Age and Debility-As old age come resping on us, it brings many attendant infirmities Loss of appetite and weakness impair the bealth, a santof activity makes the mind disc Wantor activity makes the mind discontented and the happy. In cases where oils age adds its influence, it is almost impossible to add vigor and health, and although many remudes have been tried, all have failed, unit BCRHAVE'S HOLLAND BITTERS were known and DERHAVE'S HOLIAND BITTERS were known and used. In every case where they have been employed hey have invariably given strength and reatored thesap petite. They have become a great agout for this slong, and are used by many people who are sufficing from loss of appetite and general debility. In cases of long stand-ing chronic disease, they act as a charm, invigorating the system, thus giving nature another opportunity to repair physical injuries. - Garrioud-Geard agalost purchasing an imitation.
