PITTSBURGH: TUESDAY MORNING, OCT. 18, 1867.

READERS MATTER ON RACE PAGE OF THIS PAPER. YOTE THE TICKET-THE WHOLE TICKET!

EXAMINE YOUR TICKETS! Get your Tickets from those upon whom you cause. We have been assured upon the very best of authority that the entire county has been inundated with spurious Republican Tickets, containing the names of a portion of our candi tics, while the rest is composed of Locofocos See to it, friends, that you have no doubt about See to it, friends, that you have no doubt about selves to be betrayed again into the support of the genuineness of the ticket you are about to the Bogus Democracy. He considered all their role; get some reliable person to examine it, or compare it with the ticket at the head of our

Look Out for Spurious Tickets. There is every reason to believe that the at-tempt will be made to-day to mislead Republicans by spurious tickets. LOOK OUT FOR THEM! Compare your tickets with the ticket at the head of our paper. Be watchful! The party that perpetrated the gigantic frauds last all, in Philadelphia and other places, will leav no stone unturned to effect their object.

WILMOT'S CHANCES. We are frequently asked, what are Wilmot's chances? We reply by stating that they are decidedly good—and give our reasons for arriv ing at this conclusion.

In the first place, a gentleman conversar with Philadelphia assures us that the Bogus Democratic vote in that city will fall off abo 10.000-the great frauds practised last year having been discovered, and those engaged them having been indicted and bound over for trial. The "straight-outs" will not poll more than half the vote they did last year, and the majority against Wilmot in the city will not be ver 5 to 8000. Last year the majority against the Fremont Ticket was upwards of 17,0

The sale of the Main Line of Public Works will reduce the Bogus Democratic vote about 5000. The counties on the line of these works onized by Irish voters, to the full extent of 5000 from Ohio and other States where the votes were not required.

A cellector for one of the Philadelphia paper visited 88 counties in Northern, Western and Middle Pennsylvania and in those counties he believed Wilmot would receive a greater vote than that given Fremont. There is perfect harmony prevailing everywhere.

The present hard times will open the eves of at least 20,000 voters who were cheated and defrauded out of their votes by the great swindle of "POLK, DALLAS, AND THE TARIFF OF 1842," coupled with the Buchanan doctrine which we are now experiencing, of Slave Wages ten cents a day for freemen-and scarcely any work at that.

A large number of them who have been cheated by the leaders of the Bogus Democracy, and day, until its echoes die away on the shores of who do not like to vote for Wilmot will stay at the far Pacific. Let your every effort be di home sooner than vote for Packer, and be cheated again.

AGAIN-there are thousands of voters who were led to believe that James Buchanan would favor Free Soil in the Territories-but since he LET US HAVE A LONG PULL, A STRONG has embraced the Ultra Calhoun doctrine on the subject of Slavery—a doctrine which if carried out would re-establish Slavery in Pennsylvania -they have become disgusted with this Slavis Bogus Democracy, and will cast their votes for Wilmot the great advocate of Preedom in th Territories of the United States.

For these reasons we are decidedly of th opinion that if the thinking people will do their duty and vote, Wilmot be triumphantly elected Governor of Pennsylvania to-day.

Pifth Ward. The Sheriff, in his proclamation, has named the old place as the place for holding elections in the Fiftli Ward. The Ward has been divided by law into two precincts and the School House in each appointed as the place of holding the election, and it is not in the power of the Sheriff to make any change therein. It is his duty to ecify in his proclamation the places for holdthe elections in the several districts: but if he fails, through ignorance or otherwise, to name e fixed by law, his failure so to do doe not affect the operations of the law. The pec ple can only vote at the places fixed by lawthe School House in each precinct-and any vot cast elsewhere will be lost.

County Commissioner The great effort of the locofocos to-day wil be to elect their Whiskey-making and Whiskey drinking candidate for County Commission who was in favor of county subscriptions up t 1855, and only turned against them when h could not use them for his own personal benefit faithful. He deserves the support of the entire party, and we trust he will receive it. There i

worthier man in the county. Let every Republican make special efforts to against him. The locofocos have given up their nce of defeating any of the rest of the ticket and are concentrating on Commissioner. Let our men be armed on this point, and protect themselves where they will be most violently assailed.

GER. WM. F. PACKER, candidate of the Repu diating, Pro-Slavery, Locofoco Party of Penn sylvania, for Governor, is a large stockholder i and a member of the Board of Directors the Sunbury and Eric Railway. He spent th most of last winter at Harrisburg, boring i favor of a hill which excited great indignation in this county, to wit: THE BILL GRANTING THE LOAN OF THE STATE CREDIT TO THE SUNBURY AND ERIZ RAILWAY FOR \$3,000,000. Yet this man that would have voted to fleece the tax-payers of this State out of THREE MILLIONS of their ioney, is now the champion of this great Anti-Tax, Locofoco, Free Trade party of Allegheny

money, is now the champion of this great AntiTax, Locofoco, Free Trade party of Aliegheny rounty! Is it possible that any sensible man can be gulled into voting for such bare-faced and outrageous inconsistency as is here? What say you at the polls to-day?

Honest Democrats.

You who have been deluded and defrauded by false promises on the part of your leaders, and thrown out of employment by the almost total destruction of business not only in this region but all over the country, if party feeling or other causes will not, permit you to vote, for Wilmot, (who is a better Democrat than Packer,) you had better not vote at all for Governor. If Wilmot is elected Governor of Pennsylvania, Congress will be compelled to extend relief to the business of the country, by preventing the shipping of our gold and silver to Europe, compelling the banks to suspend specie payments.

But if Packer is elected, who is endorsed by Bachanan, "the ten cent President," it will be an akknowledgement, and will be so proclaimed, that yes are satisfied with the present state of affairs, and Congress will do nothing for the relief of the country. The whole question rests with the country. The whole was to sither remedy or continue the present state of affairs. Which will you do the country of the country which will you do the country. HARRISBURG, Oct. 10, 1857.

Editors Gazette: There has been nothing done in the Senate to-day save a political debate which sprung up on a series of resolutions offered by Mr. Brown, of Philadelphia, relative to the powers of the General Government over the currency. To these resolutions Mr. Coffey, of Indiana, offered an amendment looking to ancrease of specific duties in order to protect the great manufacturing interests of Ponnsylvania.

Mr. Browne in the discussion interrogated Mr. Coffey relative to the opinions of Judge Wilmot upon protection. In reply Mr. Coffey read the letter of Mr. Wilmot to David S. Brown of Philadelphia. Mr. Myer explained that Mr.

WILMOT AND RELIEF The election of Wilmot to-day would do more han all the Legislature can do to prove to the country that the rule of humbug and fraud is at an end. Pennsylvanis elects our Presidents, and she has now the power to induce Congress o give permanent relief to the country. she do it ! To-day will answer that question.

THE true Republican should remember that his duty is, not to scramble for the election o this man or the defeat of that, but to maintain the principles and integrity of the Republica party in good faith with his brother Republicans of all sections of the country. In politics, can-didates for office are but means to ends. REPUBLICANS remember that Buchanan was ent to the position he occupies by villainous
