URI .- The telegraph confirms the fears nday. Blain is defeated .-He made a gallant fight, but the running of a of which would have preferred Blair to Barrett, seendancy to the pro-slavery democracy. We hope that this result in Missouri, coupled with the certain defeat of the "Americans" in Kentucky, will put an end to the folly of attempting tucky, will put an end to the folly of attempting tucky, will put an end to the folly of attempting the property of this gentleman for un a broken-down organization. has had a fair change in Kentucky, and accomp-lished nothing; and in Missouri it has contriblished nothing; and in Missouri it has contributed all that was needed to the triumph of its bitterest enemies. Had the fight been between the emancipationists and the pro-slavery men in St. Louis, without this disturbing third element between them, Blair would have beaten Barrett handsomely.

We suppose the Buchancers will be wild with joy ore this result. They have carried Missouri and Kantucky, just as they have done for years past; but they expected defeat, and this relief from their fears will make them insolent with joy. His policy haven Natches and New Contain I was them with delity fully entitles him to the vote of every doubtful district, just as it has been in B. In the extern countries of Pennsylvania Gen. Gen. Cantron is emphatically a man of the people who has worked his way from the ranks of poverly to the eminent position he now holds. It may be said of him with truth that in his upward progress he has never for one moment for gotten the interests of the great majority of his countrymen, and hence the honse of friends and supporters he numbers among the real "bone and sinew of the land."

We grant that it is early in the day to discuss the question of the successorship to Mr. Buchanan, but when distant States bring forward our own prominent men, it would be shameful one own prominent men, it would be shameful or own prominent men, it would be shameful one of the previous details in damages.
