

OFFICIAL PAPER OF THE CITY OF PITTSBURGH.

News of the City and Neighborhood.

The sudden and somewhat unexpected adjournment of the Court after passing several important criminal cases which it was expected would continue on for several days, appears to have surprised the people a good deal. We do not know who are called upon to say anything in this matter, but the fact that the continuance of the legal profession took occasion to attribute the action of the Commonwealth in asking that the case be continued to the influence of the press in some degree, demands a word. We think the charge or rather the imputation unjust and we challenge any one about the Court House, or any other place, to show where in the press of this city, as a whole, stepped beyond its legitimate province in a single instance during all the exciting trials that have been passing. Comments that would make a mockery of the mind of a juror, had he access to them, were, we think, in general overlooked.

We think the Court was more frightened than hurt at the verdict in the case of Jones. Because he was acquitted under a state of mind that it was generally believed would result in a verdict exactly contrary to what was rendered, was no indication of the result likely to be obtained in other cases. In fact the clamor raised about the acquittal of Jones would be more likely to have an effect to lighten the coats of justice and give new vigor to the application of the rules of law in succeeding trials. We think the postponement of several of the cases particularly hurt. We are of course not going to indicate what particular ones we refer to, but we have not doubt persons conversant with matters about the Court, and with cases expected to come on, could point out one or two individuals whose trial, knowing the facts in their case and the circumstances surrounding them, and who had been committed, this postponement, bears with particular severity. Justice demanded that they should have a speedy trial, and we have no hesitation in saying that it would have been a fair trial in any one's mind that it is under any future circumstances.

The Court. In the District Court yesterday the trial of the case of *Zimari vs. Zimari* on all day, or at least until late in the afternoon. In the U. S. Court before Judge Orth the latter case from Beaver County was still on, and will probably last all the week. Some of the oldest men in the County are witnesses in the case.

The Supreme Court is still in session and performing a large amount of business which is very busy. The matter of the McClellan convictions will come before them on Monday. The next session of the Criminal Court commences on the 14th Monday of December.

Spinoza.—The New Castle papers have been published a painful occurrence which took place in Wilmington, Delaware, on Friday night, Oct. 11. It seems that some of the students of Westminster College, having no other amusement in the village, went for some time past, the habit of annoying him by throwing stones at his sign. Some of them tried to do this on Friday night, when Cummings had been away with a slight pain. Twenty of the stones entered the body of George M'Nay of Washington county, Pa., very few of which have been abstracted. It is doubtful whether or not he will recover. Cummings admitted the act, but refused to give bail for his appearance at the Quarter Sessions of Lawrence county.

To-night.—Miss Kimberly takes a benefit at the Theatre this evening, on which occasion a play will appear as *Scaramouch*, Queen of Assyria, in Tompkins' great play that title. Although she has never had the pleasure of seeing Miss K. in this great character and cannot, therefore, speak from actual observation; we may, nevertheless, be assured that she is a very good actress who has offered this famous part to the public.

Miss K. also appears in the after-piece, and we are requested to state that in accordance with general request, it will be the piece, given by her as *Scaramouch*. The bill upon the whole is grand, and those who do not see Miss K. to-night will be losers.

Kidnaped.—A couple of chaps were nabbed immediately in front of the Gazette office last night at a little past six. As near as we could learn, two men, apparently *big* and *big*, and one who was going up, and two who were drunk were passing by. One of the first was hauled, one of the possible men was knocked flat by the gutter and threats made by some one of them that would get out of the way, and that they would not be taken back. A cry for the watch was raised. They were taken to the police station, and one of the men taken to the Mayor's office. The performance of knocking down was an apt illustration of the lawless spirit that prevails in certain parts in this city, and which frequently breaks out in spite of the constant efforts of Mayor and police.

An Anti-Slavery meeting is to be held at Mercer next Monday evening. New Exams.—The students of Westminster College have received a monthly paper to be called "Students' Journal." It will be first number will be issued the second Monday of December. The Erie Canal Company will close their canal on the 25th inst.

The New Castle Gazette gives an account of the finding by the cutter at the Cochran house in that place of a counterfeited quarter dollars under the stable floor.

The Greengrass Democrat says on Friday afternoon last, Mitchell, son of Daniel Sawyer, of Hempfield township, this county, left home with the intention of assisting Mr. Harold, residing some distance off, in butchering a beef. Not returning that night, his relatives became anxious to ascertain the cause of his absence. On search he was found in the woods with his throat cut, but not mortally. He said in answer to a question, that some man had cut his throat. He afterwards said he did not know who it happened.

The Crawford Journal says that during a thunder storm which occurred in this quarter on Saturday last, a stable belonging to Mr. Charles Powers, in the lower part of the town, was struck by lightning and set on fire. Before the flames were extinguished it was principally destroyed. A valuable cow belonging to Tim Nicholson, situated in the barn, was killed and a considerable amount of hay, also belonging to Mr. M. was burnt.

Horse Stolen.—Mr. Ephraim Gandy, of East Allegheny, has reported to the County Jail a horse stolen from his pasture field on Sabbath night, the 14th inst. The horse was a bay, about sixteen hands high. A reward is offered for the recovery of the horse, or apprehension of the thief.—West.

Fire.—The property known as *Junkie's Mill*, which has been owned by *Frank & Henry*, located two and a half miles south of Mercer, together with 1000 bushels of grain, was totally destroyed by fire on Thursday night last. —U. County.

The house of Mr. W. S. Shelton, of Adamsburg, Westmoreland county, was burnt on Sunday, and the whole of its contents, but nevertheless escaped with his body.

Lost.—On Thursday last, *Ansinger*, about 22 years of age, left his father's residence, near *Nearby* or *Conrad's* place, in the town of *Greene*, Co., and has not been heard from. His father is in great distress for his son, and together with the neighbors, making great efforts to find him.

Supper Debut.—*Nannal Hubbard*, a colored man, section of the Presbyterian Church in *Greensburg*, was found dead in his bed on Sunday, from the bursting of an aneurism in his lungs. A fatal attack occurred on Saturday last, near *Montgomery's* station, *Lynn* county, which resulted in the death of Mr. Hill, from a stab inflicted by a Mr. Bird, who is a butcher. Bird afterwards gave himself up to the authorities.

Telegraphic.

New York, Nov. 12.—The Arabia is at sea with fully 1,000,000 of the lowest cabinet. The Washington assembly, as usual, in Tompkins Square yesterday listened to speeches from several members of the cabinet with their respective difficulties. They attacked a complete re-arrangement of the cabinet, and a cabinet of cabinet. A band of German musicians was present, and under the leadership of a certain German, they played a selection of their music, which was much appreciated. The German musicians are rapidly on the decline. The United States troops are in the city, and the German musicians are rapidly on the decline. The United States troops are in the city, and the German musicians are rapidly on the decline.
