PITTSBURGH:

MONDAY MORNING, DEC. 7, 1857.

☞ OFFICIAL PAPER OF THE CITY. ☜

News of the City and Neighborhood.

ECONOMY.—Among the various unnecessary—and we had almost said cruel—expenses which fashion has fastened upon people, is that of spending several hundred dollars in hiring carriages for funeral occasions. We are sure that no one can have greater respect for the sacred relics of the loved and lost than we have. We would see every mark of respect bestowed upon all that is left to love of friends and neighbors. But it is frequently the case that, in accordance with a custom that has grown almost universal, poor people spend enough in hiring coaches, to keep a small family a whole year.—We think that it is the Archbishop of New York who issued his interdict upon this custom among the very poor among the disciples of the Romish Church, and it was an excellent regulation in our view. Those who really loved the dead when they were living, will not hesitate to follow the relics to the grave without the aid of carriages. Near and dear relatives, in feeble health, would of course need to ride, but when the hiring of coaches extends to the sum of sixty, seventy or one hundred dollars, it takes the hard-earned savings of a laboring man for a whole year to meet it, and, in the meantime, the living have to deny themselves comforts to pay for that which could not have been considered necessary in order to evince due and worthy respect for the dead. These remarks can of course have no application to the rich; to those who have an abundance of the world's goods, but even they might give a portion of the bounty bestowed in this way, to relieve the sufferings of the unfortunate who have not wherewithal to protect them from the frosts and snows of winter or keep the children from hunger and misery. Pompous funeral pageants are not half so much worth as the gifts of charity to the suffering.

BEAVER COUNTY DEMOCRACY.—The following be-eutiful sentiments we clip from the Beaver *Star*. They are clipped from an article on "political preaching":

"Well, Mr. Buchanan is elected, the Democratic party is in power, and Kansas is destined to become a Democratic Free State. Now, we told these political preachers, at the time, that they lied!—But what is our duty now? We consider we should say to all our political preachers—as the honest but mistaken Pennsylvania the unscrupulous Bradford, and the little, truckling Murry—*you lied!*

We think it will be long, long before the clergy of this country will attempt such a bold manoeuver. And we trust that our clergy may never again attempt a plan of operation so fatal to their influence as the last one has been."

The above morceau was in the second issue of that paper under the new *regime*. Why, isn't Mr. Barclay, this new "democrat" that shines in the Beaver *Star* and calls Mr. Passavant and Mr. Bradford liars! isn't he the chap that used to pretend to be a Republican out in Indiana county and at one time was in some way connected with our friend Moorhead's paper the Indiana *Independent*? If Mr. Barclay won't answer us (of course he will) we believe Mr. Moorhead will. We may be mistaken in the name of Mr. Barclay. We are anxious to know about a man that can make his salutatory, almost in such excellent phrases as we have quoted above.

COURT AT WOOSTER.—The Court at Wooster, Ohio adjourned on Saturday evening. We learn from the *Republican* that a large amount of important business was disposed of, while much more goes over to the next term. The motions for new trials in the case of Charles and John Cooper convicted, the former for stealing and the latter for concealing stolen goods, were overruled and the young men sentenced to one year' confinement each in the Penitentiary. The boys were both of them affected to tears by the remarks of the judge who had himself great difficulty to maintain the character of a stern judge. The young men started for Columbus Monday morning in company with Sheriff Eakens and two Assistants. They both have friendly sympathizers, who regard their crimes as more the result of bad associates and bad habits, than as growing out of any seated determination to crime. John Cooper especially, has all the elements of a true man, and had he avoided strong drink, would now have a happy future before him in the place of a cell in the Penitentiary.

For the Pittsburgh Gazette.

Eds. Gazette:—I was astonished in reading your article on the free and easy manner of conducting affairs in our county prison, but several lawyers have assured me that you have given a true picture.

The public are anxious to know why Fife was not taken up to McKeesport to point out the exact spot in the bank where he made the deposit. Nothing but the genuine coin will satisfy the people now-a-days, when so many banks are suspended. (Pardon me, Fife, for that word.) That counterfeit presentment of money, said to have been found in Wolf's loft, won't pass current now—*not even a broker will redeem it*. The scheme is too transparent to help the sale of the confession, and get blood money from the tale of a murderer. Try again: that cock won't fight.

TOGEE will be a public meeting on this evening, (Monday,) at 7 o'clock, in Dr. Rodgers' Church, corner of Sandusky street and the South Common, Allegheny, to hear an address from the Rev. Dr. Monod, of Paris, France, on the state of religion in that city, and the importance of securing a house of worship for the accommodation of evangelical christians in that great metropolis. A collection will be taken up, and the people are invited to attend, and to come prepared to contribute liberally towards that desirable object.

A similar meeting will be held on Tuesday evening, at 7 o'clock, in the Second Presbyterian Church, (Dr. Howard's,) Pittsburgh, for the same object, when a collection will be taken up. The people are invited to attend.

COUNTERFEIT BANK NOTE DETECTING is a branch of commercial education that cannot be neglected without loss, especially to the *young* business man. Consequently, the Iron City Commercial College, of the 1st and 2d floors of the Times building, is engaged permanently Mr. J. W. Kennedy as the instructor in this department. Mr. K. is the editor of "Kennedy's Bank Note and Commercial Review," the oldest and most reliable "Counterfeit Detector" in the country, which is a sufficient guaranty that he is every way qualified to give the most satisfactory instruction in his department. He explains to the student the various classes of frauds practised upon our bank note currency and enables him to make the proper distinction in the detection of each class. This is the only College in which this knowledge is systematically taught to all the students.

PITTSBURGH FEMALE COLLEGE.—There was an examination at this institution on Friday which gave great pleasure to visitors and afforded great gratification to parents and pupils. This school is carried forward by the influence and aid of the M. E. Church. The building is situated near Christ's Church on Penn street and has attracted a large number of pupils to its halls. The examination was very satisfactory. In algebra, political science, French, Latin, geometry, and moral science, the pupils exhibited remarkable proficiency. In music and the accomplishments generally the young ladies did great credit to their teachers. The number of pupils in the school now is nearly 150 and is increasing all the time.

CLIFF MINE.—The lowest price, $150, was touched on the 30th ult.; the highest, $195, on the 6th November; since the latter date the market again receded to $180. The product for October was 133 tons, making the total yield for eleven months to November, 1,518 tons, against 1,517 tons same time last year.

MINERSVILLE.—The market price has fluctuated during the past four weeks from $75 to $105. The official returns have not yet been received, but the yield for October may safely be estimated at 160 tons. The accounts from the mine continue to be of the most encouraging character.—*Mining Register.*

We learn from the Harrisburg *Telegraph*, that on Thanksgiving evening, the employees of the Pennsylvania Railroad Company, at Altoona, presented a magnificent silver ten service to Enoch Lewis, Esq., late Superintendent of the Middle Division, Pa. R. R., as a token of their sincere regard and respect for him as a man, and of their unqualified approval of the manner in which he discharged the duties appertaining to his late office. The service weighed 125.05 ozs. Standard silver.

WATCHMAN, HASTINGS, of the night police, was before the Mayor on Saturday morning, charged with improper "doins." The Mayor, as is his wont on such occasions, gave the gentleman a very valuable piece of advice and clinched his remarks by committing the man for five days.—It appears that in the course of his wanderings Hastings had been trying to patronize where it was his duty to suppress.

In speaking of the proposed exchange of County bonds for Penn'a. R. R. stock, the *United States Railroad and Mining Register* says that Mr. Thomson justly makes it a condition that the county, as a preliminary to the exchange proposed, shall first redeem the coupons to said bonds, now over due and unpaid.

See advertisement of Messrs. Seldon & Bilbrough, Real Estate Agents &c., St. Louis, Mo., in our special columns.

GOOD JOKE.—The McKeesport *Standard* of Saturday gives us the following:

"*Three Sagacious Pittsburghers*, undoubtedly believing the McKeesporters not clever enough to find *that* concealed gold on the river bank of the Youghiogheny, came to town on last Wednesday evening, in possession of a town-plot in part, and some pretended particular information from the veracious Henry Fife, and worked with great zeal with spade, hoe and shovel as late as 11 o'clock at night. Their efforts, however, did not meet a corresponding success; eager for the coveted treasure they renewed their exploration on the following morning (Thursday) when, lo! the precious boon came forth; fortune smiled, and the favored discoverer jumped in ecstacy around the hole that contained the treasure.

"One of the explorers then snatched the valuable bag from the ground, stuck it quickly into his coat pocket, and under the pretence that it would be duly delivered to the Mayor of Pittsburgh, they "struck their tents," and prepared for a retreat to the city. Nobody was permitted to see the contents of that bag. Why?

"Because a waggish citizen of our place, observing the midnight operations of the clever explorers from the city, dug lightly early the other morning a shot-pouch under the ground at the 'renowned' spot, filled with iron scraps, pebbles and the like, agreeably to reward the meritorious efforts of the officious gentlemen from the city.

"It was a decided 'sell' of city folks this time.

"*The Lucky Discoverers* of the shot bag were so elated when finding the 'spurious' treasure that in the generosity of their hearts they sumptuously treated a number of our people at a certain tavern, although, as they will have discovered by this time it didn't pay.

"Henry Fife himself, as he told one of our citizens, was making game of the zealous and smart explorers."

PREACHING.—Rev. Mr. Jessup, son of Judge Jessup, of this State, preached yesterday morning and evening in the Third Church. He has been a missionary in Tripoli for the last two years, from which place he has just returned. He gave a very interesting history of the progress and present state of Christianity in Syria. He intends returning to his field of labor in a few weeks.

HORRIBLE.—An accident, almost too horrible to relate, occurred on Friday morning to a little son of Andrew Critchlow, who resides near McKeesport, at the works of Pollock, Dunseth & Co. The little fellow, while at play near a cokeing oven, fell backwards into it and was, as to his body, annihilated. The remains were reduced to a cinder within a few moments.

GABRIEL ADAMS was commissioned on Saturday as Associate Judge of the Oyer & Terminer, etc., for Allegheny County, having taken the oath of office. He enters now upon his second term of office and will doubtless continue to give the satisfaction and win the respect of his constituents as he has hitherto.

THE WEATHER.—There was a good deal of rain falling yesterday. Every vestige of snow and frost is gone. At about nine o'clock there came a dashing shower, after which the clouds dispersed and the air was as soft as in a May evening.

UPWARDS of $2000 have been subscribed by the citizens of Harrisburg towards the support of the poor, to be distributed, as existing necessities may require, by the managers of a recently formed Benevolent Society.

APPOINTMENT.—George W. Bowman, editor of the Bedford (Pa.) *Gazette*, has received the appointment of Superintendent of the Public printing at Washington. A very fat place.

READING.—We trust that all our readers will remember that Conklock reads Macbeth to-night at Lafayette Hall, the proceeds to go for charity. Give him a full house.

THE REALLY GRATIFYING, in the present state of affairs, and amongst the many mercantile embarrassments with which we are surrounded, to know that there are several merchants in our city who have exempted the fair the pressure of the times yet. The reason of this is that these men have always done a careful business, and buy and sell exclusively for cash; amongst those whose business seems to increase rather than diminish with the times is A. M'Tighe's dry goods store, corner of Grant and Fifth streets, Pass by this house any hour of the day and you will see the store thronged with customers purchasing their goods, cloaks and furs, all of which are, by the friends say, he is selling at half the usual prices. He opens to-day in addition to his present large stock, five hundred sets of furs of all qualities, which he will sell at extremely low prices.

As Monday is a good day for buying little nicnacks, it will be well for those who propose replenishing their wardrobes, to remember that Carnaghan, Allegheny, has now on hand a large variety of first class Clothing for both Men and Boys, and an elegant stock of Furnishing Goods, all of which he is selling at very close prices.

THE DEFEAT OF MAYOR WOOD.—The rather surprising intelligence of the defeat of Mayor Wood, in New York, reached the city this morning. The Hon Fernando takes the matter seriously to heart, and he says the only consolation he can have is, under the circumstances, will be to come on to Philadelphia and get himself a suit of clothes at the Brown Stone Clothing Hall of Rockhill & Wilson, No. 603 and 605 Chestnut street, above 6th.

THE PILL TRADE—Who could dream of the magnitude such an undertaking as the manufacture of a Purgative Pill assumes when it comes into general use. And how painfully do the following numbers speak of the amount of human diseases and suffering, that little morcel of a remedy goes forth to combat and subdue. Dr. J. C. AYER, of Lowell, manufactures in his laboratory forty grose per diem of his *Cathartic Pills*, from morning till the night. This eight boxes a minute or one dose a second. We thus find over 43,000 persons swallow this pill every day. or 1,200,000 a month! Physician, think of that, 43,000 patients a day who need relief from the medical skill of one man. Surely that man should be, as he is in this case, one of the first intelligence and of the highest character. His sympathies entails upon him a fearful responsibility for the weal or woe of his fellow man.—*Painsville Courier.*

SPITTING BLOOD, from the debilitating effects of which other diseases are engendered, may be permanently cured in a few days by the proper use of *Carter's Spanish Mixture*, which is now acknowledged to be the only true remedy for such affections. ‡

$10,000 WORTH of well-made Clothing for men and boys, at prices to suit the times. Having now on hands about the above amount of fine first-class clothing, a choice assortment of fine piece goods for custom work, and a full stock of gents' and boys' Furnishing Goods, I will commence to-day a general clearing out sale of the whole. The stock will be found the very best of its kind, carefully selected, well made, and much of it bought at prices highly favorable. It will be understood that this is not the oft-repeated "selling off below cost," for its kindred trick, "selling out to quit business," but a seasonable sale of fashionable goods and at prices much below the regular rates. Terms, as usual, strictly cash.

J. L. CARNAGHAN.

SUPER'S DRUG STORE,
corner Penn and St. Clair Streets.

Medical Testimony Cannot be Controverted.—One of the most startling cases is narrated of Dr. Melanee's Vermifuge by Dr. John Butler, of Lowell, Trumbull Co., Ohio. The case was that of a young lady who had been very sick for ninety years, and had consulted a number of physicians, who had treated it for one of Prolapsus Uteri. Dr. Butler was then called in, and for a time believed with his predecessors that it was a case of Prolapsus. He was, however, soon led to the conclusion that his patient was suffering from worms, and after much persuasion prevailed on her to take two doses of Dr. McLane's Vermifuge, prepared by Fleming Bros., of Pittsburgh. This medicine had the effect of removing from her a countless number of this largest size. After the passed Hands her health immediately returned. She is since married, and continues to enjoy excellent health.

☞ Purchasers will be careful to ask for DR. M'LANE'S CELEBRATED VERMIFUGE, manufactured by FLEMING BROS. of Pittsburgh, Pa. All other Vermifuge in comparison are worthless. Dr. M'Lane's Vermifuge, also his celebrated Liver Pills, can now be had at all respectable drug stores. *None genuine without the signature of*

Telegraphic.

NEW YORK, Dec. 5.—The *Times*, Washington correspondent asserts that Henry L. Martin, of Mississippi, a clerk in the Interior Department, was the secret agent of the Administration in Kansas, during the deliberations of the Constitutional Convention, and it is asserted that it was through his representations and influence that the Convention determined on only a partial submission of the Constitution to the people of the Territory; and further, that it was Martin's dispatch to Washington which led the President and the *Union* to take their positions so early in favor of the Convention's action.

The same correspondent states that the preliminary struggle for the Speakership has been suddenly brought to a conclusion. Phelps is to withdraw in favor of Orr, which insures the latter's election, and Phelps is to be chairman of the Committee on Ways and Means. He also states that J. Glancy Jones, the other prominent opponent of Orr, is to be chairman of the Committee on Foreign Relations, making the latter the political and the former the financial leader of the House.

The struggle for the other offices continues very warm.

NEW YORK, Dec. 5.—Two hundred men employed on the Erie Railroad depot at Piermont, were discharged on Thursday, having refused to work at reduced wages. Others were hired here, but on arriving at Piermont, the discharged men resisted the landing of the new hands, who were compelled to retreat. A police force was procured from this city, and another attempt was made to land last night, but the mutineers, to the number of six hundred, were posted on the landing with cannon. The landing was thus prevented, and the steamer hauled off to await further orders.

NEW YORK, Dec. 5.—A man registering his name as Charles E. Warren, St. Louis, was arrested at the Philadelphia hotel, on suspicion of having stolen $6,000 in specie from a city broker. On examining his room sixty gold and silver watches, chains and other jewelry were found. He has been detained, on the supposition that he is the person who robbed the jewelry store in Cincinnati a short time since. The property is valued at about three thousand dollars.

NEW YORK, Dec. 5.—The Atlantic sailed at noon with 58 passengers and $1,761,560 in specie.

INDIANAPOLIS, Dec. 5.—An immense crowd assembled in the Senate Chamber to hear the decision of Judge Wallace in the slave case. The Judge decided that he could not traverse the decision of the Commissioner, and the negro was remanded back to slavery. The U. S. Marshal started with the negro this evening for Louisville, where he will deliver him to Mr. Valandingham. The case before the Mayor against Valandingham for kidnapping was dismissed. The excitement was great, and some difficulty was apprehended at the cars, but no attempt at rescue was made.

ZANESVILLE, Dec. 5.—The mechanics and working men on the Central Ohio Road in this city struck, on account of the non-payment of two months' wages. The strikers to-day stopped all the freight trains and put the locomotives into the engine house. No personal violence was attempted.

CINCINNATI, Dec. 5.—Charles Stetson publishes a card in the papers this morning in which he says that the affairs of the Trust Co. are still so confused that it will be impossible to tell how they are, although they have been investigated diligently for three months.

MONTREAL, Dec. 5.—The thermometer indicates 8 degrees above zero; there is considerable ice in the harbor. The last boat of the season goes into winter quarters to-day.

UTICA, Dec. 5.—The weather is not very cold, but it is snowing hard with an east wind blowing.

CINCINNATI, Dec. 5.—The weather is cloudy and damp with light rains all last night. The river has risen seven inches since last evening.

LOUISVILLE, Dec. 5.—Seven feet four inches in the canal, and four feet ten inches on the falls, and rising. Weather rainy. Thermometer 52°.

Telegraphic Markets.

NEW YORK, Dec. 5.—Cotton has a declining tendency; 100 bales were sold. Flour is firm, 900 bbls. sold. Wheat is firm. Corn is firm, 55cts. sold. Pork is firm at $20 for Mess. Hogs $6@6.50. Lard 12. Stocks dull and generally unchanged.

CINCINNATI, Dec. 5.—Flour dull at $4; there is a demand of consequence. Hogs and Provisions are un hanged; there is not much doing by regular dealers. Whisky 24c lower; sales dull at 16½. The receipts of Flour continue large but nearly all is going into store. Sight exchange on New York is dull and irregular; the buying rate is 1-10 per cent premium and the selling rate 13-20 per cent premium; the supply is large. The weather is wet, the river has risen seven inches in a night and is still rising. Mercury 46 deg.

RAGLAN, Sack and Frock Overcoats, for Men, Youth and Boys. Pants and Business Coats, ready cut and made. Fine Plush and Silk Vests and a large variety of fine and common Pants now on hand and selling at close rates by Carnaghan, Allegheny City. Special attention is invited to the full stock of fine Coatings, Pant stuffs and Vestings, kept exclusively for custom work, which, with a choice variety of Gloves, Hosiery, Shawls, Muffins, Ties, &c., will be disposed of at favorable prices. Terms strictly cash, hence the low rates.

EYE AND EAR.—Dr. O. L. Smith, of Baltimore, oculist and aurist, has again returned to Pittsburgh and may be consulted at the St. Charles Hotel on diseases peculiar to the eye and ear.

Special Notices.

RIVER NEWS.

The river was about at a stand on Saturday. There were no arrivals during the night, except the Packet, from Wheeling, with a good load. The Marmora was discharging her load with dispatch. Captain Johnson, her clerk, fell in some way and broke his left arm last night, but is getting along satisfactily.

The receipts of flour by river during the past week amounted to 20,621 barrels; most of it for the Eastern market. The number of loads of wheat received during the same time was 22,564. Among those was the freight of the Hibernia, somewhat damaged by her accident on the river.

We clip the following from our Cincinnati papers of Saturday:

The Glenwood, Gazel with 1000 bbls. flour and 3500 sks of wheat, the Ray City and the Fanny Fern are all announced for Pittsburgh to-day.

The Hibernia, Ashley, left, P. M.—Ens. Com.: The river has risen thirty inches since Thursday. Weather cloudy and dull—The Albemarle passed up to Pittsburgh; the Hibernia, Coal Hill and Lake Erie are here, bound for Cincinnati.

NASHVILLE—The Fanny Fern left Nashville for Pittsburgh on Monday night.

NEW ORLEANS.—The Anglo-Saxon and Prima Donna left New Orleans for Pittsburgh on the 24th inst.

The offerings were limited yesterday for Pittsburgh, Wheeling, Nashville and St. Louis, but lively for New Orleans.

A few days since we noted the narrow escape of a collision between the Telegraph, bound up, and Gazel, bound down, on the foot of "Sandy"—the facts being furnished us by the officers of the Telegraph. Mr. B. F. Givens, the pilot of the Gazel, says he was at the helm at the time, with his steersman at the wheel. The Telegraph blowed her whistle twice for the larboard. The Gazel immediately answered, with the intention of blowing twice in reply to the Telegraph's first signal, but only made one blow—the Gazel's whistle rope becoming entangled in the steamer, preventing the second whistle. He instantly gave the Telegraph the right, holding the Gazel for the foot of the Sandy chute. Instead of the boats striking close together, Mr. Givens states they were fully one hundred yards apart when they met or passed each other.

The Louisville Journal states that—

"The suit of the owners of the Julia Dean against the owners of the Rainbow, for damages for sinking the former in the Ohio river, has been compromised. The Court at Louisville for three days. Last evening the jury, after being out for several hours, couldn't agree on a verdict, and were discharged. A private letter received, states that the suit may be settled. Had gone down to the wreck of the North Star, and the probability is that, before this time, she has been raised. Out of sixty head of cattle that were on board but six were saved. She was laid up in Cairo this winter."

The Louisville Courier of Friday says:

"The Wm. Wallace made her appearance Tuesday, having been detained by the breaking of a shaft, 9 miles above Cairo. The benighted people down there appreciated their belief that she would never get to St. Louis in her disabled condition, but she passed through in safe all, and continued on their travels."
