Pittsburgh Gazette.

TO BUT A PIG IN A POKE.—A poke is a pouch or bag and corresponds to the French word *poche*, as "pocket" does to the diminutive *pochette*. *Bonge* and *bougette* are other forms of the same word; and from these we get "budget," which, curiously enough, has gone back from us to its original owners with a newly acquired meaning; for the French Minister of Finance makes up his annual budget like the English Chancellor of the Exchequer. The French say, *Acheter chat en poche*—to buy a cat in a poke or game bag, and the meaning of the proverb is explained by this other one, *Acheter le chat pour le lievre*—to buy a cat for a hare. So also the Dutch, *Een kat on een zag koopen*; the Italians, *Non comprar gatto in sacco*, &c. The pig of the English proverb is chosen for sake of the alliteration, at some sacrifice of sense.

PAINFULLY MYSTERIOUS.—A gentleman sojourning at a fashionable watering place hotel, who roomed next to two young ladies, overheard the following conversation one morning, recently:

"My dear, I cannot find my bones; and how can I go to breakfast? I shall look as if I had fallen to pieces."

"I will lend you my skeleton, dear, if it will fit you."

"Oh, thank you!—how kind!—yes, exactly."

Only one young lady appeared at breakfast. What was the condition of the one who lent her skeleton?"

FIGURATIVE LANGUAGE.—How many common figurative expressions in our language are borrowed from the art of carpentary, may be seen from the following sentence: "The lawyer who filed the bill, shaved a note, cut an acquaintance, split a hair, made an entry, got up a case, framed an indictment, empannelled a jury, put them in a box, nailed a witness, hammered a judge, and bored a whole court, all in one day, has since laid down law and turned carpenter."

A FALSE THEORY EXPOSED.—THE TRUE SCIENCE REVEALED.
Mankind have long been engulphed in darkness as regards the mysteries of medicine, and of deriving a truthful solution of its power over disease, and its proper use in the treatment of the sick.
Medicine, as practiced by the regular faculty, is a delusion and a snare of improbabilities and uncertainties. There is nothing in its theories on which the physician can rely as certain or fixed; the results obtained from its prescriptions are doubtful, and in most cases unsatisfactory.
It is a solemn and startling fact, that three-fourths of those who have departed this life* died victims not to *disease*, but to the injudicious application of that subtle and uncertain theory, as practiced by the regular faculty.
We have proved the utter fallacy of the regular practice of medicine, and the great undeniable truthfulness of the R. R. R. over and over again; for, in a thousand cases, where the regular physicians have given up their patients as incurable, and had in many cases even set the time to only a few short hours, that their victims had to live, Radway's Ready Relief, Regulators and Resolvent, as the case may have been, has restored those dying patients to new life and health.
In the treatment of the sick by the R. R. R. remedies, there is nothing left to chance or uncertainty, for these remedies are so prepared as to possess fixed and positive curative properties, founded on principles as immutable in their power over diseases, as the laws of gravitation over the earth. It is therefore, impossible for these remedies to fail in removing from the human system the difficulty for which they may be given, and of restoring the whole human system to its natural condition of health.
This is readily seen in the miraculous efficacy of RADWAY'S READY RELIEF—for the moment this remedy is applied to the part or parts of the body tortured with pain, or crippled with infirmities, all pain and uneasiness ceases, and the crippled, lame and wounded limb becomes invigorated with renewed strength. So also with the Resolvent.—The most repulsive Sores, Ulcers, Humors, and the most obstinate of chronic diseases quickly become extinct after a few doses is taken.
In cases of Dyspepsia, Constipation of the Bowels, Derangement of the Liver, Congestions, Pallpitation of the Heart, Radway's Regulators, in the form of Pills, can be relied upon as a positive and certain cofrective and regulator of these difficulties. In cases of temporary Constipation or derangement of the stomach or bowels, the Cathartic and Purgative Pills given by the regular faculty, even if they relieve the temporary difficulty, do so at the expense of the Cramps, Sickness at Stomach, and Weakness, and after the effects of these purgatives are over, the bowels are left costive and the system debilitated. Radway's Regulators will instantly relieve the pain and distress, remove the difficulty and restore a regular action to the liver, stomach, bowels and other organs—they neither irritate, inflame, sicken or weaken the patient, and the evacuations are natural, without purgerating the system or cramping the bowels.
These remedies are the only ones that have produced the legitimate principle to the fixity of a mathematical demonstration—invariable in all cases, and proceeding on a settled principle, and in accordance with the laws of life and health, routine. They, and they alone, have imparted to the intelligent experience and congenial practice of the so called "regular faculty," the precision and invariability which are essential to the requirements of a science. Taking the human body as the problem, and health as its normal condition, they proceed by fixed rules to eliminate all extraneous and deleterious particles, and thus restore the constitution to its integrity, by the expulsion of those local or organic irregularities which vitiate the soundness of the whole.
DANGEROUS DISEASES.
In Cholera, Yellow Fever, Ship Fever, Dysentery, Diphtheria, Typhus and Typhoid Fevers, and all malignant and malarious fevers, Radway's Ready Relief and Regulators are not only positive curatives, but certain preventives.
Not only in the latitudes of the North have these remedies cured the patients of these terrible maladies, but under the burning zones of the tropics, where, in the whole constitutions, they scourged the people as a pestilence, they arrested the progress of the disease, and saved the people from any contagious disease or influence.
CONSTITUTIONAL DISEASES.
All diseases that have become deep seated in the system, called diseases or constitutional, Radway's Resolvent, aided by the liebid and liegulators, will remove. Scrofula, Rheumatism, Gout, Erysipelas, Humors, Humors, Salt Rheum, Scald Head, Ulcers, Sores, Fever Sores, Tumors, Boils, Carbuncles, and all skin diseases will quickly yield to this all powerful remedy.
A few applications of the Ready Relief will, in a few weeks, entirely change the whole condition of the body, we care not from how many generations you have derived your title to your infirmities, Radway's Ready Relief and Resolvent will remove it, and cure it, so that your forefathers were unable to do—a pure and healthy body—pure blood.
COMMON DISEASES.
All diseases prevalent at this season of the year, caused by derangement of the organs of the system, sudden changes of the weather, heat and cold, disturbed circulation of the blood, Rheumatism, Neuralgia, Tic Doloureux, Bowel Complaints, Fever and Ague, Headache, Toothache, Aches and Pains of all kinds, Bruises, Burns, Scalds, Falls, Inflammatory Diseases, Congestive Diseases, Humors in the system, Impure blood, Boils, Pustule Pimples, Blotches, &c. Liver Complaints—Dyspepsia, Kidney Complaints, and all diseases, whether acute, inflammatory, malarious, nervous, chronic or constitutional, Radway's Remedies will most positively exterminate and restore the infirm and enfeebled system to health and strength.
AN OFFER TO THE DYING.
We also have this to say upon the brink of the grave, on which hopes of recovery are fled—we have been given up as its inside by your physician, we invite you to make one more effort to live—to try the last chance. Dying one! one more effort to live—to try the last chance. Dying one! Radway's Remedies cannot do any injury, and may restore to life and health, even though to hopes are entertained by your physicians—make one more effort to live—try the last chance—you have our knowledge and we therefore, feel ourselves justified in requesting the trial. Surely, after your physicians have given you up, you have no prejudice to your using a remedy that must do good, is recommended.
As one of the instances we have alluded to in the above article, we refer the public to the case reported to us by Richard Griffith, Esq., well known in Canada West as a man of high integrity, and well approved of by his countrymen in Chesterfield, Lower Canada, as follows:
HARROWSMITH, Fourteen Co., C. W.,
16th October, 1855.
My wife getting birth to a child, left her bed too early and caught a severe cold, which produced a fever, and for the last physicians in this neighborhood and kingston were in attendance on her—but all of no avail—the doctors had given her up to die. *For seven weeks* I sat at her bedside, momentarily watching to see her breathe her last. I happened to see a copy of your paper called "*The Mercy World*," and there read of your medicines. I resolved to try them as a last resort. I gave her the *Resolvent* with the Regulators—and Relief—according to directions, *and in three days observed a wonderful improvement*. From this she daily recovered, and is now, thank God, better than ever she was in her life.
The child, when three months old, caught a bad cold, and *dreadful scrapy in a more violent*, nothing but to have died, but *his eyes protruded from his head, and a fiery mould drop out*; the physicians all united in saying there was no one of anything to save him, but that our dear babe *was not* to long *and was dead*. But I thought different. I gave him Radway's Ready Relief, Regulators and Resolvent, as the case may have been, and in a few weeks, by my wife, while the doctors gave her up to die, restored to health to them. I gave him the Resolvent internally and used it as a wash externally to his sores—he is now a laughing, hearty, rosy cheeked child, being the best of all my children. I remain your obedient and grateful servant. RICHARD GRIFFITH.
The above, reader, is but one out of thousands of similar cases in the world, where had the services of the physicians been relied upon without further trial, death would have succee
