Dr. McLANE'S CELEBRATED VERMIFUGE AND LIVER PILLS.

Two of the best Preparations of the Age.

They are not recommended as Universal Cure-alls, but simply for what their name purports.

The VERMIFUGE, for expelling Worms from the human system, has also been administered with the most satisfactory results to various animals subject to Worms.

The LIVER PILLS, for the cure of LIVER COMPLAINT, all BILIOUS DERANGEMENTS, SICK HEADACHE, &c.

Purchasers will please be particular to ask for Dr. C. McLane's Celebrated VERMIFUGE and LIVER PILLS, prepared by

Fleming Bro's

SOLE PROPRIETORS, Pittsburgh, Pa., and take no other, as there are various other preparations now before the public, purporting to be Vermifuge and Liver Pills. All others, in comparison with Dr. McLane's, are worthless.

The GENUINE McLane's Vermifuge and Liver Pills can now be had at all respectable Drug Stores.

DR. LIBBY'S PILE OINTMENT.—From J. D. Westcott, Governor of and United States Senator from Florida:
For upwards of twenty-five years I have been afflicted with the Piles, have submitted to several surgical operations for their removal, and have tried more than fifty remedies: Dr. Libby's Pile Ointment is the first that has given me relief. From the effects already exhibited, the cure must be rapid and complete.
JAMES D. WESTCOTT.

From George W. Matsell, Chief of Police, New York City:
I have long been troubled with the Piles, and the use of Dr. Libby's Pile Ointment gave me immediate relief. It gives me further pleasure to add that in many instances among my acquaintances it has been used with like results.
GEORGE W. MATSELL, Chief of Police.

From the late Adjutant General of Connecticut:
I have been afflicted with Piles in their most distressing and discouraging form for aperiod of twenty years, and had recourse to the best medical skill without benefit. I supposed the case incurable, and thought that it would destroy my life. Under the circumstances I communced the use of Dr. Libby's Pile Ointment; and the result is a perfect cure. I have no language at my command sufficient to express my gratitude.

Rare Inducements.
CARNAGHAN'S ENTIRE STOCK
OF
MENS' AND BOYS' CLOTHING.
TO BE DISPOSED OF.
SALES COMMENCING TUESDAY, JUNE 30, 1857
AS it intended to enlarge and improve our Store Room LATE IN JULY, the whole stock of MENS' AND BOYS' CLOTHING, FURNISHING GOODS &c., now on hands will be offered AT PRICES MUCH BELOW THE REGULAR RATES with the view of CLOSING OUT the whole before commencing the improvements—and this it will be observed is not a mere pretext to get rid of old goods, as everything will be found NEW AND FASHIONABLE. But the contemplated alterations would necessarily deface the stock, and to obviate this it is proposed to clear out the whole at very low rates and open the Fall Trade with an assortment altogether new.
A fine variety of piece goods for custom work receiving will be made to order at a large discount.

DIGGING AND PRESERVING POTATOES.—This is the month to expect frosts sufficient to kill our potato tops, corn, &c. I think it as well to consider the best method of digging and storing them for winter use, as the quality of this bulb is preserved or considerably impaired by the manner in which this process is performed; and I may say the time of digging has its bearing on the quality for future use. Potatoes, to retain all their preserving and nourishing properties, should, I believe, be harvested soon after the frost killed down the vines, or, should they die from maturity, the sooner they are dug the better, before the ground becomes wet and muddy. They should be stored in the pit or cellar: if in the latter, put them in a dark bin in a cool part of the cellar—the cooler the better. Above the freezing point. I do not believe the practice a good one of digging potatoes out of the ground to lie strewed, exposed to the sun for several hours before they are stored.

BUCKWHEAT TO KILL WIRE-WORMS.—In 1854 I had an old pasture, containing twelve acres, all infested with this pest, eight acres of which were broken and sown to buckwheat. As it was a very dry season, the crop was light. In 1855 the remaining four acres were broken, and the whole sown to buckwheat. The season was favorable, and a good crop was the result. In the spring of 1856 the whole field was sown to oats. The result was, the four acres which had grown only one crop of buckwheat were considerably injured by the worms, while the eight acres which had grown two successive crops of buckwheat were scarcely touched by them.

THE Kansas Constitutional Convention elected bitterly pro-slavery officers. The ultra Southerners have a complete mastery over it. Nothing can be expected from it but a pro-slavery document of the most virulent character.
