PITTSBURGH:

TUESDAY MORNING, APRIL 27, 1858.

OFFICIAL PAPER OF THE CITY.

City and News Items.

As we suggested on Monday, and had reason to Hope would be the case, an esteemed friend has sent us the following notice of

The Dedication at Sharpsburgh.—We had the pleasure of forming one of the large congregation assembled on Sabbath morning to participate in the dedicatory exercises of the elegant new Presbyterian Church edifice at Sharpsburgh, a description of which was given in yesterday's issue. Very general interest was manifested; many from the cities and neighboring districts of the county were present and the church was crowded.

After the execution of an anthem by the choir under the leadership of Mr. Black, and the singing of the Psalm, in the Presbyterian collection, commencing:

"Begin, my soul, the exalted lay."

(*Psalm 148, 3rd part.*)

The Rev. Prof. Wilson, of the Seminary, the officiating clergyman read the sixth chapter of 2d Chronicles, in which "Solomon, having blessed the people, blesseth God," and in which is his "prayer, in the consecration of the temple, upon the brazen scaffold." This fine chapter, so appropriate to the occasion, was very impressively pronounced by the Reverend gentleman.

After prayer and further singing the preacher announced his text from the first chapter of Revelations, fifth and sixth verses, in these words.

"And from Jesus Christ, who is the faithful witness, and the First-begotten of the dead, and the Prince of the Kings of Earth. Unto him that loved us and washed us from our sins in his own blood and hath made us kings and priests unto God and his father, to him be glory and dominion forever and ever. Amen."

The discourse had two leading divisions; the first being the consideration of the titles ascribed to Christ in the text, and the second the consideration of those things which Christ has done for mankind, therein enumerated.

We cannot give a full report of this admirable sermon, declared by many to be one of the finest they had ever listened to, and will not do the Reverend gentleman the injustice of a partial report. Those of our readers who have heard Prof. Wilson may imagine with what force and earnestness he enunciated his views of divine truth, inspired as he was by the noble theme his text afforded him and by the occasion. As he closed his sermon the Reverend gentleman in a few eloquent passages, made the dedication, closing with the following verses from the twenty-fourth psalm, which were very finely recited:

"Lift up your heads, O ye gates; and be ye lifted up, ye everlasting doors; and the king of glory shall come in.

Who is this king of glory? The Lord strong and mighty, the Lord mighty in battle.

Lift up your heads, O ye gates; even lift them up ye everlasting doors, and the king of glory shall come in.

Who is this king of glory? The Lord of hosts, he is the king of glory. *Selah.*"

There remains but a small debt upon the church, and to aid in removing that a collection was taken up. The sale of pews will be made during the first week in May.

In the afternoon Prof. Wilson again addressed the congregation, from the text found in the 13th chapter of St. Mark, 2nd verse.

"And Jesus answering, said unto him, Seest thou these great buildings? there shall not be left one stone another that shall not be thrown down."

CONTROLLER'S STATEMENT.—Mr. Lambert, the City Controller, made his statement last evening of the funded and other debts of the city, and of the real and personal property owned by the same. The sum of the various items is as follows:

Total amount of Real Estate owned by the City	$1,087,458 00
Total amount of Personal Property	102,825 77
Funded Debt	1,135,870 92
Floating Debt	32,810 00
Amount loaned to R. R. Co	1,500 00

In lieu of which the city holds shares of stocks in railroads as follow:

P. Ft. W. & C. R. R.—Shares	4,500
Pittsburgh and Connellsville	10,000
Allegheny Valley	8,000
Pittsburgh and Connellsville	10,000
Charities Valley	2,000
Total	39,500

TELLER ELECTED.—At a meeting of the Directors of the Allegheny Bank, on Saturday, Robert W. Mackey, of the Second ward, was elected teller. Heretofore, Mr. E. J. Roberts filled the positions of bookkeeper and teller, but since the removal of the bank, owing to the increase in its business, it was necessary that a teller should be appointed. Mr. Roberts remains as principal and bookkeeper. Mr. Mackey was late connected with the banking house of Arthurs, Rogers & Co., and enjoys the confidence of the business community. The choice was a good one, and Mr. M., yet a young man, is well fitted for the position to which he is promoted.

THE miners engaged in getting out coal at the Broad Top Mines, in Huntingdon county, have raised work and demanded an increase of their wages; they now ask forty-five cents per ton. In consequence of this strike, operations at the mines have been stopped for some days, and contractors for coal have been put to considerable inconvenience in filling their contracts. Arrangements satisfactory to the miners have been made, and they will be at work as usual this week.

The "strikers" at Johnstown have sent collecting agents abroad among the people in similar pursuits with themselves, but who are now at work, soliciting aid to enlist them during their prolonged determination against going to work at the wages they were receiving at the time of the financial crisis.

SANFORD'S OPERA TROUPE held forth last night, at Masonic Hall, to a good audience, and will perform this and every evening this week, with an entire change of programme each evening. Those who have witnessed the performances of this troupe on previous evenings will go and hear them again, if possible. Such wits as Cool White, Kavanagh, et al., are to be every day occurrences. A few, only, of such are "grown" each century.

N. B.—Unbutton your vests before the performance begins, if you would secure your buttons.

BALM OF A THOUSAND FLOWERS.—Messrs. HUNT & MERER, of the Masonic Hall Literary Depot, who appear to have a monopoly of all the latest and best things—things literary and things otherwise—have been appointed sole agents for the above article, manufactured by Messrs. W. P. Lethridge & Co., N. Y. The pure Balm of Thousand Flowers is one of the most elegant articles for the toilet; it is unequalled for cleaning the teeth, for shaving and for using "asperaciously" on the face of youth and beauty. Try it.

DEATH OF MR. MASON.—Washington Mason, Esq., a good citizen of the First Ward, who has been long known among steamboat men as one of the most faithful and careful boat-builders and cabin finishers in this vicinity, died yesterday after a painful sickness of twenty-one days. His disease was bilious fever. The boats were yesterday all dressed in their colors at half-mast as a mark of respect to the memory of a man who has contributed a great deal to their adornment. Mr. Mason leaves a wife and, we believe, four children, to mourn his loss. His industry has secured for them a comfortable competence.

MUSICAL FESTIVAL.—The German North American "Saengerbund" (singer-band) will hold their tenth anniversary in this city on the 8th, 9th and 10th days of June next. These musical festivals are almost entirely in their character. Musical clubs from all the Northern and Western States will be in attendance. It will doubtless be one of the finest gatherings of the season, as it certainly will be one of the most interesting.

R. M. RIDDLE, Esq., has withdrawn from the editorial chair of the Pittsburgh *Commercial Journal*, and it is henceforth to be filled by T. J. Bigham, Esq., of this city, to whom we wish good success. Mr. Snowden is to conduct the commercial department, and the business of the concern is to be carried on under the name and style of Wm. L. Foulk & Co. We wish our new neighbors in the "art preservative," success and contentment.

HEAVY CASTING.—We noticed a piece of casting, yesterday, on a pair of timber wheels, being hauled to the Cleveland & Pittsburgh depot, which weighed 10 tons. It was part of a mammoth punch, which has been used heretofore by Messrs. Morris & Collart, for punching the eye in solid box vices. They have sold it to a firm in Cleveland, which firm will doubtless possess the heaviest casting in that city,—when this arrives.

BISHOP O'CONNOR.—On Saturday, the Right Rev. Bishop O'Connor reached his home in this city, after a journey of some months' duration through Cuba and Mexico, for the benefit of his health, which, we are glad to learn, has greatly improved during his absence from his diocese.

THE Allegheny Valley R. R. is to be extended to Mahoning River, ten miles above Kittanning. The company is now asking for bids for doing the work in sections of one or more miles. See advertisement for particulars.

THE Cincinnati *Gazette* speaks of a young man named Wm. Pierce, who hailed from Allegheny and who was arrested in Cincinnati for robbing the room of one of the ladies belonging to the Martinetti troupe of a gold watch, chain and pair of ear-rings.

A bill of Burke & Barnes for vault doors for $129,96 was discussed at some length, as it was alleged that was too much by 20 per cent. The yeas and nays were called as follows. The question came up shall the bill of $129,96 be paid and yeas and nays called as follow:

Ayes.—Bennet, Berger, Brown, Herdman, Kim, Kincaid, Mackin, Miller, Morrow, Moorhead, Pollock, Phillips.

CONGRESSIONAL.

WASHINGTON CITY, April 26.

HOUSE.—Mr. Quitman, of Mississippi, asked leave to introduce a joint resolution concerning the admission of new States into the Union.

Mr. English, of Indiana, objected.

The speaker sustained Mr. English's point of order, as a privilege question already pending.

Mr. Quitman said his resolution was to apply only to the future.

The Speaker stated the question to be on agreeing to the amended motion postponing the report of the Committee of Conference on the Kansas bill till the second Monday of May.

Mr. Harris, of Illinois, asked the unanimous consent of the House to postpone the consideration of the question till Wednesday.

Mr. English acquiesced, but several gentlemen objected, crying, "let the vote be taken now." Question, question.

Mr. Marshall, of Kentucky—If the consideration is postponed will it not be again in order to move the previous question.

Mr. Clingman, of North Carolina, said it is in order now.

Mr. Marshall then moved to lay the report of the Committee of Conference on the table, and inquired if this motion prevailed would it not terminate all legislation, and leave Kansas in the position she was in before application was made for her admission into the Union?

The Speaker replied that in his opinion it would dispose of the whole matter.

Mr. Marshall, of Kentucky, withdrew his motion to lay on the table. The question then recurred on the motion to postpone the report till the second Monday of May.

Several gentlemen proposed that the pending question be postponed till Wednesday, and during a conversational debate Mr. Seward said he wantedimmediate action upon the Kansas bill. He said it ought to be defeated or carried. He wanted an end to the controversy. He was prepared as much to vote to-day as he would be six months hence. He was willing to go home like a full grown man and face the responsibility before his constituents without waiting for objections to be trumped up. He said there must be some secret motive, looking to future political movements, for the postponement till the second Monday in May.

A long conversational debate ensued as to the propriety of postponing the Kansas question to Wednesday next instead of the second Monday of May.

Mr. Harris of Illinois withdrew his motion for Wednesday, saying that there was a diversity of opinion on the subject.

The House proceeded to vote on the pending motion to postpone the further consideration of the Committee of Conference to the second Monday in May, which was disagreed to by a vote of 100 against 104.

On motion of Mr. Stevens further consideration was postponed till one o'clock on Wednesday.

The Deficiency Bill was returned from the Senate with amendments, to which the House disagreed, by a similar vote, and appointed Mr. Stevens conferrees for the Globe, and striking out the provision for the settlement of the accounts of the late clerk of the House.

J. Glancey Jones offered a resolution that during the present week it shall be the order each day for the Committee of the Whole on the State of the Union to take recess till seven o'clock in the evening for general debate only.

During a contest whether the resolution should now be finally voted on or whether the House would adjourn, Mr. Skinner of N. Y. said he had a proposition which he hoped would be adopted.

The proposition was sent to the clerk to be read. It involved an article from a Burlington paper, charging Senator Bright with having obtained through Commissioner Hendricks, 6000 acres of public lands. The Speaker stopped the reading as it was a reflection upon a co-ordinate branch of Congress. Great confusion ensued.

The house however returned to the consideration of J. Glancey Jones's resolution and then finding itself without a quorum adjourned.

SENATE.—The Senate was occupied with a discussion of Paraguan affairs, in which Messrs. Simmons, Mallory and Mason participated. The consideration of the bill for the relief of the heirs of Wm. Penn was postponed.

Nothing has yet occurred to injure the prospects of the growing spring and fall crops. The wheat, everywhere, looks beautiful.

The market generally is without change in prices. The supply of most articles of produce is fully equal to the demand.

Money continues easy and first class paper is readily taken at the bank. There is so little of this quality making that the discount line at bank run up very slowly.

In the eastern cities money is abundant and cheap. The imports continue to fall off, and the accumulation of specie at New York is rapidly running up to $40,000,000. The general lack of confidence and unwillingness to invest in new undertakings cuts short the demand for money and leaves the banks with all their surplus means on hands.

Weekly Review of the Pittsburgh Market.

[Reported specially for the Pittsburgh Gazette.]

PITTSBURGH, TUESDAY, APRIL 27, 1858.

There is no special change to note in business affairs. The rivers continue in excellent order, and the freighting business goes on with regularity but without activity.

The sudden change of the weather to cold has, it is feared, destroyed the fruit to this region. The frost on Saturday and Sunday nights were quite severe. The prospect for fruit, before this, was extraordinarily good.

Nothing has yet occurred to injure the prospects of the growing spring and fall crops. The wheat, everywhere, looks beautiful.

The market generally is without change in prices. The supply of most articles of produce is fully equal to the demand.

Money continues easy and first class paper is readily taken at the bank. There is so little of this quality making that the discount line at bank run up very slowly.

Worms! Worms! Worms!—A great many learned treatises have been written, explaining the origin of and classifying the worms generated in the human system. Scarcely any topic of medical science has elicited more acute observation and profound research; and yet physicians are very much divided in opinion on the subject. It may be admitted, however, that, after all, a mode of expelling them and purifying the body from their presence is of more value than the wisest disquisitions as to their origin.

Such an expelling agent has at last been found.' Dr. M'Lane's Vermifuge proves to be the much sought after specific—its efficacy being universally acknowledged by the entire medical family. As a further proof, read the following from a lady, one of our own citizens:

NEW YORK, October 16th, 1852.

This is to certify that I was troubled with worms for more than a year. I was advised to use *McLane's Celebrated Vermifuge*, prepared by Fleming Bros., Pittsburgh. I procured one which brought about fifty worms. I commenced improving at once, and am now perfectly well. The public can learn my name, and further particulars, by applying to Mrs. Hardie, No. 3 Manhattan place, or to M. L. Theall, Druggist, corner of Bleecker and Macdoze streets.

☞ Purchasers will be careful to ask for DR. M'LANE'S CELEBRATED VERMIFUGE, manufactured by FLEMING BROS. of PITTSBURGH, Pa. All other Vermifuges in comparison are worthless. Dr. M'Lane's genuine Vermifuge, also his celebrated Liver Pills can be had at all respectable drug stores. *None genuine without the signature of* J. F. FLEMING & CO.
