comewhat hasty examination of all, are under better management than this which Western WALL. Those who have seen this besuttful plo-

better management than this which Western Pennsylvania Dassits.

It has long been a question of painful importantio, this of the degree and manufer of punishment of offendors against the law, consistent with their hopeful reform. Who does not know that in those prizons where old and young are brought together in the same workshops during the day, that this followable however guarded, has had a tendency to harden the young convict and teach him daw lessons in the ways of orine? The vary fact of companionable, the presence of those older and holder adventurers in the thoray felds of rice; beget a sort of freemanoury among those-tembarked in the same hip, which serves as a link between the youth and the vetrant after the period of confinement is past. Then, the black, and enduring stigms which scalety brands upon the penituritary; convict, drives them, also how often I to ronew this acquaints as again in the walks of men. When a whole community looks with eye a skance upon the released, regards them with constant suspicion, refease them, perhaps leadily, and position of trust or influence, what mere natural than that they should colleague to renow their depredarust or influence, what more natural than that

area, 148 in number. Blue jacket and troweers, scenery as it appeared in its virgin glory, at on be estimated, is of far greater value than the and a checkered shirt, the collar turned over the time when the feet of Warnington trod upon cotton crop. area, 148 in number. Blue jacket and trowers, and a checkered shirt, the collar turned over that of the jacket completes the dress. Their the das are as sleek as if they had just come from the bath. With half-dozen exceptions of these who had just left their work benches, they have had just left their work benches, they had just left their work is the fathers of the same of the great left their work is the fathers of this with copious notes designed for use as above institution. At the note of command, in due institution, had with military precision, they all left of the success had with copious notes designed for use as above institution. At the note of command, in due institution, had with military precision, they ar and healthy faces around us. They repeat in concert without a mistake, as far as we could observe, the 51st Psalm, and as their voices fell upon our ear, we cannot help, thinking that to many it is perhaps the only Bible instruction they have in all their lives cojoyed. They sing the Lymn, "Great is the Lord and greatly to be praised," and among the voices there are some as sweet and as well-modulated as any we ever heard. Mr. Frow, the Assistant Superintendent, examines them in general questions in Geography. The answers are all correct, the demeaner of the pupils in every particular proper and respectful. They sing again and we leave the room full of hope that all these lessons of love, these teachings of Divine goodness may truly

fruit in the lives of these boys. are at their books. There are forty-four of them. As we enter they suspend for the moment their studies, fold their arms and listen.—

ment their studies, fold their arms and listen.—

laboriousinsect infallibly directs it. "Notes and ment their studies, fold their arms and listen.—

They slag, they repeat beautiful passages from the Scripture. They all look happy. We learn by saveral interesting letters from those who have gone cut from this home to places which it was provided for them, that they have done well that provided for them, that they have done well the provided for them, that they have done well the provided for them, that they have done well the provided for them, that they have done well the provided for them, that they have done well the provided for them, that they have done well the provided for them, that they have done well the provided for them, that they have done well the provided for them, that they have done well the provided for them, that they have done well the provided for them, that they have done well the provided for them, that they have done well the provided for them, that they have done well the provided for them, that they have done well the provided for them, that they have done well the provided for them that they have done well the provided for them. has provided for them, that they have done well and fully answered the warmest hapes of their teachers conceroing them. Here then, those whom misfortune had deprired of parents or given bad ones, have found care and attention, love and favor for good behavior, and many of them been rescaed, doubtless, from a life of vice and misery. The reflection is consoling. We pass to the dining rooms, to the kitchen, to We pass to the dising rooms, to the wish room. Every in bathing rooms, to the wash room. Every nable and pleasant knowledge, long hidden in old crypts and dusty libraries, is brought to light support already preparing, invites us to remain, but we can no longer for this time. We get and add of their wealth to the mighty total of and add of their wealth to the mighty total of the wealth to the mighty total of the control of the control of the wealth to the mighty total of the control of the contro but we can no longer for this time. We get back to the city, and have thus recorded some of the impressions of 'an hour in the House of
