Particular Control WHEELER & WILSON'S FAMILY SEWING MACHINE PRINCIPAL ROOMS. NO. 68 FIFTH STREET, PITTSBURGH. WE HAVE USED THE WHEELER & WILSON SEWING MACHINE AND AP-W plied it to every description of Family Sewing, and find it does all and even more than you have claimed for it, it sews every kind of material, working equally well upon silk, linen, woolen and cotton goods—seaming, quilling, gathering, hemming &c., with a beauty and strength unequalled by any machine that we have seen.

We have no hesitation in recommending it to our friends as an economical and very desirable labor-saving machine. chine.

Respectfully,

MRS. MARY ADAIR,

"DAVID REED,
"SARAH WILSON,
"ROBERT F. WILSON,
"GEO. M. REED,
"W. W. WALLAGE,

"LEONARD, LAWRENCEVILLE.
MR. R. L. BAKER, ECONOMY.

GENT:—The "female operatives" of my family authorize me to speak emphatically in commendation of the "Improved Sewing Machine"—WHEELER & WILSON's—which they have had for several months on trial. They give me to understand that it goes far to make "their labor light," when those labors consist in downright HERMING AND STITCHING: and more than that, like all other labor-saving machines, it sets at liberty a good deal of time that may be employed in other domestic labors, or, still better, in mental culture.

Yours resnectfully. Yours respectfully,
JOHN PIERPOINT, WEST BEDFORD, MASS. FALL TRADE. 1857. B. A. FAHNESTOCK & CO., CORNER WOOD AND FIRST STREETS Pittsburgh, Penna., MPORTERS AND DEALERS IN IMPORTERS AND DEALERS IN

GAS COOKING STOVE COMPANY. Activities of the part of the \$778,221 95 W. E. CHILDS & CO'S CEMENT ROSON, Proprietors,

A RE NOW PREPARED TO CONTRACT AND PUT ON AT THE SHORTEST NOTICE the above Shattle Fire and Water-Proof General Rosong, it because the property of the property of the story clients. \$109,178 30 \$1,177,400 31 IT IS PERFECTLY FIRE AND WATER-PROOF, And in point of durability, we believe it is equal, if not superior, to any Metallic Roofing. We can put it on over Old Tin Tar, Iron or Shingle Roofs, it making no difference how flat or steep the roof may be. This Roofing is warranted to prove as above represented. We will put it on for Shi DOLLARS PERS SQUARE, (TEN PERS T SQUARE).

We will apply it upon Tin and Iron Roof for TWO DOLLARS PERS SQUARE, (TEN PERS T SQUARE).

We will apply it upon Tin and Iron Roof for TWO DOLLARS PERS SQUARE, it call at our office, it is described by the standard standard

I have made a chemical examination of some specimens of W. E. CHILDS & CO'S ROOFING, left at my office, the re-ults of which are as follows:

1st. The material is compounded so as to remain pliable for a great length of time.

2d. The consistency is not readily influenced by the temperature; consequently it would not be liable to melt and run
from a roof in Summer, or crack in Winter i. e. extremes of natural basis and cold would not injure it.

3d. The composition is not acid but slightly alkaline. It would not destroy the canvass, but on the contrary protect

3d. The composition is not acid but slightly alkaline. It would not destroy the causes, and its brands falling upon it could not in it from the action of the weather.

4th. It is Water Proof, and to a large extent Fire-Proof; that is, sparks and fire brands falling upon it could not infame it. In my opinion such a roof will last for years if put on carefully and receiving prompt attention.

JOSEPH M. LOCKE, Chemist, Labaratory No. 128 Walutut trail, Orice, nearly of the Composition o

I have examined W. E. Chines & Co's Elastic Fire and Water-Proof Cement Roofing, and as fir as I can judge, consider it a good invention, and am willing to insure buildings thus protected upon the same terms as I tam judge, consider it a good invention, and am willing to insure buildings thus protected upon the same terms as I tamure those covered with metal.
