AMERICAN HOUSE, BOSTON.

Re-establishment of the old plan of management.

LEWIS RICE, PROPRIETOR, has gratefully announced that he has resumed the *old plan* of management, as it existed before the recent alteration. Trial of the European system *a thing liked*, proves, that although the advantages are real, the plan is better adapted for the *smaller class* of hotels.

The accommodations and convenances of the house are unsurpassed, and the recent improvements and alterations for the comfort of guests, leave nothing to be desired.

GAS FROM ROSIN OIL

OR OTHER

FATTY FLUID MATERIAL.

THE HIGH ILLUMINATING PROPERTIES of Gas from Rosin and oleaginous substances have always made them a favorite material for the manufacture of Illuminating Gas. Many Gas Companies use Rosin with coal, in order to supply their customers with a better quality of Gas.

ROSIN OIL is entirely free from all dross and refuse substances, and yields at once, its Brilliant Illuminating Gas.

The greater original cost of the apparatus for the manufacture of coal gas together with the attention and expense constantly required, and the difficulty, if not impossibility, of entirely separating the unwholesome, deleterious and offensive gases, generated in coal, render the ROSIN OIL APPARATUS cheaper and more desirable in every way.

R. COATES, of 376 Broadway, New York, has devoted his entire attention to the manufacture and sale of Portable Gas Apparatus, and he respectfully calls the attention of the public to his present complete and efficient machine.

Perfect satisfaction to the purchaser guaranteed in every case. For further information address

Medical.

R. R. R.

A FALSE THEORY EXPOSED—THE TRUE SCIENCE REVEALED.

Mankind have long been engulfed in the darkness of error, under the mysteries of medicine, and of determining a rational solution of its power over disease, and its proper use in the treatment of the sick.

Medicines, as practiced by the regular faculties, is a system of a bundle of improbabilities and uncertainties. There is nothing in the theories on which the physician can rely as certain or fixed; the results obtained from its prescriptions are doubtful, and in most cases unsatisfactory.

It is a solemn and startling fact, that three-fourths of those who have departed this life" died victims, not to disease, but to the injudicious application of the usually received certain theory, as practiced by the regular faculty.

We have proved the utter fallacy of the regular practice of medicine, and the great undoubtable truthfulness of the R. R. R. over and over again; in a thousand cases, where the regular physicians have given up their patients as incurable, and had in many cases even set the time to only a few hours, that their victims had taken, Radway's Ready Relief, Regulator or Resolvent, as the case may have been, and restored those dying patients to new life and health.

In the treatment of the sick by the R. R. R. remedies, there is nothing left to chance or uncertainties, for these remedies are so prepared as to possess fixed and positive properties, founded on principles as immutable in their power over disease, as the laws of gravitation over the earth. It is therefore, impossible for these remedies to fail in removing from the human system the difficulty for which they may be given, and of restoring the whole human system to the natural condition of health.

This is readily seen in the miraculous efficacy of RADWAY'S READY RELIEF—for the moment this remedy is applied to the part or parts of the body tortured with pain, or crippled with inflammation, all pain and consequent agonies of chronic diseases quickly become extinct all ow disease is taken.

In cases of Dyspepsia, Constipation of the Bowels, Derangement of the Liver, Congestions, Palpitation of the Heart, Radway's Regulators, in the form of Pills, can be relied upon in a positive and certain corrective and regulator of these difficulties. In cases of temporary Constipation or derangement of the stomach or bowels, the Cathartic and Purgative Pills given by the regular faculty, even if they remove the temporary difficulty, do so at the expense of a most painful and distressing operation. Cramps, Sickness at Stomach, and Weakness, and after the effects of these purgatives are over, the bowels are left costive and the system debilitated. Radway's Regulators will instantly relieve the pain and distress, remove the difficulty and restore a regular action to the liver, stomach, bowels and other secretory or urinary organs, without irritating or weaken the patient, and the evacuations are natural, without pain or straining and the patient gains strength in the bowels.

These remedies are the only ones that have relieved the afflicted in the front of a mathematical demonstration, which, although bad enough in itself, is the principal reason why so many of the thousands who suffer from that complaint which, although bad enough in itself, is the principal reason why so many of the thousands who suffer from that complaint which, although bad enough in itself, is the principal source of others that are worse. I believe costiveness to originate in the liver, but your Pills affect that organ and cure the disease.

DISEASES OF THE BLOOD—SCROFULA — ERYSIPELAS — SALT RHEUM — TETTER — PIMPLES — BOILS — RHEUMATISM — DROPSY — NEURALGIA.

From Dr. Ezekiel Hall, Philadelphia.

"I am, sir, glad, Doctor, in saying that your Pills *purify the blood.* They rid me of a humor that has been the cause of my having a loss of flesh for seven years. I believe *no remedy ever treated with a purgative medicine.* I place great dependence on an effectual cathartic in my daily business, and I believe, and I do that your Pills afford us the best we have, I of course have them highly.

☞ Most of the Pills in market contain Mercury, which, although a valuable remedy in skillful hands, is dangerous in public pill, from the dreadful consequences that frequently follow its unskillful use. These contain no mercury or mineral substance whatever.

AYER'S CHERRY PECTORAL

Has long been introduced to the public as a preparation of every ordinary disease in which an internal remedy is required. Its presence in the market is now to be found in every section of the country, and its reputation is established, wherever it is known, for the cure of all pulmonary complaints, as far as they are curable by medicine. Its unparalleled success in the cure of all pulmonary complaints, even those which had baffled the skill of the most eminent physicians, has made it known to the world as the most reliable remedy for the relief and cure of consumptive patients, and as the best antidote for the most dangerous affections of the throat and lungs.

Although terrible diseases, and destructive to life, are the most common complaints of our climate, there are few cases of pulmonary disease, or affections of the throat and lungs, which cannot be relieved by this remedy, and which will not yield to its power, if the patient will but persevere in its use, as directed. Many cases of confirmed consumption, and the most distressing coughs, have been cured by it, after the disease had assumed the most alarming symptoms, and the patient had been pronounced by his physicians incurable, and given over to die. Even in those cases of pulmonary disease, in which this remedy may not effect a perfect cure, it will always afford relief, and counteract the progress of the disease, when nothing else can be found to do it any good.

COMMON DISEASES.

All diseases prevalent at this season of the year, caused by derangement of the organs of the system, such as changes of the weather, heat and cold, disturbed circulation of the blood—Rheumatism, Neuralgia, Tic Doloreux, Bowel Complaints, Fever and Ague, Headache, Toothache, Aches and Pains of all kinds, Bruises, Burns, Scalds, Falls, Inflammatory Diseases, Congestive Diseases, Humors in the system—Erysipelas, Scrofula, Scurvy, Pimples, Blotches, &c., Impure Blood, Boils, Pustules, Ulcers, Liver Complaints, and all diseases originating in a disordered Liver, Kidney Complaints, and all diseases, whether acute, inflammatory, malarious, nervous, or constitutional, Radway's Remedies will most positively exterminate and restore the afflicted and enfeebled system to health and strength.

AN OFFER—TO THE DYING.

To who have friends now upon the brink of the grave, on whom all hopes of recovery are lost—who have been given up as incurable by your physician, we invite you to make one more trial of the remedies which will be the means, in the hand of Providence, of saving the dying one.

Many of these incurables cannot do any injury, and may restore to life and health, even though no hope was entertained by your physician. Prove a thousand such instances have come to our knowledge and we therefore, feel ourselves justified in requesting the trial. Surely, after the physicians confess can do no more, his prejudice to your using a remedy that must do good, is criminal.

As no of the instances we have alluded to in the above article, we refer the public to the case reported to me by Richard Griffith, Esq., well known as one of the first men of high integrity, and well qualified by an intelligent and practiced knowledge of human nature to judge correctly of his official capacities.

HAMMONDSPORT, Fontenac Co., C. W.

June 25th, 1857.

In October, 1855, my wife giving birth to a child, took her cold to early and caught a severe cold, which promised to terminate her life. The best physicians in the vicinity of Hammondsport were in attendance on her—first all of no avail—*the doctors had given her up to die. For some one* year previous I had for bodside, momentarily watching to see her breathe her last. I happened to see a copy of your paper called *"The Morning Herald,"* and there read of your remedies. I resolved to test them as a last resort. I gave her the *Resident* with the Regulator—and Relief—according to directions, and *in three days observed a wonderful improvement.* From this she daily recovered, and is now, thank God, better than ever she was in her life.

The child, when three months old, caught a bad cold, and *descended every to a mere skeleton*, nothing but *bone and skin the eyes sunken from his head; as if they would drop out;* the physicians all united in saying there was no use of attempting to save him, *his case was hopeless.* We said for
