Pittsburgh Gazette.

PITTSBURGH:

MONDAY MORNING, JUNE 7, 1858.

OFFICIAL PAPER OF THE CITY.

City and News Items.

BAPTIST ASSOCIATION.—This body met on Saturday at half-past two o'clock in the First Baptist church, and was called to order by Rev. D. Williams, of South Pittsburgh, and letters from various churches were read. The following churches were represented:

1st Church, Pittsburgh, Rev. D. J. Yerkes; Sandusky Street, Rev. T. R. Tayler; South Pittsburgh, Rev. D. Williams.

2d Church, Pittsburgh, Rev. Wm. Owens; Peter's Creek, no pastor; McKeesport, Rev. Moses Heath; Freeport, Rev. D. W. C. Harvey; Centreville, Rev. Jos. Curran; Saltzburg, Rev. J. R. Morris; Salem, Rev. J. K. Cramer; Zion, no pastor; West Lebanon, no pastor; Mars' Hill, Rev. G. Lanham.

After reading the various reports, the Moderator according to the rules nominated for President of the Association, Rev. J. K. Kramer, of Salem; Clerk, Rev. R. H. Austin, of Brownsville. These gentlemen were elected unanimously.

A letter from Washington Baptist Church, asking admission to the Association, was received and read.

The pastor of the church above mentioned then came forward, and the President, with a few remarks, gave him and through him his church the right hand of fellowship.

Names of delegates were then received from corresponding bodies and visiting brethren: from Beaver, Dr. Daniels, John Thomas; Philadelphia, John White; Monongahela, John Scott, R. H. Austin, H. J. Ritenour; N. Cumberland, G. M. Spratt; Zoar, O., John Davis; Am. Missionary Union, S. M. Osgood.

A committee of three on the circular letter, Revs. D. J. Yerkes, Boyd and Heath, was appointed.

A committee on the time, place and preacher for the next association, consisting of Revs. J. R. Morris, H. W. Wilson and D. Williams was appointed. The report was—place, Saltsburg; time, Saturday before the 1st Sabbath in June, 1859; preacher, Rev. Joseph Curran; alternate, Rev. Moses Heath.

The clerk was directed to prepare a digest of the letters submitted to the Association for publication with the minutes.

Rev. S. M. Osgood stated the claims of Missionary periodicals upon the churches in the West. The *Macedonian*, a missionary monthly, was spoken of as a worthy periodical, filled with intelligence from all parts of the field of labor in India and elsewhere.

Mr. Heath then read the Circular Letter, on Christian Individuality. The letter was quite long and developed the idea of the necessity of a high standard of individual piety in the church and the world. The letter was adopted and ordered to be printed with the minutes of the Association. Rev. D. J. Yerkes was appointed to write the Circular Letter for next year.

Mr. L. H. Eaton read a series of resolutions favorable to Sabbath schools, calculated to incite all the churches to more active exertions for building up and sustaining such schools. The resolutions were received and ordered to be printed with the minutes. Mr. Eaton, of Allegheny, Rev. John Boyd, of Washington, and Rev. S. M. Osgood, of Philadelphia, made some interesting and appropriate remarks, after which the resolutions were adopted by an unanimous vote.

Rev. D. J. Yerkes then read a report on Baptist Missionary operations. Receipts of the Missionary Union for the year $97,808 77; expended $97,797 64; indebtedness $53,376 17; expenses $9,734 24; number of missions 19; Asiatic 16; stations and 500 outstations; French and German 500 outstations; Indian 16.

The various letters which were read from the churches represented in the Association, showed a very great degree of religious prosperity, with many hopeful conversions and additions of members. The general revival of religion has manifested itself in the Baptist churches as in other bodies of Evangelical Christians. At 5 o'clock the Association adjourned to meet on Monday morning, at 9 o'clock.

THE GERMAN OPERA.—It is onto-morrow evening that the great opera of "The Sea Shore" is to be performed in this city. We are glad to learn that Mr. Mueller, of this city, lawyer, has prepared an English translation of this great work, and judging from a hasty review we incline to the opinion that he has done the work well. We do not, however, purpose to speak advisedly, for the original is not before us, and we never heard the opera. The translation has been so made as to preserve in English the rhythm of the German. Some of the expressions are not in good English, but the German idiom is to a good degree preserved. Mr. Mueller has not always been happy in his choice of words. In one place he has it:

"And far in the Sea-bed where fishes once trend,"—

which is not good grammar, as the connection requires "tread," nor does the gamut express a habit common among fishes, even though "poetic license" come in with its veil of much-covering charity. Another passage reads:

"Thousand ye fiddles, resound:
To fiddlest restaurd, ye dance."

"Fiddle" is as undoubtedly English as "Fiedel" is German, but with us it is not a word adopted to high-toned poetry. "Viola," even, would have been better. These are, however, but minor matters; the greater part of the translation is good. The book will be of great advantage to the thousands who will attend this concert.

CAPT. ROBT. HERDMAN will have an opportunity of knowing what does not often fall to the lot of humanity, viz: to learn what people will say of him after he is dead. All our city contemporaries which we observed on Saturday morning, give a full account of the worthy captain's death. We heard from him on Friday afternoon, and, as we stated on Saturday morning, he was better but considered still in danger.—On Saturday morning he was so much better that the Doctor entertains great hopes of his speedy recovery. The principal injury was around the scalp. His chest was also badly contused. We trust, however, we shall see him about again soon, perfectly restored to health.

STILL LATER—*Persistent Efforts to Kill Capt. Herdman.*—Both the afternoon papers of Saturday, state that Capt. Herdman is dead, and stick to it. We had word directly from the Captain Saturday forenoon, when he was much easier than he had been since he was hurt, and the physician declares his case very hopeful.

ELEGANT PIANOS.—We had the pleasure, this morning, of inspecting an unusually handsome Piano Forte, which was purchased by the Rev. Bishop Alexander Campbell, of Bethany, Va. It comes from the renowned factory of Nunns & Clark, New York, and was purchased at H. Kleber & Bros. establishment on Fifth street, who are their sole agents for Western Pennsylvania. The style of this instrument is what is termed the *full Serpentine*, of the most elegant pattern and design, richly carved and most elaborately finished. It has seven octaves, and the tone possesses that liquid purity and comprehensive volume for which that firm stands preeminent. It will be removed to-day to the Rev. Bishop's residence at Bethany, and we cannot but congratulate the fair recipient, his daughter, upon her good taste in the selection, while at the same time it must be a matter of great satisfaction to the sellers, Messrs. Kleber & Co., to know so superior an instrument is in the possession of one eminently qualified to appreciate its musical and artistic advantages. The price paid for it, we understand, was six hundred dollars.

RAILROAD TAXATION.—Mr. Joseph T. Thomas, of Philadelphia, who holds two of the county bonds issued to the Pittsburgh & Steubenville Railroad Co., applied to the Supreme Court at Harrisburg on the 21st of May for a preliminary Mandamus, directing the Commissioners of Allegheny county to levy sufficient taxes to pay the interest on railroad bonds. The Court granted the preliminary writ, and fixed the 14th day of July as the day for hearing the argument on the same. After the hearing on that day the Court will decide whether the writ shall be made absolute or not.

The Commissioners, of course, will be represented by able counsel on that occasion, and the whole matter will then come up for investigation and argument. Whether the Court will then be disposed to go into a lengthened discussion and investigation or will postpone it to a future season, we cannot say; but it is by no means probable that the matter will be disposed of in a day or in a hurry.

MOON and Davis, whose attempt to break jail on Thursday night we mentioned on Saturday morning, made another effort on Friday night.

The cell in which they were placed is that nearest the Court House in the second tier, and through it the large pipe with which the prison is heated is carried. The prisoners cut away the wall surrounding the pipe, and made an aperture through which they passed into the main hall to the prison. Yet their way was not at all clear and the gates still obstructing their egress they returned to their cell. They have since been put in irons for safe keeping.

DURING the heated term we advise our readers to keep cool and comfortable; in order to do so call in at Oliver's Ice Cream Saloon, 49 St. Clair street, near Liberty, and try a saucer of their rich and well flavored Ice Cream. The saloon is new, neat and visibly furnished, and the Ice Cream and Confectionery is of the best. Oliver's Family Bread is also a good article.

THE Horticultural Society held a meeting on Saturday morning, R. McKnight, Esq., in the chair. It was decided not hold a June exhibition.

[For the Pittsburgh Gazette.]

RATIFICATION MEETING AT TARENTUM.—Pursuant to notice, quite a large number of the opponents of Sham-ocracy met at the Public School house at Tarentum, and organized by calling Captain R. Gilliford to the chair and appointing J. W. Baird, Secretary.

Messrs. John M. Porter, Nathaniel Milroy and J. W. Baird, were appointed a Committee to draft resolutions expressive of the sense of the meeting.

The following resolutions were reported by the Committee and unanimously adopted, amidst the enthusiastic cheering of the persons assembled:—

Resolved, That while we regret that the late Republican County Convention failed to nominate our own particular friend and fellow townsman, Capt. R. Gilliford, for Auditor, we yet most cheerfully endorse and accept the ticket—the whole ticket, and nothing but the ticket presented to us, believing the nominees to be all good and true men, and that we most heartily pledge ourselves to use all honorable means to secure their triumphant election.

Resolved, That while our friendship for the Hon. S. A. Purviance, and our confidence in his ability and integrity remains unchanged and unshaken; yet inasmuch as the Allegheny portion of the 22d Congressional district is clearly and unquestionably entitled to the choice of the Representative, that we regard the nomination of Robert McKnight, Esq., with the highest possible gratification, and that we request the Allegheny conferees to be, McKnight first—McKnight last, and McKnight every time on each and every ballot.

Resolved, That the proceedings of this meeting be published in the Pittsburgh *Gazette* and other city papers favorably to the cause of Freedom. R. GILLIFORD, Prest.

J. W. BAIRD, Sec'y.

DENTAL SURGERY.—We called in at the office of Dr. M. E. Gillespie, 51 Fourth street, on Saturday, to examine the result of some experiments with an invention for producing local Anæsthesia. Dr. G. is a scientific gentleman, devoted to his profession, and somewhat celebrated for the peculiar excellence of his workmanship. He has been experimenting for some time past with various Anæsthetic agents, and has at length completed a very simple machine, which bids fair to render its inventor famous, and to become an indispensable part of the equipment of every surgeon dentist.

The machine is simple; under a small table is placed a double bellows, which is operated by a lever passing convenient to the operator's hand: a small, flexible tube conveys the current of air to a coil of small copper tube, in a refrigerator. Connecting with the other end of this coil is a section of flexible tubing, ending in a silver mouth-piece. The, refrigerator is charged with ice and salt—or if a greater intensity is desired, ice and chloride of calcium. The patient is then seated in the chair, the mouth piece applied directly to the diseased tooth, and the operator lever operated by the foot; a current of air is thus forced into the refrigerator, through the coil and is expended directly upon the required spot. This cold current is supplied for a few moments produces the desired effect, stopping the circulation, and paralyzing, for the moment, all nervous sensibility, when the dexterous operator extracts the most sensitive tooth, almost without the knowledge of the patient.

This improvement is solely the invention of *Dr. Gillespie*; although the machinery is rude, the principle and its practical results are as certain as that cold paralyzes, but does not produce any permanent effect, unless the parts are *frozen*. It was in order to avoid this last danger that the Doctor was led to this discovery.

Those having teeth to extract, or desiring any other scientific dental operation will do well to call in at 51 Fourth street, and examine this improvement.

ARREST.—We referred on Friday morning to a case that was likely to come before the Mayor on Saturday, but did not mention any names. They have since transpired. Robert Sample, married man, residing near Perrysville, was arrested on Saturday charged, on oath of Sebastian Gass with adultery, Matilda Gass, daughter of the said Sebastian being the other party. These offending parties during the month of April, secretly made the trip to St. Louis in company.

At the same time with the above arrest, a capias was issued against Silas, Sample brother of the aforesaid Robert, charged with conspiracy with his brother to seduce and abduct. Robert was before the Mayor on Saturday night and was committed to jail until this morning, when he will give bail for his appearance.

We have received from Messrs. Hunt & Miner, of Masonic Hall, a valuable budget of reading matter, amongst which we will mention the Saturday Evening Post, Boston True Flag, Yankee Notions, for July, "The Witness," Vol. I, No. 3 —a weekly journal devoted to Religion, Temperance, Free Labor, and the elevation of the masses, Jas. B. Dunn and Thomas Fraser, editors—Waverley Magazine, New York Mercury, Frank Leslie's Illustrated Newspaper—containing more about the cow-stables—Harper's Weekly—containing a full-length portrait of "our Digger"—New York Ledger and Tribune. These gentlemen keep all the latest and best newspapers and magazine, as late as possible, with a variety of other articles too numerous to mention.

THE *Edinburg Quarterly Review* for the last quarter has been received and is for sale by Hunt & Miner, Masonic Hall. It opens with an interesting article on California, followed by one on the Eastern Church, Thiers' History, Poe's Works, Brougham's Speeches, &c., and is altogether a very interesting number.

The Historical Magazine, for June, has been received and is for sale by John S. Davison, Market st. It is full of interest to the student of history.

We are indebted to the publisher for a copy of the June number of Appleton's Railroad Guide, which is indispensable to the railroad traveler.

TRIAL OF BURNS.—We stated the facts as we learned them in the case of Burns, arrested about two weeks since, in Wheeling, charged with the murder of a frail woman named Mary Montony. He has already received his trial.—On Thursday night last the jury retired at 8 minutes before 5 o'clock. At 6 o'clock the jury re-entered the court room and returned the verdict of GUILTY OF MURDER IN THE FIRST DEGREE!

A man giving his name as J. A. Tenny, hailing from New York, but just now from the Iron Mountain Railroad in Mo., was taken in by the Allegheny police on Saturday. He was found in a house in Reserve township, into which he had gained admission in a very unceremonious manner. He was insane from drink. Mayor Stuckrath, after he had learned the facts in the case, and it appeared that the man was not habitually a rot, had him sent on his way east.

TREE BLOWN UPON A RUNNING TRAIN.—The morning mail train from Pittsburgh, upon the C. & P. R. R., was struck by a falling tree a few miles below Alliance, during the storm on Monday. Two passenger cars were considerably damaged; windows were broken in, and the step of the rear car of the train was torn off. No one in the cars was injured, save one or two received slight scratches from the broken glass.—*Ravenna Dem.*

RUSH.—George Rush, the postmaster at Etna, who, as we before stated, was arrested on Friday morning for robbing the mail, had an examination on Saturday afternoon. The case appeared so plain as to justify the Commissioner in demanding bail in the sum of $5000, in default of which Rush was committed to jail to await his trial or until he can procure bail in the amount required.

CONFIRMED—not by the Bishop but by the Senate. We heard on Saturday that James A. Gibson, "Democrat from Pine township," had been confirmed by the Senate as Collector of Customs for this port, vice Mr. Hastings, present "incumbrance." Will not this dissolve the *Union?*

We learn that our friend J. P. Barr, of the *Post*, is in Washington, looking after the interests of the *Post* office. It is said that Mr. B. finds it impossible to tell what "Jeems' intends to do. Pshaw, Mr. Barr! there are dozens of more tractable Locompetoniites in town than you have proved.

An Irishman, while driving a one-horse wagon through the Fifth Ward, Saturday, was thrown from the vehicle, by the horse taking fright and running off, and was severely cut upon the head, though not dangerously. We did not learn his name.

A MAN named McStein, charged with attempting to cut Anthony Sequil, keeper of a restaurant on the corner of Grant and Fifth streets, with a dirk knife, was committed by Aldermen Lewis on Saturday evening. He was drunk at the time.

THE Beaver *Star*, of Friday, says: "We have been credibly informed that a large amount of spurious gold and silver coin has been put in circulation in this county during the last three weeks."

THE St. Louis papers announce that a man named John George had committed suicide in that city. In a letter left behind him he states that he has a mother and three sisters living in Pittsburgh.

THE Pennsylvania State Agricultural Society, at its last meeting, decided to award no premiums for fast trotting at the forthcoming State Fair.

It is but the common desire of all to make the best possible investment of their means, and those merchants who offer the greatest inducements to cash buyers, seem to be favored with the greatest prosperity. This fact, well studied and acted upon, by Carnaghan, Allegheny City, has given citizens to all his business operations. Hence the low rates at which he furnishes a good article of men's or boys' clothing.

[Items by our Special Reporter.]

Grover & Baker's celebrated Sewing Machines have attained their pre-eminent position among improvements of this class; 1st, from their simplicity, being the least complicated of any ever invented; 2d, their use is easier learned; 3d, their stitch is more elastic; 4th, they sew from ordinary spools, silk, linen or cotton thread, and finish their own work; 5th, they are cheaper (because of their superiority,) than the cheapest. W. C. Elliott, the popular shirt manufacturer, No. 21 Fifth street, is the sole agent for this city. Call upon him. You will be treated with the utmost politeness, and shown the best machines extant. It is simply throwing money away to purchase any other machines than these.

CALL when you will at *Slatter's* fine Ambrotype and Photograph Gallery, No. 73 Wood street, you will find it thronged with visitors examining the collection of pictures which it presents, or waiting their turn for a "sitting." It is not inappropriately called the "People's Gallery," and most undoubtedly Mr. Slatter's success is due to the cheapness of his work—pictures costing as low as 25 cents—as much as to its faithfulness and the ability of the proprietor.

HEADS OF FAMILIES and persons furnishing apartments, should call at the Upholstery establishment of Messrs. *Roberts & Roemgik*, and examine the assortment of Lounges, Carpets, Beds, Mattresses, &c., which they have on hand. There is no firm in the city of Pittsburgh we can more readily recommend to the public. Both members are practical workmen and gentlemen in the true sense of word. Purchasers will consult their interest by forming an acquaintance with them. Remember their stand, No. 85 Fourth street.

Messrs. John Bryar & Co., Liquor Merchants, No. 155 Liberty street, enjoy a reputation which we regret to say is not general among their class. In this day of poisoned and drugged distillations, when opponency to the vending of liquors has so completely failed, it can be no question with the friend of humanity, as to his course. It is plainly against *adulterations*, and we say to the public, when liquors are purchased, let them be got from a house like that we have mentioned above, which, while extensive in its assortments, is as thoroughly reliable in other respects.

Mr. Watkins, of No. 23 Wylie street, is doing a fine trade in Ladies' Boots, Shoes and Gaiters, his patronage being based upon the true foundation of good work and fair dealing. He keeps employed the only the best hands, turns out only the best work, consults the best models, is attentive to the interests of his customers, and has, we may safely say, as good an establishment as can be found in either city. We recommend him emphatically to our readers.

SINGERS' Sewing Machines have nothing to fear from competition. Their merits are too apparent and their character too well established. Since their introduction many attempts have been made to supersede them, but they stand *Number One* and will continue so to stand. Those who have not yet procured one of these useful articles, and still require their assistance, should visit *Strawe's* clothing store, corner of Market and Second streets, and examine the different varieties he has on hand.

MR. GLASGOW'S Ambrotype and Photograph Gallery, No. 76 Fourth street, is the place to call for good pictures. The proprietor is a first-rate operator, and is provided with all the improvements in the Art. His work is invariably to satisfaction, and in prices there is no institution of the kind more reasonable. Give him a call. Bear in mind No. 76, Apollo Building, Fourth street.

BOWMAN'S Vegetable Compound is said to be the best medicine for coughs, colds, diseases of the throat and lungs, and even consumption itself, that has ever been presented to the public. We have seen numerous certificates testifying to its efficacy, written by those who have used it, and from our acquaintance with the article itself and its proprietor can pronounce any given to quackery—we feel authorized in saying it is all that is asserted.

THE case of Judge Irwin which was fixed to come up in the Orphans' Court on Saturday, did not come up. Execution had been stayed.

FULTON applied steam to the great practical use of the age; Professor Morse has harnessed the daily servant of millions of men; Newton quarreled the mazes of the stars, and made their motions the mariner's guide on the trackless ocean. What these men have done in their departments, Dr. Ayer does in medicine. He turns the great discoveries in Science and Physics to use in the cure of disease, and makes the most wonderful cures of the great ones, its available for the wants of every day life. His medicines for the low prices at which they are sold, bring within the reach of every man the best wisdom and the best skill of modern times.—*Wilmington (Del.) Statteman.*

THE LOVE OF PRAISE.—
"The love of praise, howe'er concealed by art,
Reigns, more or less, and glows in every heart;
The proud, to gain it, toils on toils endure,
The modest shun it but to make it sure."

It is our province to praise the garments made at the Brown Stone Clothing Hall of Rockhill & Wilson, No. 603 and 605 Chestnut street, above Sixth, Philadelphia.

Mrs. Hannen, No. 600 Fourth street, agent of Dr McLANE'S CELEBRATED VERMIFUGE, prepared by Fleming Bros., of Pittsburgh:

New York, May 15, 1856.

A child of mine showing symptoms of worms, I gave it a bottle of Dr. McLane's Celebrated Vermifuge, which brought away a bunch of worms measuring, I should judge, about thirty. The child was very sick during the operation, but is well and lively.

MRS. TWISS, No. 15 Avenue D., writes under date of Aug 10, 1852, and says she had been troubled with worms for more than a year and that she took one bottle of Dr. McLane's Celebrated Vermifuge, prepared by Fleming Bros., which brought away from her over 300 worms, dead and alive. She now believes herself to be entirely free from disease.

MRS. BURGESS, a German woman, residing at 204 Irving street, says, that after using one vial of Dr. McLane's Celebrated Vermifuge, she passed two large tape worms.

☞ Purchasers will be careful to ask for "McLANE'S CELEBRATED VERMIFUGE, manufactured by FLEMING BROS. of PITTSBURGH, Pa." All other Vermifuges in comparison are worthless. Dr. M'LANE'S LIVER PILLS, also his celebrated LIVER Pills, can now be had at all respectable drug stores. *None genuine without the signature of* FLEMING BROS.

LARD—1000 lbs. No. 1 Lard rec'd and for sale at 145 Liberty st. RIDDLE, WIRTS & CO.

Telegraphic.

CONGRESSIONAL.

WASHINGTON CITY, June 5.

Mr. Bigler, of Penn's introduced a resolution to extend the session to the 21st instant. Laid over.

Mr. Houston, of TEXAS, announced to the Senate the death of his colleague, Hon. J. P. Henderson.

The usual resolutions of respect were then adopted, when the Senate adjourned.

HOUSE.—The Senate bill for the admission of Oregon into the Union was referred to the Committee on Territories.

Resolutions announcing the death of Senator Henderson, of TEXAS, were received. Messrs. Bryan, of Texas, and Quitman, of Tenn., delivered eulogies, when the customary resolutions were adopted, and the House adjourned.

ST. LOUIS, June 5.—A dispatch from St. Joseph, Missiouri, says that section of country has been visited with one of the heaviest rain storms ever known. Platte, Grand and several rivers overflowed their banks, doing immense damage to the crops, bridges, etc. The worst consequences are feared.

The *Democrat* has just received the following dispatch dated Leavenworth, June 3d:—William Cross, man arrived here last night from Fort Laramie; he states that Capt. Marcey's train had been cut off by the Mormons. Particulars will be given by mail.

The Republican learns from a gentleman who left Fort Leavenworth on the 2d, and who read all the letters from Camp Scott to May 6th, that the news of Governor Cumming having been driven from Salt Lake City, is discredited. Letters from Camp Scott of the latest date mention no such event, and nothing was known there of what had transpired in the city, there being no official intercourse between Cumming and Johnson. Dispatches from Gov. Cumming to Secretary Cass, received at Camp Scott subsequent to the departure of the mail on the 6th of May, say that the news of Cumming's expulsion was only derived from Mormon bearers. These dispatches are regarded as improbable. Information had reached Camp Scott that the supply of beef cattle from Oregon was close at hand, and that Col. Hoffman was within seven to nine days' march of the encampment.

WASHINGTON, June 5.—The Secretary of War today received a telegraphic dispatch from General Harney, dated Leavenworth, in which he says that the express has arrived, and reports that Gov. Cumming had been driven out of Salt Lake City. The dispatch does not obtain full credence, for the reason that General Harney merely repeats a report, and does not communicate it as direct intelligence to both an establishment as can be found in either city. him. He says he will return to Fort Scott, for it is known to the Government that when he left there, contrary to the advice of General Johnston, he promised to be back in two weeks.

BOSTON, June 5.—Three powder mills in Barre, belonging to Fay & Potter, exploded yesterday. One man was killed.

NEW YORK, June 5.—The sloop-of-war Constellation, from the Mediterranean, has arrived.

CHINA, GLASS AND QUEENSWARE.

SPRING STOCK JUST OPENED,

AT THE OLD ESTABLISHMENT OF

HENRY HIGBY,

122 Wood Street, Pittsburgh, Pa.,

Who is now receiving from Europe and Eastern Cities, a choice assortment of articles in his line, comprising new and beautiful shapes of Pearl White Stone Tea, Dining and Toilet Ware, and the same in Plain, Gold, Lustre Band and Flowers; Fine White Vitrified Iron Stone Table Ware, known to be the most durable now in use for Hotels and Steamboats; French China of new styles, in Pearl, Lustre and Gold Band, either in sets or single pieces; Richly Gilt and Decorated Toilet Sets; Brittania and Plated Castors; German Silver Tea Table Spoons, Soup Ladles, &c., plated with silver; fine Ivory Handled Carving, Tea and Table Knives and Forks; Tea Waiters and Trays; Shakers and Sea-grass Table Mats; Japanned and Decorated Tin Toilet Sets.

Also, a complete and full assortment of all articles suitable for the COUNTRY RETAIL TRADE, at prices to please the public, who are respectfully invited to examine this stock. mr23-dtawly

SIR JAMES CLARKE'S

CELEBRATED FEMALE PILLS!

Prepared from a prescription of Sir James Clarke, M.D., Physician Extraordinary to the Queen.

This well known Medicine is no imposition, but a sure and safe remedy for Female Difficulties and obstructions, from any cause whatever, and although a powerful remedy, they contain nothing hurtful to the constitution.

TO MARRIED LADIES it is peculiarly suited. It will, in a short time, bring on the monthly period with regularity.

These Pills have never been known to fail where the directions on the second page of pamphlet are well observed.

Full directions in the pamphlet, free, of the agent.

N. B.—\$1 and 6 postage stamps enclosed to any authorized agent, will insure a bottle, containing over 50 pills, by return mail.

B. L. FAHNESTOCK & CO., Pittsburgh, wholesale agent, and sold by all druggists. sp27-lydaw 6t
