NEW YORK ADVERTISEMENTS.
WM. VERCHER, OWEN & CO., General Newspaper Advertising House, (Appleton's Building) No. 346 and 348 Broadway, New York.

Important to Everybody.

FOR the last three years I have been engaged in a business known only to myself, and, certainly, few others, whom I have instructed for the sum of $2 each, which has averaged me at the rate of $2,000 to $4,000 per month; and having made arrangements to go to Europe in the fall of 1857, to engage in the same business, I am willing to give full instructions in the art to any person in the United States or Canada, who will remit me the sum of $1. I am induced, from the success I have been favored with, and the many thankful acknowledgments I have received from those whom I have instructed and who are making from $3 to $10 per day at it, to give any person an opportunity to engage in this business, which is very pleasant, and very profitable as a small cost. There is positively No Humbug in the matter. Reference—If the best city can be given as reference, and I can refer to persons whom I have instructed, who will testify that they are making from $3 to $10 per day at the same. It is adapted to the capacities of ladies or gentlemen, as one is assisted in perfect ease make a very handsome income. Several ladies in various parts of New York State, Pennsylvania and Maryland, whom I have instructed, are now making from $3 to $5 per day at it. It is a general furnishing, and but a few shillings is required to start it. Upon receipt of $1, I will immediately send the applicant a printed circular, containing full instructions in the art which can be perfectly understood at once.

All letters must be addressed (post paid) to J. T. PARSONS, 335 Broadway, New York. decl3dw3w

To Druggists and Physicians.

YOUR attention is invited to a new Medicinal preparation called the

CHILDBILITY'S LIVER ALLEVIATOR.

The proprietor of this article, well aware of the great prejudice that exists against anything new in the practice of medicine and especially in the case of cases for which it is intended, for the last five years of Mr. Thomas' extensive practice, long ere that fact will carry it into general favor. Great care is taken in the manufacture to procure only the purest drugs, and only such as are warranted genuine are used. There is no ingredient in it that would injure any person, and the whole combined cannot possibly be injurious. Circulars containing full information and testimonials can be had at the wholesale depot, No. 110 Second street. This is the only article of the kind in existence, it is entirely free from alcohol, and it will be found a highly satisfactory remedy in all cases of Liver complaint, and in the worst, it entirely prevents the sufferer from any unpleasant sensation, and preserves the mental and bodily strength of the patient in a marvelous degree. Its action is through the liver, it is soothing and strengthening to the whole system, and most pleasing in its effects throughout the whole period of confinement.

Here are a few testimonials:

BOSTON, Mass., Sept. 10th, 1855.

Dr. Branson—I have used your Childbirth Invalidsyrup for a number of times in my practice. And it is a safe, sure and speedy article, and one that I can recommend with every confidence to the public. Its effects are truly wonderful.

THOS. GOWZER, M. D., Washington st.

CLARKE, N. J., Nov. 17th, 1855.

Dr. Branson—I have on various occasions used your "Childbirth Pain Alleviator," and find it the best article I have ever seen for the purpose. It lessens the pain and causes the birth to be effected easily and quickly, cheerfully recommend it.

YEARGIN LIVINGSTON, M. D.,

NEW YORK, Oct. 24th, 1854.

Dr. Branson—After having been confined several times with great danger and much pain, I was induced to try your remedy by my brother, who had heard of its wonderful effects. I did so, and experienced a most beneficial result. I can have my best thanks, and I would cheerfully recommend your preparations to every sufferer.

NEW DISCOVERY FOR DEAFNESS.

The Sound Concentrator is an extraordinary, powerful, newly invented small instrument, for the relief of extreme cases of deafness, entirely different in make and construction from all others, embracing everything of the kind that has been or ever can be produced. They are unseen when in use, entirely in the ear, and may rest within without pressing, and being of the same color of the skin are unnoticeable. The powers of this valuable invention are such as to restore perfect hearing to a person long standing in the perfect and natural state, and to enable deaf persons to join in general conversation, to hear distinctly, even at a place of worship, at the bar of any public assembly; the most distant sounds, even the faintest whisper, is distinctly conveyed to the ear; the tones are rendered perfectly natural, and the concentrations afforded to individuals afflicted with this dreadful malady, all the assistance that can possibly be desired.

PITTSBURGH June 4th, 1853.

I am happy in bearing my feeble testimony in favor of Mr. Solomons' Eye Glasses. I think them superior to any that I have tried. The eyesight is rendered wonderfully clear.

J. D. McCOOK, M. D.,

Late Professor in Washington College, Baltimore.

PITTSBURGH, June 8th, 1853.

I am using a pair of Mr. Solomons' Glasses, and find them very comfortable. I cheerfully add my name to the number of those who recommend them.

JOSEPH G. GAZZAM, M. D.

From what I have observed of the use of Mr. Solomons' Glasses, I take pleasure in adding my testimony to the foregoing recommendations of the faculty.

JAMES KING, M. D.

I have tried for a short time, a pair of spectacles furnished by Mr. G. Solomons, and take pleasure in certifying to their good quality. I have also procured a sale of them among my friends, which in their effects are equally pleasing and satisfactory.

M. L. HOUSTON, M. D.

NEW YORK, June 14th, 1850.

Having made a trial of Solomons' Spectacles, and stands ing the principle on which they are constructed, I have no hesitation in pronouncing them superior to any with which I am acquainted, and accordingly can most cheerfully recommend them to all who stand in need of artificial aid in improving their vision.

CHAS. McILVAINE, M. D.,

Professor of Pathology and Materia Medica, Geneva, Superior Ophthalmic Hospital.

PHILADELPHIA, June 4th, 1850.

I cordially concur, as far as my judgment goes, in the opinion of my friend and colleague, Dr. Mc, in favor of the perfection of Mr. Solomons' convex and oval Glasses for farsight-edness. The grinding appears to be good and clear, and the general workmanship superior.

WILLIAM HENRY, M. D.,

Professor of Surgery, Geneva College.

I hereby certify that the Eye Glasses shown me by G. Solomons are superior in finish and less obstructing to my perfect vision than any I have ever examined, and cheerfully recommend them to all in need of glasses.
