Fine Clothing!
214 BROADWAY, NEW YORK.
Second door above the Astor House.
WOULD suggest to the Trade, that they will be prepared for Spring sales with their usual extensive stock of the finer qualities of
READY-MADE CLOTHING.
In reference to which they would suggest, that the facility with which their goods can be sized, every garment being marked in lengths and breadths, the same as breast high, varied to suit different proportions of the breast, back and waist, renders it perfectly easy to any same measure should it be indefinitely marked. The confidence in which are tendered is the field to the difficulty of readily shifting parcels from one to another. Should any be not very essentially realized, in a word, strict attention is directed to a determination to render our garments equal in every respect to the best custom work.
