BROOKE HALL FEMALE SEMINARY
Media, Delaware County, Penna.
Miss Maria L. Eastman, Principal.

THIS SEMINARY, SITUATED IN THE delightful and beautiful village of Media, thirteen miles from Philadelphia by Railroad, offers to young ladies the most perfect combination of advantages for the attainment of a thorough and accomplished education.

The large and commodious building lately erected, combining all the modern conveniences of baths, gas, &c., is, with its extensive grounds, a model in all that pertains to the health, comfort, refinement and improvement of its pupils. The sleeping rooms are high, well ventilated, and furnished with comfort and elegance, and but two pupils limited to each one apartment. The number of pupils is limited to forty, for whom seven teachers are employed—the most faithful instruction is given in all the branches taught, while moral and religious principles are constantly inculcated by theory and practice.

The course of instruction comprises a period of four years, and a diploma is awarded to all who pass through it satisfactorily.

The Right Rev. A. Potter, D. D., L. L. D., Bishop of Pennsylvania, says: "Miss M. L. Eastman, who proposes to open a Young Ladies' Seminary in Media, Delaware county, Pennsylvania, in September next, has been known to the subscriber for several years past. He has a very high opinion of her capacity, efficiency and devotedness as an educator. She has had a large and successful experience—the building which is to be erected will contain every accommodation. The village and surrounding country are distinguished for healthfulness and beauty; and the subscriber has confidence that parents who entrust their daughters to Miss Eastman will have no cause to regret it."

The French language is taught by a Parisian lady residing in the family.

The Latin, German, Spanish, and Italian languages, receive due attention.

The Natural Sciences are taught with the aid of a large and expensive apparatus.

The Music Department is under the charge of a lady eminently qualified for the situation, and all who prefer it can learn on the piano or singing by a gentleman, have a visiting teacher from Philadelphia.

Drawing and Painting are under the direction of a lady accomplished in the arts.

The Fall Term commences September 9th.

Miss Eastman has the liberty to refer to the following gentlemen:

Right Rev. A. Potter, Bishop of Pennsylvania.
Hon. Franklin Pierce, ex-President of U. S.
Hon. S. P. Chase, Governor of Ohio.
J. Lowber Pugy, Pottsville, Pa.
George M. Wharton, Esq., Philadelphia.
William Bagley, Esq., Pittsburgh.
Sylvanus Lothrop, Esq., Allegheny City.

T. KINGSFORD & SON'S
PURE
Oswego Starch,
[FOR THE LAUNDRY.]

HAS established a greater celebrity than has ever been obtained by any other Starch. This has been the result of its marked superiority in quality, and the public may be assured of the continuance of the high standard now established.

The production is over Twenty Tons Daily, and the demand has extended throughout the whole United States and foreign countries.

Working thus on a very large scale, and under a rigid system, they are able to secure a perfect uniformity in the quality throughout the year. *They are the original Pekin Starch-making, and is realized now for the first time.*

It will be found to do all that can be made, and *no other*, is always wanted by consumers, and this will be appreciated by those by the grocers as soon as their customers have learned which is the best, and act accordingly. Where this they would be likely to get that article on which the largest profit can be made.

Mr. Kingsford has been engaged in the manufacture of Starch continuously for the last 27 years, and during the whole of the period, the Starch made under his supervision has been, beyond any question, the best in the market. For the first 17 years he had the charge of the works of Wm. Colgate & Co., at which period he invented the process of the manufacture of Corn Starch.

☞*Ask for Kingsford's Starch, as the name Oswego has been recently taken by another factory.*

Sold by all the principal Grocers in nearly every part of the country.

T. KINGSFORD & SON'S
OSWEGO CORN STARCH,
[FOR PUDDINGS, &c.,]

Has obtained an equal celebrity with their Starch for the Laundry. This article has long been in great demand in respect, equal to the best Bermuda Arrow-Root, besides possessing additional qualities which render it invaluable for the dessert.

Potatoe Starch has been extensively packed and sold as Corn Starch, and has given false impressions to many, as to the real merits of our Corn Starch.

From its great utility and purity, it is coming also into extensive use as a diet for infants and invalids.

The subscribers having been appointed sole Agent for the sale of the above celebrated Laundry and Corn Starches, supply the trade at Eastern rates, with addition of freight.

Medical.

R. R. R.

A FALSE THEORY EXPOSED.—Mankind have long been employed in darkness as regards the mysteries of medicine, and of deserving a truthful solution of its power over disease, and its proper use in the treatment of the sick.

Medicine, as practised by the regular faculty, is a delusion and a bundle of improbabilities and uncertainties. There is nothing in its theories on which the physician can rely as certain or fixed; the vanilla administered from its prescriptions are doubtful, and in most cases unsatisfactory.

It is a solemn and startling fact, that three-fourths of those who have departed this life "died victims, not to *disease*, but to the injudicious application of this subtle and unreliable remedy, Calomel, by the regular faculty.

We have proved the utter fallacy of the regular practice of medicine, and the great undeniable truthfulness of the R. R. R. over and over again; for, in a thousand cases, where the regular physicians have given up their patients as incurable, and had in many cases even set the time to only a few short hours, that their victims had to live, Radway's Ready Relief, Regulators or Resolvent, as the case may have been, in the first 12 hours
