MR. VARNUM DECLINES.—We stated, yesterday, that Mr. Varnum's name had been mentioned as a candidate for City Treasurer. Mr. Varnum requests us to say that he is not and will not be a candidate for that office.

THE RIGHT TALK.—During all the troubles in Kansas the one man there who seems to have taken the right view of things is Gen. Lane. He has been thought ultra and dangerous; but if his advice had been thoroughly followed, the people of that territory would not be in their present dilemma. In the midst of existing difficulties he alone, of all their publicmen, appears bold enough to speak of the true remedy; but while the leaders hang back, it is plain that the people are with him. We find in the Cincinnati *Times* a report of his speech at the late Leavenworth meeting, and append the following extracts:

"Gentlemen of Leavenworth City, we have come to the last move on the chess-board of the Kansas politics! It is *the* last move, and *the greatest* move on this great political board. This last act of the Pro-Slavery party is consistent with all their former acts, only it is altogether the most desperate. It stirs up all our blood, and we hardly know what to do in this trying time. I have stood here, gentlemen, on Kansas soil, and seen a fraudulent Legislature forced upon us by a neighboring State! I have seen invasion come pouring in upon us—I have seen the crimes in every shape committed upon the settlers of Kansas' soil, but this last act crowns them all in villainy and fraud! And I say to them all in villainy and fraud! And I say it here, and am personally responsible for what I say, that these *villains have forfeited their lives to an injured people!* (The applause here was deafening, and it was some minutes before it subsided sufficient for the speaker to proceed.) I told as member of that Convention last night that we would *bead* them—or be-*head* them! (A laugh.) I am not a going to advise war or bloodshed here to-night, for perhaps there is no need of that. We have now got the goats so separated from the sheep, that we can easily kill them, without committing crime! (Renewed laughter.) For I truly believe that if God should show his special providence here to-night, we should see in these starry heavens his hand, commanding us to *exterminate these villains!* (Cries of—Good! good! Show us the hand in the skies, Jim, and we'll do it!" (Laughter.)

"An honest man said to me to-day he should not be surprised if, on any morning he should wake up and see these men dangling from the limb of some tree—hung by the outraged people!" At this point, some one cried "Let's do it to-night!" and for some time the excitement was so great as to prohibit the speaker from proceeding."

Now this has the smack of backwoods roughness and coarseness upon it, and we by no means commend the speaker's manner of utterance; but rough and coarse as it is, it indicates the only effectual remedy left to the people of that distracted region. It is not Squatter Sovereignty they want, but an efficient Committee of Vigilance such as they had in San Francisco. That, and that only will rid them of the thieves and scoundrels whom this administration has encouraged and forced upon them. When it is remembered that these villains have been guilty, not merely of unparalleled political crimes, but of every other crime in the calendar—robbery, arson, murder and all their affiliated crimes—there will be no hesitancy in concurring in this judgment. The officials of the national government, there, have been selected from among these robbers and cut-throats, as a special reward for their villainy; and the only way to get rid of them is to treat them after the fashion of San Francisco.

NEW YORK ELECTION.—On Tuesday last, our neighbor of the *Union* said:

"This evening we expect to hear good news from this locality, as the result of the labors of *all* the influential and respectable journals, which we are informed present an undivided front against the re-election of Mayor Wood."

The good news didn't come, and the *Union* is inconsolable. "Party infidelity" and "political infamy" have triumphed over the "democracy," and the affairs of the party have come to a pretty pass, indeed." Why, what *is* to become of the party when the embodiment of scoundrelism and villainy cannot be put safely through by party drill and a "devil incarnate" is overwhelmed with defeat? Alas! it is a sad state of things, for if revolt is successful in New York, against the combined efforts of the Satanic *Herald* and the pious *Journal of Commerce*, where else can the party be considered safe?

We do not wish to mortify our democratic neighbor any more than can possibly be avoided; but we cannot resist the temptation to give the following figures of "the good news from this locality:"

Buchanan's majority, 4220 Tieman's maj., 2642

THE telegraph has been going it with a perfect looseness recently in reporting receipts of gold. The Vanderbilt was reported as having one million dollars. It turns out that her specie list was only $60,000. The Northern Light was announced to have near two million on board. It now appears the amount is but a trifle over one million.

We have observed that the telegraph for the transmission of figures, is becoming daily more and more unreliable. If it continues to progress in this direction it will very soon become utterly worthless as a medium for communicating commercial intelligence. As it is now it is not safe to rely upon figures received by telegraph. Our market reports are terribly butchered. Wenever attempt to correct the most glaring errors, but notwithstanding our watchfulness, mistakes occur frequently. Perhaps the telegraph is not wholly to blame for all the blunders, inasmuch as the market reports transmitted to the Western Press are made up, we are informed, by an incompetent reporter.—*Cin. Gaz.*

The *Gazette* must be cautious how it speaks about "telegraphic reporters." We have received an official notice from a reporter not a thousand miles from Cincinnati that if we indulge again in comments upon his reports that we shall be cut off altogether from the privileges of the telegraph. Our namesake at Cincinnati would do well, therefore, to beware.

THE Philadelphia *Press* continues to fight the "Calhoun Constitution," a leading states-

OUR BOOK TABLE.

BENTON'S DEBATES.—The 4th volume of the "Abridgment of the Debates in Congress" is in hand. This is an exceedingly interesting volume, covering the period of the Embargo, the preliminary debates in Congress touching the war question, and giving the full legislative history of that struggle after it did break out. We have here the parliamentary history of our country from 1808 to 1812. This time also includes the history of the retiracy of Mr. Jefferson and of the election and inauguration of Mr. Madison. The volume will be found an uncommonly valuable one. For sale by J. B. D Clark, No. 13 St. Clair st.

We are glad to learn that the Appletons are about to issue a splendid work, in two volumes, entitled a Cyclopedia of American Eloquence. Its title is sufficiently suggestive. The want of a work of this kind is obvious. Mr. Clark (as above) is agent here.

INDIA: A Sketch of its Ancient and Modern History, etc.

Our good friend, Josiah Copley, Esq., has, put upon the times, issued a sketch with the above title, making a pamphlet of 18 pages. It is full of valuable, interesting, and, we doubt not, reliable facts in relation to a country concerning which recent events have stimulated a spirit of active inquiry. It can be had of Mr. Shryock, we presume, at the *Gazette* building.

ARREST OF WM. S. TUCKERMAN CHARGED WITH ROBBING THE U. S. MAIL.—The announcement by telegraph from Springfield, yesterday afternoon, that William S. Tuckerman, who, as Treasurer of the Eastern Railroad, defrauded that corporation of about a quarter of a million of dollars, was in jail in New Haven for mail robbery, took the community somewhat by surprise. It was but a few days ago that the exceptions to his conviction in the Municipal Court on the charge of embezzlement, were argued. Hon. Rufus Choate appearing in his behalf.

For a number of months back, the Post Office Department has been cognizant of a systematic robbery of the mails. They were generally distant mails, such as New Orleans, Galveston, Chicago, which rendered the task of detection extremely difficult. About the fourteenth of November a Philadelphia mail was robbed of a large amount of notes and drafts, and probably also money also. Within a day or two, it was announced that the mail from Cuba for the State of Maine by the steamer of the 16th inst., containing about 600 letters, and which had been duly forwarded from New York, was not to be found, it having been abstracted on the route between New York and Boston. It also stated that the mail which left Boston on Sunday, the 22d of November, by the New Haven mail route, containing a large amount of drafts and letters from Maine and this city, was also abstracted, together with, it is supposed, a considerable amount of money, how large is not known.

For some time, the well-known special mail agent, Mr. Holbrook, has been upon the track of the robber, gradually narrowing the field of operations, until at last, according to a telegraphic dispatch received from him, he has pounced upon the culprit, against whom, he says, the proof is positive, added to which, according to the account from Springfield, is his own confession.

It appears that the suspicions of the post-office officials have been turned to Mr. Tuckerman for several weeks or more, and that in consequence he has been closely watched. It was found that he was in the habit of going to and from New York in the New Haven mail trains, especially on Sunday night, when no mail agent accompanied the bags. He has—if the accusations against him are correct—committed his depredations once too often, and was caught in the toils. Mr Tuckerman will be examined at New Haven to-day, when a full development of all the facts in the case will probably be made. If the statements in regard to the extent of the robberies are correct, and can be brought home to Mr. Tuckerman, he will be liable to a life sentence of imprisonment.

Springfield, Nov. 30.—Mr. S. Tuckerman, formerly Treasurer of the Eastern Railroad at Boston, was arrested last night at New Haven, for robbing the mail. The evidence was conclusive, and it is understood that he confesses his guilt. He has been in the habit of taking the Sunday night Boston train from New York carrying with him a large trunk empty, with the exception of a carpet bag filled with clock weights, to make it appear heavy. During the temporary absence of the baggage man from his car, he would steal a mail bag, and place it in his trunk.

The Philadelphia mail for Boston has been the one usually stolen.

The exact amount of his robberies cannot be ascertained to-night, but they are said to be very heavy.

In addition we learn that Mr. Tuckerman took passage on board the night train from New York on Sunday evening. Mr. Holbrook was also a passenger, with a police officer. Mr. Tuckerman was seen to go in the baggage-car, take a bag from the heap, place it in his trunk and lock it up. For some reason, however, probably from a suspicion that he had been watched, he unlocked the trunk again, took out the bag and threw it back. Immediately afterwards he was in the custody of Mr. Holbrook.—*Bost. Trav.*

THE PORK TRADE.—Under the influence of large receipts, (though not greater than usual at this season) and unfavorable weather, with a very limited demand for the products, the market for Hogs during the week has been in good deal depressed, and prices declined fully 75c per cwt., net, closing rather dull.

Drovers, as a general thing, have been badly "caught" the present season, and must satisfy greater anxiety which existed on the part of packers, and speculators, to make contracts during the first seven or eight months of the year, extended generally to Drovers, who made contracts with feeders early in the season at high prices, thus stimulating to a material degree, and leading in this way to the sale of the great bulk of those fattened very early in the season. It is but reasonable that Drovers should feel keenly the turn the trade has taken against them, and under such circumstances they will be induced to accept of any proposition which may promise them any relief, and are, we understand, inclining to a great extent in the interior on time, and in this way obtaining, nominally, higher prices.

Our advices from the Western points leave no doubt that packing will be done in the small way to a great extent this year, thus diverting a large number of Hogs from the regular packing points, and apparently diminishing the crop.

The receipts of Hogs at this place during the week have been large, but not much beyond what they were the corresponding week last year. The following are the particulars:

Total for the week.....	55,172
Previously reported.....	39,909
Total for the season.....	95,081

Private letters from England speak most unfavorably with reference to the prospects of the Provision trade, and we understand orders held here by parties for American Bacon have been countermanded. It is very clear there will be nothing done in box meats for the English Market the present season, except at very low prices. Nothing has been done, so far, though up to this time last year over 20,000 boxes had been packed at this point alone.—*Cin. Price Current.*

WASHINGTON, Tuesday, Dec. 1, 1857.—At the Cabinet meeting to-day the Kansas question was discussed. A number of leading Southern Democrats have arrived within a day or two, and their influence upon the counsels of the Administration is always very manifest. The Lecompton Constitution is to be forced upon Kansas if it can be got through Congress by the most stringent party drill. The South insists upon it, and the Administration acquiesces.—Personal as well as party considerations have tended to produce this decision. It is considered a good opportunity to check the aspirations of Gov. Walker and Senator Douglas, and to purify the party from the remnants of Free State sentiments. Governor Walker, if not removed, will have a policy in Kansas prescribed to him which he cannot follow, and which will compel his resignation.

A letter has been received from Secretary Stanton by the President recalling his resignation as Secretary of Kansas, and assigning as a reason for this course his intention of standing or falling by Gov. Walker, whose whole course he approved.—*N. Y. Trib.*

COL. GEORGE BARSTOW has arrived in this city from the northern part of Minnesota, and reports that the grasshoppers or locusts which made such ravages in the wheat fields the past season left in August without depositing their eggs, and no apprehensions are felt about their return; that the Indians, now mostly removed to the outskirts of the Territory, are peaceable, and that the farmers, hopeful and joyful, are preparing to sow large quantities of wheat the ensuing Spring. This report from Col. Barstow will tend to quiet the alarm that has been felt among the people of the Eastern States who have friends settled in Minnesota.—*N. Y. Trib.*

Another Instance of the Efficacy of Berhave's Holland Bitters.—I, M. Poindexter, at Union office, September, 16th, 1854, say:

I have been suffering very seriously affected with pain and uneasiness at the stomach, loss of appetite, and at times strong symptoms of dyspepsia. I was induced to try your Holland Bitters, and I feel it but an act of justice to the article, as well as for the good of those who may be affected with like derangement of the stomach, to state, that the use of one single bottle of this medicine proved of inestimable benefit, having freed the stomach from all sense of depression, and removed every symptom of dyspepsia. I would also remark, that two other members of my family, who were afflicted in a similar manner with myself, were entirely relieved by the use of a single bottle each.

☞Sold at 81 per bottle, or six bottles for $5, by the proprietors, BENJ. PAGE, JR., & Co., Manufacturing Pharmaceutists and Chemists, Pittsburgh, Pa., and Druggists generally. See advertisement.

Advanced years often cause us to feel the necessity of a resort to some artificial means, by which to rally and restore temporary strength and being to our impaired faculties, which is most effectually done by the use of HOSTETTER'S CELEBRATED STOMACH BITTERS. Some wine-glasses used as per directions on the bottle, or in smaller quantities, if the person is weak in body, will convince the most credulous of its restorative effects, to which thousands testify who used it for years, and under its genial influence could be persuaded to do without. Ladies, especially, whose constitutions are debilitated, will find in it a most valuable and invaluable benefits resulting from the use of it. For sale by Druggists and dealers generally everywhere.

DR. KEYSER'S SHOULDER BRACES—From Pittsburgh Dispatch, April 10th, 1855.—For more than 3 years past we have constantly worn the Washington Spounder Brace, manufactured by Dr. Geo. H. Keyser, of No 140 Wood street, in this city, and would heartily recommend it to all who are compelled to follow a sedentary occupation. As we have before remarked, in calling attention to this invention, it answers for a brace and suspenders, the weight of the pantaloons being so placed as to continually pand the chest. Women, hundreds of whom are annually injured by the weight of enormous "skirts" should also procure these braces. In particular in procuring the kind mentioned, samples of the braces sold are hanging, sold at Dr. GEO. H. KEYSER'S, Wholesale Depot, No. 140 Wood rect, sign of the Golden Mortar. oct24dawly

An Infallible Cough Remedy.—I had been sick three months, not able to do anything, with a cough and stuffed condition of the windpipe. I tried several of the best physicians in this city without receiving any benefit. I was confined to all of them said my lungs were affected. I was confined to my bed during the greater part of this time, I supectorated so great deal of matter from my lungs. The first one bottle I used of your Pectoral Syrup that I took, I could notice a change. After having taken two bottles I was entirely cured. I have been well ever since. My sickness commenced about the first of March, of this year. I am now, and was at the time of my sickness, living at Thomas Patterson's, in Union street, near the Diamond.

THE HEALTH OF AMERICAN WOMEN
—For many years I have been dreadfully troubled with general weariness and languor, have frequently been troubled with sick headache, pain in the head and temples, restlessness, and tendency to stiffness, palpitation of the heart, coldness and tenderness of the stomach, sometimes very easily flustered or excited, appetite variable, sometimes good and sometimes with pain. Any mental or physical exertion was sure to bring on all the symptoms, and I had a dragging sensation, pain between the shoulder blades extending through with cold hands and feet, trouble in the stomach and bowels, with constant nervousness. The least excitement would make me feel as if I should fly away. I tried doctors and medicines until I was nearly discouraged, and was finally induced to use your Restorative, and am happy to say it has been of great benefit. One bottle of MARSHALL'S UTERINE CATHOLICON fortunately cured me of all my symptoms, and I feel healthy, and SOON changed some of my symptoms for the better, and now I am entirely cured. I wish that every woman could know what it will do.

MARSHALL'S UTERINE CATHOLICON has saved my life, as I verily believe. I tried doctors and medicines until I was nearly discouraged, and was finally induced to use your Restorative, and am happy to say it has been of great benefit. One bottle of MARSHALL'S UTERINE CATHOLICON fortunately cured me of all my symptoms, and I feel healthy, and SOON changed some of my symptoms for the better, and now I am entirely cured. MARSHALL'S UTERINE CATHOLICON has saved my life, as I verily believe. I tried doctors and medicines until I was nearly discouraged, and was finally induced to use your Restorative, and am happy to say it has been of great benefit. One bottle of MARSHALL'S UTERINE CATHOLICON fortunately cured me of all my symptoms, and I feel healthy, and SOON changed some of my symptoms for the better, and now I am entirely cured. I wish that every woman could know what it will do.

For a long time I had Uterine complaints with the following symptoms: I was nervous, emaciated and irritable; I seemed to abound in complaints, some of which I will try to name: Pain in the lower organs, and a feeling as if something was going to fall out; inability to walk much or do anything without suffering; aching and dragging, and count of a feeling of fullness; aching down the back, pain in the back, loins, and extending down the legs; the jolting produced by riding caused great pain; the bloody discharges and pains in the side, stomach and bowels made me sick; every fiber of the body was affected, with ringing in the ears; every fiber of the body seemed sore; great irritability; intense nervousness, I did not hear the least excitement without being prostrated; did not hear the least excitement without being prostrated; did not sleep for a night for months at a time, and could not for a day; I could scarcely move about the house, and did not take pleasure in anything. I had given up hope, having tried everything, as I supposed in vain, for cure. I then called my attention to MARSHALL'S UTERINE CATHOLICON, and was induced to try it against hope. Most fortunately it cured me. I took in three weeks, and I am entirely a woman to-day, and there is not a healthier or more grateful woman in the country. I trust all will use it. It is truly the woman's friend indeed.

MRS. FLORENCE LESLIE.

PROF. O. J. WOOD—Dear Sir: Some time last summer we were induced to use some of your Hair Restorative, and its effects were so wonderful, we feel it our duty to you and the afflicted, to report it.

Our little son's head for some time had been perfectly covered with sores, and some called it scald head. The hair came off in consequence, when a friend, seeing our child almost entirely came off in consequence, when a friend, seeing our child almost entirely came off in consequence, when a friend, seeing his sufferings, advised us to use your Restorative, we did so with little hope of success, but to our surprise, and that of all our friends, a very few applications removed the disease entirely, and a new and luxuriant crop of hair soon started out, and we can now say that our boy, has as healthy a crop, and as luxuriant a crop of hair as any other child—We can therefore, and do hereby recommend your Restorative, as a perfect remedy for all diseases of the scalp and hair. We are, yours, respectfully,
GEORGE W. HIGGINBOTHAM.

PROF. O. J. WOOD—Dear Sir: I have used two bottles of Prof. Wood's Hair Restorative, and can truly say it is the best article I ever used for restoring and changing the Hair. Before using it I was a man of seventy. My hair has now attained its original color. You can recommend it to the world without the least fear, as my case was one of the worst kind. Yours respectfully,
DANIEL L. MURPHY.
