made in several instances by parties rallying
under the flash names of the cluis. Voters
were frequently beaten and driven from the
polls, and the complaint was almost universal
that naturalized citizens were either excluded
from voting or experienced the thmost difficulty
in depositing their votes. In several instances
members of the special police went to the
mayor's office and resigned their commissions;
others simply removed their badges and retired
with a mortifying sense of their inefficiency.

RESULT OF THE KANSAS ELECTION.—The case RESULT OF THE KARSAS ELECTION.—The case RESULT OF THE KANSAS ELECTION.—The case is clear since the fraudulent returns of Oxford precinct and M'Gee County were rejected. Parrott's majority will exceed four thousand, and as for the Legislature that is thoroughly Free State. In the Senate the Free State men have two-thirds—9 to 4. In the House they have 24 to 15, not quite two-thirds. But, says the Leavenworth Times, (Free State) "as soon, however, as the Legislature convenes, the returns will be properly purged, and the legally elected members admitted to their seate. When this is done, we shall have a two-thirds vote in both branches."

Tan London Daily News makes an important announcement. It understands that the French Government have decided upon rescinding the prohibition against the export of corn and flour from France. To this step they are impelled in consequence of strong remonstrances from the agricultural districts. One likely effect of the measure, according to the Daily News, will be to precipitate a fall in the English Corn Markets, which are already depressed by the high rate of interest, coupled with the accounts from America. KANSAS.-The Free State men who have at offices. Parott, the only lawyer who can to found are heginning to reap their reward in good at offices. Parott, the only lawyer who can to found to defend the Free State treason prispers, is elected to Company. tat offices. Parrott, the only lawyer who can be found to defend the Free State treason prisoners, is elected to Congress. Capt. Samed Walker, the brave commander of the Lawrence militia during the war, is elected sheriff of Douglass county, and has been duly sworn in to succeed the notorious Jones. O. W. Deitzler, one of the treason prisoners, is elected to the Legislature, and so also are many others of the prominent sufferers.

COL FLEMOST AND JESSIE.—Some months since, Mrs. Col. Fremont paid a visit to Europe, and a few days after her departure the Colonel sailed for California. Returning home, they arrived in New York within a few days of each other—Col. F. in the Quaker City, Monday evening, and his lady in the Arago, Tuesday evening. The proceedings in the case of Mrs. Wood-man were unexpectedly brought to a close yes-terday by the arrival of her brother from Mississippi, who, with the consent of all partics, took charge of his sister and left with her for the home of her parents.—N. New Orleans, Nov. 4.—There is a greatly improved feeling in monetary matters here, and the worst of the pinch is believed to be over.—The causes of the improvement are the steady receipts of gold, the resumption of specie paymonts by the Citizens Bank, and the foreign advices, which are generally looked upon as favorable.

Berunned is Discuss.—The late Epaphrodius Bansom has returned from Kansas to Kalamazoo, his former place of residence. His remains ought to be well taken care of by the "Democracy" of Michigan. "The blood of the martyrs is the seed of the church."
