HOMEWARD BOUND.

Rainy and rough sets the day—
There's a heart-beating for somebody;
I must be up and away—
Somebody is anxious for somebody;
Thrice has she been to the gate—
There has she listened for somebody;
Midst the night stormy and late—
Somebody's anxious for somebody.

There'll be a comforting fire—
There'll be a welcome for somebody;
One, in her neater attire,
Will look at the table for somebody,
Though the stars fled from the west,
There is a star for somebody,
Lighting the home he loves best—
Warming the bosom of somebody.

There'll be a coat o'er the chair,
There will be slippers for somebody—
There'll be a wife's tender care—
Love's fond embracement for somebody;
There'll be the little one's charms—
Soon 'twill be wakened for somebody;
When I have both in my arms,
Oh! but how blest will be somebody.

THE U. S. steamship Niagara will take out one half of the submarine cable. It was at first stated to be impossible for her to perform the duty; but the British government have offered every facility their dockyards could furnish to enable the necessary alterations to be made, rather than that America should be shut out from participation in the fleet.

IMPROVED SEAMLESS WHALEBONE SKIRTS.

WE TAKE PLEASURE IN AGAIN INTRODUCING our Improved Seamless Skirt, as being the most acceptable and reliable article in market; we are aware that many new styles called improvements are before the public such as India Rubber, Gutta Percha, Rattan, &c., all of which we have called for—but cannot recommend them, as we have experimented with and tested them almost of them two years—and find that they are worthless—&
