reveal all this, now, midway in the struggle line is owing to a richer soil and a more conge-would be equivalent to giving up the struggle nial temperature, for a good parties of the year. Is the National Fine

only entertainment afforded lying in the numerwith which it is beeprinkled. The whole scope of his argument as we gather it from the masgre resports of his lecture which have fellon under our eye is, that it is true a party at the South are disloyal to the Union;

Total.

FROM KANSAS.—The last dates from Kausas HATS, CAPS AND FURS. The only Medal Awarded by the New report that the land sales had been partially M'OORD & CO... WHOLESALE & RETAIL WHOLESALE & RETAIL WHOLESALE & RETAIL WHOLESALE & RETAIL HINELE SUGAR CANE. -- We republished | ys since from a Southern paper a state- report that the land sales had been partialt the sugar crop of the South this year by adjourned, which is thus accounted for by hat the sugar crop of the South this year fall below 100,000 hogsheads. We also "the fact stated in a Southern Illinois "that complete success had attended the toutime, by way of experiment, of the Sugar Cane, and that, in a latitude dif-but little from that of Plitsburgh. The pon sugar is so great-we being forced to a heavy duty upon all which comes from "the atk of a handlel of it raised in the a heavy duty upon all which comes from "that the cultivation of the cane, if suy found adapted to it in our latitude, should one careful attention.

mightily in the scale whereon is to be decided ur careful attention. the destiny of Kansas. hinese Sugar Cane is as yet compare The St. Louis Republican has the following

The St. Louis Republician has the following startling paragraph: St. Josnru, Nov. 26th, 1856.—An express has in 1855. The agent of the Patent Of Browne, says in his report upon the the olimate where it grows in the dian Corn, it would flourish in any re-rever the maize plant would thrive."— In the same into the fact of Colored Titus, or any of his friends. The crew was sogret, and the revers the maize plant would thrive."— In the same into the fact of Colored Titus, or any of his friends. The crew was sogret in the dispersemblance in appearance and hab dian Corn, it would flourish in any re-revers the maize plant would thrive."— In the same into the fact of Colored Titus, or any of his friends. The crew was sogret, and the opportunity to got particulars. Information has also been sent to the Fort, from which poict, no

doubt, the details will be dispatched yon. fully sustained the theory of Mr. The seeds, whose history we observed, THE PARCOI CONCERT .--- The Concerte of Madated about the middle of May upon a if Cleary's Blaffe, Illinois, and came up order. They yielded a very long and ame Paredi will be given on Thursday and Friday evenings of this week at Lafayette Hall. Seats can be secured to day. Lafayette Hall, as JOSEPH DILWORTH & CO... k, exceedingly rich in juice to the

newly arranged, is an excellent one for Concerts. at as sweet in its natural state as It affords the audience an opportunity to see It yielded about 15 per cent of good the performers, and the performers can be heard to most excellent advantage. Of the mor the great object sought in the oultivation of this plant is the juice contained in the stalk, which Mr. Browno in his report says that "in France farnishes three important products viz: sogar, Dr. KANE.-Letters received from Landon. men to whom that money was entrasted are hon- which is identical with that of the sugar cane, by the last stoamer, bring discouraging no men to man its money was entrusted are non-orable men, and very mach must necessarily be left to this distribution of the bealth of Dr. Kame. He is very polled to contend against a great many unitoward polled to contend against a great many unitoward water producing from 10 to 15 per cent. of the cian had enjoined him to leave for a warmer of their aftairs in such a way as to keep the en-emy in ignorance of their acts and motods. To

would be equivalent to giving up tho struggle altogether. We have no doubt the monoy has alt been faithfally and honorably expended, and the great misfortune is that there was not anough of it. Many of the large promised sach scriptions were neuron realized, having been made conditionally; and the distributing com-minutes in Mt. Vernon, N. Y., and is full of interesting information. We make an extract or two from thinds that some people think they had. Es-pecially have they not had enough to meet the sands of all, or haif, the sufferers; and if those who fail, to receive aid, complain, it by no mesns follows that the fault is in those who have been the samoners of doficient charity. The fault lies at the door of these who have aguined the burden of distributors. Mew York Time says that Ex-Senstor Benton New York Times ays that Ex-Senstor Benton have grave to be damaging his reputation of these who have peers to be damaging his reputation of these who York Times ays that Ex-Senstor Benton New York Times agas that Ex-Senstor Benton have grave to be damaging his reputation by the exception a shaller, complain, it by no marked and have no these who have been the samoners of doficient charity. Man. Barrow.--A Boston correspondent of the nerve are yearly and daily beoming more and programe to be damaging his reputation by the exception a shaller. The sell was almost without is cartor. We prostred more for the prosperity of the introduction of the plane. The sell was almost without is order to protect our manufacturing resources out are the barrow on which he is engaged. It is will understand that is aubsoling was almost out the fault is by the he is engaged. It is will understand that subsoling was almost out the fault understand that subsoling was almost out the fault is on which he is engaged. It is

New York Timz: says that EX-Senstor Early is experience. Server in a prear to be damaging his reputation by the server interval of the introduction of the plow. By this you the introduction of the plow. By this you the introduction of the plow. By this you the powerful composition we have to contend to the introduction of the plow. By this you, 1866, the Secretary reports the revenue of the first opportunity which the New-England public has had to acquaint themselves extended a brupt epigrams have entertained them for sively with the old gentleman, whose repartees and abrupt epigrams have entertained them for politician who has ever presented a moorg them, he would have done better by his reputation and sense of a special derivative and as a special derivative of a special derivative and the same experience. The universal criticism on his locators, the of sense in the plow. The sources is the same experience. The universal criticism on his locators, the of the same experience. The universal criticism on his locators, the of the same experience. The universal criticism on his locators, the of the same experience. The universal criticism on his locators, the of the same experience. The universal criticism on his locators, the of the same experience. The universal criticism on his locators is, that is particle and presented at firet very small and weak. If the universal criticism on his locators is, that is presented at the oright of the specifies of the same experience. The universal criticism on his locators is, that is presented at the universal criticism on his locators is, that is presented at the same experience. The universal criticism on his locators is, that is presented at the two there the height of one foot, that we for the present of the deriver of the present of the two there there there and all one locations and induced there are the present of the second the same experience. The first the present of the the represent of the the same transtruction of the locator is the present of the there the the 60,172,401 only entertainment afforded lying in the numer-ous Bastozian expressions of self-satisfaction feared to be entirely disappointed in our experi-with which it is besprinkled. (0,172,401 month. But the commencement of the two month. "It self the two the t \$72,948,792 Thus there is a clear revenue beyond the expanses proper of the Government, of over thir-teen millions of dollars. As to the fource scadilion of the Freesury the estimates are as follows:

HATTERS, 131 Wood Street, Hare siwarron bards full and complete at ck of Wholesale and Retail that the Loars VAITER PRICE, to which they invite tention or all purchasers bld at the Lo

who are in morial dread of negro risings every day, to disrupt it.
The Rowish Church II. The UNITED STATES.
—In an article in the Descember number of the Minry of the Descember number of the Sorthart of the mean of the Sorthart of the mean of the Sorthart of the mean of the Sorthart of the Descember of the Sorthart of the Descember of the Sorthart weight: Was the Shamrock; published in New York,-Sugar ... which was mainly Irish and only incidentally Catholic. It was succeeded by the Truth Teller. The first really Catholio paper was the Catholic Miscellany, of Charleston, founded by Bishop

Micellany, of Charleston, founded by Bishop England, which has sostained itsolfsmidst graat trials with diguity and eradition. Of the nu-merons Catholic journals that have since sprue up each thas its strong phase of morit and its sinistic aspecia of possible injury to the cause which it professes to advocate." The Archive that it only radifiers a strategies and strong have not and the source of molesses, in some instances of more and the strong that the figure to the same which it professes to advocate."

The Architesbop thinks that it only requires a akulful architest to dovetall onr constitution and laws and the Catholio faith together, so as that they shall fit as a key fits a lock—that without any ahange in faith or morals the Catholio church and a fit or morals the Catholio church and the molasses. The brogate, or cruthed added the molasses. The brogate, or cruthed and the constants of the provide the molasses. The brogate, or cruthed and the constants of the catholio church and the constants. The Archbishop thinks that it only requires a may be, so to speak, Americanized. Where's relished by our stock. the architest ?

WCRTBY EXAMPLES. -- We find in the published record of the wills of the Daughters of the just ly celebrated John Jay in the New York Times of Friday, the following : THE DAUGHTERS OF JOHN JAY.

We give below extracts from the wills of Aliss We give below extracts from the wills of Miss Ann Jsy and Mrs. Maris Barger. Their be-quests for charltable and religious purposes meaning in the aggregate to \$34,200, are nearly to the extent of their fortunes. Miss Jay died Nor 12, and Mrs Banger on Kov. 21. The will of Miss Jsy was proved to day or proving of Mire. Banger, on a Kov. 21. The will of Miss Jsy was proved to day or 'two. The provinions are as follows: on the imported article, or supply the place of on the imported article, or supply the place of on the imported article, or supply the place of on the imported article, or supply the place of on the imported article, or supply the place of on the imported article, or supply the place of
