The members of the above committee will meet at the office of T. M. Marshall, Fifth st., near Grant, on Friday, August 14th, at 11 o'clock, A. M.

Minutes of a Conference of Later Day Saints Held at West Elizabeth on the 4th and 5th of July, 1857.—The Conference assembled at 10 o'cl'k A. M.

Elder Wm. Bickerton was unanimously called to preside, and T. Bickerton Secretary.

The Conference was then opened by the President with singing and prayer.

The President then arose and stated the object of appointing the Conference, and which was that some measures might be adopted to spread the Gospel more generally in these parts of the country, or wherever any door might be open to receive the ingrafted word of truth. He then stated the design of the Lord was to have one Church, and that his people might be one as he and the Father were one; that there might be one fold and one shepherd, baptized by the one spirit into the one body and members one of another, for St. Paul says there is one Body and one Spirit even as ye are called in one hope of your calling one Lord, one Faith, one Baptism, one God and Father of all, who is above all, and through all, and in all His true people.—Eph., 4th chap.

After showing that the Gospel comes not in word only, but also in power and in the Holy Ghost, and in much assurance, &c., meeting was dismissed to meet at two o'clock.

At 2 o'clock Conference re-assembled and was opened in the usual way.

The President then showed the present state of the Church and the harmony that had prevailed since last Conference, with a few exceptions, and the praises of the Lord had been ascending up day and night from her people.

As there had been two baptized previous to Conference, they were confirmed by the laying on of hands, and for the baptism of fire and the Holy Ghost according to Scriptures.

Elder Charles Cown then arose and bore witness to the work of the Lord, and how he was convinced that this was the true way by hearing a sermon preached, not knowing at the time that it was by a Latter Day Saint, &c.

Elder J. Waggner arose and spake of the power of the Lord as he had enjoyed it for some weeks that had passed and were still living and rejoicing in the love of God, shed abroad in his heart by the Holy Ghost.

The hymn was then sung—"The spirit of God, like a fire, is burning, and the Latter Day Glory begins to come forth."

And also hymn on 102 page—
"Happy day, happy day,
When Jesus took my sins away."

Meeting was then dismissed to meet at seven o'clock.

At seven o'clock Conference met and opened by singing and prayer by Elder Wm. Bickerton.

He then arose and discoursed on the Kingdom of Heaven, and as Peter had the keys of the Kingdom committed unto him, yet he could not open the Kingdom to others until he was endowed with power from on high; and St. Paul says how can a man preach except he be sent, and no man taketh this honor upon himself, but he that is called of God. Simon the sorcerer seems to have had the same view, for he offered Peter money for this power that on whom he laid his hands, the Holy Ghost might be given, and as the salvation of the world depended on these men which were the salt of the earth, they were commanded to go unto all the world and to every creature.

Elder J. Waggner arose and gave a short address concerning the promises of the Lord in the last days. Then Jacob Stranger arose and bore his testimony to this work and the way he received the holy spirit, and so forth. Meeting was then dismissed to meet on the Sabbath.

On Sabbath morning, there was a prayer meeting, when the Lord met with us by pouring out of his blessed spirit to make us rejoice with that joy unspeakable. At ten o'clock, Conference met and opened in the usual way. The Presiding Elder then stated what the Lord had been doing for us, and while the Lord was with us we had nothing to fear. Resolved, That the names of the elders and members be read over, and the minutes of the April Conference; and while so doing the Lord accompanied by His Holy Spirit what was read. Resolved, That we sustain each other in all righteousness. Resolved, That we adjourn till two o'clock.

At two o'clock, Conference met and opened by singing and prayer and a short address given by the Presiding Elder. In this meeting all have a privilege to speak as they may feel by the spirit. Jacob Stranger arose and spoke of the things of God and the power of the Gospel; then J. Waggner spoke of the love and sufferings of Christ; then Ann Brown arose by the moving of the Holy Spirit and stated that she knew that this was the work of God, both by the witness of the Spirit and the gift of healing, which she had experienced, by calling for the Elders to anoint with oil, in the name of the Lord, and lay on hands for the gift of healing; and the Lord raised her up according to his promise. Moreover, the Spirit bore witness to those sitting by of the truth of her testimony; for the spiritual people judge all things by the Spirit; for the Spirit had to guide into all truth and show us things to come. Eliza Bickerton then bore witness that she had been healed by the power of God, in obeying the same commandment according to her faith in the Lord's word. Sister Rose Ann Jones bore witness to the work and gift of healing upon her child. Elder Charles Brown then bore witness that he had been healed and saw others also. Nancy George arose and spoke a little of her experience. She said since she last met with the Saints she had seen in a vision the Glory of God, stating that she was ready to die, for she felt strong in the Lord and felt the Spirit of God like a fire burning, and said she was a Latter Day Saint both body and soul. Margaret Lutert bore witness that she had been healed by the laying on of hands. Elder C. Cown spoke in tongues and glorified God. Mrs. Bickerton, Mrs. Nichol and Mrs. Crouch all spoke as moved upon by the Holy Ghost. Then the infant child of Timothy Cadman was presented for to be blessed, and the Presiding Elder took it in his arms, laid his hand upon it, asking the Lord's blessing and protection on it. Then Ann M'Masters, Seba Stranger and Sister Householder all bore witness that they had been healed by calling for the Elders according to the Lord's command—"ye shall lay hands on the sick and they shall recover." Old Sister Karniham spoke some of the things that she knew in this Church of Jesus Christ. She said it was twenty-five years since she was baptized into this faith, and although the Church had been split up she still had kept the faith, and there was a promise given her, when confirmed by the laying on of hands, that she should live to see Zion flourish. She said that promise was fulfilled this day. Since she came into this Church, she had seen the gift of healing, tongues, and the interpretations of tongues, visions and the discerning of spirits, &c. Now, this woman is too old and weak to stand up to speak, but sat and related those things that she had experienced. It ought to have its due weight on all that heard and all that may read this—the voice of one just about to enter into eternity a witness for the power of the Gospel. William Bickerton arose and bore witness to visions. At one time he saw the vision of a lamb in the heavens brighter than the sun—and other visions. He had seen the sick healed; he had heard the gift of tongues and interpretation of tongues, and had experienced the same himself; and likewise the gift of prophecy, and so forth. Now, all these things belong to the Gospel, and are the fruits of the Holy Spirit, with its different operations.—Acts, 2d, 17th verse, read the 12th to 1st Cor., &c.—and those had to come to pass in the last days, saith the Lord, before the sun is darkened and the moon turned to blood, &c.

Resolved, That the proceedings of this meeting be published in some public paper, that the world may know that the Lord has renewed his covenant again, according to his purpose.

Therefore, search the Scriptures, for in them ye think ye have eternal life, and they are they which testify of these things that have been written for our learning, that we through patience and comfort of the Scriptures might have hope.

Meeting was then dismissed to meet at night.

At seven o'clock, Conference reassembled and opened in the usual way and an address given on the principles of the Gospel. It was then moved by Charles Brown that some time be set apart to look after the poor and widows in our midst, but was laid over. Jacob Stranger bore witness to the gift of healing.

Meeting was then dismissed to meet again on the first Saturday and Sabbath of October.

T. Bickerton, Sec'y. Wm. Bickerton, Pres't.

The Greensburg Abortion Case.—Daniel Ludwick was before Judge M'Clure yesterday on a writ of habeas corpus and application for admitting him to bail made.

Mr. Cowan appeared for Ludwick and argued at some length in behalf of the application, arguing that even admitting the evidence in Louisa's deposition, it showed nothing of a criminal character. Admitting the worst that the Commonwealth contended for the offence was only a misdemeanor, and therefore bailable.

Messrs. Swartzwelder of this city and Cooke of Greensburg, appeared for the Commonwealth. The latter gentleman plead with much force and eloquence against the application, holding that the crime of Mrs. G. was murder, and that Ludwick as accessory to it, was not bailable.

Mr. Cowan replied, and after having spoken forcibly and at some length in answer to the arguments of the other side, Judge M'Clure took the matter of the application in hand for careful and mature deliberation. What his decision is we shall probably learn to-day.

We understand that the work on the New Bridge over the Allegheny river will commence on the 1st September. A contract has been actually entered [illegible] with Mr. Roebling who is to superintend the [illegible]. The new structure is, as we hear, to be built [illegible] to rest upon one central pier. The present abutment on the Allegheny side is new and will do with but little change for the contemplated structure; that upon this side will have to be reconstructed.

The second annual fair of the Butler County Agricultural Society will be held at Butler, September 21st, 22d and 23d, 1857.

Meeting of the Jews.—A meeting of the Jews of this city was held last evening in the hall of the Vigilant Engine House. A large number of highly respectable citizens of that people were present.

On motion, Mr. Plimpton, of the *Dispatch*, was called to the chair.

Mr. Jarsalowski was appointed Secretary, and on motion the following gentlemen were appointed a Committee to draft resolutions: Messrs. J. M. Kirkpatrick, Frowenfeld, Hershfield, Backofen and Strassburger.

These gentlemen, in due time, submitted the following resolutions:

Whereas, by a recent treaty made and entered into between the two great powers of Switzerland and the United States, relating to national intercourse with the Republic of Switzerland, The Jews, as a people, are made the subject of invidious distinctions and obnoxious discrimination in so far that they are especially and particularly excluded from all its benefits;

And whereas, the history of the past as well as the records of current events furnishes no cause and affords no pretext for diplomatic intercourse and arrangement so unwise, odious and unjust;

And whereas, the Jews of this as of all other countries of which we have any knowledge, have in proportion to their numbers always been citizens equally loyal, law-abiding and patriotic with those of any other nation, therefore,

Resolved, That we hold the stipulations of this treaty, in so far as the Jewish citizens as are excluded from their benefits and proscribed, as largely detrimental to their interests and prosperity as a people, in conflict with the spirit if not the letter of our constitution and directly antagonistic to all those suggestions of amity and courtesy which should animate national diplomatic intercourse in a Christian and enlightened age.

Resolved, That a memorial properly setting forth the wrongs and grievances complained of, with a copy of these resolutions, be signed by the officers of this meeting as such and citizens at large, be prepared and forwarded to the Secretary of the United States, begging his remedial interference in the premises.

Resolved, That the proceedings of this meeting be published in all the papers of this city and elsewhere as may be deemed best in the judgment of the Committee.

Resolved, That a committee of three be appointed by the Chair to carry into effect the details contemplated by these resolutions.

Rev. Mr. Graff addressed the meeting in a spirited and from the applause which he elicited we have no doubt in a most effective speech in German.

After him, Mr. Kirkpatrick answered numerous calls by a pointed speech upon the resolutions. Mr. Jarsalowski also made a speech.

The resolutions were adopted.

THE GRIEVANCE.

The first article of the said treaty contains the following:

"The citizens of the United States and of Switzerland shall be admitted and treated upon a footing of reciprocal equality in the two countries where such admission and treatment *shall not conflict with the constitutional or legal provisions, as well Federal as State, and Cantonal* of the contracting parties."

There is one "cantonal provision" in force which forbids Jews from entering the country, from sojourning temporarily, domiciliating or establishing themselves permanently.

Washington County Items.

We learn from the *Tribune* that "a gentleman from Pittsburgh had an interview with Bill Jones, one day last week. He protests his innocence of the murder of White; says he was thirty miles distant from the scene of the murder at the time it took place, and that he can prove the fact by witnesses; that Fife ought to exonerate him, as he well knows that he (Jones) is innocent. He sent his compliments to the murderers in the Pittsburgh jail, and expressed his sorrow at the probability of not being present to witness their execution, as he would like much to see them hung! He appears perfectly stoical and not at all apprehensive that the crime of which he stands charged will be proved against him."

The *Tribune* says that Mr. David Clark, of this vicinity, cut from two acres, one hundred and forty-two dozen wheat—remarkably large sheafs—well filled. Off 26 acres he has between 14 and 15 hundred dozen, of the finest quality of wheat.

The Washington *Commonwealth* says a boy named Scott, near Canonsburg, was bitten, on Friday last, by a large black spider, in the neck. In a few hours the wound was greatly inflamed, and the boy endured the most excruciating agonies. Physicians were called in, and at our latest advices but little hopes were entertained of his recovery.

The same paper says that the trial of Jones will probably come on at the ensuing term of Court, to be held on the fourth Monday of the present month. We learn that R. A. Koontz, Esq. has been retained by the Commissioners, as assistant counsel, on the part of the Commonwealth.

New Post Master.—Col. Robert Miller has been appointed Post Master, at Locust Hill, in Washington county.

A Valuable and Interesting Book.—We have received from the publishers, Mr. Charles Desilver, Philadelphia, a very valuable and interesting book to wit: Wisconsin and its resources, with Lake Superior, its Commerce, Navigation, etc., giving a particular account of the Lake, its climate, mines, towns, etc., with a tour up the Mississippi to St. Paul, and a canoe voyage up the St. Croix and Brule rivers to Lake Superior. The State of Wisconsin is fully described, and its resources, with a map of the post-offices, constitution, railroads, routes, distances, &c. The book is prettily bound and contains 310 pages.

The book is written by J. S. Ritchie and contains an immense amount of practical information. The author has had the politeness to send us, besides the book, a very convenient map of the whole State of Wisconsin, with a full, and we have no doubt a reliable map of that, to us, *terra incognita*, the South shore, from Pictured Rocks to Fond du Lac.

A similar map, we may add, forms a part of this book. We are sure that this work will find a ready sale in this city where so many interests connected with Lake Superior centre.

Besides this map there is also another of exceeding neat execution, giving upon a large scale the map of the territory lying between 44 and 49 degrees N. lat., which gives a full and complete idea of Lake Superior and all its surroundings.

This book is published in Chicago by Keen & Lee, and in Philadelphia as before mentioned.

We mentioned last week in the *Gazette* that counsel for Fife & Co. had taken the preliminary steps toward taking the case up to the Supreme Court. At that time, as we then stated, the record which is very voluminous was not ready and the matter was postponed until yesterday, when Mr. Rowley, Clerk of Court of Quarter Sessions, had completed it. Counsel made application at that time, asking that a writ of error might issue and Judge Lowrie signified his willingness to examine the record which as we have above stated, is now ready. Before what session of the Supreme Court it may come, we of course are not prepared to say. We presume that if the writ be granted it might go before the session in the Eastern part of the State or come on here in October.—If this effort shall fail, the last ground disappears from under the feet of the sentenced ones. Their safest way now is to put their trust in God, who can have mercy and grant pardon and peace even to them, though under the condemnation of all laws human and divine.

Mormons in Allegheny County.—We did not know, until yesterday, that there were any Mormons in this part of the world; but it seems from the proceedings we publish to-day, that they have an organization at West Elizabeth, and that they keep up the machinery of the church in regular order. The gentleman who furnished us with the proceedings, assures us that this church is not connected, in any way, with the organization in Utah; but the religious tenets appear to be the same. We presume, although we did not take the liberty of inquiring, that they do not practise Polygamy but content themselves with the ordinary religious routine and creed of their sect.

C. P. & A. R. R.—At a meeting of the stockholders of this road, held in Cleveland, Tuesday, the following gentlemen were elected Directors for the ensuing year:

Wm. Case, Charles Hickox, H. B. Payne, T. M. Kelley, A. Stone, Jr., S. Witt, W. D. Beattie, Cleveland; D. R. Paige, Madison; Alfred Kelley, Columbus; T. P. Case, Auburn; J. B. Johnson, Erie; S. J. Randall, Phila., Pa.; James Miles, Girard, Pa.

At a subsequent meeting of the Directors, the following officers were appointed:

Wm. Case, President; Chas. Hickox, Vice President; George B. Ely, Secretary and Treasurer; H. Nottingham, Superintendent; Wm. Bookwith, Chief Engineer.

Exposition of the Ceremonies of the Sons of Malta.—We have received from R. A. Loomis a copy of a pamphlet purporting to have been issued at St. Louis, by George Van Ham, containing a revelation of the Ceremony of Initiation, Signs, &c., of the Sons of Malta. The author says he was expelled from the Order for some technical offence, and takes this method of revenging himself. For sale by R. A. Loomis, at his Periodical Depot, Fifth st., near Wood.

Cream Crackers.—A new article under this name has just made its appearance in this market. We have tasted the crackers and find them delicious.—They are manufactured at Marietta, and a consignment has been received by Mr. A. A. Hardy, who offers them at wholesale to dealers, and will inform inquirers where they may be had by retail. They are destined to become a favorite article of consumption; and we have no doubt the demand will overrun the supply.

Merchants' Exchange Sales of Stocks.—The following Stocks were sold last evening at the Merchants' Exchange by Messrs. Austin Loomis & Co., W. G. McCartney, Auc'r:

20 shares Citizens' Bank.......................$52 50
20 do Iron City Bank..........................51 50

The two colored women, Henrietta Woods and Harriet Belt, at whose house a large amount of stolen goods was found the other day by Mayor Weaver's police, had a hearing yesterday, and were finally committed in default of bail to await their trial on a charge of larceny.

Two men, convicts from Erie county, were lodged in the Penitentiary yesterday. They were accompanied by two boys from the same county, who were placed in the House of Refuge.

Daniel Pratt, the great American traveler, and candidate for the Presidency in 1860, lectured last evening at Oregon Square, describing his adventures, &c. His eloquence drew forth thunders of applause from the vast assembly.

The Methodist Episcopal Church at Butler, Butler co., will be dedicated to the service of God, on Wednesday, August 19th.

The annual commencement of Lafayette College occurred during the last week in July. We have had information from several sources, that the occasion was one of much interest. The graduating class numbered *twenty-seven*. This was the largest ever sent out by the College.

The Western Theological Institution of Allegheny, will commence its next session on the second Monday of next month. Prof. Wilson has formally accepted. The Faculty is now complete.

B. F. Wade, Jr., nephew of Hon. B. F. Wade, died at Jefferson on the 28th ult. He was in the 26th year of his age. When his recovery was given over he was married to his betrothed, who attended on him during his illness.

The Buckeye Blacksmith, so renowned in the Harrison campaign, and who stumped the State for the Fillmore Union ticket last fall, leaves Philadelphia this week, to advocate the claims of Wilmot in the interior.

Pardoned.—Issac M. Brubaker, convicted some months since of seduction, and sentenced to one year's imprisonment in the Lancaster county prison, has been pardoned by Governor Pollock.

Hurd, of the Brownsville *Clipper*, says there is to be a new paper started in that place, and that "the first number will be issued on the first Thursday of September.

The weather is, in sooth, roasting and oppressive, not to say hot, as a perspiring Micawber might suggest under similar circumstances, and a considerable number of citizens have gone off in search of a temporary abiding place, in one of those shady, quiet nooks, with all the trimmings of rustic maids, dancing streams, fresh milk, new laid eggs, of which poets are so fond of singing, but which are so hard to find practically. But those who cannot enjoy these blessings, can enjoy a cool drink from Super's silver soda fountain, at the corner of Penn and St. Clair streets. †

For a Few Days Longer.—Our sales of Gent's and Boy's Clothing, Furnishing Goods &c., will be continued for a short time longer, and feeling confident that the character of the stock and the rates at which it is selling are real inducements to purchasers, all are solicited to make an examination. J. L. Carnaghan, Near the Post Office, Allegheny. ‡

Important.—If ladies wish to restore the roseate hue to their faded cheeks, and infuse new life and vigor into their composition, *Carter's Spanish Mixture* is the very article they so much need. One bottle will do more to produce a healthy, transparent skin, than all the chalk and lily white this side the Atlantic Ocean.

Late Discoveries in Pathology show that very many of the diseases which afflict mankind arise from impurity of the blood. This has long been suspected but is only lately known. In consumption, tubercles are found to be a sedimentary deposite from the blood. Dropsy, Gout, Cancer, Ulcers and Eruptions, all arise in disordered deposites from the blood. Billious diseases and fevers are caused solely by its deranged unhealthy state, and even the decline of life follows a want of vitality in the blood. In view of these facts Dr. Ayer designed his *Cathartic Pill* especially to purify and invigorate the blood, and hence we believe to arise its unparalleled success in controlling and curing disease.—*Medical Journal*. †

That Burdell Baby.—The bogus Burdell baby which turned up in New York, on Tuesday, has kicked up a terrible uproar among the usually serene and unexciteable Gothamites. Baby was in clover when the police stepped in, and the stars found provided for this show heir a fine lot of necessaries. The latter consisted principally of baby clothes, which could not have come from the Brown Stone Clothing Hall of Rockhill & Wilson, Nos. 603 and 605 Chesnut street, above Sixth, Philadelphia. Rockhill & Wilson have on hand a magnificent assortment of garments for gentlemen and youths, but no baby clothes. †

Telegraphic.

From California.

New York, Aug. 12.—The steamer Central America, from Aspinwall, with California dates to the 20th ult., two weeks later than heretofore received, arrived this morning.

California.—The mining news is favorable and the agricultural prospects throughout the State good.

The anti-Broderick party bear down all opposition in the Democratic convention. The proceedings of the session were of a very boisterous character.

The California Democratic State Convention had nominated Hon. J. P. Weller for Governor, and the Republican Convention Edward Stanley, as candidate for the same office. The markets continued depressed, and it was believed that nothing but the suspension of the shipments for two or three months will restore confidence.

Oregon.—In the June election the official majority in favor of the Convention to form a State Constitution was 5,938.

New York, Aug. 13.—The U. S. Mail ship, Empire City, from New Orleans, on the 5th inst. via Havana on the 8th, arrived this morning.

Miss Louisa Kerr, of Savanna, claimed the girl as her property.

Washington City, Aug. 13.—A letter was received to-day from the Superintendent of Indian Affairs for the Northwestern Superintendency of Minnesota, which states that the Yanctons had driven all the settlers from the neighborhood east of Big Sioux river, and that a portion of them have expressed themselves favorable to making a treaty. The Superintendent is inclined to believe that before all the troubles with the annuity Sioux can be permanently settled it will be necessary to make new treaties with them, holding them by stipulations of strong and binding character to the observance of peaceful relations with the United States, and responsible for all depredations.

St. Paul, Aug. 13.—The Republican Convention to-day passed unanimously, Judge Sherborn's resolution, which was rejected by the Democratic Convention on Saturday. The Democrats will probably pass the resolution to-morrow.

MONETARY AND COMMERCIAL.

The money market has not exhibited any new feature of special interest since the date of our last weekly review.—The offerings of good legitimate business paper, though somewhat on the increase, are light, and this class of securities is in demand at 8@10 ₱ cent; other grades are more abundant, and range from 12 to 24 ₱ cent. As the crops begin to move, country Banks increase their circulation; but the assorting houses continue to return currency very promptly, owing to the full rates maintained for Exchange, and the scarcity of the latter, except as provided by shipments of coin drawn from the Banks. The current of specie toward the East has been heavy and constant for sometime past, and this must continue until the products of the harvest move pretty freely toward the sea-board. Then the exports of coin will cease.—Cin. Gaz.

The Wheat Market in the South.—At Nashville, Tenn., on the 6th inst., Wheat was selling at 65@85 ₱ bus, according to quality.

At Augusta, Ga., on the 3d inst., White Wheat was selling at $1,40@1,50, and Red $1,25@1,33.

At Atlanta, in the same State, on the 4th inst., Red Wheat was selling at $1,10@1,15, and White at $1,15@1,20.

At Memphis, Tennessee, on the 24 inst., the Bulletin says:—

"There is but little improvement in Wheat since the last quotation. The general offers for Prime to Choice, for immediate delivery, are from $1,10@$1,15, including bags; or $1,05@1,10 without. There is but little disposition to make contracts for future delivery. Some choice lots are selling as high as $1,20@1,25, bags included. Inferior, 80@90.—Common, 95@$1,00. Prime, $1.10@1.15. Choice, $1,10@1.15, sack returned. Inferior, 85@90c. Common, $1,00@$1,10. Prime, $1,10@1,15. Choice, $1,15@1,20, sacks included."

We hear of about $800,000 in gold, including Sub Treasury transfer drafts, going to Boston for the steamer of tomorrow. Mr. Belmont ships $450,000, and Messrs. Duncan, Sherman & Co. $300,000. The shipment by the Persia next Wednesday will be large, but in the meantime a California delivery will meet the demand.

RIVER NEWS.

The Hibernia arrived last night with a good load.

The Key West, new, is stern in at the shore apparently getting in a new shaft.

There were no boats going out yesterday except the regular packets.

The La Crosse, we think, will get off to-day with a good trip for the Upper Mississippi.

The Reliance, good and popular, leaves to-day at 12 M.—She has rooms for a few more passengers.

The Belmont also will leave at noon.

The river was falling last night with 5 feet 10 inches.—The weather was exceedingly warm, the thermometer ranging among the nineties.

There was but little business done yesterday at the river. The Cheviot was in with a small freight from Wheeling, and left as usual on her trip.

The Telegraph brought down a good load of flour from the upper Monongahela.

The Emma Graham, Capt. Ayres, is the neatest looking steamer we remember at present to have seen. She hauled in at the landing yesterday, after a thorough repairing and renovation—having been painted in the neatest and most tasteful style. She is ready for her trip with Mr. Abbott in the office as before.

The J. W. Cheeseman was the boat from St. Louis hither on Tuesday. The fine steamer Alconia, of St. Louis, has been sold to Capt. Wood, late of the Winchester, for $8,000. She goes into the Memphis trade.

TWENTY-NINTH ANNUAL FAIR OF THE AMERICAN INSTITUTE, at the Crystal Palace, in the city of New York, 1857.

The Managers announce that the Palace will be opened for the reception of goods from Monday, the 7th, until Tuesday the 15th of September. Heavy Goods, and articles from a distance, will be received and stored in the Palace on and after the 1st of July.

No article entered after the 15th of September can compete for the premiums.

Premiums, consisting of Gold, Silver and Bronze Medals, Silver Cups, Diplomas, &c., will be awarded on the recommendation of competent and impartial judges. The Machine Department will be increased in extent, and additional facilities furnished for operating Machinery. We cannot too forcibly impress upon Mechanics and Inventors the necessity of early attendance and having their articles properly located and in working order at the opening of the Fair, inasmuch as no notice however, should be given of the space they wish to occupy, and power required, the amount. The Agricultural Department will consist of an Exhibition of Grain and Standard Grass Seeds, Flour, Dairy Productions, Fruits, Flowers and Vegetables, for which liberal Premiums are offered.

Communications addressed to WM. B. LEONARD, Corresponding Secretary, will meet with immediate attention.

Circulars, containing full particulars, can be had on application at the office of the American Institute, No. 351 Broadway, N. Y.

Rare Inducements.

CARNAGHAN'S ENTIRE STOCK OF MENS' AND BOYS' CLOTHING. TO BE DISPOSED OF.

SALES COMMENCING TUESDAY, JUNE 30, 1857.

AS it intended to enlarge and improve our Store Room LATE IN JULY, the whole stock of GENTS' AND BOYS' CLOTHING, FURNISHING GOODS &c., now on hand will be offered AT PRICES MUCH BELOW THE REGULAR RATES with the view of CLOSING OUT the whole before commencing the improvements.—This it will be observed is not a mere pretext to get rid of old goods, as everything will be found NEW AND FASHIONABLE. But the contemplated alterations would necessarily deface the stock, and to obviate this it is proposed to clear out the whole at very low rates and open the Fall Trade with an assortment altogether new.

A fine variety of piece goods for custom work *exclusively* will be made to order at a large discount.

W. E. CHILDS & CO'S PATENT ELASTIC FIRE AND WATER-PROOF CEMENT ROOFING. PERRIN & JOHNSON, Proprietors.

ARE PREPARED TO CONTRACT AND PUT ON AT THE SHORTEST NOTICE the above Elastic Fire and Water-Proof Cement Roofing, it being the only article yet invented that will successfully resist the action of the atmosphere in every climate.

IT IS PERFECTLY FIRE AND WATER-PROOF,

And in point of durability, we believe it is equal if not superior, to any Metallic Roofing. We can put it on over Old Tin, Tar, Iron or Shingle Roofs, it making no difference how flat or steep the roof may be. This Roofing is warranted to prove as above represented. We will put it on for SIX DOLLARS PER SQUARE, (TEN FEET SQUARE.)

We will apply it upon Tin and Iron Roofs for TWO DOLLARS PER SQUARE, being on account of its durability the cheapest paint that can be used.

We invite all who are building, and also those who wish their Roofs Repaired, to call at our office, 133 Third Street, and examine samples and satisfy the themselves in regard to the durability and practicability of this Roofing.

J. G. PERRIN, S. A. JOHNSON. PERRIN & JOHNSON, No. 133 Third street, between Wood and Smithfield, Pittsburgh, Penna.

I have made a chemical examination of some specimens of W. E. CHILDS & CO'S ROOFING, left at my office, the results of which are as follows:

1st. The material is so compounded as to remain pliable for a great length of time.

2d. The consistency is not readily influenced by the temperature; consequently it would not be liable to melt and run off from a roof in Summer, or crack in Winter, i. e. extremes of natural heat and cold would not injure it.

3d. The composition is not acid but slightly alkaline. It would not destroy the canvass, but on the contrary protect it from the action of the weather.

4th. It is Water-Proof, and to a large extent Fire-Proof; that is, sparks and fire brands falling upon it could not inflame it. In my opinion such a roof will last for years if put on carefully and receiving proper attention.

Respectfully, JOSEPH M. LOCKE, Chemist, Laboratory No. 128 Walnut street, Cincinnati, Ohio.

Cincinnati Agency Royal Ins. Co., Feb. 6th, 1857.

I have examined W. E. Childs & Co's Elastic Fire and Water-Proof Cement Roofing, and as far as I can judge, consider it a good invention and am willing to insure buildings thus protected upon the same terms as I insure those covered with metal. apl;lyd&wF [Signed] JNO. S. LAW, Agt. Royal Ins. Co., London and Liverpool.

Flexible, Fire and Water-Proof Roofing. ADAIR & GRANT, Proprietors, No. 57 Water Street, Pittsburgh, and P. Peterson's, Allegheny.

THIS IS AN ARTICLE SUPERIOR TO ANY OTHER IN THE MARKET. IT IS used extensively in New York and Philadelphia, and is well approved. It is applicable to covering Foundries, Dwellings, Warehouses, Bridges, Steamboats and Railroad Cars.

It will last longer than Metallic Roofing or Shingles, and resists the various changes of climate—neither affected by cold, heat or damp. Its principal ingredient is of an extraordinary *elastic* nature, and it never looses this elasticity. It can be readily applied to all kinds of roofs, flat or steep, old or new, on iron, tin or wood. It will not melt in warm weather, or crack in cold, and it is not injured by being tramped upon.

It is Both Fire and Water-Proof.

For further information, apply to the proprietors. mr27:lyd

BROOKE HALL FEMALE SEMINARY Media, Delaware County, Penna. Miss Maria L. Eastman, Principal.

THIS SEMINARY, SITUATED IN THE delightful and beautiful village of Media, thirteen miles from Philadelphia by Railroad, offers to young ladies the most perfect combination of advantages for the attainment of a thorough and accomplished education.

The large and commodious building lately erected, containing all the modern conveniences of baths, gas, &c., is, with its extensive grounds, a model in all that pertains to the health, comfort, refinement and improvement of the pupils. The sleeping rooms are high, well ventilated, and furnished with comfort and elegance, and but two pupils occupy the same apartment. The number of pupils is limited to forty, for whom seven teachers are employed.—The most faithful instruction is given in all the branches taught, while moral and religious principles are constantly inculcated by theory and practice.

The course of instruction comprises a period of four years, and a diploma is awarded to all who pass through it satisfactorily.

The Right Rev. A. Potter, D. D., L. L. D., Bishop of Pennsylvania, says: "Miss M. L. Eastman, who proposes to open a Young Ladies' Seminary in Media, Delaware county, Pennsylvania, in September next, has been known to the subscriber for several years past. He has a very high opinion of her capacity, efficiency and devotedness as an educator. She has had a large and successful experience.—The building which is to be erected will contain every accommodation. The village and surrounding country are distinguished for healthfulness and beauty; and the subscriber has confidence that parents who entrust their daughters to Miss Eastman will have no cause to regret it."

The French language is taught by a Parisian lady residing in the family.

The Latin, German, Spanish, and Italian languages, receive due attention.

The Natural Sciences are taught with the aid of a large and expensive apparatus.

The Musical Department is under the charge of a lady eminently qualified for the situation, and all who prefer to be taught on the piano or singing by a gentleman, have a visiting teacher from Philadelphia.

Drawing and Painting are under the direction of a lady accomplished in the arts.

The Fall Term commences September 9th.

Miss Eastman has the liberty to refer to the following gentlemen:
Right Rev. A. Potter, Bishop of Pennsylvania.
Hon. Franklin Pierce, ex-President of U. S.
Hon. S. P. Chase, Governor of Ohio.
C. Loeser, Esq., Pottsville, Pa.
