The Concert was indeed a great success and deserves the popularity it enjoyed.

We would gladly write more, but weary printers dropping the type into the "stick" and our own weary hand and eyes, admonish us that sleep at this hour is more important than criticism.

Court of Quarter Sessions—Tuesday, June 8th.—William Roney, charge of surety of the peace, preferred by John Berry. The defendant was a tenant at will of the prosecutor, and ejected after lawfal notice for non-payment of rent. This gave rise to till-feeling and a difficulty arose. Court heard both sides and ordered each party to pay half the costs.

Bernard Callahan; surety of peace, on oath of Mrs. Maginnis. Mrs. M. is a sister of Callahan's wife, and Callahan itses in Mrs. M.'s house. This trouble was a sort of family quarrel. Callahan made a statement of the case and so did Mrs. M. The defendant was ordered to pay the costs.

GIBSORTOS.—We read a good deal about towns out west growing up in a night or two; about wast factories that sprung, as it were, like exhalitions from the ground, and think so make about these things that we do not observe the towns that grow up as it were by our sides. Within the last year Gibsonton has been built on the last bank of the Monorgahela river, 40 miles above Pittaburgh. Mesars. The flouring mill is five stories high, and with the distillery 150 feet long by 40 feet wide. The malt house and kin building is 170 feet long by 40 feet wide. The storage house is 110 by 50 and the cooper shop 65 by 25. All these buildings are of the meat substantial kind, built of choice hown stone, and with so great regard for taste that the massire pile attracts the eye of the passer on the boat for miles. The company owns 308 acres of valuable land just in this spot, and a very large proportion of the wheat and rye which grows so plentifully all through the rich and beautiful valley of the Monongahela will find a market here.

will find a market here. Miss Cooks. - Miss Julia M. Cooks, one of the most modest, worthy and intelligent of our townswomen, will take a benefit to night at the National. She is one of the most indefatigable National. She is one of the most indefatigable students on any stage, is always up in her parts, is always easy and graceful in all her movements as an actress, is sometimes a little too measured and tragic in her reading, but always deserves a good house, which we doubt not she will receive this night. See her card in the Thentre advertisement this morning.

THE Pro-Net.—This grand affair will come off to-morrow. A half-hourly train will run from the depot on Liberty street, at the canal, to Denny's Grove, where the festivities are to be celebrated. Crowds are going.

The time throughout was perfect, and. Mr. Schwab, maitre de baton, do serves great credit for the admirable control which he exercised over the vast choir, whose tones frequently arose high and floud, or sank to the sweetness and softness of the zephyr.

Various passages of music which we have not at the hour (12 mining by) as which we write, time to refer to in detail, were exceedingly fine and drew rounds of applanse from the vast andience. One gentleman whose name we do not know, sang as sole with fine effect, and our friend Dr. Able, in the second was exceedingly fortunate, if fortune has anything to do with success in music. Washington Cfry, Juge 8.—The President toolay communicated to the Senate the correspondence between De Orsina, the Peruvian Minister, and Secretary (a.es, relative to the foreible and violent residence of the American vessels, Georgiana and Lizzie Thompson, while engaged in taking guano, under the charge of being engaged in taking guano, under the charge of being engaged in outraband trade, and the imprisonment of the persons on board. Our government has claimed full satisfaction both for the and the boarding and detention of the Dorcas O. teatman by a Peruvian amod steamer. Do Orsina enters into a long argument in defence of Peru and expresses the hope that nothing will occur to interrupt the friendly relations extiting fettween the two countries. Secretary Cass, in reply, reminds De Orsina that the case presents one of very grave consideration, and says that the treatment of these vessels resembles a piratical enterprise rather than an exercise of legitimate power. He encloses the opinion of Attorney General Elack, who maintains that the whole proceeding of the Peruvian government
