the motive and possibility of deception are eliminated. Certain it is that no person can live does breathing. What, says the reviewer-does breathing depend on? It depends on the constant interchange between carbonic acid in the blood, and oxygen in the air. Unless there could take placo, no breathing could be effected. Every moment therefore, some small portion of Every moment the some stand therefore, some small portion the week moment therefore, some small portion the some stand therefore, some small portion the some stand the some stand the some stand therefore, some stand therefore, some small portion the some stand therefore, some stand eliminated. Certain it is that no person can live 

and the act of breathing implies a continuous supply of such waste. The system, as has been proved, cannot afford this waste for a longer period than until it reaches an average propor-tion of four-tenths, i. e., supposing an animal to weigh 100 lbs. it will succumb when its weight has been reduced by want of food and conse-tion of tour tenths is a conserved and size the second state, as far as the returns have have been received, reserving the details for our full and final report. 1856-7. 1857-8.

prison of Toulouse, and expired on the sixty-

third day, during which time he drank water and occasionally ate a little. This and numer

third day, during which time he drank water and occasionally ate a little. This and numer-ous other instances well authenticated, to which we may add the result of numerous experiments to this poid upon various animals, go to show that all natratives of absolute fasting prolonged over three months, must be rejected. Turn Farn or Licowrros.—The Southern and pro-shvery hapers express great confidence in the ultimate triumph of the administration in its efforts, to darry the Lecompton Constitution through Corgress, in defance of the protests of the Republicans and Free State democrats.— They admit that appearances may now seem against them, but then—according to their logics—members are wark, and offices are tempt-logics—members are wark, and offices are tempt-tices of these journais unblashingly er-press their belief that the 'Lecompton swindle will be consummated through the corrupt prac-tices of the ruling powers at Washington. In deed such conviction seems reasonable, when it is romembered that members of the Cabinet openly occupt the seats of the refractory mem-bers of Congress endeavoring to persual dend such conviction seems reasonable, when it is romembered that members of the Cabinet openly occupt the seats of the refractory mem-bers of Congress endeavoring to persual dend such conviction seems reasonable, when it is romembered that members of the Cabinet openly occupt the seats of the refractory mem-bers of Congress endeavoring to persual dend such conviction seems reasonable, when it is romembered that members of the Cabinet openly occupt the seats of the refractory mem-bers of Congress endeavoring to persual dend such conviction seems reasonable, when it is romembered that members of the Cabinet openly occupt the seats of the refractory mem-bers of Congress endeavoring to persual dend such conviction seems reasonable, when it is romembered that members of the refractory mem-bers of Congress endeavoring to persual dend such conviction seems reasonable, when it is romembered that members of th

opealy occupy the seats of the refractory mem-bers of Congress endeavoring to persuade or intimidate them into the support of their favoring.
