the above Electic Fire and Water-Proof Coment Boofing, it being the only article yet invented that will successfully

create the above of the atmosphere in every climate. RICH FANCY DRESS SILKS, IT IS PERFECTLY FIRE AND WATER-PROOF. And in point of durability, we believe it is equal, if not sape or, to any Metallic Roofing. We can put if Log over Old Tin Tar, Iron or Shingle Roofs, it making nod suce how flat or steep the roof may be. This Roofing is warranted to prove as above represented. We will put it on for SIA DOLLARS PER SOURCE, (TEXT PEET SOURCE)

We will apply it upon Tin and Iron Roofs for TWO DOLLARS PER SQUARE, being on account of its durability the cheapest point that can be used. RICH BLACK BAYADERE DRESS SILKS. We will apply it upon Tin and Iron Roofs for TWO DUBLIANS FEE CALLED THE CALL RICH BLACK SILK ROBES, " PLAIN BLACK SILKS, W.I. JOHNSON. J

I have made a chemical examination of some specimens of W. E. CHILDS & CO'S ROOFING, left at my office, the reults of which are as follows:

1st. The material is compounded so as to remain pilable for a great length of time.

2d. The consistent is not readily inflanced by the temperature; consequently it would not be liable to meltand run;

if from a roof in Summer, or crack in Winter, i. a. extremes of natural heat and cold would not fujure it.

2d. The composition is not acid but slightly alkalins. It would not destroy the canvass, but on the contrary protect. " PRINTED BERAGES. " ORGANDIE LAWNS, 36. The composition is not acre our sugary measure. From the action of the weather of the water from the school of the weather.

4th. It is Water Proof, and to a large extent Fire Proof; that is, sparks and fire brands falling upon it could not future it. In my opinion such a roof will last for years if put on carefully and receiving prompt attention.
