LECOMPTON. The Philadelphia Press gives

up, at last, that the President is bent upon foro-

ing through the Lecompton fraud. It says:

MERCHANTS, No. 18 Pine Street, St. Louis, No. THAT \$8,000 ACCOUNTED FOR .- That portion of Lawrence, Stone & Co.'s tariff investment which was spent in New York, seems to have been traces at last to the right pocket. The ties afforded.

The N. Y. Tribune of Friday points to an in- Courier & Enquirer Bays that the paper which stance in which the government was swindled out of \$100,000 in the purchase of a site for a was the Journal of Commerce. Of course, it was fort near that city. Whenever a democratic administration sells property-as in the cases of that bribe would turn out to be a democrati FIFTEEN FOUR WHEEL COAL CARS The Defeat of the Gwalior Mutineers. sum, that the purchasers may have all the advantage; and when it buys property it takes as good care to buy only at second hand, through the agency of political favorites, and to pay twice or thrice the real value, the surplus over the actual cost going to the disinterested patrict through whose agency the swindle was seffected.

In this New York case, the government wanted a spot of ground—called_Willett's Point—which the owner thought was valued at the outside figure when it was appraised at \$100,000, and he had previously offered it at \$60,000 and \$40,000 without finding a purchaser. A few leading democrats of New York got around the owner, persuaded him to sell it to them—he was nothing loth—for \$130,000, only a small portion of which was paid down; and the governation of agrance. These were on the Gevalior. These were on the Gevalior. These were on the Gevalior. They divided the \$70,000 among themselves as clear gain. A neat little swindle.

But here is another. A dispatch from Washton to the N.Y. Herald points it out:

"There has been a leak discovered in the outley's of the Brooklyn Navy Yard. When the Committee of Ways and Means was engaged in making out its appropriation bill the fact was developed that the expenditures at Brooklyn station have exceeded all calculations by upwards of \$100,000. The result is that, instead of \$600,000 only \$200,000 will be recommended by Mr. Glancy Jones and his associates, for the Navy Yard at New York. This brings New York down almost to the level of Philadelphia, for I believe the Navy Yard there is to have \$100,000. The question is, what has become of the money at the Brooklyn yard? This question will be answered, I precume, by a committee of investigation."

So far the national government. The city government of New York, which for years has been in democratic hands, is just as bad. Two of its officers have just been held to bail for swindling the city out of \$20,000, and the universal extent to which the corruption of the city government has attained has been deemed by government has at
