PITTSBURGH:

THURSDAY MORNING, NOV. 26, 1857.

THANKSGIVING.—The day set apart by the executive of the State as a day of thanksgiving and praise to God for all his mercies, is now present with us. We propose to keep it in a quiet, easy way, for the most part at home. We shall have a no-labor day in the *Gazette* office, and therefore our patrons and friends need not expect any paper from us to-morrow morning. Providence has been so auspicious to us that we have yet leisure and comfort enough to thank Him for, and a dime for those who are a great deal poorer than we are.

The Philadelphians propose to make it a day of fasting and prayer. That is ungrateful. The evils under which we suffer are of our own begetting: the ten millions blessings and comforts at our hand are the gift of God. We may mourn over our own folly, but do not forget to thank Heaven for *its* bounty. The Supreme Ruler is charged with a great many things for which man himself is to blame. There are certain laws of His which, if they are broken, we can't help knowing what will be the result. *Ignorantia legem neminem excusat.* It is true here as at the bar of Court.

That man is *very* miserable who has not much to be thankful for to-day. We have no dreary sermon to dole out on this matter, but advise all who read this to ask whether they have not more good things than they deserve. We are sure that the answer will be such as to demand of them all a hearty response to the executive recommendation. But *do* not forget the poor; God's poor; the tidy, sober, unfortunate people, your neighbors and fellow-creatures. Make their fire-side comfortable and fill their platters with food to-day!

MACKINAW CITY.—Somebody has sent us a handsome copy of a pamphlet, with huge maps and illustrations accompanying it, setting forth the claims of Mackinaw City. Some of our readers have a knowledge of that isolated and romantic spot, and would probably be surprised to learn of the manifold advantages in a commercial, local, religious, political, and every other point of view it possesses and presents, according to this pamphlet. Of course great cities, and particularly great cities on paper, are always the very focus of all the railroads of the country, and hence on the accompanying maps we have the Cincinnati and Mackinaw and the Fort Wayne and Mackinaw roads unwinding themselves from New Orleans, and receiving in a northward current, as the Mississippi does in a southward current, all the railroad commerce of the country, and emptying it right into the lap of Mackinaw City and on the bosom of Mackinaw Island, from which by means of a steam ferry across the straits and the north Pacific R. R., and the Canada Pacific R. R. it is distributed again to all the world and the rest of mankind. Doubtless the finances, weather, and all things else will combine to favor the speedy development of that ancient and sleepy trading and fishing post into the magnificent city of this pamphlet prophecy.

DEMOCRATIC PRESS ON KANSAS.—The Chicago *Times*, (Douglas' organ,) the Detroit *Free Press*, (the organ of Gen. Cass,) Providence *Post*, Albany *Atlas*, Philadelphia *Press*, Buffalo *Courier*, Rochester *Union*, Seneca *Observer*, N. Y. *Herald*, Ohio *Statesman*, Cincinnati *Enquirer*, Milwaukie *Neice*, Boston *Post*, and many other prominent Democratic organs take open and decided grounds against the Kansas Constitution and the outrageous method of submitting it. The *Pennsylvanian* appears to be the main echo of the Washington *Union* in the North, in defending the Kansas swindle. It speaks of the papers we have named as "certain presses with Black Republican proclivities." It is to be hoped they will let their proclivities have full sway.

It appears, in addition to what we have heretofore stated, that in the schedule of the Kansas constitution as recently published three sections were omitted, the most important of which was one requiring the voters at the election, if challenged, to swear to support the constitution, should it be adopted, on penalty of prosecution for perjury.

APPLES.—The New York *Journal of Commerce* says that apples are scarce and dear in that city. Newtown pippins which were in such high favor last year for export, are almost an entire failure, so that the number to be shipped this season will be insignificant. The market price for these is quoted at $7 and $8 per barrel, packed for shipment, and $5 and $6 per barrel, as they run. The crop in Western New York is fair, but in other portions of the State and through the country generally both quantity and quality are inferior. In Ohio, apples appear to be plenty, and for some time they have been a sort of drug in this market. Large quantities go through here every day, to the east; and if it had been known there would be an eastern demand, the supply might have been increased. As it was, large quantities were allowed to go to waste, the price offered being too low to induce holders to pack them for exportation.

GOV. WALKER LEAVES KANSAS FOREVER.—A correspondent of the Chicago *Tribune* says that Gov. Walker, when he left Kansas recently on a *visit* to Washington, took with him his library and all his personal effects, which shows that he has no expectation of returning. The correspondent says that the Governor was drunk when he left Leavenworth and continued so all the way down the river. He adds:

"The excitement in Leavenworth on the subject of the bogus Constitution is intense. A meeting was held there last Saturday, which was addressed by Gen. Lane, Mr. Parrott and and other prominent Free State men. Mr. Henderson, of the Leavenworth *Journal*, one of the framers of the constitution, indiscreetly made his appearance in the Hall. The excitement and indignation was so great that the officers of the meeting had great difficulty in restraining the people from visiting him with the punishment of treason against liberty on the spot.

Another meeting will be held at Leavenworth on the 28th, to decide whether to vote at the constitutional election, *or fight*.

MINNESOTA.—A committee of the citizens have waited on the acting governor and notified him they had reliable information that forged election returns, poll lists, &c., had been manufactured by certain parties, mostly purporting to be the returns from precincts in Cass, Todd and Pembina counties, in which large majorities are represented to have been cast for Mr. Sibley for Governor: and they asked that on the receipt of any returns from these counties, they should have the opportunity of inspecting them, and if brought by messengers of questioning them as to the source from whence they were obtained. The Governor acceded to their request.

THE New Orleans *Delta* has a very bitter article on the Administration for its interference with the movements of General William Walker. It says that the arrest of Walker "was surprising to some of the parties *who had received personal assurances from Mr. Buchanan and members of his Cabinet that the Federal government would interpose no obstacles to Walker's return to Nicaragua, with or without an escort.*" In another place the *Delta* says that "assurances were tendered by the President and Cabinet to General Walker that he would not be molested should he propose to return."

A MAN named Jacob Smith was killed on Friday morning, near Fairview, Cumberland Co., Pa., by a bull which he had purchased some time ago. He undertook to cross a field in which the bull was confined, and had got about half way over, when the animal made after him, and before he could get out of the field had reached him. The bull struck him with his horns and flung him into the air, and afterwards pawed him with his fore feet in a dreadful manner. Several persons witnessed the affair but could not relieve Smith, who has since died. He was a single man, aged about twenty-four.

CRIME IN NEW YORK.—The Grand Jury of New York, in their presentment, state that "the Penitentiary at Blackwell's Island at the present time is crowded with inmates, a part of the female department being allotted to the males, and unless a stop is put to crime, the prison must be enlarged in order to provide for their necessities."

SPERM OIL.—The New Bedford *Standard* says the recent sales of sperm oil in that market, for export, amount to 3500 bbls at $1 per gallon, an unprecedently low price, owing to the necessity of "realizing" brought about by the hard times.

COUNCILS.—A special meeting of councils was held on Tuesday night at the Mayor's rooms.

In Select Council. Present: Messrs. Galway, Kincaid, Lambert, Little, Mackin, Martin, Miller, Moorhead, Morrow, Pollock, Reed, Varnum, Wade, Ward. Absent: Messrs. McCutcheon and Smyth.

Mr. A. H. Miller was called to the chair, in the absence of President McAuley.

Minutes of previous meeting read and approved.

On motion of Mr. Wade, the "ordinance defining the duties of the Treasurer, under the provisions of the act of Assembly, passed at the last session of the Legislature, was taken up and read.

On motion of Mr. Wade, the ordinance was read a second time and considered by sections.

Some unimportant amendments being made to the ordinance, on motion read a third time by its title, and finally adopted. In Common Council action non-concurred in, and ordinance further amended. S. C. receded from their former action and concurred with C. C.

The "ordinance providing for the assessments and collection of city taxes and water rents," was next taken up, and considered in the same manner as the previous one.

The first, second, third and fourth sections were slightly amended. Upon an amendment offered to the fifth section, Mr. Ward called for the yeas and nays, resulting in fourteen ayes to one nay.

Second sixth, seventh and eighth were adopted.

The ordinance was read a third time by its title and adopted.

Mr. Lambert offered the following: "Resolved, That the Mayor be and he is hereby authorized to draw his warrant in favor of Morris Bell, for use of Wm. Brickle, for eleven dollars and twenty-five cents, in lieu of lost warrant No. 604, dated May 5th, 1857, appropriation No. 7 —the same having been duly advertised three times in the Pittsburgh *Daily Dispatch*—the said Morris Bell securing the city from any loss, and charge the same to appropriation No. 14." Read and adopted. In C. C. read twice, and objection being made, the resolution was laid over under the rules.

On motion, adjourned.

In Common Council—Present: Messrs. Bennett Berger, Black, Brown, Edgar, Fitzsimmons, Henderson, Herdman, Hodkinson, Kim, Layton, M'Candless, M'Clintock, M'Collister, M'Farland, Moore, Meyer, Quinn, Reese, Robb, Shaffer, Snyser, Taylor, Wilkinson and President Ferrett.

Minutes of the preceding meeting read and approved.

The ordinance prescribing the duties of the Controller, under the act amending the city charter, was taken up, variously amended, read the third time, and passed. S. C. concurred.

The petition from Members of the German Reformed Church, asking the erection of a lamp in front of their church on Webster and Grant streets, was referred to the Committee on Gas. S. C. concurred.

The Water Committee asked for an additional appropriation to appropriation number 6, of $6,000. Considerable discussion occurred on this resolution which the Committee asked to have adopted, when it passed to a second reading and was laid over.

Ordinance and report presented by Mr. Fitzsimons, relative to the salaries of Mayor ($800) and his clerk ($600) was also read twice and laid over; also two police ordinances and one establishing the office and defining the duties of City Engineer, were ordered to be printed.

Mr. McCandless presented a resolution authorizing the Mayor to draw a duplicate warrant in favor of John Beatty for $8,50, in place of a warrant for that amount which was burned.—Referred to members from the Seventh Ward. S. C. non-concur and authorize the Mayor to draw his warrant for the amount. C. C. recede and concur.

Mr. McCollister offered an ordinance as a substitute for that already before Council, dividing the Third Ward into two election precincts, by the lines of Sixth and High streets in place of Grant street. The whole matter was laid on the table.

The Committee on City Printing presented their reports with resolutions authorizing the Mayor to draw his warrant in favor of S. Riddle & Co., *Daily Gazette*, for $60,80, Foster & Fleeson, $137, '62, and charge to appropriation No. 3, was read. Report accepted and resolutions adopted. S. C. concur.

Mr. Fitzsimons presented the bill of Singerly & Myers for printing, amounting to $200,20. Referred to Committee on City Printing. S. C. concur.

A bill of John W. McCarthy, for posting bills by order of the Street Committee, was presented, and the Mayor authorized to draw his warrant for the amount. S. C. concurred.

The resolution for paving side-walks on Grant street, near Liberty—passed in Common Council at last regular meeting, and non-concurred in by Select—was taken up, former action adhered to, and a Committee of Conference asked for. S. C. also adhered, and concurred in the appointment of Committee of Conference.

On motion, the Council adjourned

Messrs. Dennistoun, Wood & Co. made an assignment early this morning to Mr. John Hone, for the benefit of their creditors. It is not yet known what is the extent of their liabilities, but great confidence is felt that creditors will be paid in full. The suspension of Dutihl & Co. and Hoge & Williamson, we understand, was precipitated, if not caused, by that of Dennistoun & Co. The advices by the previous steamer indicated the strong probability of the result which has followed, and since then parties making remittances to Dennistoun & Co. have in some cases made them on special account.—The misfortunes of this house have drawn out the liveliest sympathy of the mercantile circles. —*N. Y. Trib.*

COUNTRY PAPER.—Some of our "conservative" city banks, it is well known, always turn up their nose at country paper, i. e. at notes payable at banks in the interior. Of all institutions in the city, this class are now deepest in the mire. The proportion of city paper protested in October, as compared with that payable in the country during the same period, is as two to one. Our bank managers will please stick a pin there, and remember that it is a fundamental law in finance that the best business paper is that which stands nearest related to the *consumer*. —*N. Y. Independent.*

THE attempt to lay the Atlantic cable next year is to be made at the end of June or beginning of July, and it has been determined to resort to the plan originally contemplated, namely, to commence the submerging process in the middle of the Atlantic, the two submerging engaged sailing respectively for the shores of Newfoundland and Ireland. Three thousand miles of cable are to be coiled on the vessels instead of 2,000, as in the first attempt and the manufacture of the additional quantity has been commenced by Messrs. Glass & Elliott. The construction of the new paying-out machines has been intrusted to Messrs. Eaton and Amos.

COUNTERFEITERS ARRESTED.—Sundry of the police department made a great haul of spurious coin yesterday, besides several complete sets of apparatus for manufacturing bogus money, and in addition, arrested five persons charged with the crime of manufacturing and passing counterfeit coin. The names of the prisoners are respectively, George W. Williams and wife, of Newport, Ky.; John Amons *alias* Jacob Ames, of this city; Abealom Crail, a carpenter, and Michael McCormack, a grocer, both of Miamitown.—*Cin. Com.*

AN account was lately published of a man who was taking to Kentucky two fugitive slaves, through Ohio, who had been arrested in Cleveland, one of whom escaped from the cars at Carlisle station. It turns out that the two alleged fugitives were free boys who had been kidnapped. The kidnappers have been arrested and committed to jail in Lebanon county. It is unknown what became of the other poor boy, who was taken on to Cincinnati.

PENNSYLVANIA RAILROAD.—The annexed statement shows the freight business of this road, in tons, for the month of October, 1857, compared with the corresponding month in 1856, 1855, 1854, and 1853:

THE Fairfield (Iowa) *Ledger* is informed, on good authority, that a Missouri slaveholder has removed to Warren county, in that State, and brought with him five or six slaves whom he claims a right to keep and work on the free soil of Iowa, under the Dred Scott decision. If that decision is not repudiated, such practical illustrations of its teachings will soon be found in every free State.

HOGS.—There is now a good demand by Chicago packers for live hogs at $4@4,50 ₱ 100 lbs gross. The weather is favorable for packing purposes, and receipts are very fair, being 4,476 head in the 24 hours ending at noon Saturday, by railroad. Most of the receipts are by Illinois Central and by Alton road.—*Chicago Trib.*

AT a recent trial in Broome county, N. Y., it was decided that a passenger having purchased a railroad ticket from one point to another, had a right to ride on any train he chose—stopping over at any place on the road a day or more at his pleasure. The notice, "good for this trip only," was of no legal force.

HON. LANSING WETMORE, formerly a Judge in Warren County, Pa., died in Warren on Sunday night, the 15th inst.

PROVIDENCE, Nov. 23.—The steam cotton mill located in this city has been closed until more encouragement is offered to warrant its being kept open. The mill run a thousand spindles, and employed three hundred hands—all of whom are of course, thrown out of employment.

FOR CORK AND A MARKET.—Amongst the clearances at the Custom House yesterday was a rather unusual one—that of the ship Forest City, Capt. Tyler, for Cork and a market, with 8000 bags of Coffee.—*N. O. Delta.*

THE N. Y. Journal of Commerce gives a list of 62 ships loaded with grain at that port for Europe during the month of November. The aggregate of their cargoes is 1,560,000 bushels. This is, however, less than the export of last November.

THE State of Ohio has sold all its stock in the turnpike roads of that State to John Paul & Co., for the sum of $205,000, payable in 6 per cent. Ohio State bonds.

The banking-house of the branch of the Pennsylvania Bank at Reading has been sold to the Union Bank (lately chartered and just going into operation) for $20,000.

DR. ALEXANDER CAMPBELL, of Ripley, a member of the United States Senate from Ohio, from 1809 to 1813, died on the 5th inst., in the 78th year of his age.

A MAN came near dying in California, by putting on a clean pair of stockings and drinking a glass of cold water—an experiment he had not tried for many years before.

HON. A. G. BROWN, a locofoco disunionist, has been re-elected to the U. S. Senate from Mississippi. He received 111 out of 116 votes cast.

COLONEL FREMONT has been invited to deliver the annual address before the Geographical and Statistical Society of New York.

DIED—On Tuesday evening, November 24th, at 9 o'clock, Mrs. AFFALINDA HARVEY, wife of Mr. A. H. Harvey, in the 67th year of her age.

The friends of the family are invited to attend the funeral at 2 o'clock P. M., THIS DAY, (Thursday,) from the residence of her husband, Troy Hill, to proceed to the Allegheny Cemetery. Carriages will be in waiting on Federal street, below the Diamond, Allegheny, from 12 to 12½ o'clock on the day of the funeral.

Another Pittsburgher testifying to the wonderful curative powers of Boerhave's Holland Bitters.—MR. JACOB WHITE, Third street, below Market, says:

"For a year past I have been afflicted very seriously with Dyspepsia, so much so, that my stomach refused to retain anything. I have tried almost every remedy, and the regimen of several physicians, but without alleviation, until I began the use of *Boerhave's Holland Bitters*, and have now found relief almost amounting to a cure. I found it efficacious in removing the extreme debility occasioned by this disease, and generally as a tonic it has few equals and no superior."

Advanced years often cause us to feel the necessity of a resort to some artificial means, by which to rally and restore temporary strength and being to our impaired faculties, which is most effectually done by the use of HOSTETTER'S CELEBRATED STOMACH BITTERS, before meals. One wineglass used as per directions on the bottle, or in smaller quantities, if the person is weak in body, will convince the most credulous of its restorative effects, to which thousands can testify who used it for years, and under no circumstance could be persuaded to do without. Ladies, especially, have found inestimable benefits resulting from the use of it. For sale by Druggists and dealers generally everywhere, and HOSTETTER & SMITH, 257 Penn st no18dawtf

Twenty Years Blindness Cured by the GRAEFENBERG EYE LOTION.—Mrs. Charity Carnahan, of Tempercanoe, Indiana, was entirely blind in one eye for twenty years, and could scarcely see with the other. An Infallible Cough Remedy.—I had been sick three months, not able to do anything, with a cough and stuffed condition of the wind pipe; I tried several of the best physicians in the city without relief, and at last all of them said my lungs were affected. I was confined to my bed during the greater part of this time, I expectorated a great deal of matter from my lungs. The first two doses of your Pectoral Syrup that I took, I could not take without laying down in my bed, but before I had taken two bottles I was entirely cured. I have been well ever since. My physicians commenced about the first of March, of this year. I am now, and was at the time of my sickness, living at Thomas Patterson's, in Union street, near the Diamond.

For Deaf Persons.—ACOUSTIC AURICLES.—These only invented instruments that enable the deaf to hear in spite of deafness, or to advance of anything yet known, or likely to become of any real service to deaf persons. By means of an artificial drum, the power of hearing is affected, and all the circumstances that attend trumpets and tubes, are entirely dispensed with. They are worn by ladies so as not to be perceptible to others, and are hardly felt when worn. Apply to no6-dawtf Dr. G. H. KEYSER, 140 Wood st.

DR. KEYSER'S SHOULDER BRACES.—From Pittsburgh Dispatch, April 10th, 1856,—For more than 3 years past we have constantly worn the Washington Suspender Brace, manufactured by Dr. Geo. H. Keyser, of No 140 Wood street, in this city, and would heartily recommend it to all who are compelled to follow a sedentary occupation. As we have before remarked, in calling attention to its merits, it answers for a brace and suspenders, the weight of the pantaloons being so placed as to continually tend to bring the shoulders to their natural position and expand the chest. Women, hundreds of whom are annually injured by the weight of enormous "skirts," should also procure these braces. Be particular in procuring the kind mentioned, as many of the imitations are humbugs. Sold at Dr. GEO. H. KEYSER'S, Wholesale Druggist, 140 Wood street, sign of the Golden Mortar. jy26dawtf

THE HEALTH OF AMERICAN WOMEN

—For many years I have been troubled with general weariness and languor, both mental and physical; captive, listlessness, dull headache, pain in the head and temples, coldness and tendency to stiffness, palpitation of the heart, very easily fluttered or excited, appetite variable, stomach and bowels deranged, with pain. Any mental or physical exertion was sure to bring on all the symptoms, and I had in addition, failing of the womb, and great pain in that region. One physician after another exhausted his skill and gave me up. A patient and persevering use of MARSHALL'S UTERINE CATHOLICON fortunately cured me and I have no words sufficient to express my thankfulness

Mrs JULIA ANNE JOHNSON.

I can truly say that I have been a sufferer for many years with whites and deranged menstruation. After a while I had other troubles, such as pale face, indigestion, wasting away, general languor and debility, pain in the small of the back, a sort of aching and dragging sensation, pain between the shoulder blades extending down the spine, loss of appetite, trouble in the stomach and bowels, with cold hands and feet and dreadful nervousness. The least excitement would cause me to feel as if I should fly away. I tried doctors and drugs and everything, one after another, without the benefit. The bottle of MARSHALL'S UTERINE CATHOLICON changed some of the symptoms for the better, and now I am entirely and radically cured. I wish that every woman could know what it will do. CLARISSA OBER.

MARSHALL'S UTERINE CATHOLICAN has cured my life, as I verily believe. I tried doctors and medicine until it seemed useless to try longer, when I met with a lady who recommended the Catholicon so strongly that I deemed it my duty to try it. I was hastily troubled with derangement and prostration. My symptoms were principally pains in the back and abdomen, bearing down pain at the time of the illness, bloating, colic, nausea, constipation, feeling as if the back and limbs were bruised or broken, erectations and vomiting, anxiety (life seemed to be a burden,) disturbed sleep, fearfulness, shudderings, fatiguson walking in the morning, faintness, constipation, soreness of the bowels, pain in the bowels, especially when stooping, great irritability of temper, almost constant inclination to pass water, great restlessness and desire to weep or feel unhappy. I was not only entirely cured myself of all those symptoms, which I have given as an imperfect account of my sufferings, but I have known so many others cured in our town that I feel bound to let you know, that others who are similarly situated may also find relief.

EMMA YOSBURGH.

For a long time I had Uterine complaints with the following symptoms: I was nervous, emaciated and irritable. I seemed to abound in complaints, some of which I will try to give you: pain in the lower organs, and a feeling as if something was going to fall out; inability to walk much on account of a feeling of fullness, aching and dragging, and shooting pains in the back, loins, and extending down in the legs the latter producing my riding caused great pain: spasmodic shootings and pains in the side, stomach and bowels; headache, with ringing in the ears; every fiber of the body seemed sore, great irritability; intense nervousness. I could not bear the least excitement without being prostrated for a day; I could scarcely move about the house, and did not take pleasure in anything. I had given up hope, having tried everything, as I supposed in vain, but a friend called my attention to MARSHALL'S UTERINE CATHOLICON. I took it, hoping against hope. Most fortunately it cured me, and these I am a healthier or more grateful woman in the country. I trust all will use it. It is truly the woman's friend in need. Mrs. FLORENCE LESLIE.

PROF. O. J. WOOD—Dear Sir: Some time last summer we were induced to use some of your Hair Restorative, and its effects were so wonderful, we feel it our duty to you and the afflicted, to report it.

Our little son's head for some time had been perfectly covered with sores, and sometimes a scald head. The hair almost entirely came off in consequence, when a friend, seeing his sufferings, advised us to use your Restorative, we did so with little hope of success, but, to our surprise, and that of all our friends, a very few applications removed the disease entirely, and a new and luxuriant crop of hair soon started outgand we can now say that our boy has as healthy a scalp, and as luxuriant a crop of hair as any other child—We can therefore, and do hereby recommend your Restorative, as a perfect remedy for all diseases of the scalp and hair. We are, yours, respectfully,

GEORGE W. HIGGINBOTHAM.
