The Greatest Medical Discovery
OF THE AGE.
MR. KENNEDY, of Roxbury, has discovered in one of our common pasture weeds a remedy that cures every kind of disease, from a common headache to the most malignant scrofula or consumption.

He has tried it in over eleven hundred cases, and never failed except in two cases both Consumptives, and one of Salt Rheum. He has now in his possession over two hundred certificates of its value, which have been given within a few years.

Dr. Kennedy's Favorite Remedy
Is prepared entirely from the roots of
PLANTS AND HERBS.
With the greatest care and the most scrupulous accuracy, and contains no mercury, or anything injurious to the most delicate child or infant. Explicit directions accompany each bottle, and it can be had of any druggist in the United States, Canada or the West Indies, or of the proprietor, at Roxbury, Mass.

Purely Vegetable Preparation.
And has made more permanent cures than all other medicines combined. Within the past year it has sold at the rate of one hundred *UNSOLICITED TESTIMONIALS* which can be seen at the office of the proprietor. Some of these are ordinary cases, but such as to inspire the

Utmost Confidence in its Virtues.
In its medicines to any, however incredulous.

Dr. Kennedy has for many years made diseases of the eye a specialty, and has been employed in all the principal hospitals in Europe and America for that purpose. Warren's Improved Fire and Water Proof Composition Roofing.
HAVING been for the last eleven years exclusively engaged in the manufacture of the above roofing, now offer it to the principal cities of the Union, during which time it has been tested under every variety of circumstances and been pronounced by all wherever experience showed that it could be done and with similar success upon this climate, and we have long longed to do a job in this city to satisfy ourselves and the Benjamin Deposit in 1854, (for both of which jobs they received the premium of a gold medal, and which we have on hand for them, and not one of whom we have been induced to open a branch of our business in Pittsburgh, and being prepared to fill orders to any extent, we confidently offer our roofing to the patronage of the public of Pittsburgh and vicinity, as the cheapest, durability and perfect protection against both fire and water, under the most desirable roofing in use.

The best pitch for this roofing is from one-half to one inch to the foot—but we can under favorable circumstances apply it to a much greater pitch, even five or six inches to the foot. Those having leaky roofs of any kind can have them repaired on the shortest notice, and at the most reasonable terms.
