOD & CO'S EXTRA PICKLES," and are filling into full sized jars, which are legibly stamped in the glass, with their exact contents in ounces—thus enabling the consumer to verify their truth.

These Extra Pickles are put up with every regard to style, quality and flavor, and will be sold at fairly remunerative prices.

We have made no change in our manner of Greening Pickles, never having resorted to any deleterious means to attain this end. The Cider Vinegar which we use is made from sound fruit, and is entirely free from Nitric or any other mineral acid, which is not the case with that used in most brands of English Pickles found in this country.

FINCH & CO.,

RESPECTFULLY inform Druggists and Dealers in Varnishes generally that they have for some time been engaged in the preparation of all descriptions of Copal and other VARNISHES, and are now prepared to supply their friends and the public generally with the above articles, manufactured by them of the best material, and selected with the greatest care and on the most approved plan.

FINCH & CO. intend to devote themselves to cultivating the reputation they have so justly won for their efforts, and will prove satisfactory. They are satisfied they will be found equally low with any of the eastern manufacturers, and that on account of their being on the spot, and consequently saving freight and charges, they can sell for less, and afford to give better value.

To our fine body COACH VARNISH we would call particular attention. This article is equal to the best London Coach Varnish of the very best brand, being made exactly after one of the recipes at the first English houses, by Mr. Thomas Douglass, who for many years was the principal varnish maker at these extensive establishments in England and Scotland.

Our Anti-Corrosive BLACK VARNISH we would particularly recommend to the notice of Rail Road and Steamboat Manufacturers of iron generally. Its peculiar qualities prevent oxydation entirely, which is a great desideratum to those using varnish for iron, and preferable to all other varnishes and other compounds.

All orders left at Messrs. JOHN IRWIN & SONS' Front street warehouse, will be punctually attended to; or with J. FINCH, 117 Third st. jy26:dawly

To Consumers of Pickles.

BELIEVING that the Public have become tired of purchasing Pickles in Packages, holding, in many cases, fifty per cent. less than represented, we have commenced putting up, in addition to our present popular style, an article which we are selling "WM. UNDERWOOD & CO'S EXTRA PICKLES," and are filling into full sized jars, which are legibly stamped in the glass, with their exact contents in ounces—thus enabling the consumer to verify their truth.

These Extra Pickles are put up with every regard to style, quality and flavor, and will be sold at fairly remunerative prices.

We have made no change in our manner of Greening Pickles, never having resorted to any deleterious means to attain this end. The Cider Vinegar which we use is made from sound fruit, and is entirely free from Nitric or any other mineral acid, which is not the case with that used in most brands of English Pickles found in this country.
