Read the Address! The address of the Union County Comm which we present this morning, is an able, clean and convincing document. Read it, ponder ov it, and give it to your neighbor to read.

it, and give it to your neighbor to read. THE AMEXDMENTS TO THE CONSTITUTION.-IN Washington county the County Commissioners have printed tickets for and sgainst the pending amendments to the Constitution, and will dis-tribute them to the various townships. This is the right course, and it ought to be adopted in every other county. There is no fairness in asking or expecting individuals to bear this expense. The people ought to be supplied with tickets from some source; and there is uo source so proper as the officers of the people. While on this subject we take the liberty of saying that we hope the people. While on this subject we take the liberty of saying that we hope the people will reject the fourth amendment proposed. It is as follows: "The Legislature shall have power to alter-heresflor conferred by or under, any special, or general law, whenever in their opinion it may be injurious to the cirperstors." This is a dangerous and unnecessary grant of been and yet another on the roth of the mouth, for and yet another on the roth of the mouth, for Democracy of Allegheny county then when at the 12th of April. 1853, for the Connellsville-and yet another on the roth of the mouth, for Democracy of Allegheny county then, when a Democracy of Allegheny county then when a Democracy of Allegheny county then wenther Democracy of Allegheny county then, when a Democracy of Allegheny county then wenther Democracy of Allegheny

This is a dangerous and unnecessary grant of power. The legislature should not be vesue with it, on any account. In the course of time it may be made the basis of a wholesale attack it may be made the basis of a wholesale attack set of the constraints of the course of time set of the constraints of the course of time set of the constraints of the course of time set of the course of the cou

power. The legislature should not be vested with it, on any account. In the course of time it may be made the basis of a wholesale attack upon corporate property and privileges, and work an infinitude of mischief. The people everywhere should rote against it. "Fare PLAY" in the Chronicle, attempts to answer our reply to the inquiry of "John, "but makee a signal failure. He says there is no op-portunity to take the question to the Suprem Court; we say that there is. The question in this case is not, as he intimates, as to the propriati of paying the interest on the bondaissued to the Chartiers Valley Railroad. It is well known that the Commissioners intend to pay the Nois rember, interest on thes bondais, and if "Fair Play" thinks such payment illegal let him apply to the Supreme Court for an in-junction to restrain them from paying it: that will sottle the question at once. The opportuni-ty is a most excellent one, but if will not be availed of, because "Eair Play" and his fellow demacorage do not want the away ion saithous a sub or provi-tion the supress of the says that bere for the same party decides availed of, because "Eair Play" and his fellow demacorage do not want the away ion saithous a sub the additionate on the suproval the subscription of the same party decides and the bonds issued under them valid. The far plays that days of the same party decides availed of, because "Eair Play" and his fellow ty is a most excellent one, but it will not be availed of, because "Fair Play" and his fellow ment arrives, and things bravely alter. Boldly Thus far all goes on smoothly: but a day for pay-ent availed of; boccuse "Eair Play" and his fellow demagogues do not want the question settled.— Their policy is jo keep it open as long as possi-bler that they may wriggle themselves into office by it. Their refusal to accept the oppor-tunity thus offered proves their insincerity and strips the this subjects them to. We are glad to see that they do not like the ex-posure this subjects them to. Tux locofocos of Wisconsin, after defeating Dr. Heubschman for Governor, who had the con-fidence of the Germans, nominated one Cant Habreu for Trgasurer, who does not seem to plaise them. The German Democrats of Mil-new we is inter the grand and resolved as fol-follows:
