PITTSBURGH:

THURSDAY MORNING, DEC. 31, 1857.

REPUBLICAN NOMINATIONS.

Pittsburgh—Election, Tuesday, Jan. 5.

FOR MAYOR,

HENRY A. WEAVER,

Controller—HENRY LAMBERT.
Treasurer—WM. EICHBAUM.

Allegheny—Election, Tuesday, Jan. 12.

FOR MAYOR,

James Miller,

Director of Poor—A. DAVIDSON.

THE LOCOFOCO CITY TICKET.—The locofoco Convention yesterday went through the farce of nominating a city ticket. The victims selected by it are as follows:

Mayor—CHRISTOPHER MAGEE.
Controller—WM. J. MORRISON.
Treasurer—JOHN C. DAVITT.

The candidate for Mayor is a clever little attorney, identified with the clique about the *Union* office, and one of those whole-hog party men who find no difficulty in swallowing the Lecompton swindle and praising Bigler as a statesman and orator. He has no sympathy with Douglas, and considers him as outside of the democratic pale.

The candidate for Controller was a Whig not long since, but being a large dealer in coal in the New Orleans market, gave all his sympathies to the pro-slavery side, and went last year for Buchanan. He is a good business man, but has had no experience in city affairs, as Mr. Lambert has had, and is not therefore to be compared with him in point of qualifications.

Mr. Davitt, the candidate for Treasurer, is a gentleman well qualified for the place, but has no claim upon Republican votes. The present incumbent, our worthy nominee, has had experience in the office, as well as Mr. Davitt, and will receive, as he deserves, the entire Republican vote.

The Convention, it will be seen, was entirely in the hands of the National office-holders. Mr. Hastings, the collector of the port, and a warm partisan of Bigler and the Lecompton swindle was President of it, and his abettors had full control. Nevertheless, the convention did not dare breathe a word in favor of the administration. They did the next thing to it, however, in putting up three candidates who are its devoted adherents.

An attempt was made to get the convention to endorse the Repudiation policy. Resolutions, after the model of last fall's anonymous broadsides, were presented but, much to the chagrin of the court-house intriguers, were laid on the table by a decisive vote. The effort that was on foot among this court-house clique to have this battle fought on the Railroad issue is thus crushed by those who were expected to aid it; and as at least two of the nominees of the Convention are men who last fall were opposed, or understood to be opposed, to McIlhenny, we suppose we shall hear nothing more of the thunder that was in preparation.

GEN. WALKER.—The complicity of the administration with Gen. Walker is no longer a matter of doubt, notwithstanding its utterances to the contrary in the miserable message lately sent to Congress by the President. This is shown in the feminism of the orders sent to Com. Paulding, and under which he thinks he was justified in acting. They are as follows:

SIR:—From information received at this Department, there is reason to believe that lawless persons are now engaged within the limits of the United States in setting on foot and preparing the means for military expeditions to be carried against the territories of Mexico, Nicaragua and Costa Rica—Republics with whom the United States are at peace—in violation of the sixth section of the act of Congress, approved 20th, April 1818. And under the eighth section of the said act it is made lawful for the President, or such persons as he shall empower, "to employ the land and naval forces of the United States, or the militia, for the purpose of preventing the carrying on of any such expedition or enterprise from the Territories or jurisdiction of the United States." I am, therefore, directed by the President, to call your attention to the subject, and to urge you to use all due diligence, and so avail yourself of all legitimate means at your command to enforce these and all other provisions of the said act of 20th of April, 1818, against those who may be found to be engaged in setting on foot or preparing military expeditions from the territories of Mexico, Costa Rica and Nicaragua, so manifestly prejudicial to the national character and so injurious to the national interests. And you are, also, hereby instructed promptly to communicate to this Department the earliest information you may receive relative to such expedition.

I am, Sir, your obedient servant,
[Signed] LEWIS CASS.

The Commodore was instructed to consider these instructions as addressed to himself, and to act accordingly.

If any one is silly enough to regard these instructions as meant to cover the arrest of Walker, after he had landed, let him read the following dispatches from Washington to the N. Y. *Times*:

"Secretary Cass denounces the arrest of Walker and his men by Commodore Paulding as illegal, inexcusable and unauthorized.

Commodore Paulding will doubtless be court-martialed immediately.

The Commodore's instructions were intended only to direct him to prevent Walker's *landing*. The Administration is very emphatic in repudiating the action of Commodore Paulding, and denouncing it as a violation of the sovereignty of Nicaragua and of the American Constitution. Our power over the filibusters, it is held, ceased the moment they had entered upon the jurisdiction of a foreign power.

There is no doubt that Commodore Paulding will be at once ordered home for trial.

The Southern men are very violent in their denunciation of Paulding, denying his right to decide that Walker is a citizen of the United States, and claim it to be the duty of the Government to send him and his men back in a national vessel."

So, then, these instructions were meant only to prevent the *landing* of Gen. Walker, not to arrest or molest him *after* he had landed. The Administration took good care to have such officers at New Orleans as would permit Walker to *escape*, and such a vessel at Greytown as would permit him to *land*, keeping Com. Paulding securely out of the way, intending to wash its hands and disclaim all power over him, after he had, by its complicity, got upon foreign soil; but Paulding has accomplished a feat never dreamed of in its programme, and the Administration considers itself outraged by the super-serviceableness of its officious Commodore. That he will be punished for spoiling its plans there can be no doubt.

As to Walker, he has been brought home only to be permitted to go off on another expedition. The N. Y. *Times* says:

"The result of this movement will probably be highly favorable to the ultimate consummation of Walker's schemes. He goes to New Orleans to be put upon trial. A trial there for such an offence will be a farce. He will be speedily and triumphantly acquitted,—and will forthwith enter upon preparations for a renewed invasion of Nicaragua. The *eclat* of the proceedings will augment his army,—and the unmistakable favor of the Government will protect his departure and his landing. Naval officers will be very careful how they brave the terrors of a Court-Martial by any excess of zeal for his arrest. And the whole world will be more than ever satisfied, that in spite of all its professions, the stars and stripes are really in league with the flag of the buccaneer."

There can be no doubt, moreover, from the whole tone of the Southern press and Southern politicians, that Walker is acting in concert with many of the most prominent men in different States of that section, or rather after a perfect understanding of their views, and engaging their co-operation. Now that the experiment of endorsing Kansas is likely to turn out a failure and non-paying enterprise, the effort will be to concentrate sectional sentiment upon Nicaragua, and to make it an issue in 1860, as Texas was made in 1844. Democratic policy is already shaping itself in this direction.

P. S. It will be seen by our dispatches, that Gen. Cass has discharged Walker, and left him to go and do as he pleases. This completes the act of the infamy. For the next we have long to wait.

MINNESOTA.—We find in the St. Paul papers the result of the election as announced by the canvassers. The Republicans have been cheated out of the election of their candidates by perjury the most barefaced and swindling the most glaring. The systematic rascality practiced, surpasses anything yet witnessed even in Kansas. The true vote for Governor gives Ramsey over 1,000 majority. Had the election been honestly conducted and the returns fairly counted, the whole Republican ticket would have been elected.

NEBRASKA MONEY.—It seems that large quantities of this worthless money have been put in circulation in Illinois. The Chicago wholesale dealers have resolved to recommend to country dealers not to take it, and to promise that they will extend to them every possible aid in holding on to their goods rather than sell them for such worthless trash.

DICKENS' NEW CHRISTMAS STORY.—"The Perils of certain English prisoners," has been published in good style by T. B. Peterson, Philadelphia, and is for sale by Gildenfenny, Fifth-st., opposite the Theatre. It is an entertaining and characteristic story, which every lover of good reading will be sure to get.

☞ A friend suggests that the administration should cashier Capt. Chatard of the Saratoga, because he *did* not arrest Walker, and Com. Paulding, of the Wabash, because he *did*. That would be even-handed justice, all round.

THE OLD FRAUD OVER.—Johnson County, Kansas, gives 2000 majority for Slavery; it will be seen. There are not 200 people in it.

AN EPISODE.—The Philadelphia *Press* gives an account of the democratic meeting in that city to sustain the Lecompton swindle, and adds:

"A somewhat significant and startling episode took place just before the resolutions were read. The agent of the telegraph office appeared on the stand with the important intelligence that the election in Kansas on the 21st had resulted in a decision in favor of slavery. We understand that those present refused to allow the dispatch to be read, and thus prevented the whole affair from being turned into a comedy, instead of continuing it to the legitimate object of declaiming in favor of the great dogma that the minority, and not as we have been led to believe, that the majority should rule."

HENRY A. WEAVER.—We venture to say that if it were left to Allegheny and Washington Counties to elect a Mayor for this city next week, that Mr. Weaver would receive a majority of *ten thousand votes*. If the Republicans of this city will only turn out and vote, and not expect a good and true man to be elected to office by mere popularity without any votes, Mayor Weaver will have a majority of 2500 votes in this city. While so many say the City was *never* under such a faithful executive before and that its affairs were never before in all respects so well managed, and yet stay away from the polls, what can be expected but that the majority for him will not be more than a thousand! From all quarters we receive congratulations upon the renomination of Mayor Weaver. The Washington *Commercial* says truly:

"The honor was richly deserved. It is no disparagement to any of his predecessors to say, that in all the elements that go to make up the efficient *Mayor*, Pittsburgh has never had his superior, if his equal. Nor do we believe there is a city in the whole country, which can boast of an executive head of more firmness, prudence faithfulness, activity and fearlessness than the present incumbent of the Mayor's Chair in Pittsburgh." So say all the papers of our vicinity. So *will* say, if the people and the Republican party are true to their own best interests, a majority of from two to three thousand votes on Tuesday.

For the Pittsburgh Gazette.

To Messrs. Wm. Bagaley, Jno. R. Large, M. O'. Donnell, Thos Kelligan, Capt. W. W. Martin and others.

GENTS: I observe in Monday's papers your communication addressed to me asking the use of my name as an Independent candidate for the mayoralty of Allegheny city.

The suggestion was entirely new and altogether unexpected—coming as it does from no highly respectable a source I fully appreciate the intended honor; but for reasons perfectly obvious must most respectfully beg leave to decline acceding to your request.

I am, gentlemen, your obedient servant,
Allegheny, Dec. 30, 1857. R. C. GRAY.

TEACHERS' INSTITUTE.—We are glad to learn that this body, late in session at New Brighton, enjoyed a highly interesting and profitable session. Many of the teachers of the county and the friends of education throughout the county and from this city were present. Mr. Avery, of the First Ward School, is Superintendent of schools of Beaver county, and was there. Mr. Guilford, of New Brighton, Messrs. Thompson and Gingles, are also in the city, and many others were lending their aid to make the Institute all its friends hoped it would be before its coming together. The institution adjourned last evening.

ACCIDENT.—A serious accident recently occurred in the vicinity of Greenhill, Washington county, Pa. A Methodist minister named Quinnage, had just hitched his horse to the carriage, preparatory to starting with his family on a visit, when the horse getting frightened became unmanageable, and ran away. He ran about 300 yards, when the whole family was thrown out of the vehicle and quite badly hurt.—*Washington Com.*

R. B. QUARREY.—The Cincinnati *Commercial* of Monday says:

"The fine ferry steamer John Buck, chartered by the Marietta Company at an expense of one hundred and fifty dollars per day—has already been withdrawn, and there is no longer any regular connection between the Baltimore & Ohio and the Cincinnati Road. On Friday, as we are informed, the first shipment of freight—two hundred tons—was made for Pittsburgh via the Cincinnati and Marietta Road.

A THIEF TO BE PROUD OF.—Buchanan said, the other day, to a member of Congress from Alabama, "I cannot say that I am a pro-slavery man, but I do say that I have done more for the South than any other President ever did."

This is on the authority of that fire-eating organ, the Richmond *South*. And it is true. Let him wear the honor—which will soon become historical and irreversible—of having done more and meaner things for the perpetuation of bondage than any other man of the age, "Four Pierce" not excepted. Let him anticipate the shining reputation in coming generations, when slavery shall have passed away, and the idea of property in human flesh shall be regarded with abhorrence by a purer and better race. It is his glory. It will be declared from generation to generation. Who would rob him of it?

Twenty members of a choir in this city have been married within one year, from Christmas 1856 to Christmas 1857. Eight couple were members of the choir; five other four selected partners elsewhere. This is the same choir that was invited, about eighteen months since, to sing for the children at the House of Refuge and were taken out to the Lunatic Asylum by mistake. Whether this was the cause of the subsequent results that followed, we leave for philosophers to decide. The choir numbered twenty-seven members.—*Cin. Com.*

The first steps for the emancipation of the serfs in Russia are soon to be published. They include the following two great principles: 1. *Freedom of Marriage.* No serf can be forced in future to marry against his will or prevented from marrying according to his own desire. 2. *No serf can be transferred from one village to another against his will.* The remainder of the ukase is less important. These two points, however, are sufficient to recognize his rights as man. It is likewise rumored that *the power of chastising the serf will be circumscribed*, though not at once entirely taken out of the hands of the landlord.

WASHINGTON, Dec. 28, 1857.—The wrath of Achilles was nothing compared to the wrath of the fire-eaters at the news of the arrest of Gen. Walker. Messrs. Toombs of Georgia, and Brown of Mississippi are especially furious in denouncing the Administration.

The news that the Constitution with Slavery had prevailed in Kansas reached here to-night and created a profound sensation. It is evident that such a result, which was not expected by the Administration, very greatly complicates the existing embarrassments.—*N. Y. Trib.*

Miss. MATILDA HERON, the actress, was married on Sunday evening to Mr. Robert Stoepel, late conductor of the orchestra at Wallack's Theatre. Mrs. Stoepel will reside a short time in this city, when she will start for Paris.—*N. Y. Trib.*

A correspondent of the N. Y. Tribune estimates that *fifteen hundred* recruits have been added to the army of misery in the City of New York since the suspension. Fifteen hundred young women driven in six weeks by desperate want to an infinitely deeper despair.

BANKS IN TENNESSEE.—The Legislature of Tennessee has passed a bill declaring that the banks of that State shall resume specie payments on the 1st of January, 1859, at which time they are to issue no notes below $10.

THE Administration papers have found a name for those, late of the Democratic party, who are going in the way of Douglas. They are not "sore heads," or "rebels," or "traitors"—but, "*The Tenderfoot Democracy.*" That will do.

ASA PACKER, the Locofoco candidate for Governor of New Hampshire, takes the Douglas side on the Lecompton Constitution.

THE LITTLE GIANT DOWN ON THE ADMINISTRATION.—Senator Douglas created a sensation in the Senate, yesterday, by hauling the President over the coals on the Kansas question. The Senator was in high feather, and looked remarkably well, having recently obtained for himself a new suit at the Brown Stone Clothing Hall of Rockhill & Wilson, Nos. 603 and 605 Chestnut street, above Sixth, Philadelphia.

MARRIED—On the 24th inst., at Sugar Creek, by the Rev. David Hall, Col. WILLIAM D. SLACK of Brady's Bend, to Miss MOLLIE E. WALKER of Butler.

An Infallible Cough Remedy.—I had been sick three months, unable to do anything, with a cough and settled condition of the wind-pipe; I tried several of the best physicians in the city without receiving any benefit; all of them said my lungs were affected. I was confined to my bed during the greater part of this time, I concluded a great deal of matter from my lungs. The first two doses of your Pectoral Syrup that I took, I could not take without laying down on my bed, but before I had taken two bottles I was entirely cured. I have been well ever since. PROF. O. J. WOOD—Dear Sir: Some time last summer we were induced to run some of our Hair Restorative, and its effects were so wonderful, we feel it our duty to you and the afflicted, to report it.

Our little son's hair became quite thin, had been perfectly covered with sores, and soon called it scald head. The hair almost entirely came off in consequence, when a friend, seeing his sufferings, advised us to use your Restorative, we did so with little hope of success, but, to our surprise, and the joy of all our friends, a very few applications removed the disease entirely, and a new and beautiful crop of hair soon started out, and we can now say that our boy, some healthy scalp, and as luxuriant a crop of hair as any other child.

We can therefore, and do heartily recommend your Restorative, as a perfect remedy, for all diseases of the scalp and hair. We are, yours, respectfully,

GARDNER, Maine, June 22, 1855.

Prof. O. J. Wood—Dear Sir: I have used two bottles of Prof. Wood's Hair Restorative, and can truly say it is the best article I ever used for restoring and changing the Hair. Before using it I was a man of seventy. My hair is now attached its original color. You can recommend it to the world without the least fear; as in my case you see of the worst kind. Yours respectfully,
DANIEL L. HUBBEY.

A Statement of the Receipts and Expenditures of the Guardians of the Poor of the City of Pittsburgh, during the year 1856.

The undersigned, Auditing Committee appointed by the Councils of 1856, herewith submit a statement of the accounts of the Board of Guardians of the Poor of the City of Pittsburgh for that year, which they have examined and found satisfactory and correct

The financial year of Guardians commences with the month of February, and ends January 31st, and this fact together with the immense amount of labor imposed upon this Auditing Committee in the examination of the regular city accounts, has prevented them, as it must prevent all future committees from submitting the accounts of the guardians at the same time with the other city accounts,

Your committee therefore recommend the appointment by your honorable body of a separate special committee annually in the month of February, to examine the accounts of the Board of Guardians and submit a statement of them to Councils. They have prepared a resolution to this effect which they recommend to be passed as a rule for the next and succeeding Councils.

Your committee would further say, that while the Act of Assembly requires that the auditing and publication annually of the accounts of the Board of Guardians, it makes no provisions for paying the expenses of the publication This expense should be defrayed from the Treasury of the Board of Guardians and not from the general Public Treasury of the city. Your committee have therefore prepared a resolution placing the matter of publication in the hands of the Board of Guardians, so far as payment is concerned with which they have no doubt the Board will cheerfully comply.

All of which is respectfully submitted.
W. WADE.
M. HODKINSON.
