YOUR attention is invited to a new Medicinal preparation called the
CHILDBIRTH PAIN ALLEVIATOR.
The proprietor of this article, well aware of the great aversion that exists against anything new in the line of medicine and especially in the classic cases for which this is intended, invites the examination of medical men, feeling sure that it will only result in a perfect confidence in it. Great care is taken in its manufacture to procure only the purest drugs, and every one is warranted, as nothing is used in it that is not a simple vegetable production, and the whole combined cannot possibly be injurious. Circulars containing full information and testimonials can be had at the Manufactory, 329 Penn street, second floor. This is the only article of the kind in existence. Its effects truly wonderful. When used rightly and in due season, it entirely prevents the sufferings usually consequent upon childbirth, and preserves the mental and bodily strength of the patient in a marvelous degree. Its action is through chiefly local, it is soothing and strengthening to the whole system, and most pleasing in its effect throughout the whole period of confinement. Cases are a few testimonials—
