I have not been able to obtain information in reference to that, but I imagine-our system is copied from England. In England they may have no more men to an officer than we have here. But why? Simply, because in England they may of providing for the younger soms of mobility and aristocracy, is to give them commissions in the sarmy; and hence there is always "s pressure of influence to increase to humber of officers. And we, in this republicant in direct to the House. Secretary Howel to have the work different motice, are following in the footateps of aristocratic Eogland, in order to the site or public officers and show that of the same with the same of the Southern and to public officers and the same of the same same opportunity of providing for their friends." The army of England is used for furnishing places to the idle and thritless portion of the freed carse, which encumber the grade and the trines and they in the matter ended to day. To morrow, or at most in a few days, party the friend surface and the same that of England to our government the English proposition. But there is but one send the same surface and whill had the same that in the footateps of Congress and other influence to increase to the same and to public officers in the army. The army of Englandi used for furnishing places to the idle and thritless portion of the same army of England is used for furnishing places to the idle and thritless portion of the same army are fourned that the same same and the public officers in the English proposition. But there is but one send that and start the same same and the subter frience and there the same that the same same and the subter frience and there the same that the same that the first same mathed the same that the same th MERCHANTS, No. 14 Pine Street, St. Louis, Mo.
