As the color proceeds from the preparation, the glove can be worn *immediately* after it is cleaned. With pieces of flannel, apply a small portion of the preparation, and quickly, and the dirt will instantly disappear. It is the article most in the Kidglove Manufacturers of France to impart that purity of finish and softness for which their gloves are so celebrated. It does not injure the finest or most delicate color, and for beautifying the complexion, removing tan, pimples, &c., the use of a few drops of the liquid will soon prove its wonderful virtues. Being in all three of its different properties of a colorless, soft consistency, no one that has once used it will be without it.
