GAS FROM ROSIN OIL

OR OTHER

FATTY FLUID MATERIAL.

THE HIGH ILLUMINATING PROPERTIES of Gas from Rosin and oleaginous substances have always made them a favorite material for the manufacture of Illuminating Gas. Many Gas Companies use Rosin with coal, in order to supply their customers with a Superior Quality of Gas.

ROSIN OIL is entirely free from all dross and refuse substances, and yields at once, its Brilliant Illuminating Gas.

The greater original cost of the apparatus for the manufacture of coal gas together with the attention and expense constantly required, and the difficulty, if not impossibility, of entirely separating the unwholesome, deleterious and offensive gases, generated in coal, render the ROSIN OIL APPARATUS cheaper and more desirable in every way.

S. COATES, of 376 Broadway, New York, has devoted his entire attention to the manufacture and sale of Portable Gas Apparatus, and he respectfully calls the attention of the public to his present complete and efficient machine.

Perfect satisfaction to the purchaser guaranteed in every case. For further information address

Medical.

R. R. R.

A FALSE THEORY EXPOSED.—THE TRUE SCIENCE REVEALED.

Mankind have long been engulfed in darkness as regards the mysteries of medicine, and of deriving a truthful solution of its power over disease, and its proper use in the treatment of the sick.

Medicine, as practiced by the regular faculty, is a delusion a bundle of improbabilities and uncertainties. There is nothing in its theories on which the physician can rely as certain or fixed; the results obtained from its prescriptions are doubtful, and in most cases unsatisfactory.

It is a solemn and startling fact, that three-fourths of those who have departed this life* died victims, not to disease, but to the injudicious application of this subtle and uncertain theory, as practiced by the regular faculty.

We have proved the utter fallacy of the regular practice of medicine, and the great undeniable truthfulness of the R. R. R. over and over again; for, in a thousand cases where the regular physicians have given up their patients as incurable, and had in many cases even set the time to only a few short hours, that their victims had to live, Radway's Ready Relief, Regulators or Resolvent, as the case may have been, has restored those dying patients to new life and health.

In the treatment of the sick by the R. R. R. remedies, there is nothing left to chance or uncertainties, for these remedies are so prepared as to possess fixed and positive curative powers, founded on principles as immutable in their power over diseases, as the laws of gravitation over the earth. It is therefore, impossible for these remedies to fail in removing from the human system the difficulty for which they may be given, and of restoring the whole human system to its normal condition of health.

This is readily seen in the miraculous efficacy of RADWAY'S READY RELIEF—for the moment this remedy is applied to the part or parts of the body tortured with pain, or crippled with inflexibility, all pain and uneasiness ceases, and the crippled, lame and wounded limb becomes invigorated with renewed strength. So also with the Resolvent—the most repulsive Sores, Ulcers, Humors, and the most obstinate of chronic disease quickly become extinct after a few doses is taken.

In cases of Dyspepsia, Constipation of the Bowels, Derangement of the Liver, Congestions, Palpitation of the Heart, Radway's Regulators, in the form of Pills, can be relied upon as a positive and certain corrector and regulator of these difficulties. In cases of temporary Constipation or derangement of the stomach or bowels, the Cathartic and Purgative Pills given by the regular faculty, even if they remove the temporary difficulty, do so at the expense of Cramps, Sickness at Stomach, and Weakness, and after the effects of these purgatives are over, the bowels are left costive and the system debilitated. Radway's Regulators will instantly relieve the pain and distress, remove the difficulty and restore a healthy action to the liver, stomach, bowels and other organs—they neither irritate, inflame, sicken or weaken the patient, and the evacuations are natural, without prostrating the system or cramping the bowels

These remedies are the only ones that have received the hygienic principle to form the right of a mathematical demonstration—invariable in all cases, and proceeding on a settled routine. They, and they alone, have imparted to the incongruous experience and repugnant practice of the so-called "regular faculty," the precision and invariability which are essential to the requirements of a science. Taking the human body as the problem, and health as its normal condition, they proceed by fixed rules to eliminate all extraneous and deleterious particles, and thus restore the constitution to its integrity, by the expulsion of those local or organic irregularities which make the disease—DISEASE.

AS OFTEN—TO THE BIBLE.

Ye who have friends now upon the brink of the grave, on whom all hopes of recovery are lost—who have been given up as incurable by your physicians, we invite you to make one more effort to save the valued life of the dying one. A trial of these remedies cannot do you injury, and may restore to life and health, even though no hope are entertained by your physician. Over a thousand such instances have come to our knowledge and we therefore, feel ourselves justified in requesting the trial. Surely, after the physician says he can do no more, it is your duty to give using a remedy that must do good, is criminal.

As to of the instances we have alluded to in the above article, we refer the public to the case reported to us by Richard Griffith, Esq., well known in Canada West as a man of high integrity, and well supported of by his countrymen or his high official capacities.

HARROWSMITH, Fontenac Co., C. W., Nov. 25th, 1857.

In October, 1855, my wife giving birth to a child, left her bed too early and caught a severe cold, which resulted to terminate her life. The best physicians in this neighborhood and Kingston were in attendance on her—but all of no avail—*the doctors had given her up to die. Her seven consins* were in at her bedside, momentarily watching to see her breathe her last. I happened to see a copy of your paper called "*The Montreal Herald*," and there read of your medicines. I resolved to test them as a last resort. I gave her the *Resolvent* with the Regulators—and Relief—according to directions, *and in three days observed a wonderful improvement.* From thirsths daily recovered, and is now, thank God, better than ever she was in health.

The child, when three months old, caught a bad cold, and *dreadful cough, with infection*, nothing but *bone and skin its eyes protruded from his head; as if they would drop out*; the physicians all united in saying there was no use of attempting to save him, *his case was hopeless, as he was too young and must die.* But I thought different. Your Remedies gave him to my wife, while the doctors gave him up to death. I again had recourse to them. I gave him the Resolvent internally and used it as a wash externally to life again he is now a laughing, hearty, prattling child, enjoying the best of health. Your most obedient and grateful RICHARD GRIFFITH.

The above, reader, is but one out of thousands of similar cases in your locality, where any but the virtues of the Resolvent and Radway's Regulators, in the form of Pills, can be relied upon as a positive and certain corrector and regulator of these difficulties. In cases of temporary Constipation or derangement of the stomach or bowels, the Cathartic and Purgative Pills given by the regular faculty, even if they remove the temporary difficulty, do so at the expense of Cramps, Sickness at Stomach, and Weakness, and after the effects of these purgatives are over, the bowels are left costive and the system debilitated.
