OONGRESSIONAL.

Washington, Jan. 16.—Sharts—The Sanate took up the resolution of Mr. Houston, calling upon the Secretary of the Navy to state what number of describing from the Navy had taken place since the passage of the act to promote the efficiency of the navy, &c.

Mr. Halley objected to its passage as being a needless exposure of transactions which have gone beyond the control of the Navy Department or the Senate.

Mr. Houston coalended that those matters cought to be brought to light so that if the action of the Navy Board had resulted in good, it could be made manifest to the country. If the contrary was the case, it ought equally to be known.

The resolution was laid aside for the pecial order heing a bill providing for the settlement of the claims of the Officers of the Revoluto.

Mr. Tocombe said he intended to make the bill as odious as possible, and to that end indicated various amendments, including the to compensate Revolutions have the continents and the officers of the first continents and the contract of the bill, which was lost by 22 against MAYOR—Harmit Denavul.
