A QUEER BURIAL PLACE.—On Monday morning as some young lads were playing in a racent lot on Sandnaky street, between the Canal and North Commons, Altegheny (fly, they found a small coffin half covered with the snow, which they immediately carried to the Mayor's office. On opening it, it was found to contain the body of an infant, and on inquiry by the Mayor of Mr. Samuel Bodgers, undertaker, it was identified as a child of an Irish woman living in an alley between Anderson and Sandnaky streets, which was still-born. It is supposed that it had been placed in the lot by two men who were intoxicated, and had been entrusted with its burial, who, finding it was rather a cold and disagreed to cover 1/4 with safficient earth. From the first open lot they had come across, not even taking care to cover 1/4 with safficient earth. From the first open lot they had come across, not even taking care to cover 1/4 with safficient earth. From the first open lot account we received, we understood it to be a case of infaulticide, and at once proceeded to accurate the particulars, when we found them as above related.

Van Dousen, Pastor of St. Peter's Epicopal Church, a man highly esteemed by his congregation, and the citizens generally, for his energetic work in behalf of religion since his establishment in our city. His style is easy, forcible and winning, and the house simplicity stamped on his countenance renders his words still more effective. The Committee helieve that some measure of wider cope is necessary to effect the cure of the evils of which the cliticus of Carson Valley complain—hamely: Mormon oppressions, and accordingly recommend the passage of the Bill now on the Calender for the prevention and punishment of bigany. This they add, would remove the moral and political pecilience which makes Utah the conduit of the American people.

The Committee on Territories have also prepared an unfavorable report on a petition for the organization of the Territorial government of Aragona in the Gadsden purchase.
