The Election to-day.

Time is the day appointed for the municipal elections in this city and Allegheny, and we believe, also, in one or two of the surrounding boroughs.

In Allegheny City our Republican friends have suffered themselves to become distracted and split by local issues and quarrels about some of the things that we do not pretend to understand.

Our only anxiety concerning the city is that the Republican party should be able to elect a candidate for Mayor whom they expect to elect through divisions in the Republican ranks.

In this city upon the Mayoralty, our friends present an unbroken front. Upon the Council tickets, also, there is great unanimity prevailing.

Our only anxiety concerning the city is that the Republican party should be able to elect a candidate for Mayor whom they expect to elect through divisions in the Republican ranks.
