Pittsburgh Gazette.

PITTSBURGH:

FRIDAY MORNING, MARCH 12, 1858.

The OFFICIAL PAPER OF THE CITY.

News of the City and Neighborhood.

THE TONNAGE TAX.—The exceedingly able and unanswerable papers of the Board of Trade on the Repeal of the Tonnage Tax and in examination of the question whether Pennsylvania railways discriminate against Pennsylvania interests, have been published in neat pamphlet form. We published those papers in full in the Daily and Weekly *Gazette*. Our citizens have thus been able to read the arguments there presented, and they have, we hope, done so. If they have, they are able to say what their opinion is on the matters there discussed. It is necessary now, that every member of the State Legislature should read these papers which we above alludeto. The facts therein are reliable. They have been collected with much labor by gentlemen of this city, whose names are sufficient endorsement for the truthfulness of every word they present. The pamphlets containing the report will be laid before our Harrisburg law makers, and we trust will receive that due degree of consideration which the gravity of the subjects they treat demands.

A Committee of the Board of Trade, consisting of Messrs. S. P. Shriver, J. R. Hunter and E. Gregg, have issued a circular as follows:

BOARD TRADE ROOMS,
Pittsburgh, March, 1858.

The Board of Trade of the City of Pittburgh respectfully ask your attention to the Report of a Committee of the Board, which you will find herewith, in relation to the discriminations of the Pennsylvania R. R. Company against the citizens of the State. If the views of the Board as set forth meet your approval, your co-operation, to influence the Legislature against the repeal of the Tonnage Tax, is respectfully solicited. Accompanying the Report you will receive a printed remonstrance, with the recommendation of the Committee, as to the law required to prevent discrimination against our own citizens, to which it is desirable to take active measures to obtain signatures for presentation through your members to the Legislature; also, it will be well to have influential citizens write to your County Members to exert themselves in the promotion of the desired end. We would further suggest as important that the attention of the press in your vicinity should be called to the subject."

This circular, together with the Report of the Committee touching the main question at issue to which we have so frequently alluded, and a remonstrance referred to in the above circular, will be sent to all portions of Western Pennsylvania and elsewhere, we presume. All just and honorable means will thus be taken to bring this important matter to the attention of the people. We trust that our brethren of the press who may receive these documents will carefully peruse them. Examine the arguments adopted by the Board of Trade of this city with great if not with entire unanimity, and if not considering, speak. Let us have the sentiments of the press on this matter; let us have all the arguments on both sides, and from different stand points. If there are any persons in the State that can bring forward any new and enlightening facts on either side, let us have them: if there is any champion who can answer the arguments of our Board of Trade, let him step into the ring "and dust himself."

TUSCUMBIA A LITTLE "RILED."—That great village known as Tuscumbia, down among the colored citizens, in the amalgamating State of Alabama, appears to have drained the cup of patience to the dregs and must know something of a body or "spile." A cotemporary quotes from a newspaper (?) printed in Tuscumbia, the story of a boy named Harlan who it says is a Pittsburgher who has been driven away from Tuscumbian delights and printer's ink, because the Mayor of this city in the discharge of his official duty has put Geo. Shaw, charged with kidnapping, into a safe room in the jail. The paper of Tuscumbia appears sorely exercised, so much so that we are sure its article writer must be a poor fellow who never yet owned a "nigger" and who is working his way up among the aristocracy by his zeal, like Senator Johnson of Tennessee, who worked as journeyman tailor until he was able to buy his fellow workmen and set up for Congress. The newspaper however says:

"For the information of those who have Mr. Shaw incarcerated in the Pittsburgh jail for performing an act which the law recognizes and justifies, we can state that Mr. Ragland, although he put no restraint whatever upon Wash until the news of Shaw's arrest and imprisonment reached him, and came to his (Wash's) ears through young Harlan; if is believed; he then put him in the Huntsville jail for safe-keeping.

"Mr. Ragland authorizes us to say to that truthful sheet, the Brunswick (Mo.) *Journal* and all the balance of Wash's white friends, that if they will pay him twenty-five hundred dollars they can have Wash—and he can then marry just as many white women as they wish. No doubt the abolition stock would be improved by such a cross."

THE THEATRE.—To-night one of the Misses Weston has a Benefit. So much has been said among our contemporaries about the great attractions of the piece called "Three Fast Men," that we stepped in last evening a while to see it. We must confess, that a more consummately ridiculous rigmarole it was never our fortune to see or hear. Three beautiful girls, yet in their teens, leading off some dozen or twenty others in a 8-sing with a chorus running through all the ups and downs, in these highly intellectual words:

"Oh, *ler gals*, give us a chaw tobacker,"

and ending with a sort of Jakey chorus—

"Skiddoo, skiddoo, skiddoo-iddo-idd."

This is simply disgusting, calculated to split the ears of the ground lings, and win a laugh only from those who have nothing else to do but to guffaw, even at their shadow.

Another part of the play consists in one young lady walking on her heels around the stage, and in a circle around another person, and in behind the scenes and out again, after which all hands spring up and rush at each other with the song of

Fi-bi-bi; fi-bi-bi!

All this may be intensely interesting; it may have in it, like the tractates of Asinino, a hidden wisdom that lies too deep for the common mind; it may have in it, like the jokes (?) of Hippocrates, a hidden wit. We hope that is the case.

These young ladies, it would seem, might turn their attention to the drama so as to dignify and honor it, if such thing can be, but as "Three Fast Men," never. The piece has neither wit nor wisdom, and is not worth the time it takes. Moreover, *double entendres*, coarse jokes, and uncouth scenes, are mixed up through it, from end to end. It is no use to talk about the characters in the world attempted to be represented, demanding this. We don't want to meet such characters, either in the real or mimic world. We are "down" upon them, whether they appear at the Mayor's office for trial, or in the prize ring. The "Fast Men" will appear again tonight.

RAILROAD ACCIDENT.—A man named Thomas Smith, residing at Lockport, Westmoreland county, was run over by the cars at Sinowah station, Pennsylvania Railroad, on Wednesday night, 3d inst, and killed. Both of his legs were broken and his head and body badly mutilated. It is supposed it was the Accommodation train which killed him, as he left the station a short time before it passed. He was not found until midnight, and after several trains had passed.

THE Locofocos of Washington borough have put the following persons in nomination for local officers. *Justices of the Peace*—J. L. Judson, Wm. Hughes. *Judges*—Samuel Beatty, J. D. Braden. *Inspectors*—Harvey Day, Henry Brown. *Assessor*—Col. Thos. Logan. *Assistant Assessors*—Alex. Frazier, J. W. Koontz. *Constables*—Andrew Ford, Capt. S. W. Decker. *Township Clerk*—Wm. Poland.

CHURCH ROBBED.—On Monday night last the Methodist E Church in Hollidaysburg was broken into, and the book containing the Sunday School Missionary box broken open, with the design no doubt of robbing the Lord's treasury of the precious pittance dropt into it by hands of children. But fortunately the contributions had been removed by the Treasurer, and the villains had a bootless venture. Such gross depravity is startling.

MESSRS. HUNT & MINER, the enterprising booksellers of Masonic Hall, have been appointed sole agents for J. H. Tyron's "Regulator," a steel pen which is so constructed as to be adjustable to a light or heavy hand, by which it can be made to write fine or coarse, as the writer may wish. They are to be sold on cards containing one dozen, and sell at 25 cents per card.

PRESBYTERIAN QUARTERLY.—We have received from the publishers the number of this valuable work for the current month. Its articles are: Abelard; Spiritual Discipline of the Jesuits; Personal Reminiscences of Dr. Griffin; Dr. Barclay's City of the Great King; Tennyson; Note on the General Assembly's Answer to the Protest on Slavery; Notices of New Books.

ASSIGNEE APPOINTED.—In the matter of the application of the creditors of James Blakely, for the appointment of an assignee in place of John J. Mitchell, Esq., Judge McClure refused to appoint either of the gentlemen desired by said creditors. The court appointed Wm. Campbell, Esq., of the Sixth Ward, as assignee.

HOUSE BURNED.—The dwelling house of Mrs. Ann Stacker, in Washington county, was destroyed by fire a few days since.—The contents were saved, and the house was partially covered by insurance.

REPORT OF THE VISITING COMMITTEE OF THE MERCY HOSPITAL.—The committee, appointed at the instance of the Managers of the Mercy Hospital, to visit and examine that institution, express to its patrons, their approval of its general management, and their high opinion of its usefulness to the community. A thorough examination of the building and grounds satisfies them that its arrangements and situation are admirable for the purposes intended, and that perfect order and neatness prevail throughout its interior. The statistics, which are embodied in the general report, explain the extent of its operations, showing:

Total number of patients admitted from January, 1857, to February, 1858	232
Patients discharged cured during the same period	192
Died during same period	20
Remaining in Hospital Feb. 14, 1858	20
Of the above there were non-paying or charity patients	172
Patients who paid about one-third fees	20
Patients who paid full fees	40

The number of non-paying or charity patients, as compared with the whole number received and treated during the year, establishes the character of this institution, as truly a house of mercy to those who have enjoyed its benefits.

The Committee, consisting of Messrs. J. S. Cosgrave, Wm. H. Smith, John P. Dears and N. G. Murphy, close their report as follows:

Believing that this and all kindred institutions have their origin in that spirit of charity which the holy teachings of religion inspire, and in the exercise of which *all* are brought together in at least one good work, we most cordially commend the Mercy Hospital to the benevolent and charitable, as one of the most useful and meritorious institutions in our midst.

CONCERT AT MR. ROHBOCK'S.—The pupils of Mr. Henry Rohbock gave a *Soiree Musicale* at the residence of that gentleman, No. 99 Liberty street, last evening. The pleasant parlors were a little *too* full of the friends of Mr. R. and his pupils, who were there present. Some of the fair performers on the piano were Miss Shaler, Misses Dayer, Miss McCandless, Misses Mellor, Craig, Gormly, Jackson, Bratt, McClay, McCord, Roth, Ogden and O'Neill.

The young gentlemen were Messrs Mellor, Bowen and McCandless.

The programme exhibited choice selections from the masters—Mozart, Beethoven, Weber, Wallace, etc. The gems of La Somnambula, La Fille du Regiment and Lucretia Borgia were well interspersed with more familiar airs, fantasies, etc., and we are certain that the remarkable proficiency exhibited by these pupils will add to the already brilliant reputation of Prof. Rohbock. If it would not seem invidious, we would name those performers of the evening who most pleased us, but where all did well, let it pass.

Some of the pupils were little creatures that toddled up to the piano and were lifted into the seat by Mr. Rohbock, where their little hands, with a skill truly astonishing, made the piano ring out exquisite airs, simple yet well and accurately performed.

Mr. C. C. Mellor played a snatch from "L'Elisire D'Amore," with great power. We regretted that Prof. Rohbock had not given his success a wider celebrity by making it known in a public hall: but doubtless he was gratified at so welcoming under his own roof so many friends of himself and pupils who know well how to appreciate the labor he has bestowed and the success which has resulted.

The daily public Union Prayer Meeting, at the Central Presbyterian Church, near corner of Sixth and Smithfield streets, will be conducted this morning by Rev. D. Kerr, of the Associate Reformed and Rev. Mr. Reed, of the Associate Presbyterian Churches. The exercises will commence at 11¼ and conclude at 12½ o'clock. Owing to the large attendance yesterday the gallery has been opened, and additional seats placed in the church. "There is yet room."

All are invited.

We are pained to learn that Dr. Stevenson, formerly of Allegheny City, but for some time since a resident of Christiansburg, Kentucky, where he was a practising physician, is dead. He was married to a young lady of Shelby Co., in that State, as we learn by reference to our files, on the 3d day of last month. This is a sudden and severe stroke to his family and numerous friends.

SALES OF STOCKS.—The following Stocks were sold last evening, at the Merchants Exchange, by Messrs. Austin Loomis & Co.:

20	shares Mechanics' Bank Stock,	$55 00
30	do do	55 12½
10	do Iron City do	53 12½
40	do Birmingham, East Birmingham and South Pittsburgh Gas Co.,	15 00

THE last of those popular and delightful Entertainments given this week in the 1st Associate Church Sixth St. for the benefit of the Sabbath School, will come off this evening. With beautiful music, select recitations, elegant arrangements and the noble cause, there should be an overwhelming house.

THE late destructive fires in Kittanning, and the vote of a large majority of the people of that place, have induced the purchasers to form a brand fire engine, the cost of which is to be exceed $2000. A committee has been appointed to proceed to Philadelphia and purchase.

THE remains of Capt. P. N. Guthrie, who died in Cincinnati some months since, will be brought to this city to-day and buried with military honors. The Scott Legion and Duquesne Greys will escort the remains to the grave.

CONCERT.—Mr. Wamelink will repeat his concert which was so favorably received before, on Tuesday evening. The object for which it is given, and the fact that it is by Mr. W.'s pupils, will be sure to fill Lafayette Hall.

THE Sister Sisters, Misses Lucille and Helen, and Miss Kimberly, the Manageress of the Theatre, in company and at the invitation of Mayor Weaver, paid a visit yesterday to some of our public institutions.

Another Instance of Tape Worm Cured by the use of DR. MCLANE'S CELEBRATED VERMIFUGE, prepared by Fleming Bros:

NEW YORK, October 15th, 1852.

This is to certify that I was troubled with a tape worm for more than six months. I tried all the known remedies for this dreadful affliction, but without success, until I got one of Dr. McLane's Almanacs, which contained notices of several wonderful cures that had been performed by his celebrated Vermifuge, prepared by Fleming Bros—which I took according to directions, and the result was, I discharged one large tape worm measuring more than — yard, besides a number of small ones.

MRS. M. SOUTE, No. 70 Cannon street.

CONGRESSIONAL.

WASHINGTON CITY, March 11.

The House has under consideration the Volunteer bill.

Mr. Stanton favored the bill, but thought the disturbances with Utah could be quelled in one campaign, therefore the increase should be temporary.

Mr. Harris, of Illinois, rose to a question of privilege, saying that he and six other members of the House Kansas Committee felt it due to themselves to present facts showing the failure of the Committee to execute the orders of the House.

Mr. Letcher asked if it was a privileged question.

The Speaker thought not.

Mr. Harris appealed from the decision of the chair, which was refused by 97 against 112.

Mr. Humphrey Marshall moved for its postponement till to-morrow.

Mr. Stephens had no objection, provided the majority report be then made.

Mr. Harris had no objection to embody that report in the Journal, and the minutes of the Committee, which he intended to present. He found that report published in the *Union* to-day. He thought it singular that it should be spread before the country, in contravention of parliamentary law and the rules of the House, but he was not willing that the report should be made as the report of the committee, as he, with six others, members of the committee, have declared that the committee has not discharged its duties under the terms of the resolution appointing it.

Further discussion ensued on this point, when Mr. Marshall's motion was agreed to.

In Committee of the Whole was briefly debated the Diplomatic Appropriation bill, to be reported to the House with a recommendation that it pass, and Cate making an anti-Lecompton speech.

Mr. Boyce discussed our policy with regard to the Mormon question. He thought a practicable object to be sought is the preservation of a communication with the Pacific. There are two modes to settle the question—peaceably, and by war. The former is the most humane and economical, and is therefore the best. The latter would conduce to such a state of affairs as would make a hell for a thousand years of the passes to the Pacific.

The House adjourned.

SENATE.—In the Senate, Mr. Polk of Missouri, spoke on the Kansas question, contending that Lecompton would give peace in that Territory.

Mr. Bejamin of La., opened on the same side, contending that we had Slavery on this continent from England; it was here by common law as well as by the Constitution. As a member of the Judiciary Committee he felt called upon to defend the Supreme Court, which he proceeded to do at some length.

The Senate passed the House Printing Deficiency Bill and then adjourned.

Latest from Europe.

NEW YORK, March 11.—The Kangaroo arrived from Liverpool on the 24th ult.

In the house of Commons on the 22d, Lord Palmerston, who was received with cheers by his supporters, rose and said, "I wish to make a short statement to the House with respect to the course which her majesty's government have thought it their duty to pursue in consequence of the vote to which this House came on Friday night. We on Saturday humbly tendered to her Majesty the resignation of our offices, which her Majesty was graciously pleased to accept, and consequently we now hold our offices only for the purpose of carrying on the business of the country until our successors are appointed."

FRANCE.—There was a French Penal law had passed by the Legislative body by a vote of 251 yeas to 24 nays.

INDIA.—Telegraphic advices from Calcutta to Jan. 23rd Jan., and from Bombay to 29th, had been received.

Sir Colin Campbell was awaiting the arrival of heavy siege trains to join him at Jung Bakador, and would then march on Oude.

The Cabpee rebels were still in force under Nena-Sahib, and were threatening the neighborhood of Nagotie. One or two small engagements of a desultory character among the gunners at Sacepore were reported. The town and fort of Maghir had been taken from the rebels.

ENGLAND.—A prosecution had been commenced by the English Government against a bookseller named Truelove, for publishing a libelous pamphlet concerning Napoleon, with a view to excite his assassination.

The China mail had reached England, bringing details of the capture of Canton, recently by telegraph prior to the sailing of the Kangaroo. The Canton forces intimidated and evacuated the city on the 30th of December. The Governor of Canton was taken prisoner, as well as Yeh and the Tartar General. The Governor, Pinguei, was subsequently installed as the Governor of the city, with powers similar to those wielded by Yeh.

The allies were to continue their protectorate until satisfactory terms were made with the government.

A commission, composed of two Englishmen and one Frenchman, had been charged with the supervision of the Government, and had issued a proclamation inviting the people to return, and assuring them of protection.

At the departure of the mail everything was quiet, and there was a fair prospect of taking off the block ade and of the resumption of trade within a week.

In the grand siege, upon Canton there were numerous hand to hand encounters. The Bluejackets and the French 30, in killed and wounded. A large amount of treasure was captured but plunder was forbidden.

[Special Dispatch to the Pittsburgh Gazette.]

HARRISBURG, March 11.

SENATE.—The bill relating to East New Castle school, passed finally, and needs but the Governor's approval to become a law.

HOUSE.—Petitions were presented by Mr. Vaughn in favor of the proposed incorporation of Duquesne Borough, also providing for the regulation of Railroad Lanes.

Mr. Hamilton from the Committee on Ways and Means reported a bill for an appropriation to be used in erecting a monument in commemoration of the volunteers from Western Pennsylvania who fell in the Mexican war; also in favor of the repeal of the tonnage tax. Also remonstrance against vacating certain streets in South Pittsburgh.

The following Bills were reported a committee: Rechartering Merchants' & Manufacturers Bank: relating to party walls; incorporating the Borough of Malta: relative to estate of P. Shoup: passenger deceased. relative to Manchester Gas Co., for changing the name of the Pittsburgh & Connellsville Railroad Co., by adding the word Baltimore.

The supplement to the act incorporating the Birmingham & Brownsville Macadamized Road Co., was reported with amendments.

The Bill relative to the estate of Thos. Hanna, deceased was reported with a negative recommendation.

The proposed amendments to the Liquor Bill, in Committee of the Whole, gave rise to considerable debate until the hour of adjournment, when the Bill was passed by a Special Committee of seven, who report upon different measures.

The Bill to prevent the evasion of Bridge tolls and the Sheriff's Interpleader Act have been signed by the Governor.

NEW ORLEANS, March 11.—The steamer Tennessee has arrived, with Vera Cruz dates to the 7th, and City of Mexico to the 5th. The papers are filled with details of the capture of the City of Guerero, Michoacan, Gueretana and Guanajato, which after the strongest disaffection to the new government; Doblado, Parrod and Arteaga are fortified.—At Celaya and the State of Guana Juato, are 6000 men and 27 pieces of artillery.

The government forces near Cyla are awaiting reinforcements, when it is supposed an action will take place. Robbery after robbery is also reported, and in the field with 3000 cavalry against the new government, and the downfall of Zuloaga is considered certain. It is rumored that the new government has already pronounced for Guadalajara.—Comonfort was in possession. Tampico is in the Federal interest. The whole country is in a lamentable condition.

CARLISLE, March 11.—The Court met this morning. All were present except Gen. Wool, who is still sick. Col. Sumner was arraigned on three charges:—1st, prejudice of good order and military discipline. 2d, violation of article of war by engaging in a challenge. 3d, upbraiding Harney for refusing to fight a duel. Sumner plead not guilty. The prosecution presents a correspondence between the parties and rests upon it. Col. F. Lee, a member of the Court for the defence, testifies to insulting language of Harney to Sumner while on trial at Ft. Leavenworth. An essential witness for the defence, Col. Hainer, of the Marine Corps, arrived this evening. The Court adjourned until to-morrow. Sumner was assisted in the defence by the Hon. F. Watts; Maj. John F. Lee, Judge advocate, for the prosecution.

WASHINGTON CITY, March 11.—The Anti-Lecomptonites are in the spiritless evening anticipating a victory to-morrow on the movement of Mr. Harris, of Illinois in the House to-day. In the House, Messrs. Blair of Missouri, Davis, Harris and Ricaud, of Maryland, Gilmor of North Carolina and Marshall of Kentucky were the only members of the Slaveholding States who voted with the majority of fifteen adverse to the Speaker's decision against Mr Harris' question of privilege. These members, with the exception of Mr. Blair, represent the American party. The Lecomptonites claim that on the previous vote by which on the call of the House was refused by 9 majority, 29 of their friends and only 5 Anti-Lecomptonites were absent.

ST. LOUIS, March 11.—The river has risen about one foot within the last twenty-four hours, and is still rising, with nine feet to Cairo. The Missouri is almost stationary, with thirty-one feet to St. Joseph. The ice in the Illinois has broken up in several places, and prospects of a speedy resumption of navigation are favorable. There is nothing new from the Upper Mississippi. The gorge at Canton still holds firm. Weather clear.
