HEALTH DEPENDS UPON PURE BLOOD—This, and acid blood cannot exercise healthy life, and therefore the first thing for those who are dyspeptic should be to commence the purification of their blood.

HEARTHSTEIN'S PILLS,

Not only purify, but they make the blood richer, and add those principles upon which its power to resist disease depends.

Mild operation with unexpected effect on the system.

Brandreth's Pills. Now that we may soon expect genial Spring, it is of great importance that a few doses be used by the wise. Our rules are nailed to a redundancy of vitiated bile at this season, and it is as dangerous as it is prevalent; but Brandreth's Pills afford an invaluable and efficient protection. By their occasional use, we prevent the collection of those impurities, which, when in sufficient quantities, cause as much danger to the first appearance of the stomach and bowels. They soon cure liver complaint, dyspepsia, loss of appetite, pain in the head, heart burn, pain in the loins, bodies, and limbs, dizziness, nervousness. In brief, Brandreth's Pills work their way to the very roots of the disease, cleansing in their passage everything every rule healthy accumulation, till the blood is purified, the whole system preserved, and the functions and duties of life become a pleasure, where before they had been only a weary burden.

We have in our possession the following testimonials, which we publish with the full knowledge of the writers, and of his responsibility, whose letter can be seen at the Principal office, he writes:

"I am now fifty two years of age. For twenty years I have used your Pills as my family medicine, and I wish no other; and have never had any occasion to call a physician in my family, save in the sickness of my wife with children; during the twenty years."

FROM MEDICAL PRINCIPLES.

Mother extract blood. Blood is the life. By clearing up it in pulsatic disease you may conquer the pallidit. Must remember this acts, is only the reduction or lessening of the

Collegiate and Commercial Institute, NEW HAVEN, CONN.

This Institution has been in successful operation for two years. It is designed to meet the wants of those Parents who wish to secure for their sons all the advantages for a liberal education that can be anywhere furnished, without losing that attention to health, and that parental supervision and government which the young require.

THE MENTAL TRAINING Embraces a thorough English, Mathematical and Scientific Education, in preparation for the Counting House or Business, and also those who pursue the instruction of the Law, Medical or Theological School; a course of Classical Studies, minute, thorough and extended as may be desired. A course of Modern Languages, under native teachers; History, and Mental and Political Science.

THE MORAL EDUCATION is secured by the personal influence of the teachers, by a division of the School into families of moderate size, of which the Vice-Principals are the heads, by graduated, disciplinary measures, by a regular course of study of the Bible, or Moral Science and of the principles of Natural and Revealed Religion.

THE PHYSICAL TRAINING consists of a prescribed course of exercise in a large and well furnished GYMNASIUM, under the direction of an accomplished gymnast, and of such an amount of military drilling, under full organization as an infantry corps, with constant and thorough instruction in it, will secure bodily vigor, habits of command and obedience, and a kind and degree of knowledge which may be essential to the full discharge of the duties of a citizen. Care is also taken to encourage wholesome sports, bathing and rowing; and opportunities are furnished for occasional pedestrian excursions into the country. Students are admitted at any time of the year.

Catalogues with full information will be furnished on application to the Principal

Our New York Correspondence.

NEW YORK, May 13, 1857.

Editors Gazette:—How unusually gay and brilliant Broadway has appeared during the past few days, partly owing to the May Anniversaries assembling out so many from their homes, out of town and in town, though mostly to be attributed to the inauguration of the bright warm weather which has heretofore been so grudgingly sent us this spring—lead it does now, grant us though Spring and Summer were to be merged into one. Broadway, with its twenty foot sidewalk is now daily a living panorama (so numerous are the ladies) of light colored silks and other seasonable fabrics, fabrics, fabrics! Guipure Lace, Mouslins, cloth and silk basques—the latter a stylish-looking garment gradually obtaining favor with the fair sex; though the gentlemen really think they are encroaching upon their domain of dress. The article of dress now most elaborated by the ladies is the Hat, the aim of the ladies seems now to be who can have the most extravagantly rich one, $25 and $50, aye, even higher prices still, so what with rich hats, dear long-skirted dresses and dear selves they have really become "dear creatures" financially speaking.

Of course you have heard of our latest novelty. I mean "Church's" truly magnificent painting of "Niagara." The little cabinet at the rear end of Williams & Stevens grand store room is crowded daily by admirers, who continually marvel at the beauty of the rain-bow, the rushing wet-looking waters, the fleecy clouds, which are a speciality so to speak with Church. The stand which it is on the brink of the falls on the Canada side. It is gone to London, in about ten days to be engraved. I observed on the Register the names of many leading citizens, artists and connoisseurs. The price for proof impressions is $50 (limited to 300) prints $15. An amount equal to the price paid by W. & S. has already been subscribed. An artist friend told me he took but six weeks to paint it. Happy artist Mr. Church.

Our markets are pretty freely supplied with early vegetables such as asparagus, radishes, lettuce, &c., and at reasonable rates. In Taylor's saloon may be seen southern strawberries at the modest price of $1.25 per basket—about three baskets to the quart, and there too are hot-house grapes at only $5 per lb.

Yours faithfully, TIPPER.

Business Meeting of the Tract Society.—The Annual Business Meeting of the American Tract Society was held in Dr. Hutton's Church, in University place, this morning. Our readers will remember the stormy meeting of last year at the Brick Church. Chief Justice Williams, President, occupied the chair. After prayer by Dr. Spring, the Report of the Investigating Committee was read by the Hon. Judge Josiup of Pennsylvania.

"Resolved, That, in the judgment of your Committee, the political aspects of Slavery lie entirely without the proper sphere of this Society, and cannot be discussed in its publications; but that those moral duties which grow out of the existence of Slavery, as well as those which exist and vices which it is known to promote, and which are condemned in Scripture, and so much deplored by evangelical Christians, undoubtedly do fall within the province of this Society, and can and ought to be discussed in a fraternal and Christian spirit."

"Resolved, That whatever considerations in the past may have seemed to recommend to the Publishing Committee the course pursued in its revision of certain works, yet, in the future publication of books and tracts, no alteration or omission of the sentiments of any author should be made; but works not adapted to the design of the Society in their original form, or by a regular impartial abridgment, should be wholly omitted."

The Rev. Dr. Joseph P. Thompson of the Broadway Tabernacle, in a very neat speech, said that he concurred in the report in all points, and cordially moved its adoption.

This motion was seconded by Mr. Horace Holden, and on being put to the house was carried unanimously.

A burst of applause rang from all parts of the crowded building on the announcement.

We hope, now, since the Society has decided that a reliable testimony shall be borne against the great crime of the nation, that the Executive Committee will afford us the pleasure of soon reading a "tract" on the subject.—N. Y. Tribune.

Men Always Fit for Freedom.—There is only one cure for the evils which newly-acquired freedom produces, and that cure is freedom?—

Imprison a prisoner leaves his cell, he cannot bear the light of day; he is unable to discriminate colors, or to recognize faces; but the remedy is not to remand him into his dungeon, but to accustom him to the rays of the sun. The blaze of truth and liberty may at first dazzle and bewilder anxious eyes, have become half blind in the house of bondage, but let them gaze on, and they will soon be able to bear it. In a few years men learn to reason, the extreme violence of opinion subsides; hostile theories correct each other; the scattered elements of truth cease to war, and begin to unite; and at length a system of justice and order is educed out of the chaos. Many politicians of our time are in the habit of laying it down as a self-evident proposition that no people ought to be free till they are fit to use their freedom. The maxim is worthy of the fool in the old story, who resolved not to go into the water till he had learned to swim. If men are to wait for liberty till they become wise and good in slavery, they may, indeed, wait forever!—T. B. Macaulay.

What has "Sidons" of John Dean?—John Dean, the coachman, has been discovered under the assumed name of John Johnson, in the pleasant little village of Franklinville, a few miles east of Riverhead, New York, where he is boarding in the family of a Mr. John R. Sayer, and prosecuting his studies under the tuition of Rev. Mr. Reed, a Congregational clergyman. The manner his incognito was penetrated is described by the New York News:

A few days after his arrival, a letter was received by the worthy Postmaster of that village, directed to John Johnson; and as there was a young farmer living in the neighborhood by that name, he took it out of the office and opened it. It proved to be from Dean's wife, and as it was filled with such matter as a good wife knows only how to write to an absent husband, John Johnson, farmer, concluded it was not for him, as he was not the owner of such a piece of animated luxury, so he returned it to the Post Office, and in a day or two John Johnson, No. 2, A. E. John Dean, called and claimed it.

Charles Sumner.—Dr. James Wellman, of Pittsburg, writes that he passed the evening of April 15 with Sumner in Paris. Mr. Sumner stated that he was rapidly gaining from day to day, and confidently anticipated a complete and speedy recovery.

Ex (U. S.) Senator John Pettit, of Indiana, who was tendered by President Buchanan, one of the United States Judgeships in Minnesota Territory, has declined that position.
