RIDDLE, GENERAL COMMISSION MEDIUMS AND INK .- The following analysis of Mediums and Ink.—The following analysis of the manner in which spiritual music is sometimes preduced, occurred a few days since in Lowell. The Vox Hopuli says: "The celebrated Davenport mediums who have been performing here, the last two weeks such wonderful tricks as drawing music from various instruments without touching them, were outwitted, a day or two since, by a printer of this city. The two boy mediums were tied hands and feet, and put into a dark (of course!) place with the instruments, the whole arrangement being first examined by the spectators. Now, on this occasion, the said printer was a visitor, and he had been to apply a little private test for his own satisfaction. He took along with him a very little printing ink, (which is as tenacious as wheel-grease,) and marked therewith the instruments. The performance went on; the mediums were firmly tied and bound to their seats, to convince the andlence that they could not touch the in-FINNEY, Agent Eureka Insuracne Co. A. A Good Bible Student.—The Dimmecrats of Chicago held a grand rally on the night before the late election in that city, and so did the Republicans. As a distinguished leader of the former party was holding forth in eloquent terms, he was interupted by the loud cheers of the Republican meeting which was near at hand. Pausing until it was still again, the Captain gave rent to his injured feelings in the following glowing sentence; "Fellow-citizens, you hear them men shouting. Cezar had a great feast onto and a great meeting. There was reveiling and shouting then notwithstanding the hand writing on the wall!!!"
